

NOTICE:
Enforcement Division Curtails Inspections

Due to social distancing requirements established in response to COVID-19, DPIE's Enforcement Division is now performing essential operations only. This mandate was put in place to keep County residents and employees safe. As a result, some property maintenance inspection and investigation cases have been temporarily placed on hold. Inspectors will continue to monitor complaints. When information is available, DPIE will contact complainants to advise actions that can be taken in lieu of onsite inspections.
