Once the State of Maryland Assessment Office(SDAT) makes the adjustment on the current fiscal year taxes, (allow to 6-8 weeks from the date of SDAT's approval letter), the Treasury Division will process credits for any eligible retroactive refunds for which approval has been granted. Eligible retroactive years are determined using the effective date the veteran was granted 100% disability and the date the property was titled to the veteran. If property taxes are due, any refunds will be applied to the outstanding taxes due first and any remaining funds will be refunded.
