

Health Department

MISSION AND SERVICES

The Health Department protects the public’s health; assures availability of and access to quality health care services; and promotes individual and community responsibility for the prevention of disease, injury and disability.

CORE SERVICES

- Health service resources for families and individuals in need
- Chronic disease interventions and education
- Disease prevention
- Environmental safety

FY 2019 KEY ACCOMPLISHMENTS

- Received an award of \$2.4 million in funding from the Centers for Disease Control and Prevention (CDC) for the next five years to support the design, testing and evaluation of novel approaches to address

evidence-based strategies aimed to reduce risk, complications and barriers to prevent and control diabetes and cardiovascular disease in high problem populations.

- Received a federal matching fund grant in the amount of \$624,500 for the State of Maryland's Medicaid Health Choice Waiver Program for the Assistance in Community Integration Services (ACIS) Pilot Program.
- Launched the Step Forward county-wide campaign to address stigma related to mental health challenges.
- Created infrastructure to construct an operations network-which will further facilitate greater mental health collaboration in the County. This technology promises to bring more mental health services to both children and youth and should increase the numbers that can be served.
- Developed a training program to train chronic offenders and potential chronic offenders in food safety practices and regulatory requirements.

STRATEGIC FOCUS AND INITIATIVES FOR FY 2020

The agency's top priorities in FY 2020 are:

- Ensure access to healthcare resources, particularly to un- and underserved County populations.
- Prevent and reduce chronic disease, with an emphasis on addressing obesity in the County.
- Continue to improve maternal and infant outcomes to help decrease infant mortality.
- Prevent sexually transmitted diseases.
- Promote safe food services facilities.
- Ensure access to mental health and substance abuse treatment.

FY 2020 BUDGET SUMMARY

The FY 2020 proposed budget for the Health Department is \$71,720,400, a decrease of \$2,556,800 or 3.4% under the FY 2019 approved budget.

Expenditure by Fund Type

Fund Types	FY 2018 Actual		FY 2019 Budget		FY 2019 Estimate		FY 2020 Proposed	
	Amount	% Total	Amount	% Total	Amount	% Total	Amount	% Total
General Fund	\$24,301,299	42.6%	\$26,547,000	35.7%	\$24,671,400	32.7%	\$26,366,900	36.8%
Grant Funds	32,737,893	57.4%	47,730,200	64.3%	50,667,100	67.3%	45,353,500	63.2%

GENERAL FUNDS

The FY 2020 proposed General Fund budget for the Health Department is \$26,366,900, a decrease of \$180,100 or 0.7% under the FY 2019 approved budget.

Reconciliation from Prior Year

	Expenditures
FY 2019 Approved Budget	\$26,547,000
Increase Cost: Fringe Benefits — Increase in the fringe benefits rate from 32.5% to 34.8% and an increase in new positions and alignment to County contributions for fringe benefits	\$211,600
Add: Compensation - New Positions — Three new full time positions for the Tuberculosis Control Program	208,900
Increase Cost: Operating Office Automation Charge — Increase in OIT charges to support anticipated costs in SAP maintenance and the countywide laptop refresh program	139,400
Increase Cost: Operating - Operating Contracts — Increase in operating contracts for the Tuberculosis Control Program	95,000
Decrease Cost: Operating — Reflects net decrease in operating expenditures in other contracts, utilities and building rental/ lease	(50,100)
Decrease Cost: Recoveries — Reflects operating recovery increase from various grant programs	(99,300)
Decrease Cost: Compensation — Decrease in compensation to support salary requirements based on anticipated attrition partially offset by prior year salary adjustments	(685,600)
FY 2020 Proposed Budget	\$26,366,900

GRANT FUNDS

The FY 2020 proposed grant budget for the Health Department is \$45,353,500, a decrease of \$2,376,700 or 5.0% under the FY 2019 approved budget. Major sources of funds in the FY 2020 proposed budget include:

- Innovative State and Local Public Health Strategies To Prevent and Manage Diabetes, Heart Disease and Stroke
- AIDS Case Management
- Alzheimer’s Disease Program
- Federal Fund Treatment Grant

Reconciliation from Prior Year

	Expenditures
FY 2019 Approved Budget	\$47,730,200
Add: New Grant — Innovative State and Local Public Health Strategies To Prevent and Manage Diabetes, Heart Disease and Stroke, Childhood Lead Poisoning Prevention, Zika Nurse Project, Hepatitis B and C Care, Alzheimer's Disease Program, and UASI MDERS Emergency Urban Areas Security.	\$5,817,700
Enhance: Existing Program/Service — Offender Reentry, General Fund Services, Assistance in Community Services (ACIS), Syringe Services, Federal Fund Treatment, STD Caseworker, AIDS Case Management, MHCP Eligibility, Project Safety Net, Babies Born Healthy, Dental Sealant, Integration of Sexual Health in Recovery, Surveillance and Quality Improvement, Administrative/LAA, Continuum of Care, Core Services, General Medical Assistance Transportation, Drug Court Services, Temporary Cash Assistance, Prevention Services, Recovery Support Services, Smart Reentry, Substance Abuse Treatment Outcome (STOP), Bridges to Success, Opioid Operation Command, Mental Health Services and TB Control.	2,970,500

Reconciliation from Prior Year *(continued)*

	Expenditures
Reduce: Existing Program/Service — PREP, Tobacco Enforcement Initiative, Cities Readiness, Lead Paint Poisoning, Tobacco Cessation, Tobacco Control Community, Healthy Teens Young Adults, WIC Breastfeeding, Immunization Action, PATH Program, HIV Prevention Services, Administrative Care Coordination, HIV Testing, WIC, PHEP, Reproductive Health, Bay Restoration Septic Fund, School Based Wellness Center and Ryan White Part B.	(2,683,900)
Eliminate: Program/Service — Oral Health Clinical Care, Senate Bill 512 Children In Need of Assistance, Integration of Child Welfare Funds, MD Crisis Hotline, HIV Testing in Behavioral Health, School Based Wellness Center Services. TB Refugee Program will be transitioned to TB Control under the Family Health Services. Ryan White Part A Administrative Agent services will be transitioned to the HIV Program under the Family Health Services.	(8,481,000)
FY 2020 Proposed Budget	\$45,353,500

Total Expenditures	\$24,301,299	\$26,547,000	\$24,671,400	\$26,366,900	\$(180,100)	-0.7%

In FY 2020, compensation expenditures decrease 2.9% under the FY 2019 budget due to anticipated attrition and vacancy lapse partially offset by prior year salary adjustments and the addition of three full time positions. Compensation costs include funding for 217 full time positions and one part time position. Fringe benefit expenditures increase 4.0% over the FY 2019 budget to align with compensation adjustments and the change in the fringe benefit rate.

Operating expenses increase 2.6% over the FY 2019 budget due to increases in training, advertising, general office supplies and vehicle and building maintenance.

Recoveries increase 4.3% over the FY 2019 budget due to increase in recoverable operating expenditures from various grants.

DIVISION OVERVIEW

Administration

The Division of Administration provides the administrative support structure for the department's public health programs. This unit provides support to General Fund and grant programs through centralized fiscal (budget, accounts payable, collections and purchase card), personnel, procurement, contractual, facility maintenance, security, vital records and general services. A Health Insurance Portability and Accountability Act (HIPAA) compliance component was established in July 2010 to serve as the departmental liaison for the coordination of privacy compliance for medical records.

Fiscal Summary

In FY 2020, the division expenditures decrease \$319,700 or 5.6% under the FY 2019 budget. The primary budget changes include:

- A decrease in personnel costs and projected health-care and pension costs due to anticipated attrition.
- An increase in operating costs due to office automation charges.

	FY 2019 Budget	FY 2020 Proposed	Change FY19-FY20

Family Health Services

The Family Health Services Division offers clinical and preventive health services to women, children and their families both in public health clinics and in their homes. Women's services include prenatal and postnatal care, dental care for pregnant women, family planning, pregnancy testing and health and nutritional education. Children receive immunizations, developmental assessments and referrals to medical specialty care for handicapping conditions. The division assists pregnant women and children in receiving comprehensive health care services through the Maryland Children's Health Program by providing on-site eligibility determination, managed care education and provider selection.

Fiscal Summary

In FY 2020, the division expenditures increase \$822,400 or 12.6% over the FY 2019 budget. Staffing resources

increase by three positions from the FY 2019 budget. The primary budget changes include:

- An increase in personnel costs due on countywide salary adjustments as well as projected healthcare pension costs.
- The transfer of three positions from the TB Refugee Health Grant.

Behavioral Health

The Behavioral Health Division provides outpatient substance abuse treatment and prevention services for adults, adolescents and their families. Tobacco education and cessation services are also provided. The General Fund Services Grant provides outpatient treatment services and funds contracts with private vendors for residential treatment services which provide a continuum of services. These services include intensive inpatient services, transitional community living, long-term residential rehabilitation and outpatient services for Spanish speaking residents.

Fiscal Summary

In FY 2020, the division expenditures decrease \$351,300 or 11.6% under the FY 2019 budget. Staffing resources

remain unchanged from the FY 2019 budget. The primary budget changes include:

- A decrease in personnel costs and projected health-care and pension costs due to anticipated attrition.
- A decrease in operating contracts.

Environmental Health - Disease Control

The Environmental Health/Disease Control Division is responsible for the licensing and/or inspection of all food service facilities, public swimming pools and spas, private water supplies and sewage disposal systems, solid waste facilities and the review of plans for all new and proposed facilities.

The Food Protection Program performs inspections of all food service facilities and provides the environmental response to all food borne outbreak investigations. The Permits and Plan Review Program evaluates and approves plans for new or remodeled food service, recreational facilities and reviews and approves all permit applications for all food service and recreational facilities.

The Environmental Engineering Program permits on-site sewage disposal systems (including Innovative and Alternative systems and shared sewage disposal facilities) and individual water supplies as well as approves new subdivisions utilizing private or shared systems.

The division also provides clinical services and disease investigations to reduce the risk of communicable diseases. Immunizations, clinical services, prevention education, animal exposure management, outbreak investigations and Communicable and Vector-Borne Disease Control. The Communicable Disease Surveillance

Program maintains a database of reportable diseases; produces monthly statistics; and analyzes disease trends. Surveillance activities produce disease information and statistics for public health and medical providers.

Fiscal Summary

In FY 2020, the division expenditures decrease \$259,100 or 5.0% under the FY 2019 budget. Staffing resources remain unchanged by 56 positions from the FY 2019 budget. The primary budget changes include:

- A decrease in personnel costs and projected health-care and pension costs due to anticipated attrition.
- A decrease in operating contracts.

Health and Wellness

The Health and Wellness Division is responsible for chronic disease and access to care programs. Programs identify services available to assist the elderly and chronically ill, which allow them to remain in the community in the least restrictive environment while functioning at the highest possible level of independence. For eligible clients, medical assistance grants provide in-home services and transportation.

Fiscal Summary

In FY 2020, the division expenditures decrease \$234,100 or 13.1% under the FY 2019 budget. Staffing resources remain unchanged by 15 positions. The primary budget changes include:

- A decrease in personnel costs and projected health-care and pension costs due to anticipated attrition.
- A decrease in operating contracts.

Office of the Health Officer

The Office of the Health Officer directs the department’s public health programs and activities in conformance with applicable laws, regulations, policies, procedures and standards of the State of Maryland and the County. The Office of the Health Officer assures high standards of clinical care in the department and provides public health expertise and direction. The office also coordinates and facilitates federal, State and local resources and partnerships to improve health access to care for County uninsured and under-insured residents.

Planning staff conduct community needs assessments, write health status reports and develop local health plans in accordance with federal, State and regional initiatives. Planning staff also collect, analyze and interpret health-related statistical data to identify populations at risk, establish health priorities and facilitate grant applications to improve access to health care in order to improve the status of the health of all residents and to eliminate health disparities.

The visual communications staff design, produce and distribute health information materials for public education and review existing materials for quality of content and cultural appropriateness. The Public Information Officer coordinates the agency’s responses to all inquiries from

the media, requests for information under the Maryland Public Information Act and legislative activities.

Fiscal Summary

In FY 2020, the division expenditures increase \$161,700 or 3.8% over the FY 2019 budget. Staffing resources remain unchanged by 23 full time and one part time positions from the FY 2019 budget. The primary budget changes include:

- A decrease in personnel costs and projected health-care and pension costs due to anticipated attrition.
- An increase in operational costs due to increase in travel and training, advertising, and other operating contractual services.

Expenditures by Category - Grant Funds

Category	FY 2018 Actual	FY 2019 Budget	FY 2019 Estimate	FY 2020 Proposed	Change FY19-FY20	
					Amount (\$)	Percent (%)
Compensation	\$14,060,000	\$17,951,200	\$19,046,100	\$17,339,500	\$(611,700)	-3.4%
Fringe Benefits	3,531,200	5,328,500	5,653,500	4,354,900	(973,600)	-18.3%
Operating	15,175,650	24,872,800	26,389,800	23,764,100	(1,108,700)	-4.5%
Capital Outlay	30,500	—	—	—	—	0.0%
Total	\$32,797,350	\$48,152,500	\$51,089,400	\$45,458,500	\$(2,694,000)	-5.6%

The FY 2020 proposed grant budget is \$45,458,500, a decrease of 5.6% under the FY 2019 budget. This decrease is primarily due to the elimination of Ryan White Administrative Agent Care Act Title I Grant; Health Department staff served as the administrative agent for the Suburban Maryland Area. Despite this change the agency has secured several new large value grants.

Grant Descriptions

DIVISION OF BEHAVIORAL HEALTH SERVICES -- \$18,421,200

Grants within this division support services for adults, adolescents and families with behavioral health needs, including addictions and mental health, as well as prevention services for high-risk youth and families. The Behavioral Health Division supports outpatient and intensive outpatient treatment services delivered by Health Department staff, as well as outpatient and residential treatment services delivered through contracts with private providers. The division also receives funding for interventions to target special populations in our community, including but not limited to tobacco prevention, offender re-entry, and special services for pregnant and post-partum women. The High Intensity Drug Trafficking Areas (HIDTA) program enhances and coordinates drug control efforts among local, State and federal law enforcement agencies. The Division is also responsible for long-range planning for behavioral health services in the County, needs assessments and the development of alternative resource providers.

DIVISION OF ENVIRONMENTAL HEALTH AND DISEASE CONTROL -- \$1,058,400

The Public Health Emergency Preparedness Grant supports planning activities and the integrated efforts between County health civic organizations and health care facilities to train medical practitioners and citizen volunteers in emergency preparedness; establishing dispensing sites and shelters; and implementing emergency response strategies in the event of a man-made or natural disaster. The Bay Restoration Fund provides funds for on-site sewage disposal system upgrades using the best available technology for nitrogen removal. The Cities Readiness Initiative is specific to incident management.

DIVISION OF FAMILY HEALTH -- \$13,408,000

Grant funded programs serve at-risk, predominantly uninsured/underinsured populations including infants and children, adolescents, pregnant women and women

of childbearing age through early diagnosis, screening, treatment, counseling, education, follow-up, case management, referral, linkage to Medicaid and nutrition services (including WIC). Funding also supports necessary services to individuals with specific types of communicable diseases such as Sexually Transmitted Diseases and HIV/AIDS and extensive community education activities. The Personal Responsibility Education Programs provide pregnancy prevention education before marriage. The Dental Sealant Grant provides dental care to the County public schools via mobile van. The Immunization Program focuses on providing immunization services to ensure that children attain full compliance with recommended immunization schedules and can enter school on time. The School Based Wellness Center Program provides collaboration with the Maryland State Department of Education to provide extended operating hours and services to the community.

DIVISION OF HEALTH AND WELLNESS -- \$8,301,400

Medical Assistance grants provide personal care and case management to frail elderly individuals with chronic diseases or developmentally disabled persons transportation to medical appointments for Medical Assistance recipients. Grant funding is also used to evaluate the needs of individuals at risk of institutionalization, and to purchase services to prevent their placement in a nursing home or other health care facility.

OFFICE OF THE HEALTH OFFICER -- \$4,164,500

Grant funding supports prevention and/or mitigation of diabetes, heart disease and stroke through the use of community screens, referral services and interventions to assist individuals with lifestyle decisions/changes. Alzheimer's Disease program is a new 36-month grant to combat Alzheimer's disease. Assistance In Community Integration Services provides assistance to adults reentering the community after incarceration, military service and/or youth who are trying to find their place in the community.

SERVICE DELIVERY PLAN AND PERFORMANCE

Goal 1 — To ensure access to healthcare resources for County residents.

Objective 1.1 — Increase access to healthcare for the County’s population.

FY 2024 Target	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected	Trend
300,000	2,286,663	321,582	225,699	240,000	↔

Trend and Analysis

The Health Department is committed to ensuring access to healthcare, a key component of the Mission and Vision.

A key way to help increase access is to ensure a trained and knowledgeable community outreach staff is embedded across programs who connect individually with clients, as well as through targeted public outreach events to increase awareness and help residents link to community resources. The overall impact of these activities is challenging to measure, since increased access to healthcare may not yield immediate results but will instead help to gradually lessen the burden of disease and disability over time.

Performance Measures

Measure Name	FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected
Resources (Input)					
Number of Health Department outreach workers	26	28	21	21	21
Workload, Demand and Production (Output)					
Number of overall Health Department client contacts	226,117	265,165	227,456	214,668	220,000
Number of overall Health Department public outreach efforts (cumulative)	338	542	369	315	320
Impact (Outcome)					
Number of County residents reached through direct contact or outreach efforts (cumulative)	286,588	371,566	321,582	225,699	240,000

Goal 2 — To prevent and reduce chronic disease, including obesity, among County residents.

Objective 2.1 — Provide healthy eating and active living education and interventions to County residents.

FY 2024 Target	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected	Trend
2,875	1,027	3,428	1,900	2,500	↔

Trend and Analysis

The agency is committed to targeting the common risk factors that contribute to the development of chronic diseases such as diabetes, cancer and cardiovascular disease.

The agency’s strategies for the prevention and management of chronic diseases supports programming to promote healthy behaviors, early detection and diagnosis of metabolic syndrome, community-specific outreach and education activities and chronic disease self-management. Outreach activities are largely grant-funded; a reduction in activities in FY 2019 is due to the end of a grant from the Target Foundation for the Kidz Health Revolution project.

Performance Measures

Measure Name	FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected
Resources (Input)					
Number of health promotion/community developer staff	2.0	5.6	2.0	3.0	4.0
Workload, Demand and Production (Output)					
Average number of public education campaigns addressing chronic disease across Health Department per month	2.0	4.0	—	1.0	2.0
Number of cumulative residents reached by all health promotion activities	1,615,441	1,955,441	1,249,747	364,344	400,000
Impact (Outcome)					
Number of residents educated by healthy eating and active living interventions	2,267	1,027	3,428	1,900	2,500
Percentage change in knowledge over baseline for educational activities	19%	20%	15%	15%	15%

Goal 3 — To improve reproductive health care in order to reduce infant mortality and enhance birth outcomes for women in Prince George’s County.

Objective 3.1 — Increase the number of women that use LARC as their primary birth control method.

FY 2024 Target	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected	Trend
700	0	250	400	500	

Trend and Analysis

New for FY 2020.

Objective 3.2 — Reduce infant mortality.

FY 2024 Target	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected	Trend
7	9	8	8	8	↔

Trend and Analysis

Infant mortality is a critical indicator of the overall health of a population because it is directly linked to maternal overall health and the social determinants of health.

The agency offers the Healthy Beginnings program that addresses maternal and infant health and the impact of social determinates of health on their overall health and well being. These programs include funding from Babies Born Healthy, which uses Perinatal Navigators. Perinatal Navigators are outreach workers who work closely with at-risk pregnant women to link to care and support services and to offer health education with a focus on safe sleep and smoking cessation. Funding is also utilized from Healthy Beginnings (formerly Infants at Risk and Healthy Start), which supports mothers and their infants up to age one who are at highest risk of poor health outcomes due to medical and psychosocial issues and Fetal Infant Mortality Review, which is a program funded by the State to review infant death records for cause and effect and to make recommendations to providers and the State. The agency works closely with

UMCRH, Medstar Southern Maryland Hospital who are the primary referring entities. Other hospitals, agencies and private practices also refer cases.

Performance Measures

Measure Name	FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected
Resources (Input)					
Number of Healthy Beginnings Staff (budgeted RNs, support staff, etc.)	2	2	2	2	2
Workload, Demand and Production (Output)					
Number of referrals for Healthy Beginnings case management for children birth to age one	1,016	875	924	848	1,000
Number of home visits for new referrals for case management birth to age one	36	114	54	148	100
Number of home visit referrals for follow-up case management birth to age one	124	82	83	208	75
Number of unduplicated mothers receiving case management services	700	678	584	584	450
Number of teens <18 years receiving case management services	73	109	72	72	60
Number of referrals received from University of Maryland Capital Region Health	450	289	186	144	150
Number of referrals received from Medstar Southern Maryland Hospital	93	91	117	180	150
Quality					
Number of babies/children referred to other County Resources	446	730	264	354	500
Number of mothers referred to Addictions/Mental Health	27	9	6	30	25
Impact (Outcome)					
Percent of new mothers in the County that received first trimester care	52%	51%	0%	57%	58%
Percent of low birth weight babies born to County residents	0%	90%	0%	97%	96%
Percent of pre-term babies born to County residents	0%	10%	0%	11%	11%
Number of infant deaths	30	57	—	—	—
Infant Mortality Rate (County-wide measure) per 1,000 live births (annual measure)	9	9	8	8	8

Goal 4 — To prevent and control sexually transmitted disease and infections in order to enhance the health of all the County’s residents, workers and visitors.

Objective 4.1 — Increase HIV tests for those at high-risk.

FY 2024 Target	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected	Trend
70%	44%	69%	55%	60%	↑

Trend and Analysis

Sexually transmitted infections (STIs) remain a serious public health concern within Prince Georges County. For 2017, Prince George's County had the second highest HIV rate in Maryland with 41.9 new cases per 100,000 residents. To address this, the agency has partnered with community organizations to expand access to testing, counseling and treatment. There was a transition in community partners performing HIV testing in FY 2019; the agency anticipates returning to previous levels of HIV testing in the community for FY 2020. The standard for linking those newly HIV diagnosed is three months; the agency is striving to complete HIV linkage to care within seven days, including starting treatment at time of diagnosis. Linkage to care is critical to prevent HIV transmission and to ensure those newly diagnosed live a healthy life.

Additionally, the agency maintains a full time clinic that offers comprehensive reproductive health, medical/non-medical casement, oral health, nutrition, emergency financial assistance and STI prevention/treatment services.

Performance Measures

Measure Name	FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected
Resources (Input)					
Number of Prevention/STI staff	11.7	10.9	13.3	20.0	24.0
Workload, Demand and Production (Output)					
Number of HIV-related educational outreach and awareness opportunities	27	32	23	30	40
Efficiency					
Number of HIV tests performed through Reproductive Health Resource Center, HIV Clinic and TB Clinic	6,823	9,024	4,054	2,420	5,700
Impact (Outcome)					
Number of new HIV cases per 10,000 persons	56	43	41	41	41
Proportion of newly diagnosed HIV positive with documented linkage to care	30%	44%	69%	55%	60%

Goal 5 — To ensure that Prince George's County's physical environment is safe in order to enhance the health of all of its residents, workers and visitors.

Objective 5.1 — Conduct inspections at high and moderate priority food-service facilities.

FY 2024 Target	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected	Trend
95%	60%	69%	84%	93%	↑

Trend and Analysis

The Food Protection Program's (FPP) focus is to ensure the food produced and eaten in the county is safe, through monitoring risk factors, documentation of compliance and targeting immediate and long-term issues through active managerial control.

High priority food facilities require three inspections and moderate facilities require two inspections annually per COMAR. While FPP staff has consistently performed well above industry standards, meeting the state mandate for inspections continues to be a challenge.

New Environmental Health Specialists in FY 2018 helped to increase the compliance rate with state mandates and gave the agency the opportunity to increase enforcement and education of food retailers that may not currently meet safety standards. In addition, FPP has initiated a training program for chronic offenders or potential chronic offenders which should reduce the number of follow up inspections and the number of critical violations cited on the inspections. FPP has been enrolled in the FDA’s Voluntary National Retail Food Regulatory Program Standards since 2011 in order to achieve national uniformity among the Nation’s retail food regulatory programs.

Performance Measures

Measure Name	FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected
Resources (Input)					
Number of full time food service facility (FSF) inspectors	10.1	11.5	15.0	20.6	20.6
Workload, Demand and Production (Output)					
Number of high and moderate priority FSFs that have permits	2,391.0	2,412.0	2,430.0	2,506.0	2,600.0
Number of high and moderate FSF inspections required by the State	6,458.0	6,467.0	6,467.0	6,916.0	7,100.0
Number of high and moderate priority FSFs inspected	3,514	3,894	4,469	5,830	6,592
Number of follow-up inspections of high and moderate priority FSFs	270	452	806	843	600
Efficiency					
Average number of high and moderate FSFs inspected per inspector	347.1	338.6	305.0	283.0	320.0
Impact (Outcome)					
Percent of high and moderate FSFs cited for disease-related critical violations	8%	14%	17%	13%	18%
Percentage of State-mandated high and moderate inspections conducted	54%	60%	69%	84%	93%

Goal 6 — To ensure that County residents have access to mental health and substance abuse treatment.

Objective 6.1 — Provide mental health and substance abuse treatment services to County residents.

FY 2024 Target	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected	Trend
100%	95%	95%	96%	96%	↑

Trend and Analysis

The past two years have demonstrated the agency’s ability to generate a consistent level of fee for service billing to offset the overall program costs and maintain stability of operations. The delivery of Medication-assisted treatments for substance abuse disorders will increase in utilization, as will the investment in trainings on evidence-based practices as required to maintain the agency’s accreditation by the Joint Commission on Accreditation on Healthcare Organizations.

Starting in FY 2020, the reporting of professional substance use treatment staff will include not only staff at the Cheverly location, but also staff supported through state grants who provide jail- and court-based services in the county. The substance use treatment staff includes clinical supervisors necessary to maintain accreditation who do not see cli-

ents full time. Many clients need intensive outpatient services which limits the caseload for substance use treatment staff.

Performance Measures

Measure Name	FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected
Resources (Input)					
Number of professional staff providing treatment for Substance Use (average per month)	58.0	27.4	11.0	13.0	38.0
Workload, Demand and Production (Output)					
Number of clients enrolled in outpatient services for Substance Use	1,678.2	1,081.0	913.0	780.0	800.0
Number of programs monitored by the Health Department to provide mental health services to County residents (average per month)	91.9	101.0	111.0	165.0	170.0
Impact (Outcome)					
Percent of clients with appropriately documented progress in achieving care, treatment or service goals	93%	95%	95%	96%	96%

Objective 6.2 — Ensure emergency mental health services are available to County residents.

FY 2024 Target	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected	Trend
85%	86%	85%	80%	82%	↔

Trend and Analysis

The county's Mobile Crisis Response Services provider has continued to field over 1,000 calls each month and has been successful in diverting individuals from institutional placements over 80% of the time. The agency will continue to promote use of the national crisis Textline (Text MD to 741741) with whom they have a partnership.

Performance Measures

Measure Name	FY 2016 Actual	FY 2017 Actual	FY 2018 Actual	FY 2019 Estimated	FY 2020 Projected
Resources (Input)					
Number of Crisis Response System (CRS) staff	12.8	13.1	13.0	13.0	13.0
Workload, Demand and Production (Output)					
Number of calls to the CRS	4,373	5,112	3,070	3,166	3,000
Number of Mobile Crisis Team dispatches	1,046	1,047	1,002	1,061	1,061
Quality					
Average response time for CRS Mobile Crisis Team dispatches (in minutes)	27.2	28.7	28.0	29.0	29.0
Impact (Outcome)					
Percent of clients receiving CRS services who divert institutionalized	90%	86%	85%	80%	82%
