

Through his Michael A. Jackson Charities Foundation, Prince Georges County Sheriff Michael Jackson will award book scholarships to ten (10) graduating Prince Georges County public high school seniors. The seniors, nominated by their guidance counselors and school principals, had to write a 250 word essay on why they deserved the scholarship. The winners were selected by the Foundation's Scholarship Committee. The students will be attending a wide array of schools from the American Music and Drama Academy to the University of Maryland and the University of Georgia. The award will be used to fund first term books needed for class. The Michael A. Jackson Charities Foundation is a non profit 501 (c) (3) organization.
