Administrative Care Coordination/Ombudsman Unit (ACCU)

301-856-9550

<https://www.princegeorgescountymd.gov/2800/Administrative-Care-Coordination-Unit-AC>

The Administrative Care Coordination/Ombudsman Unit (ACCU) program provides assistance to HealthChoice members with the following:

- Understanding their HealthChoice benefits and how to access services
- Explaining how to choose a Managed Care Organization (MCO) that best fits their individual and or family needs
- Assisting with locating primary care physicians, prenatal providers, pediatricians and or dentists
- Linking to transportation, health care and or other community resources
- Acting as an advocate to fully address health care needs
- Assisting with the coordination of complex medical issues
- Helping to resolve HealthChoice complaints
- Explaining how to renew Medicaid benefits through Maryland Health Connection
- Clarifying the MCO annual renewal process
- Reviewing the appeal and grievance rights under HealthChoice

Behavioral Health Outpatient Services

301-583-5920

3003 Hospital Drive • Ground Floor
Cheverly, MD 20785

<https://www.princegeorgescountymd.gov/2836/Behavioral-Health-Outpatient-Services>

The Behavioral Health Clinic offers substance abuse and mental health counseling and treatment services to Prince George's County Residents.

Behavioral Health Providers

<https://www.princegeorgescountymd.gov/2687/Behavioral-Health-Providers>

The Bridge Center at Adam's House

301-817-1900

5001 Silver Hill Road • Suite 300
Suitland, MD 20746

<https://www.princegeorgescountymd.gov/2889/The-Bridge-Center-at-Adams-House>

The Bridge Center at Adam's House is an inter-agency collaboration between the Health Department, the Department of Corrections, the Department of Social Services, the Department of Family Services and other community based partners to provide holistic assistance to any Prince George's County resident reentering the community, especially people that are formerly incarcerated, veterans, and youth (18-24 years old) who are trying to attain stability in the community.

The Bridge Center at Adam's House is a central and accessible location for residents to receive services that support a positive community reintegration and that promote productive community life that reduces recidivism rates and improves health outcomes.

Bridges 2 Success

Clients are referred by the Department of Juvenile Justice

5001 Silver Hill Road
Suitland, MD 20746

<https://www.princegeorgescountymd.gov/2852/Bridges-to-Success>

Bridges 2 Success, formally known as Operation Safe Kids (OSK)-Prince George's County, is a collaborative partnership between the Health Department and the Department of Juvenile Services. Case Managers provide community-based support services to juvenile offenders who are residents of Prince George's County and have been referred by the Department of Juvenile Services. Bridges 2 Success aims to reduce risk factors and enhance protective factors associated with juvenile offenders who are at high risk of becoming victims or perpetrators of violence by providing linkage to community services and referrals for training and employment.

Local Behavioral Health Authority (LBHA)

301-856-9500

9314 Piscataway Road • Suite 150
Clinton MD 20735

<https://www.princegeorgescountymd.gov/2834/Local-Behavioral-Health-Authority-LBHA>

The Local Behavioral Health Authority (LBHA) is responsible for planning, managing and monitoring the Public Behavioral Health System in Prince George's County and providing information and referral services to individuals seeking mental health and substance use related resources.

Overdose Response Training

301-583-5920

<https://www.princegeorgescountymd.gov/2958/Overdose-Response-Training>

Register for free training and a free intranasal naloxone kit, which reverses an opioid overdose and helps prevent death. Anyone can get naloxone at Maryland pharmacies without a prescription.

Tobacco Use & Prevention

301-883-6121

8201 Basil Court • Suite 318 • Largo, MD 20774

<https://www.princegeorgescountymd.gov/1821/Tobacco-Use-Prevention>

Assists Prince George's County residents in providing programs and activities to prevent alcohol, tobacco, and other drug use and to build a healthier community.

Recovery Clubhouse - Adolescent

301-322-5077

Adolescent Clubhouse • 1817 Brightseat Road
Landover, MD 20785

<https://www.princegeorgescountymd.gov/3693/Recovery-Clubhouse---Adolescent>

The Adolescent Recovery Clubhouse of Prince George's County offers services to youth 12 to 17 years old with a history of substance misuse. The Clubhouse provides programs and activities addressed to improve daily living skills while preventing substance use. The Clubhouse delivers additional support for the adolescent and family through referrals in collaboration with existing treatment programs and support systems in the community, accordingly with the need they present. The Clubhouse has shown to reduce and prevent substance misuse, decrease juvenile delinquency, and improve academic performance.

Food Safety, Permits & Inspections

301-883-7690

9201 Basil Court • Suite 305 • Largo, MD 20774

<https://www.princegeorgescountymd.gov/1887/Food-Safety-Permits-Inspections>

Access information about food service manager certification, food service requirements, regulations for farmers markets, requirements for selling homemade goods, and requirements for temporary food service facility permits.

Lead Poisoning

301-883-7538

9201 Basil Court • Suite 305 • Largo, MD 20774

<https://www.princegeorgescountymd.gov/1891/Lead-Poisoning>

Unhealthy living conditions can effect your quality of life. Find resources to help keep your home clean.

Policy, Permits & Complaints

301-883-7681

9201 Basil Court • Suite 318 • Largo, MD 20774

<https://www.princegeorgescountymd.gov/1884/Policy-Permits-Complaints>

The Environmental Engineering/Policy Program performs enforcement inspections, evaluations and consultations on issues that contribute to the public health and preserve the quality of the air, land and waters of the County.

All complaints should be notated through the county's 311 service.

Public Health Emergency Preparedness Program (PHEP)

301-883-7838

9201 Basil Court • Suite 318 • Largo, MD 20774

<https://www.princegeorgescountymd.gov/1875/Preparedness>

PHEP develops preparedness plans for mass dispensing of medication and vaccinations, conducts disease surveillance investigations, surveys emergency communications, assesses electronic laboratory test reporting, conducts professional workforce training, and facilitates and partakes in exercises and drills.

Rodents & Emergency Water Supply

301-883-7681

9201 Basil Court • Suite 318 • Largo, MD 20774

<https://www.princegeorgescountymd.gov/2138/Rodents-Emergency-Water-Supply>

Get the latest strategies to prevent rodent infestation in your home and find out how to stay healthy during a water-related emergency.

Seasonal Health Tips

<https://www.princegeorgescountymd.gov/1754/Seasonal-Health-Tips>

Find seasonal health tips for winter, spring, summer, and fall.

Wells & Sewage Disposal Systems

301-883-7681

9201 Basil Court • Suite 318 • Largo, MD 20774

<https://www.princegeorgescountymd.gov/2133/Wells-Sewage-Disposal-Systems>

The department's Environmental Engineering Program oversees the inspection, evaluation, and permitting of commercial and residential wells, septic systems, and sewage disposal systems

Dental Services

301-583-5900

3003 Hospital Drive • Suite 1048
Cheverly, MD 20785

<https://www.princegeorgescountymd.gov/1992/Dental-Services>

The Dental Health Program provides comprehensive dental treatment with an emphasis on oral health education and early intervention to prevent early childhood care and to ensure quality access to services for uninsured residents of the County.

Family Planning

301-583-3340

Reproductive Health Resource Center
3003 Hospital Drive • Suite 202
Cheverly, MD 20785

<https://www.princegeorgescountymd.gov/2063/Family-Planning>

Provide reproductive health information, education, and examinations to men and women 12 and up. Fees are associated based on a sliding fee scale.

Immunizations

301-583-3300

3003 Hospital Drive • Ground Floor
Cheverly, MD 20785

<https://www.princegeorgescountymd.gov/2052/Immunizations>

The Immunizations Program provides routine immunizations against childhood diseases to children and young adults, ages 2 months to 18 years, with limited or no health insurance. Immunization outreach and education are provided to families with children under the age of four who are not up-to-date on required immunizations.

HIV / AIDS Program

301-583-3150

3003 Hospital Drive • Suite 1055
Cheverly, MD 2078

<https://www.princegeorgescountymd.gov/1883/HIV-AIDS-Program>

The program provides comprehensive medical care to those persons living with HIV/AIDS who are uninsured or underinsured. Assistance is provided to help clients access services for healthy living with HIV/AIDS. The program also provides anonymous HIV counseling, testing and referral (CTR) services.

Sexually Transmitted Disease Control Program

301-583-3150

3003 Hospital Drive • Suite 3048
Cheverly, MD 20785

<https://www.princegeorgescountymd.gov/1994/Testing-Treatment>

If you think you or your partner(s) may have been exposed to a sexually transmitted disease (STD), don't wait to get tested and treated. Confidential testing and treatment are available. Parental consent for STD testing or treatment is not required for residents 13 and older.

Tuberculosis Control Program

301-583-3110

3003 Hospital Drive • Suite 3054 (3rd Floor)
Cheverly, MD 20785

<https://www.princegeorgescountymd.gov/1969/Tuberculosis-TB-Control>

Tuberculosis (TB) Program staff meet regularly with patients with TB disease to watch them take their medications. This is called: Directly Observed Therapy, which is the standard treatment for all patients in Maryland with TB disease.

All Prince George's County residents are eligible for services if they:

- have been diagnosed with suspected or confirmed TB disease,
- have been in contact with a person with suspected or confirmed TB disease,
- have a positive TB test and need a chest x-ray or other related TB services
- are at high risk of developing TB infection or TB disease.

Women, Infants & Children (WIC)

301-856-9600

<https://www.princegeorgescountymd.gov/2036/Women-Infants-Children-WIC>

WIC (Women, Infants and Children) is a federally-funded program that provides healthy supplemental foods and nutrition counseling and breastfeeding promotion/support for pregnant and postpartum women, infants and children under the age of five.

School Based Wellness Centers

<https://www.princegeorgescountymd.gov/2028/School-Based-Wellness-Centers>

Comprehensive health and social services are offered in a student-friendly, readily accessible school health center in four of the County's public high schools. The Wellness Centers provide care that minimizes the physical and emotional conditions that become barriers to optimal school performance. The goal is to make students available for learning by promoting health, preventing disease, and reducing behavioral risks.

The following locations serve any student enrolled in Prince George's County Public Schools:

Bladensburg High School

4200 57th Avenue
Bladensburg, Maryland 20710
Phone: 240-696-3356

Fairmont Heights High School

6501 Columbia Park Road
Hyattsville, Maryland 20785
Phone: 240- 573-7255

Northwestern High School

7000 Adelphi Road
Hyattsville, Maryland 20782
Phone: 301-985-1872

Oxon Hill High School

6701 Leyte Drive
Oxon Hill, Maryland 20745
Phone: 240-724-1442

Healthy Teens and Young Adults Center

301-324-5141

7824 Central Avenue • Landover, MD 20785

<https://www.princegeorgescountymd.gov/2831/Healthy-Teens-and-Young-Adults-Center>

Partnering with parents and the community, the Healthy Teens and Young Adults Center is a place where adolescents can come to learn about healthy sexual behaviors and relationships and help them manage their own lives more effectively. Healthy Teens Center staff also encourage parents and community leaders to join them in addressing current issues that affect adolescents.

Maternal and Infant Health

301-583-3384

3003 Hospital Drive • Suite 2061
Cheverly, MD 20785

<https://www.princegeorgescountymd.gov/3175/Maternal-and-Infant-Health>

Maternal and Infant Health Programs offer services and educational information designed to promote healthy pregnancy outcomes and provide education for the community about important pregnancy and infant topics that are impacting the residents of Prince George's County.

Requirements

- Women residing in Prince George's County of childbearing age who are pregnant or desire to be pregnant in the next 12-18months.
- Women who have an infant under 24 months of age
- Women who have experienced a miscarriage, stillbirth, or infant loss.
- Any resident who is involved with the care of a new infant: ie..grandparents, childcare providers, family members.

Assistance in Community Integration Services

<https://www.princegeorgescountymd.gov/3492/Assistance-in-Community-Integration-Serv>

The Assistance in Community Integration Services (ACIS) Program provides low or no barrier stable housing and support services for Medicaid enrollees at risk of institutional placement or homelessness.

Chronic Disease

<https://www.princegeorgescountymd.gov/1940/Chronic-Disease>

The Health and Wellness Division holds a variety of free classes with trained leaders that encourage behavioral changes that improve the health and longevity of County residents.

Medical Assistance

<https://www.princegeorgescountymd.gov/3723/Health-and-Wellness>

Our medical assistance programs provide a wide range of services for residents who qualify. We offer insurance programs, case management, and transportation and personal care services

PreventionLink

<https://preventionlinkmd.com/>

The PreventionLink program integrates clinical practice with evidence-based public health programs to improve health outcomes for patients at all levels of risk for chronic disease, from persons at risk for diabetes and heart disease to high-system utilizers with frequent hospitalizations.

Innovations in the use of health information technology and the development of communities of practice will bring together stakeholders in chronic disease care with a shared goal of reducing the burden of diabetes, hypertension, and stroke in underserved areas of Prince George's, St. Mary's, Charles, and Calvert counties.
