

Tips For Filing for Unemployment

How do I get help in finding a job?

You may contact the **Maryland Division of Workforce Development and Adult Learning (DWDAL)**. You may also visit the **Maryland Workforce Exchange (MWE)** via the internet. All claimants must register with DWDAL within five (5) days of filing their initial claim certification for Unemployment Insurance benefits. Another option you may consider is contacting your local American Job Center. **Call the American Job Center today at 301-618-8445.**
