Independent Auditor's Report

To the Board of Directors
Revenue Authority of Prince George's County, Maryland
Largo, Maryland

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the Revenue Authority of Prince George's County, Maryland (the "Authority"), a component unit of Prince George's County, Maryland, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Authority as of June 30, 2022, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

The Authority's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 to 9 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Disclaimer of Opinion on Supplementary Information

Our audit was conducted for the purposes of forming an opinion on the financial statements as a whole. The combining statement of net position and combining statement of revenues, expenses and changes in net position, which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2023 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

- Cash, cash equivalents and investments for the year ended June 30, 2022 were \$ 27,522,782.
- Assets exceeded liabilities by \$44,866,109 as of June 30, 2022. The significant component of the Authority’s net position, about 47.2% or \$21,175,705, was recorded as Undesignated Funds, which is considered unrestricted.
- Operating income for the year ended June 30, 2022 totaled \$2,103,389.

Using This Annual Report

This annual report consists of a series of financial statements: The Statement of Net Position, the Statement of Revenues, Expenses and Change in Net Position, and the Statement of Cash Flows.

The Statement of Net Position presents the financial position of the Authority on a full accrual historical cost basis. Net Position is the difference between what the Authority possesses in assets less all amounts due to outside parties, both short-term and long-term. Increases or decreases in the Authority’s net position are indicators of whether the Authority’s financial health is improving or deteriorating.

The Statement of Revenues, Expenses and Change in Net Position presents the results of the activities over the course of the year showing how the net position changed during the year.

The Statement of Cash Flows presents changes in cash, cash equivalents and investments, resulting from operating, financing, and investing activities.

The Notes to the Financial Statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements.

**REVENUE AUTHORITY OF
PRINCE GEORGE'S COUNTY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General Information

The Revenue Authority of Prince George's County (the Authority) is a body corporate and politic established under the authority of Maryland law passed in 1996. In 1997, the County Council of Prince George's County, Maryland (the County) enacted legislation to create a separate entity whose purpose is to exercise its powers for projects within the boundary lines of the County devoted wholly or partially for public uses, goods, or general welfare, and to stimulate employment and economic growth. The Authority is a component unit of the County. The Authority has seven board members and two ex-officio members. The County Executive appoints five board members and the County Council appoints two board members. The County Executive and County Council have oversight responsibility for review of the Authority's operating and approval of the capital improvement budgets.

Basis of Accounting

The Authority is an enterprise fund and prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this method, revenues are recognized when earned and expenses are recognized when incurred. The Authority applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The Authority distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the Authority's ongoing operations. The principal operating revenues of the Authority are revenues generated from its parking operations. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Cash, Cash Equivalents, and Investments

The Authority considers all highly liquid instruments, which are to be used for current operations and which have an original maturity of three months or less, to be cash and cash equivalents, except for the liquid instruments held as part of investments under the Maryland Local Government Investment Pool (the MLGIP, which is considered an External Investment Pool).

**REVENUE AUTHORITY OF
PRINCE GEORGE'S COUNTY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2022**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The External Investment Pools operate in conformity with all of the requirements of the Securities and Exchange Commission (SEC) Rule 2(a)-7 as promulgated under the Investment Compact Act of 1940, as amended. Accordingly, the External Investment Pools qualify as 2(a)7-like pools and are reported at the net asset value per share which is calculated using the amortized cost method.

Equity investments in Joint Ventures - Brentwood

Cost Method

For equity investments where the Authority does not control the investee, and where it is not the primary beneficiary of the joint venture and cannot exert significant influence over the financial and operating policies of the investee, the Authority follows the cost method of accounting. Under the cost method of accounting, dividends/priority returns received from the investment are recorded as dividend income within non-operating income.

Impairments

The Authority's management periodically assesses its cost method of accounting investments for impairment. If circumstances indicate that impairment may exist, investments are evaluated using fair values, where available, or the expected future cash flows of the investment. If the undiscounted expected future cash flows are lower than the Authority's carrying value of the investment, an impairment charge is recorded in non-operating income in the statement of revenues, expenses and change in net position.

Parking and Other Receivables

Accounts receivable consists primarily of amounts due from violations and related fees for parking operations which are recorded when considered earned. The allowance is based on management's analysis of specific accounts. An allowance for doubtful accounts has been established based on a pro-rated evaluation of aged citations as well as whether the citations were issued to violators within or outside of the State of Maryland. The allowance for doubtful accounts was \$46,651,177 at June 30, 2022. The Authority will write-off citations when they are deemed uncollectable and have aged out for 10 years. The Authority wrote off \$2,180,321 of citations in fiscal year 2022 that had aged over 10 years.

Capital Assets

Capital assets are recorded at cost. The Authority capitalizes all expenditures for property and equipment over \$500. Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets, which

**REVENUE AUTHORITY OF
PRINCE GEORGE'S COUNTY
NOTES TO FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

range from 2 to 30 years, or the lesser of the useful life of the asset or the lease period for leases. When assets are sold or otherwise disposed of, the asset and related accumulated depreciation and amortization are removed from the accounts, and any remaining gain or loss is included in operations. Repairs and maintenance are charged to expense when incurred.

In accordance with GASB 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, the Authority reviews its capital assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. When recovery is reviewed, the Authority compares the carrying amount of the capital asset to its fair value to determine whether an impairment loss has occurred. The amount of impairment loss is equal to the excess of the asset's carrying value over its estimated fair value.

Recognition of Interest During Construction

In accordance with GASB 89, *Accounting for Interest Cost Incurred Before the End of Construction Period*, interest will be expensed as incurred with relation to the funding of the construction of the University of Maryland Regional Medical Center Garage Project.

Net Position

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. The Authority did not have any deferred outflows or deferred inflows at June 30, 2022. Net investment in capital assets consists of capital assets, net of accumulated depreciation, amortization, and any impairment adjustments, reduced by the outstanding balances of any borrowing used for the acquisition of those assets and lease liabilities. Unrestricted net position represents resources available to meet the general operations of the Authority and may be used to meet current expenses for any purpose. The Authority's policy is to first apply restricted resources for which restricted or unrestricted net position is available.

Net position is reported as restricted where there are limitations imposed on their use either through legislation or through external restrictions imposed by creditors, grantors, laws, or regulations. Unrestricted net position is reported as designated where there are limitations imposed by the Board of Directors.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenues

Revenues are recognized during the year in which they are earned. Unearned revenues are recorded for fees that have not yet been earned.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Financial Instruments and Credit Risk

Financial instruments that potentially subject the Authority to concentrations of credit risk consist principally of investments held at creditworthy financial institutions. By policy, these investments are kept within limits designed to prevent risks caused by concentration. Credit risk with respect to trade and other receivables is limited because the Authority deals with a large number of customers.

Change in Accounting Principle and Restatement

For year 2022, the Authority implemented GASB Statement No. 87, *Leases*. GASB Statement No. 87 enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the Authority's 2022 financial statements and had an effect on the beginning net position as of June 30, 2021. The Authority recognized \$614,849 in net book value for the intangible right to use and a lease liability of \$623,159 for various leases.

Investment Policy

The Authority's primary objective for the management of its funds is the protection of investment principal in the overall portfolio through the use of diversification and third-party collateralization while maintaining sufficient liquidity to meet all cash flow requirements. The secondary objective is to maximize investment return consistent with risk limitations.

The Authority is authorized to invest in U.S. Government Securities, U.S. Agency Securities, repurchase agreements, certificates of deposit and time deposits, pooled Investments created under the Maryland Local Government Investment Pool (the

MLGIP) and money market mutual funds as stipulated in the Authority's investment policy.

The Authority participates in the MLGIP, which is an external investment pool that is not subject to regulation by the SEC. The MLGIP was established in 1982 under Article 95 Section 22G of the Annotated Code of Maryland and is under the administration of the Maryland State Treasurer, subject to oversight by the MLGIP Advisory Committee. Participation is voluntary and eligibility is regulated by MLGIP Local Government Article. The Authority adopted GASB Statement 79, "Certain External Investment Pools and Pool Participants," which requires disclosure of specific criteria regarding external investment pools. The MLGIP is managed in a "Rule 2(a)-7 like" manner and is reported at amortized cost pursuant to Rule 2(a)-7 under the Investment Company Act of 1940 at \$1 per share value. Financial statements and required supplemental information for the MLGIP can be obtained in writing from: Maryland Local Government Investment Pool; c/o PNC Institutional Investments Group; One East Pratt Street; Baltimore, Maryland, 21202; by calling 1-800-492-5160, or the website, www.mlgip.com. The MLGIP is rated AAAM by Standard & Poor's, their highest rating for money market mutual funds.

Credit Risk

Credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk involves disclosing the credit quality of investments in debt securities as described by nationally recognized rating agencies.

The Authority's cash balances consist of demand and money market accounts. These accounts are maintained at federally insured commercial banks. Excess cash is invested in overnight repurchase agreements (Repos) with a commercial bank. Repos are secured by U.S. Treasury or Agency securities. The collateral, in an amount not less than 102% of the fair market value of the securities, is held by the bank's trust department in the Authority's name. In addition, the Authority has funds in the MLGIP, which are considered cash equivalents.

NOTE 2: CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Authority will not be able to recover deposits that are in the possession of an outside party. Custodial credit risk for investments is the risk that securities are uninsured, unregistered, and held by the Authority, or by its trust department or agent, but not in the Authority's name. All funds deposited by the Authority are held by independent third-party financial institutions (custodians) and are secured by collateral that is above the level required by the Public Funds law of the State of Maryland (102%). As of June 30, 2022, there was \$3,983,340 of uninsured cash that is collateralized by securities held by the pledging financial institution.

Investment Rate Risk

Interest rate risk is the risk that changes in the market interest rates that will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to change in market interest rates. Information about the sensitivity of the fair values of the Authority's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the Authority's investments by maturity as of June 30, 2022:

Investment type	Less than 6 Months	6 to 12 Months	1 to 3 Years	Total

NOTE 3: LEASES - LESSEES

Right of Use Assets

For the year ended June 30, 2022, the financial statements include the adoption of GASB Statement No. 87, *Leases*. The primary objective of this Statement is to enhance the relevance and consistency of information about governments' leasing activities. This Statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

NOTE 4: LEASE RECEIVABLES – DUVALL WING

On May 23, 2018, the Revenue Authority executed two (2) lease agreements with the County. The leases are referred to as the 2018A and the 2018B Financing Lease.

The 2018A Financing Lease is associated with the County leasing a site identified as a 350,000 square feet of gross floor space, a four-level parking garage, a cafeteria, improvements, equipment, and furnishings. In addition, the site contains an approximately 90,000 square foot, four story expansion interconnected to the existing Marbury Wing at its west end. The 2018B Financing Lease is associated with the County leasing the rehabilitated and repaired DuVall Wing of the County's Courthouse.

The County is responsible for the principal, interest, and premium of the bond debt issued for the site's rehabilitation and repair, therefore lease payments will equal the annual debt service related to the bond debt. The lease period is for a maximum of 17 years or until the bonds are no longer outstanding. Interest on the lease is equivalent to interest accruing on the Lease Revenue Refunding Bonds, Series 2018A, which begins accruing interest upon issuance and is payable according to the terms specified by its Indenture semiannually on May 1 and November 1 of each year commencing on November 1, 2018. Interest on the Lease Revenue Refunding Bonds, Series 2018A is calculated on the basis of a 360-day year comprised of twelve 30-day months. During the year ended June 30, 2022, lease revenue totaled \$880,318, inclusive of the amortization on the bond premium of \$158,101, which is included in debt service reimbursement for 2018 Bond series on the statement of revenues, expenses and change in net position.

Future minimum lease payments to be received as of June 30, 2022, were as follows:

Year ending June 30,	Principal Payments	Interest	Total Payments

NOTE 5: EQUITY INVESTMENTS IN JOINT VENTURES – BRENTWOOD

On September 1, 2016, the Authority executed an Operating Agreement for the Brentwood Development, LLC (Brentwood Company) with MM Brentwood, LLC (Brentwood Managing Member); Sea Eagle 3807, LLC (Sea Eagle Landex Member) and the Redevelopment Authority. The Brentwood Company was formed as a limited liability company under the Maryland Limited Liability Company Act on June 24, 2014. The Brentwood Company is organized for the purpose of acquiring, financing, developing, constructing and operating the Studio 3807 (Brentwood Project).

The Brentwood Project, located at 3807 Rhode Island Avenue, Brentwood, Maryland 20722, is a mixed-use project consisting of market-rate rental apartment units, first floor retail space, artist studio space and appurtenant parking spaces. The Brentwood Project was completed in September 2018.

The Authority committed \$3,708,625 in capital funding as an equity investment into the project for 0.01% ownership interest. The Authority is entitled to Priority Returns, as defined, and a cash distribution equal to 25% from all net available cash flows at least one time per year. The net cash distribution available will be determined after a distribution to the Brentwood Managing Member for repayment of Predevelopment Loans, as defined, then distribution to the Brentwood Managing Member for the return of all EB5 Contributions, as defined, then distributions to the Sea Eagle Landex Member and the Authority for any unpaid Priority Returns.

Priority Returns accrue monthly as of September 1, 2016. Priority returns earned by the Authority as of June 30, 2022 are \$120,047, all of which remain received as of June 30, 2022. As of June 30, 2022, the Authority's equity investment is \$3,708,625.

On April 27, 2018, the Authority executed an Operating Agreement for 4100 RI, LLC (4100 Company) with MM 4100 RI, LLC (4100 Managing Member); Sea Eagle 4100, LLC (4100 Landex Member") and the Redevelopment Authority. The 4100 Company was formed as a limited liability company under the Maryland Limited Liability Company Act on December 17, 2014. The 4100 Company is organized for the purpose of acquiring, financing, developing, constructing and operating Artisan 4100 (4100 Project).

The 4100 Project located at 4100 Rhode Island Avenue, Brentwood, Maryland 20722 is a mixed-use project consisting of market-rate rental apartment units, first floor retail space, artist studio space and appurtenant parking spaces. The 4100 Project was completed in February 2020.

NOTE 7: UNEARNED GRANT REVENUE – STRATEGIC DEMOLITION AND SMART GROWTH INVESTMENT FUND (SDSGIF)

In December 2014, the Authority was awarded from the Maryland Department of Housing and Community Development (DHCD) the FY 2015 Strategic Demolition and Smart Growth Investment Fund (SDSGIF) grant. The grant award amount of four hundred thousand dollars (\$400,000) was made available to assist with the design, site preparation and the construction of the Hamilton Street Parking Facility project. The Authority received the funding of the award in January 2018.

On December 28, 2017, the Authority and the City of Hyattsville (“City”), an incorporated municipality of the State of Maryland, issued a Memorandum of Understanding (MOU). The City was awarded a grant from the FY 2015 Strategic Demolition and Smart Growth Investment Fund (SDSGIF) grant from the Maryland Department of Housing and Community Development (DHCD). The City desired to support the Authority’s conceptual drawings for the Hamilton Street Parking Facility project and issued the MOU in which they contributed two hundred and eighty-one thousand, six hundred and fifty-five dollars (\$281,655) for the purpose of subsidizing the cost of engineering and design services provided pursuant to a development agreement. The Authority received the funding of the MOU in January 2018.

As of June 30, 2022, the City of Hyattsville and the Authority concurred that the structured parking facility would not be built by the Authority. The total grant funds on hand with the Authority of \$681,655 was transferred to the City of Hyattsville during 2022.

NOTE 11: RELATED PARTY TRANSACTIONS

Due to Affiliates

The Authority has amounts due to affiliates related to operating costs of certain lease property on behalf of these affiliates. The amounts are non-interest bearing and due on demand. As of June 30, 2022, the amounts due to affiliates is \$1,649,902.

Prince George's County (Parking Facilities Lease)

On August 29, 2013, the Authority executed an agreement effective July 1, 2012 to lease several parking facilities from the County (Parking Facilities Lease). As part of this agreement, the County assigned 366 in-service parking meters to the Authority. Under the terms of the lease agreement, the Authority is required to maintain and operate the parking facilities and meters. The Authority is entitled to charge patrons reasonable rates and fees, which are subject to County approval.

The Authority has agreed to pay the County an annual rent of \$150,000 plus the net revenue earned from the facilities and meters after deducting all related expenses and any reserves for future maintenance and capital improvements.

On November 27, 2019, the Authority and the County executed Addendum No. 4 to the Parking Facilities Lease. The parties agreed that effective June 25, 2019, the payments the Authority owes the County under the Parking Facilities Lease are abated through maturity or refund of the Series 2020 Bonds, such that the Authority may use such funds to pay debt service on the Series 2020 Bonds.

Prince George's County (Construction and Parking Facility Management Agreement)

The Authority and the County have entered into a management agreement for the Hyattsville Justice Center ("HJC") garage. Under the terms of this agreement, the Authority was responsible for the design and financing of the facility's construction; however, the agreement provides that the County will serve as an agent of the Authority for the administration of all design and construction contracts and, as such, the County managed the construction.

The Authority is obligated to maintain and operate the HJC garage in accordance with the Lease Agreement described below. The Authority is responsible for collecting all fees received from the public for the use of the facility and payment

of all operating expenses. The County has agreed to reimburse the Authority for all deficits arising from the operation of this facility; conversely, the Authority will pay the County any net income as defined in the agreement. In addition, the County has agreed to pay the Authority a management fee of \$90,000 annually for the first ten years after completion, \$115,000 annually for years 11 through 18, and a mutually agreed upon amount thereafter. Pursuant to this agreement, the Authority received a management fee of \$115,000 for the year ended June 30, 2022.

Prince George's County (Hyattsville Justice Center Lease Agreement)

The Authority and the County also entered into a lease agreement dated May 1, 1986 (the "Lease Agreement") wherein the County agreed to lease the HJC Garage from the Authority. The initial term ended on the date on which all outstanding principal and interest of the Series 1992 Bonds was repaid, which was May 1, 2005. The lease term was mutually agreed to extend for four additional ten-year periods.

During year ended June 30, 2008, the Authority entered into an operating and management agreement with the County for the payment of rent related to the HJC Garage. Under the terms of this agreement, the Authority is entitled to the reimbursement of all costs and an administrative fee equal to 10% of such costs (collectively, the "rent"). Pursuant to the agreements, the County paid \$660,000 for reimbursement of operating expenses during the year ended June 30, 2022, which is included in rental income from Prince George's County on the statement of revenues, expenses and change in net position.

In addition to the rent, the County is obligated to pay an annual fee to the Authority. This annual fee was \$100,000 per year beginning May 1986 until substantial completion on August 1, 1990, \$30,000 per year for the 10 years after completion, \$40,000 per year for the 11th through 18th years from completion, and \$50,000 per year thereafter. Pursuant to this agreement, the Authority received an annual fee of \$50,000 for the year ended June 30, 2022.

Prince George's County (2018A and B Lease and Debt Issuance)

During the year ended June 30, 2018, the Authority, the Industrial Development Authority of Prince George's County (IDA), and the County entered into agreements where the Authority issued debt to refund debt outstanding of IDA for the Upper Marlboro Courthouse and DuVall Wing. The Authority would take an ownership interest in the related property and would then lease the capital assets to the County for rent payments equal to the effective debt service on the debt.
