2022 Gubernatorial Primary Election
Canvass Day 3

PUBLIC NOTICE OF CANVASS

Ms. Alexander opened the canvass and noted that public notice of the vote by mail canvass was provided and that the notice was provided by agenda posted on door of the election office and on the Prince George's County Board of Election's website.

The Board of Canvassers confirmed that the counts on the ballot scanners were zero. Ms. Alexander posted one copy of the Zero Report from the ballot scanners on the wall of the canvassing room. Mr. Colbert printed a second copy of the Zero Report, which remained with the integrity reports.

A copy of the *Scanning Unit Opening Integrity Report* is attached to the minutes.

Overview of Canvass Process

Ms. Alexander explained the rules concerning public observation of the canvass. Ms. Alexander provided an overview of the canvassing, the suggested COVID-19 procedures and the ballot and facility security process. She also noted that the rules were posted in the canvass room. It was explained that ballots are distributed to the ballot processing canvassers in batches of 25 (when possible). Also, the canvass teams were asked to review the envelopes first to determine whether it was received on time.

For timely received ballots, each canvasser determines whether the voter signed the oath. After verifying that the oath is signed, each canvasser opens the envelopes. With the envelope face down, each canvasser removes the ballot, taking care that the envelope stays face down. After removing all of the ballots in the batch, the ballot envelopes are set aside. Each canvasser reviews the ballots for compliance and tabulating acceptability.

Ballots that were printed online are duplicated and verified by a bi-partisan ballot duplication team. The bipartisan team of canvass workers or the Board of Canvassers, whichever is responsible for ballot duplication will manually duplicate the ballot the ballot on to an official ballot. It is imperative that the two ballots are compared to ensure that the ballot printed during the canvass matches the ballot returned by the voter.

Ballots that are untimely or are otherwise not in compliance are wrapped in a referral sheet, with the batch number and the canvassers' team number, or other information identifying the canvasser to which the ballot belongs, and the reason(s) for the referral written on the referral sheet. The wrapped envelope with the ballots inside is referred to the Board of Canvassers for later review.

July 23, 2022 - Vote by Mail Canvass Minutes
2022 Gubernatorial Primary Election
Canvass Day 3

Ms. Alexander noted that ballot packages would be kept together, including the envelopes and ballots. Any ballots referred to the Board of Canvassers will be reviewed prior to moving onto a new ballot package. Accepted ballots would be returned to the package and rejected ballots would be noted on the package cover sheet.

All ballot packages in each sealed/locked box will be completed before another box is opened. If a ballot has a tear or stain, please refer it to the Board of Canvassers for review and duplication. Ms. Alexander explained that the ballot scanner cannot accept tears, stains, etc. A bi-partisan team will recreate the ballot selections. The clean, duplicated ballot will be included for scanning and the old ballot will be voided. There should not be any extraneous marks on the ballot, only the filled-in bubble by the candidate's name.

Ms. Alexander explained the process to provide information to the Board of Canvassers or challenge a decision of the Board.

Ms. Alexander explained the "challenge" form and how it is completed and presented.

Reminder – Vote by mail ballots must be date stamped or post-marked on or before July 19, 2022. If the batch processing date is July 19, 2022, or earlier, the ballots are timely received.

The Board of Canvassers confirmed that the counts on the ballot scanners were zero. Ms. Alexander posted one copy of the Zero Report from the ballot scanners on the wall of the canvassing room. Mr. Colbert printed a second copy of the Zero Report, which remained with the integrity reports.

A copy of the *Scanning Unit Opening Integrity Report* is attached to the minutes.

Canvassing of Ballots

Mr. Gaynor made a motion to reconvene the mail-in ballot canvass. Mr. Slezak seconded the motion, and the motion passed unanimously.

The canvass room was closed from 12:00 noon to 1:00 p.m. for lunch.

Board of Canvassers' Decision Meeting

Ms. Alexander announced that the Board of Canvassers' Decision Meeting will be held on Monday, July 25, 2022, at 1:00 p.m.

July 23, 2022 - Vote by Mail Canvass Minutes
2022 Gubernatorial Primary Election
Canvass Day 3

Ms. Jones removed the following seals from the ballot cabinets:

17-319437	17-319434	17-319439
17-319436	17-319438	17-319440
17-319435		

The canvassing teams were dismissed.

Ms. Tignor, Mr. Ruston, Ms. Williams, and Mr. Slezak stayed to observe the scanning and printing of results.

The ballot cabinets were locked, and the following seals were affixed:

17-310226	17-310229	17-310230
17-310227	17-310231	17-310232
17-310228		

Printing Canvass Results

After scanning all accepted vote by mail ballots, Mr. Colbert locked the ballot scanners and printed an Election Results Report. Ms. Alexander confirmed that the number of accepted ballots equaled the number of ballots counted by the ballot scanners. Ms. Alexander signed the Voting Results Report and attached it to the Zero Report.

A copy of the *Scanning Unit Closing Integrity Report* is attached to the minutes.

DAILY CANVASSING RESULTS

Vote by Mail Canvass Statistics- Day Three	Number of Ballots
Total Ballots Presented	15,772
Accepted Ballots	15,772
Rejected Ballots	0

RECESS

The canvass recessed at 5:30 p.m. and will reconvene on Monday, July 25, 2022, at 9:00 a.m. Mr. Colbert recorded the public count, turned the optical scan ballot scanners off, and affixed seals.
