

STRATEGY FEEDBACK FORM

Prince George's County wants to ensure your perspective is reflected in the Comprehensive Housing Strategy. Please use this form to note your reactions and questions about the high-level strategies you just heard about.

Support diverse housing options to strengthen neighborhoods and improve quality-of-life. *This strategy would address the limited variety of housing options and help meet changing needs among residents through activities like more flexible zoning and incentives for new types of housing (e.g., accessible or senior housing) and housing at different price points.*

I think this is the most important strategy. I think this strategy may not be right for the county.

Please use this space to share any questions or other reactions you may have. _____

Increase production of affordable housing to help residents who are cost-burdened. *This strategy would address the limited amount of housing at different price points and help lower overall household expenses through activities like providing more resources for affordable housing development and engaging partners, like major employers, to offer financial assistance to help residents with housing costs.*

I think this is the most important strategy. I think this strategy may not be right for the county.

Please use this space to share any questions or other reactions you may have. _____

Pursue preservation activities to extend quality and affordability of existing properties. *This strategy would help improve housing quality for existing residents and promote neighborhood stability through activities like modifying existing homes with aging-in-place or accessibility improvements, promoting energy efficiency, and requiring or incentivizing developers to continue to provide affordability when redeveloping existing affordable housing options.*

I think this is the most important strategy I think this strategy may not be right for the county

Please use this space to share any questions or other reactions you may have. _____

Preserve long-term affordability and stabilize vulnerable residents in areas experiencing market pressure. *This strategy would help existing residents stay in their homes or neighborhoods, anticipating the impact of large-scale investments, through activities like establishing a community land trust, offering tax relief to property owners, and creating additional protections for tenants.*

I think this is the most important strategy. I think this strategy may not be right for the county

Please use this space to share any questions or other reactions you may have. _____

Increase investments in neighborhoods to improve quality-of-life and long-term stability. *This strategy would use housing to improve neighborhoods, enabling people to live near local amenities, through activities like supporting redevelopment of abandoned properties, leveraging existing placemaking efforts to brand parts of the county, and coordinating infrastructure improvements with housing development.*

I think this is the most important strategy. I think this strategy may not be right for the county.

Please use this space to share any questions or other reactions you may have. _____

Additional space for comments and questions is provided on the other side of this form.

PLEASE TURN IN THIS FORM TO ANY MEMBER OF THE PROJECT TEAM BEFORE THE MEETING ENDS.
