The owner or custodian of any dog or cat must remove their pet's excrement from public or private property.

Cruelty

Cruelty to animals is a misdemeanor punishable by a fine not to exceed \$1,000, imprisonment not to exceed 90 days, or both.

Licensing

No person shall own, keep or harbor any dog, cat or ferret over the age of four months unless the animal is licensed.

A valid certificate of rabies inoculation issued by a licensed veterinarian must accompany your license application.

Dogs must wear a license tag on their collars at all times.

Pit Bulls

Effective February 3, 1997, in compliance with the Prince George's County Code, Section 3-185.01, it is illegal to own or harbor a non-registered Pit Bull in Prince George's County. To legally own a Pit Bull in the County, your pet must have been registered with the Animal Management Division prior to February 3, 1997 and maintain a current Pit Bull registration. The registration tag must be worn by the Pit Bull at all times. All Pit Bulls with expired registrations are considered illegal and will be impounded, and the owner may be fined or face criminal prosecution. If your registered Pit Bull produces a litter, the puppies are considered illegal and must leave Prince George's County. Citizens and residents are prohibited by law from selling or giving away Pit Bulls in Prince George's County.

The Code also requires that Pit Bulls be maintained within a building or secured kennel if kept outdoors

for any length of time. In addition, the Code states that Pit Bulls outside of a building or kennel must be under the control of an adult and secured by an unbreakable leash. Violations to this provision will result in fines up to \$1,000 or a sentence of not more than six months imprisonment.

Pit Bulls include any and all of the following breed of dogs: Staffordshire Bull Terrier; American Staffordshire Terrier; American Pit Bull Terrier; or dogs that exhibit the characteristics of a Pit Bull more than any other breed of dog.

Kennels, Pet Shops, etc.

A valid license is required to operate all kennels, catteries, guard or sentry dog facilities, pet shops, riding schools or stables, petting zoos or grooming establishments.

Standards for Guard Dogs

The fee for a guard dog license shall be \$50 per year. Dogs trained or used as guard dogs must be able to demonstrate obedience training.

Abandonment

It is unlawful to abandon any dog, cat or other domestic animal.

Manner of Keeping Animals

No person shall keep or maintain any animal in such a manner as to cause the animal to become a public nuisance.

Unnecessary Noises by Animals

Any person disturbed by a noisy animal must advise the owner. If the nuisance is not abated, the person may then notify the Commission for Animal Control to file a complaint.

Rabies Control

No person shall own a dog, cat or ferret over the age of four months without a current, valid rabies

inoculation. Any animal that has bitten any human is required to be confined in quarantine for a ten-day clinical observation period. This does not apply to wildlife or species not authorized for quarantine by the Health Department. The confinement may be on the owner's premises.

Reptiles and Wild Animals

No person shall keep or maintain any poisonous reptile or wild animal without first obtaining a permit from the Director of the Department of the Environment.

Injuring or Poisoning Animals

Any person who accidentally or otherwise strikes an animal with an automobile must notify the police or the Animal Services Facility of the accident. No person shall willfully or negligently poison any animal.

Animal Hobby Permit

This section does not apply to licensed animal holding facilities, licensed veterinary hospitals, circus or traveling animal exhibitions, or the keeping of farm animals, fish or birds.
