

**PRINCE GEORGE'S COUNTY FY 2006-2011
APPROVED CAPITAL IMPROVEMENT PROGRAM**

APPROVED MASTER PLANS AND SECTIONAL MAP AMENDMENTS

This section of the Capital Improvement Program segments the County into 36 small geographic divisions known as planning areas and looks at the projects within each area. The planning areas are grouped into seven larger subregions for purposes of discussion. A page-size planning area map showing the location of each CIP project is provided. From this information, residents can determine the capital facilities programmed for their neighborhood.

There are currently 19 Adopted and Approved Master Plans for Prince George's County. These Plans form the basis for land use planning and development in the County. For more information about the County, its neighborhoods and its approved land use plans, the reader may wish to refer to the following public documents. These publications are available from the Prince George's Planning Department, Transportation and Public Facilities Planning Division located in the County Administration Building, Upper Marlboro, Maryland or any County public library.
