

GROWING GREEN

Prince
George's
county MARYLAND

WITH PRIDE

Dear Prince Georgians:

Fall is here and I am delighted to invite you to participate in our Fall 2020 "Growing Green with Pride" community cleanup event.

Please join me throughout the month of October for a countywide effort as we safely clean our communities. Due to the COVID-19 pandemic and out of an abundance of caution, we will not plant trees, shrubs and flowers as we have traditionally done in the past. However, communities are invited to help us keep Prince George's County clean and beautiful by picking up roadside litter and removing illegally dumped materials.

In order to keep our communities clean and aesthetically appealing, we must all work together and do our part. If your community or organization would like to join our efforts by participating in the Fall 2020 Growing Green with Pride monthlong community cleanup event, I encourage you to please complete the registration form. When completing the application, please provide all of the pertinent information requested, including the name and mailing address of your community or organization's primary contact, the expected number of volunteers, and the area and street name(s) of where your community will be cleaning.

Thank you for your continued support as we work together to make the Fall 2020 "Growing Green with Pride" community event a huge success for Prince George's County. Together, we will ensure that Prince George's County remains the Crown Jewel of Maryland.

Sincerely,

Angela Alsobrooks
