COVID-19 Update: Prince George's County Joins UNICEF's Child Friend Cities Initiative

Dear Prince Georgians:

As we navigate this pandemic, we are continuing to launch new programs and initiatives to support Prince Georgians now and during our post-COVID recovery. This week, I am excited to share that Prince George's County will become the first county in the nation to implement an ambitious, two-year process toward recognition as a UNICEF Child Friendly County.

Our children represent the future of our County, State and nation, and we are fully committed to elevating their voices and empowering them to help build a brighter future for every resident as we work to recover from the COVID-19 pandemic. We are excited about this opportunity and to be able to collaborate with the first cohort of municipalities in the United States to be part of UNICEF's Child Friendly Cities Initiative (CFCI), which includes Houston, San Francisco and Minneapolis.

Originally created in 1996, UNICEF's Child Friendly Cities Initiative uses a child rights-based framework to build a roadmap for establishing safer, more just, equitable, inclusive

and child-responsive cities and communities around the world. Since its inception, CFCI has been adopted in over 3,000 municipalities in 40 countries.

To become a Child Friendly County, we will conduct a situational analysis of child well-being in the County. Based on these findings, we will implement an action plan that prioritizes the best interests of children and youth within local policies. CFCI will empower us to address the impact of the coronavirus pandemic and systemic racism on children, work to combat discrimination and elevate their voices in local governance and decision-making.

This Initiative will ensure that we create an even greater community for our young people and that their voices are heard in decision-making processes. We will share updates on this Initiative and our collective progress as a community as they become available. For more information about the Child Friendly Cities Initiative in the United States, [click here](#).

I also want to provide an update on the 2020 General Election this November. Like many jurisdictions across the State, our County has had a difficult time securing the number of polling judges needed to staff our precincts for early voting and on Election Day. The majority of the 3,500 poll workers we typically have are seniors.

During this pandemic many are justifiably concerned for their safety, and so are we. So, I asked the Governor's administration to consider a plan that would make voting safe during this pandemic, which included mailing a ballot to the home of every voter (instead of his mandate that voters apply to receive a ballot), increase the early voting period to 11 days, decrease polling locations, and have secured drop boxes at each of the locations.

While there were issues with the June 2 primary, Prince George's had the highest voter participation since the 2008 primary, and 96% of our residents voted by mail. We are pleased the Governor recognized the challenges and recently allowed the state board to reduce polling precincts, but we still believe it's critical that ballots are mailed to every voter.

I will continue to press this issue and ensure that every voter in our County has the opportunity to vote safely while we are still in the midst of this pandemic. At this time, we are encouraging voters to go ahead and request an absentee ballot so they can safely vote by mail. You can request an absentee ballot online [here](#).

Finally, our Chief Health Officer signed a [Health Officer Order](#) on August 4 that provides further guidance on face coverings, physical distancing and other safety practices that will protect the health and well-being of Prince Georgians. More information on that is included below, but I want to remind everyone to please remember to wear a face covering in any retail or business establishment, including gyms and fitness centers, on public transportation, and outdoors when it is difficult to maintain physical distancing. Also, please remember to practice physical distancing, keeping at least 6 feet of distance between yourself and others, and wash your hands frequently with soap and water.

If we all continue to do our part, we can continue to keep this virus at bay and continue to make progress on our County's recovery.

Yours in service,

Angela Alsobrooks

Prince George's County Executive

COVID-19 Updates

Reminder: Face Coverings Required

Angela D. Alsobrooks
County Executive

COVID-19 (Coronavirus)

Prince George's County Face Covering Executive Order

All persons must wear a face covering inside all indoor retail stores or business establishments including gyms and large chain retail establishments.

Face coverings must cover the nose and mouth

Retail and Business Establishments

must take all steps to ensure customers wear face coverings and also have frequent announcements during operating hours.

Face Covering Exceptions

The Order does not require face coverings for individuals in an indoor retail or business establishment if:

Due to a bona fide disability or medical condition, it would be unsafe for the person to do so

Impedes communication by persons who have a hearing impairment or other disability where the mouth is essential

Would subject the person to an unsafe working condition determined by workplace safety guidelines

While seated at a table at an establishment and consuming food or beverages

To receive medical services requiring access to the face, mouth, or head

While in the water at a swimming pool

Any person age two (2) years old or younger

For more information visit: www.princegeorgescountymd.gov/health

We must not become weary on COVID-19 precautions. As a reminder, you must wear a face covering when you're in a store or business establishment. By doing so, you protect yourself and others. Also, Prince George's County Health Officer Dr. Ernest Carter has issued an order clarifying and extending requirements for face coverings. [Click here for more information.](#)

Stand Up & Deliver Locations

Prince George's Forward Task Force

Prince George's
FORWARD

REIMAGINING OUR FUTURE 

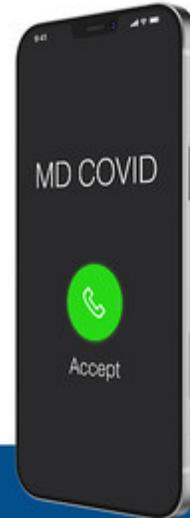

The County Executive convened the Prince George's Forward Task Force to navigate the complex and challenging environment COVID-19 has created so that we can reimagine and

rebuild our County stronger than it has ever been before. This innovative, diverse, and forward-thinking group of experts is working hard to develop new solutions to complex challenges. Last week, the executive committee met to hear some of their preliminary ideas. To learn what they discussed, [click here](#). For more information on the Forward Task Force, please visit www.princegeorgesforward.com.

MD COVID – Please Answer the Call

When you see MD COVID
Please Answer the Call

covidLINK

Contact tracing is one of the critical tools used to stop the spread of COVID-19. A contact tracer will get in touch with the close contacts of a person who has tested positive to alert them to their potential exposure to COVID-19 so they can take the steps necessary to protect the health of themselves and those around them. Contact tracers will never ask for your social security number, your immigration status, or request payment for anything. If you receive a call from MD COVID or from the Prince George's County Health Department, make sure you take the call. Learn more about [contact tracing here](#).

Director

Prince George's county
Office of Community Relations

connecting people, connecting resources

It's that time of year again! Students are preparing to start the school year, but they won't be filing into physical school buildings and classrooms, instead receiving instruction remotely due to COVID-19. The Department of Public Works and Transportation and the Office of Community Relations have teamed up for Stuff "TheBus" School Supply Drop-Off events during the past few weeks, and the last one will be held on Wednesday, August 19, 2020. Though Prince George's County Public Schools students will begin the year at home with distance learning, they will still need many of the supplies necessary in a traditional setting. Please assist us in ensuring every child has the tools they need to learn during these unprecedented times.

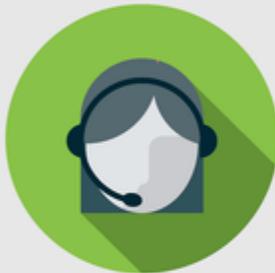

On Wednesday, August 19, 2020, please drop your donations at the rear of 9400 Peppercorn Pl, Largo, MD from 9:00 AM to 3:00 PM or at the Oxon Hill Park & Ride, Oxon Hill, MD from 10:00 AM to 1:00 PM. Thank you to those that have already contributed!

PGC Health Connect is a program of the Prince George's County
Department of Social Services.

The State of Maryland has announced the reopening of the COVID-19 emergency health insurance enrollment, now ending December 15. Through PGC Health Connect, a program under the Prince George's County Department of Social Services, nearly 11,000 Prince Georgians gained health coverage during the original special enrollment period from March 16 to July 15. With the new enrollment period ending December 15, PGC Health Connect wants even more residents to get covered! Visit www.pgchealthconnect.org for more information.

Voting – Democracy in Action

The Prince George's County Human Relations Commission and Prince George's County Memorial Library System (PGCMLS) invite you to their "Voting – Democracy in Action" discussion on August 31 at 7:00 PM. They will review the long fight for voting rights in this country and why using your voice and your vote is democracy in action. Special guests include University of Maryland History professor Dr. Richard Bell and Daneen Banks from the Prince George's County Board of Elections, with opening remarks by PGCMLS CEO Roberta Phillips. [Register in advance here](#) for this free event.

Fall 2020 Community Partners' Meeting Going Virtual

A previous Community Partners' Meeting held before the COVID-19 pandemic.

The Community Partners' Meeting is going virtual for the first time in its history! Due to physical distancing guidelines resulting from the COVID-19 pandemic, the three agencies that co-sponsor Community Partners' – the Department of Permitting, Inspections and Enforcement (DPIE), the Department of the Environment (DoE), and the Department of Public Works & Transportation (DPW&T) – will present news and information via a PowerPoint presentation, allowing residents to “attend” from the comfort of their homes or offices.

Community Partners' is a meeting held three times a year to allow residents to engage with County leaders about programs and services. DPIE, DoE and DPW&T alternate leading the meetings. Other government agencies also participate.

The PowerPoint presentation will be posted on the websites for the three sponsoring agencies on September 24, 2020. Each agency will offer a welcome by the department director and news about current projects and upcoming programs.

The presentation will also feature a Q&A section with questions from residents answered by representatives from each of the agencies. Residents are invited to submit a [Community Partners' Meeting Question Form](#) by August 24. Forms should be emailed to tcollins@co.pg.md.us.

Labor Day Holiday Waste Collection Schedule

The graphic is a horizontal banner for Prince George's County's Labor Day holiday waste collection schedule. At the top, it features the county seal, a yellow hard hat, and the text "PRINCE GEORGE'S COUNTY" and "LABOR DAY HOLIDAY WASTE COLLECTION SCHEDULE". Below this, a grid shows the collection schedule for each day from September 7 to 11. On Monday, September 7, there are no organics collections and no bulky trash pickups. From Tuesday, September 8, through Friday, September 11, there is no change to the regular recycling and trash collection schedule. The graphic also includes social media icons for Facebook, Twitter, and YouTube, and the "Prince George's Proud" logo.

SEPTEMBER 7 MON LUNES	SEPTEMBER 8 TUE MARTES	SEPTEMBER 9 WED MIÉRCOLES	SEPTEMBER 10 THU JUEVES	SEPTEMBER 11 FRI VIERNES
 NO ORGANICS COLLECTIONS (includes food scraps and yard trim) MONDAY, SEPTEMBER 7, 2020 Regular collections resume SEPTEMBER 14, 2020 NO BULKY TRASH PICKUPS				
NO CHANGE TO RECYCLING AND TRASH COLLECTION ningún cambio para reciclaje y recolección de basura				

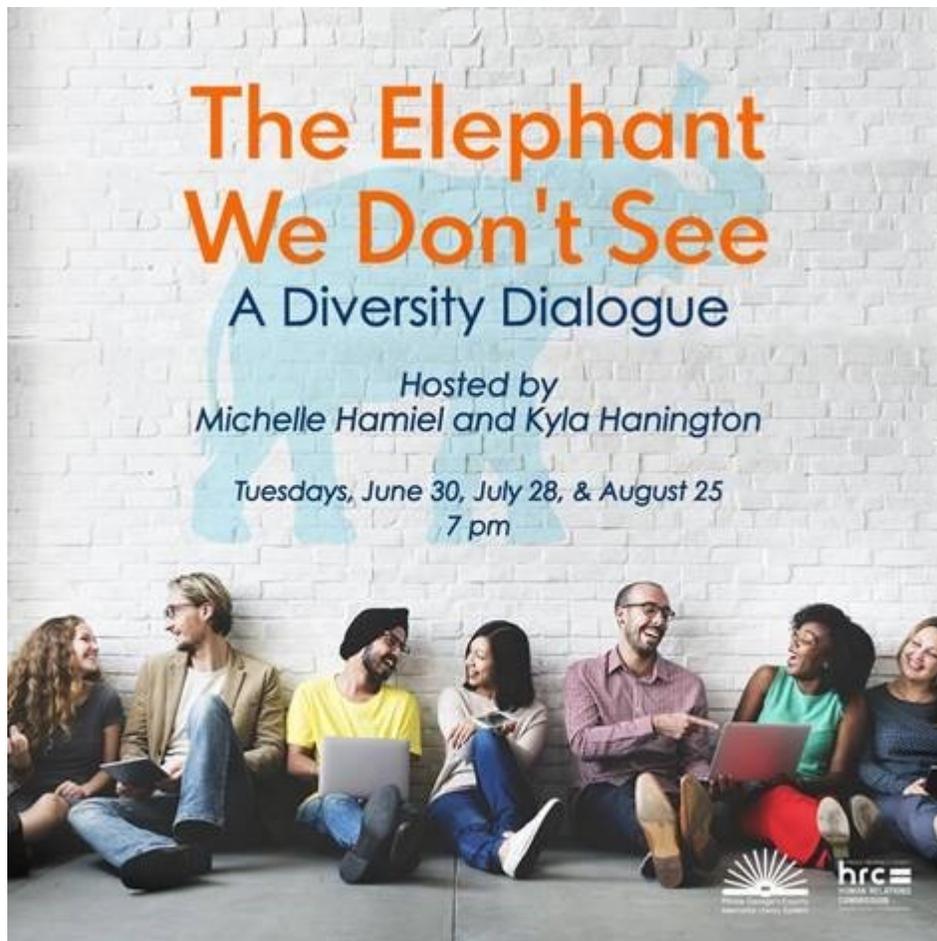

For more information on the holiday schedule changes, please contact CountyClick 3-1-1
Para obtener más información sobre los cambios por el día festivo, comuníquese con CountyClick 3-1-1

Due to the Labor Day holiday on Monday, September 7, yard trim collections will be suspended and will resume on Monday, September 14.

Regular collections of trash and recycling will occur Tuesday, September 8 through Friday, September 11.

County Government offices, except public safety agencies, will be closed in observance of Labor Day. Also, **TheBus**, **Call-A-Bus** and **CountyClick 3-1-1** will be closed and will resume regular operations Tuesday, September 8. Residents can still submit service/issue requests [online here](#).
