Annual household income is defined in 24 CFR 5.609, and is referred to as "[Part 5 annual income](#)." The Part 5 definition of annual income is the gross amount of income of all adult household members that is anticipated to be received during the coming 12-month period, and income earned from assets (in general, an asset is cash or a non-cash item that can be converted to cash. It is the income earned from the asset - not the value of the asset - that is counted).
