

# PRINCE GEORGE'S COUNTY AUTHORIZED TAXI

The Department of Public Works and Transportation takes steps to ensure that County taxis are safe for passengers, pedestrians and drivers. All Prince George's County taxicabs have specific identifications. Here are some tips that passengers should know before they ride.

Only hire a taxicab that is properly identified with:

- A PG number (ex. PG 000) on both the driver and passenger side panels and on the trunk of the vehicle.
- A blue or yellow sticker (medallion) on both the driver side front panel and rear of all legal taxis.
- A domed light on the top of the taxi.
- A working meter.
- A certificate (plastic card displaying owner and vehicle information) placed on the back of the seat head rest or in the front of the vehicle.

**OUR GOAL**  
KNOW BEFORE  
YOU RIDE!

**QUICK FACTS**

If you spot an illegal taxi, please do not take matters into your own hands. Please call:
