

**KEY TO MAP**

- 500-Year Flood Boundary
- 100-Year Flood Boundary
- Zone Designations\*
- 100-Year Flood Boundary With Elevation in Feet\*\*
- Base Flood Elevation Line With Elevation in Feet\*\*\*
- Elevation Reference Mark
- Zone D Boundary
- River Mile

**UNDEVELOPED COASTAL BARRIERS†**

- Identified 1983
- Identified 1990 or Later
- Otherwise Projected

\*Referenced to the National Geodetic Vertical Datum of 1929

**\*EXPLANATION OF ZONE DESIGNATIONS**

ZONE	EXPLANATION
A	Areas of 100-year flood; base flood elevations and flood hazard factors not determined.
AO	Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; average depths of inundation are shown, but no flood hazard factors are determined.
AH	Areas of 100-year shallow flooding where depths are between one (1) and three (3) feet; base flood elevations are shown, but no flood hazard factors are determined.
A1-A30	Areas of 100-year flood; base flood elevations and flood hazard factors not determined.
A99	Areas of 100-year flood to be protected by flood protection system under construction; base flood elevations and flood hazard factors not determined.
B	Areas between limits of the 100-year flood and 500-year flood; or certain areas subject to 100-year flooding with average depths less than one (1) foot or where the contributing drainage area is less than one square mile; or areas protected by levees from the base flood. (Medium shading)
C	Areas of minimal flooding. (No shading)
D	Areas of undetermined, but possible, flood hazards.
V	Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors not determined.
V1-V30	Areas of 100-year coastal flood with velocity (wave action); base flood elevations and flood hazard factors determined.

**NOTES TO USER**

This map is for use in administering the National Flood Insurance Program; it does not necessarily identify all areas subject to flooding, particularly from local drainage sources of small size, or all planimetric features outside Special Flood Hazard Areas. The community map repository should be consulted for possible updated flood hazard information prior to use of this map for property purchase or construction purposes.

Coastal base flood elevations apply only landward of 60 NVD, and include the effects of wave action; these elevations may also differ significantly from those developed by the National Weather Service for hurricane evacuation planning.

Areas of special flood hazard (100-year flood) include Zones A, A1-A30, AH, AO, A99, V, and V1-V30.

Certain areas not in the Special Flood Hazard Areas may be protected by flood control structures.

For adjoining map panels see separately printed Map Index.

**INITIAL IDENTIFICATION:**  
AUGUST 4, 1972

**FLOOD HAZARD BOUNDARY MAP REVISION:**  
NONE

**FLOOD INSURANCE RATE MAP EFFECTIVE:**  
AUGUST 4, 1972

**FLOOD INSURANCE RATE MAP REVISIONS:**

- July 1, 1974 - to change zone designations
- August 28, 1976 - to reflect curvilinear flood boundaries, to add special flood hazard areas
- July 19, 1982 - to add base flood elevations, to change base flood elevations, to add special flood hazard areas
- June 18, 1987 - to change base flood elevations, to add special flood hazard areas, to change special flood hazard areas, to change zone designations, to add roads and road names, to reflect updated topographic information
- September 6, 1996 - to change base flood elevations and special flood hazard areas, to add base flood elevations, special flood hazard areas, and roads and road names, and to incorporate previously issued letters of map revision and map amendment

To determine if flood insurance is available in this community, contact your insurance agent or call the National Flood Insurance Program, at (800) 638-6626.

**ELEVATION REFERENCE MARKS**

REFERENCE MARK	ELEVATION IN FT. (NGVD) <sup>1</sup>	DESCRIPTION OF LOCATION
RM 84	17.02	Brass bolt and washer in southeast corner of southwest side of Oxon Hill Road bridge over Henson Creek.
RM 85	36.47	Chiseled square cut on top of northwest corner of east parapet of Indian Head Highway bridge over Henson Creek.
RM 86	35.20	Chiseled square cut on northwest corner of east parapet of Livingston Road bridge over Hunters Mill Branch.
RM 87	96.86	Chiseled square cut on top of northeast corner of concrete box with grate covering located at end of Hunter Mill Avenue, approximately 20 feet north of northeast corner of house at 9023 Hunter Mill Avenue.
RM 88	31.58	Brass bolt and washer in center of 1 foot concrete headwall on west side of Livingston Road, approximately 0.45 mile south of Fort Washington Drive.
RM 89	6.61	Top of anchor bolt located at northeast intersection of abutment and wing wall of Swan Creek Road bridge over Swan Creek.
RM 90	190.20	Brass bolt and washer in top of south end of 1 foot concrete wall on east side of Temple Hills Road bridge over Tinkers Creek.
RM 91	141.74	Brass bolt and washer on southeast end of Steed Road bridge over Tinkers Creek.
RM 92	52.04	Top of west flange bolt of fire hydrant along Gallahan Road at entrance to Ricketty Bridge Farm.
RM 93	166.49	Brass bolt and disk in northwest concrete abutment of Temple Hills Road bridge over Pea Hill Branch.
