SAMHSA Substance Abuse and Mental Health Services Administration

Maryland Coalition of Families (MCF) is the first and only statewide nonprofit organization that offers family peer support to people and families who have a loved one experiencing mental health, substance use, or problem gambling challenges.

WHO WE SERVE

Children and youth ages birth-21 who have or are at risk of developing serious emotional disturbance, and are at risk for entering the child welfare or juvenile justice systems.

WHAT TO EXPECT

MCF's intake process starts online via our website by clicking the Request Services Now button in the top right corner and one of our Referral Specialists will be in touch with next steps.

We have personal experience supporting someone we love so we understand firsthand how difficult it can be to navigate complex systems and access critical resources for ourselves and the people we love. We also know how comforting it can be to have someone to lean on who is reliable and knowledgeable and who listens with understanding and compassion because they have been there too.

All services - one-to-one support, support groups, workshops or trainings - are confidential and offered at no cost to you regardless of income or insurance.

BENEFITS OF PARTICIPATING

As Maryland's primary provider of family peer support we can help families:

- **Navigate systems of care that are often complicated, frustrating and confusing.**
- **Find and access resources, services and programs for yourself or your loved one.**
- **Connect with families experiencing similar challenges to build natural bonds and support systems.**
- **Gain a better understanding of the challenges your loved one faces and identify a path forward.**
