

# Maryland-National Capital Park & Planning Commission

## AGENCY OVERVIEW

### Agency Description

The Maryland-National Capital Park and Planning Commission, a bi-county agency serving both Montgomery and Prince George's counties, was established in 1927 by the Maryland State Legislature. The M-NCPPC provides regional planning services, operates a park system for residents of the two counties and delivers recreational services to the residents of Prince George's County.

### Facilities

In Prince George's County, the Department of Parks and Recreation administers over 28,671 acres of parkland. In accordance with M-NCPPC policy, extensive park areas are being left in their natural state to help preserve the ecological balance and the natural beauty of the area. The Department offers the public a variety of facilities at both the local and regional levels in conjunction with professionally designed programs through which these facilities may be enjoyed. Current facilities include regional parks, golf courses, recreation centers, playgrounds, neighborhood/community parks, stream valley parks and special facilities.

### Needs Assessment

The Department of Parks and Recreation uses "Level of Service Analysis" to assess park acreage and recreation facilities needs throughout the County on an ongoing basis. The County is divided into 32 geographic units called "communities." A considerable amount of statistical demographic data is available by community. A continuous update of the park inventory allows planners to determine the amount of park and open space acreage per thousand people in each community. The communities are then put into rank order for need, with those that have fewer acres per thousand populations showing a greater immediate need for the acquisition of additional park acreage.

The same type of analysis is also used for recreation facility development. Instead of using standards, such as one tennis court for every X thousand people, carrying capacity figures are assigned to facilities. These figures represent the maximum number of people who can use a facility in a day without significant degradation in the quality of the experience due to crowding. The facilities inventory determines the number of recreation facilities in each community. These facility totals are converted to carrying capacities, and the communities are ranked according to need. Those communities with lower total carrying capacities per thousand populations show a greater immediate need for additional development of recreation facilities. The level of service methodology is utilized to encourage the equitable distribution of park and recreation resources based on need.

Projects in this year's Capital Improvement Program were selected in conjunction with the Level of Service Program as described in FORMULA 2040 - Functional Master Plan for Parks, Recreation and Open Space as well as the Land Preservation Parks and Recreation Plan (LPPRP). Also considered are requests made at the annual Budget Forums, held in the fall, and citizen requests made throughout the year. Of additional concern in the selection of projects is the impact of operation and maintenance costs. Special emphasis is placed on the acquisition of Stream Valley Parks (SVP), which provide connecting links to communities with areas for active and passive recreation, future trails and floodplain protection.

### FY 2022 Funding Sources

- PAYGO – 43.5%
- MNCPPC Bonds – 17.6%
- State Funding – 36.6% (Program Open Space and MD State Capital Grants)
- Developer Contributions & Other – 2.3%

**FY 2022-2027 Program Highlights**

- The FY 2022 Budget Year approved budget is \$88.6 million, 20.7% more than the adopted FY 2021 CIP budget. The total six-year, FY 2022 – FY2027, approved budget is \$249.7 million. This is a 1.9% decrease from the FY 2021 - FY 2026 CIP.
- **PARK ACQUISITION** The total cost for proposed park acquisition is \$10.8 million for FY 2022 and covers three (3) acquisition categories to be funded by Program Open Space, M-NCPPC Bonds, and PayGo.
- **PARK DEVELOPMENT** The total cost for proposed park development is \$36.6 million for FY 2022. This category includes specific park development projects, trail development, public safety improvements, and other facility development.
- **INFRASTRUCTURE MAINTENANCE** The total cost for proposed infrastructure maintenance is \$42.2 million for FY 2022. This category includes aquatic facilities, historic properties, community centers, park buildings and storm water infrastructure.

<b>Program Total</b>						<b>\$857,427</b>	
<b>NUMBER OF PROJECTS = 200</b>							

**Description:** Erected in 1889, this two-story lodge was built for the Benevolent Sons and Daughters of Abraham to serve the then-developing African American community of Rossville. This project will address prioritized work which includes investigating and documenting structural movement, repairing the foundation, and extending buried downspouts.

**Justification:** Abraham Hall is a rare surviving example of a late nineteenth century benevolent social hall. It currently houses the M-NCPPC Black History Program.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The project involves the design and construction of a restroom facility (comfort station).

**Justification:** The athletic fields are heavily used for recreational leagues and tournaments. The addition of a comfort station will elevate this park to a Level III Rectangular Field Classification as described in the 2017 Land Preservation, Parks and Recreation Plan for Prince George's County.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built circa 1796, the principal structure is a two-story stone grist mill on the Northwest Branch of the Anacostia River. This project will address several deficiencies in the structure and various ADA code compliance issues.

**Justification:** It is the oldest and largest mill in the Washington area. It is currently used as a rental facility.

**Highlights:** No significant highlights for this project.

**Description:** Built circa 1796, the principal structure is a two-story stone grist mill on the Northwest Branch of the Anacostia River. This project will address prioritized work which includes roof system replacement, rerouting of the sump pump, as well as the preparation, priming, and painting of wood surfaces.

**Justification:** It is the oldest and largest mill in the Washington area. It is currently used as a rental facility.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Allentown Aquatic and Fitness Center is located on Allentown Road in Fort Washington, Maryland. This indoor/outdoor pool was built in the 1970's and is in poor condition. This project is to address the ADA, HVAC and moisture issues.

**Justification:** The assessment report identifies and prioritizes deficiency repairs in aquatic components that require maintenance for an uninterrupted, safe and healthy operation.

**Highlights:** Formula 2040 objective for capital reinvestment of 2% of asset value each year in facility protection and preventative maintenance.

**Enabling Legislation:** Not Applicable

**Description:** This project consists of the identification and acquisition of 10 to 20 acres of land in the Beltsville area appropriate for new diamond and rectangular fields. This purchase will be funded by Program Open Space.

**Justification:** A growing youth population and demand on current fields require additional outdoor recreation play areas. Both practice and regulation fields are needed. A new sports park in Formula 2040 Service Area 1 would help to alleviate demand at Fairland Regional Park as the area continues to develop.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Beltsville Community Center Park includes a lighted, grass rectangular ballfield that is permitted for use. The project will provide for irrigation of the ballfield and related water and electrical infrastructure improvements.

**Justification:** Due to the high use of the ballfield, irrigation is necessary to maintain grass cover to provide for a safe playing surface. The 2017 Land Preservation, Parks and Recreation Plan recommends upgrading 10 rectangular fields from Service Level 3.

**Highlights:** No significant highlights for this project.

**Description:** This project involves code compliance renovation of the Beltsville Community Center, which currently consists of a multipurpose room, weight room, kitchen, ceramic and preschool rooms, gymnasium, staff offices and restrooms. A feasibility study will be conducted to enhance project planning and determine costs projections and funding requirements. The feasibility study will identify project scope, program of requirements, site and structure analysis, conceptual design, along with other factors as necessary.

**Justification:** The facility requires renovation to improve building safety and comply with the Americans with Disabilities Act.

**Highlights:** No significant highlights for this project.

**Description:** An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes repointing the west façade of the Main House, structural investigation, repair and repainting of interior doors, and restoration of second floor windows.

**Justification:** Built around 1740 and remodeled in 1931, Billingsley is a one-and-one-half story house of Tidewater style. Billingsley is significant for the example it offers of very early architecture as well as for its location on the banks of the Patuxent River. It is used as a rental facility for weddings and other events.

**Highlights:** An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes repointing the west façade of the Main House, structural investigation, repair and repainting of interior doors, and restoration of second floor windows.

**Description:** The Anacostia River shoreline is supported by a timber bulkhead installed as part of the realignment of the Anacostia River for flood control purposes in the mid-20th century. The Anacostia River Trail and a pedestrian bridge over Quincy Run are adjacent to the bulkhead. Engineering investigation, design, environmental permitting and repair of the bulkhead are needed. The project includes replacing the existing dock that provides primary access for these water activities.

**Justification:** The Bladensburg Waterfront Park provides access to the Anacostia River for pontoon boat tours, rowing programs, and private boaters. The bulkhead is in disrepair. Soil is eroding between the bulkhead and shoreline which creates a hazard for users. Further erosion may undercut the adjacent Anacostia River Trail and the pedestrian bridge abutment. The existing dock is beyond its useful life expectancy and needs to be replaced to provide safe access to the river for users.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Bladensburg Waterfront Park provides interpretation of the War of 1812 as well as recreational access to the Anacostia River. This project involves the design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of a floating dock at this park.

**Justification:** A floating dock will improve access to the Anacostia River for Bladensburg Waterfront Park patrons, including rowing teams who come from throughout the region.

**Highlights:** No significant highlights for this project.

**Description:** The Bowie Heritage Trail (BHT) is a 5-mile half circle that creates a complete loop from the WB&A Trail at Highbridge Road to the site of the Patuxent River Trail Bridge. The BHT has been divided into multiple segments. This project is for three segments of the BHT comprised of the link between the Bowie MARC station on the west end of the Bowie State University (BSU) campus, through the campus on the Loop Road, thru forested BSU land on a dirt road, and across DNR lands (dirt road) to the Patuxent River Bridge site, a total distance of 1.3 miles.

**Justification:** The BHT is an initiative of the City of Bowie. Department of Parks and Recreation and Bowie State University are project partners. This trail links multiple historic sites in and around Old Town Bowie.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is proposed to be developed in two phases. Phase I would include the design and construction of a playground, a regulation sized basketball court and a football/soccer field and associated parking. The second phase will include a loop trail and a picnic shelter with outdoor seating.

**Justification:** Per Council Resolution CDP-0701, Condition 31 requires a developer contribution of \$500 per unit for the construction of recreational parks. This park will provide the athletic fields needed in this area of the County.

**Highlights:** The pace of development of the planned community is delayed, thus causing a delay in the development of the recreational amenity. The proposed project would provide funding to complete both phases of the park.

**Enabling Legislation:** Not Applicable

**Description:** The Central Avenue Connector Trail is an 8.5-mile multiuse trail that connects the Capitol Heights, Addison Road, Morgan Boulevard and Largo Town Center Stations (Metro Blue Line Corridor). The project has been broken into three phases: 1) Old Central Avenue to Shady Glen Drive, 2a) Morgan Boulevard to Brightseat Road, 2b) Capitol Heights Metro station to Old Central Avenue Loop, 2c) Hill Road to Morgan Boulevard, and 3) Brightseat Road to Largo Town Center Metro Stations. Land acquisition and coordination with DPW&T and WMATA will be required. Expected completion: Phase 1- Spring 2024, Phase 2- Winter 2027, Phase 3- Fall 2028

Location		Status	
Address	Central Avenue, Largo	Project Status	Design Stage
Council District	Various	Class	New Construction
Planning Area	Largo-Lottsford	Land Status	Publicly Owned Land

**Justification:** There is a need and desire for an urban trail with associated park amenities in the Central Area. The project will provide an opportunity for users to safely walk or ride bikes between metro stations, increasing opportunities for exercise and recreation. The project and related grant funding was transferred to Department of Parks and Recreation from the Planning Department in FY 2019.

**Description:** Stabilization of the manor house and restoration of infrastructure is complete. Future improvements may include interior finishes, improvements to the building's accessibility, and interior fitout.

**Justification:** This two-story frame house was built in 1798 and enlarged around 1830. It is a combination of Federal and Greek Revival styles. This house remained in the Berry family until 1917. The site is leased by the Boys and Girls Club, which has contributed some funding for renovation of the manor house.

**Highlights:** No significant changes for this project.

**Description:** This two-story frame house was built in 1798 and enlarged around 1830. It is a combination of Federal and Greek Revival styles. An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes structural investigation, installation of gravel trench and foundation drain, restoration of fireplaces, and floor repairs.

**Justification:** This house remained in the Berry family until 1917. The site is leased by the Boys and Girls Club, which has contributed some funding for renovation of the manor house.

**Highlights:** No significant highlights for this project.

**Description:** Cheltenham Park is an interpretive park illustrating the importance of nontidal wetland areas for plant and animal habitat. The park consists of interpretive signs and a wooden boardwalk.

**Justification:** This park was constructed in the early 1990s. Funding will provide maintenance and bring the park into ADA and County code compliance.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Funding will retrofit the current pond to correct a drainage problem and renovate a headwall. Work on this project includes engineering evaluation, development of an emergency action plan, and design.

**Justification:** A drainage problem at the park keeps a section of the paved trail wet and muddy, making it unusable and unsafe. The Maryland Department of the Environment has identified dam repair is needed.

**Highlights:**

**Enabling Legislation:** Not Applicable

**Description:** The College Park Airport Hanger is an original 1919 U.S. Post Office hanger and the only remaining hanger at this early airfield. Currently the hanger is leased to the Prince George's County Police Department Helicopter Unit. The building is storage for two helicopters, repair space, and storage in support of critical public safety operations in the County. The project will include mold abatement, structural repairs and renovations.

**Justification:** The mold and structural issues must be addressed for health and safety reasons.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Replace existing aging fitness equipment with modern Park Rx fitness course. The scope of work at this park includes: upgrading the fitness course to complement the new playground, adding a Zen Rock Garden that will provide opportunities for specialized foot stretches and making major repairs to the existing asphalt path.

**Justification:** The City of College Park expects to receive a grant from the State to upgrade and replace certain existing facilities with new, more modern amenities at the Commission-owned College Park Woods Neighborhood Park.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** State Bond Bill

**Description:** This project involves the installation of a walking path connecting Collington Branch Stream Valley Park to the library on Hall Road in Bowie. The State Highway Administration (SHA) requested internal funding to design the proposed side along Hall Road, adjacent to the park property.

**Justification:** A public library was built on Hall Road. This walking path will provide the adjacent neighborhood access through the park.

**Highlights:** Funding from M-NCPPC CIP will remain on this project to cover any potential shortfalls.

**Enabling Legislation:** Not Applicable

**Description:** This project funds an annex building to provide rental space for community meetings, lectures, or small weddings. The findings of the Walker Mill Regional Park Master Plan will determine future funding requests to initiate building construction.

**Justification:** Located within the historic envelope of Concord, this structure will complement the historic feeling associated with Concord and provide rental meeting space for residents of central Prince George's County.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built in 1798, Concord is a two-and-one-half-story brick house of the Federal Period. This project funds maintenance and improvements to the historic house and work on outbuildings, including stabilization or disassembly.

**Justification:** This historic house is on the National Register of Historic Sites and needs renovation to stabilize the structure and open it for public use.

**Highlights:** No significant highlights for this project.

**Description:** This project is for implementation of the Cosca Regional Park Master Plan.

**Justification:** Cosca Regional Park is a mature park with many different amenities. The park offers tennis, camping, picnic areas, hiking, softball and of course playgrounds. As such, assessing current facility conditions, use trends, and programmatic needs is necessary before allocating funds for renovation and/or expansion to ensure such investments support a sustainable and well-planned park and recreation system.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funds to acquire land for parks.

**Justification:** The demand for land for private development is extremely high in Prince George's County. Combining acquisition funding for Countywide acquisition of parkland provides greater flexibility within the Commission's land acquisition program.

**Highlights:** This allows the Department to take immediate action to acquire desirable tracts when land comes on the market no matter where it is in the County.

**Enabling Legislation:** State Bond Bill

**Description:** Darnall's Chance is a one-story brick structure built from 1741 - 1742. It serves as a house museum.

**Justification:** During the 18th and 19th centuries, it was the home of a series of successful merchants. It was listed in the National Register of Historic Places in 1978.

**Highlights:** An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes review of existing roof framing and any necessary roof repair, brick repointing, and an interior environmental conditions investigation.

**Enabling Legislation:** Not Applicable

**Description:** Built in 1900, Dorsey Chapel is a meetinghouse-style church. An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes investigation of basement issues including humidity levels and cracks in the foundation, plus related repairs.

**Justification:** The structure was built to serve the African-American farming community of Brookland, and it is the most highly ornamented of the County's turn-of-the-century black Methodist chapels.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The project includes a master park development plan including a parking assessment and review of ADA compliance issues.

**Justification:** Fairland Regional Park is the home to several significant facilities. Maintaining its unique role as a multigenerational center and regional park will require a review of the adequacy of the existing facilities. The indoor tennis structure is aging and will require replacement and maintenance of the systems and structure.

**Highlights:** No significant highlights for this project.

**Description:** Update of the existing public facilities from septic to public sewer. This project will allow grinder/ejector pump in maintenance yard to connect to public water and sewer and evaluate the installation of comfort stations.

**Justification:** Existing septic system is old and outdated and is prone to failure. Redesign of current antiquated septic system will update the service to public sewer and alleviate the need for constant maintenance.

**Highlights:** No significant highlights for this project.

**Description:** This project is to add an irrigation system for two soccer fields.

**Justification:** These fields are very popular and are being overused. An irrigation system will prevent the fields from going dormant and the grass will remain healthy and green. The 2017 Land Preservation, Parks and Recreation Plan (LPPRP) recommends improving 10 rectangular fields to Level of Service 3. Fairwood Park is in Formula 2040 Service Area 3. This area has an existing service gap of four rectangular fields at Level of Service 3, as identified by the LPPRP.

**Highlights:** No significant highlights for this project.

**Description:** This project authorizes the M-NCPPC to approve appropriation transfers up to \$250,000 for unanticipated costs and expenses related to closing out ongoing Commission construction projects. Pursuant to Section 18-109 of the Land Use Article, the Commission may not make or authorize an expenditure of funds exceeding 110% of the available approved budget without County Council approval. Categories of allowable costs for these transfers include equitable adjustments, legal and professional fees that are necessary to assess, litigate, settle contract claims and disputes related to the associated projects. Each transfer from this Fund of \$250,000 or less shall be reported in writing to Council Administration and the Executive Branch Administration. Transfer amounts over \$250,000 or more than 10% of the approved budget will require approval of a budget amendment by the County Council in accordance with law.

Location		Status	
<b>Address</b>	Various Locations	<b>Project Status</b>	New
<b>Council District</b>	Not Assigned	<b>Class</b>	New Construction
<b>Planning Area</b>	Not Assigned	<b>Land Status</b>	Publicly Owned Land

**Justification:** Estimates used for programming are often lower than actual costs due to inflationary increases or other unanticipated setbacks. Expenditures for small Commission construction project are also subject to adjustments.

**Highlights:** No significant highlights for this project.

**Description:** The program provides for the maintenance and updating of geographic data used by the Commission, Washington Suburban Sanitary Commission (WSSC), and Prince George's County. The GIS database currently contains over 150 data layers. Each data layer has an identified maintenance/update schedule. The Planning Department is responsible for this task.

**Justification:** Several GIS layers such as property, zoning, and orthophotography are critical to the business mission of the consortium, other partners and the private sector.

**Highlights:** No significant highlights for this project.

**Description:** Addition of an irrigation system to an existing football field at Glenarden Community Center.

**Justification:** Irrigation is necessary to reduce erosion on heavily trafficked areas, such as this highly popular sports field. The 2017 Land Preservation, Parks and Recreation Plan (LPPRP) recommends improving 10 rectangular fields to Level of Service 3. The field at Glenarden Community Center is in Formula 2040 Service Area 4. This area has an existing service gap of two rectangular fields at Level of Service 3, as identified by the LPPRP.

**Highlights:** No significant highlights for this project.

**Description:** The project is for a Master Park Development Plan for the Glenn Dale Hospital Park, a park as set forth in House Bill 113 (1984), and the surrounding parcels.

**Justification:** Glenn Dale Hospital Park is an undeveloped park surrounding the 60 acre historic core of the Glenn Dale Hospital facility. The historic core has the potential for redevelopment for residential and complementary uses. The surrounding approximately 150 acres parkland should be studied for the addition of active and passive recreation opportunities including additional connections to the WB&A Trail and the overall trail network. There is potential for the park to be considered as a future regional park as improvements are implemented. The plan will include the investigation of relevant adjacent parcels for potential access or acquisition opportunities.

**Highlights:** No significant highlights for this project.

**Description:** An environmental assessment was completed for the 60-acre parcel. A consultant is nearing completion of a master plan for the remaining 150 acres. The site consists of 210 acres. Approximately 60 acres are occupied by buildings that have been designated as historic and listed on the National Register of Historic Sites and Places. M-NCPPC will make financial contributions to support the ongoing maintenance and redevelopment of the site.

**Justification:** The Glenn Dale Hospital site requires a master plan with two major objectives: evaluation of the potential use of existing buildings and development of a facility plan for a future park.

**Highlights:** No significant highlights for this project.

**Description:** Good Luck Community Center is located in Lanham, Maryland. The project will include renovation of the complete site envelope, including the community center, ballfields, and courts. Following the completion of the feasibility study and program of requirements, the project design, construction bid documents, and budget will be developed.

**Justification:** This heavily used facility needs upgrades to provide the best experience for the citizens of the County. Analysis of the existing center and site are required to determine the optimal approach to meet current and future recreational demand, life/safety codes, and programmatic needs.

**Highlights:** No significant highlights for this project.

**Description:** This project includes work for park bridge replacement, Henson Creek stream bed restoration and hardening, plus repairs to golf course cart pathways.

**Justification:** The bridge crossing and pathways of the golf course, as well as the stream bed of Henson Creek, need repair.

**Highlights:** Henson Creek Golf Course is a nine-hole golf course. Construction of the maintenance building is complete. The current priority is the park bridge replacement, path repair and stream restoration.

**Enabling Legislation:** Not Applicable

**Description:** A site assessment for improving the golf course and customer experience. A clubhouse is a key component for improving the golf course and customer experience. This project will also renovate the clubhouse.

**Justification:** The clubhouse at the course is in need of renovation. A better functioning clubhouse will give Henson Creek Golf Course the ability to increase the number of golfers that it attracts in the southern portion of the county.

**Highlights:** The plan will explore the best approach for renovating the clubhouse.

**Enabling Legislation:** State Bond Bill

**Description:** The Herbert Wells Ice Rink is one of two public ice rinks operated by M-NCPPC. The rink is not fully enclosed, or temperature controlled. As such, it can only be operated as an ice-skating facility from October to March of each year, if weather allows. A study was conducted to determine the engineering and architectural aspects of enclosing the facility. The additional funding will be used for next steps.

**Justification:** Residents and users of the Wells Rink have requested that the Commission investigate the feasibility of enclosing the facility.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** M-NCPPC received a State Grant for a pool at Hillcrest Heights Community Center.

**Justification:** Formula 2040 identifies Service Area 7, where Hillcrest Heights Community Center is located, as having a need for additional Aquatic Facility square footage per population. This project will help determine the feasibility of meeting that need by locating a pool at Hillcrest Heights Community Center.

**Highlights:** No significant highlights for this project.

**Description:** This project provides funding to support the Historic Agricultural Resources Preservation Program (HARPP) that is administered by the Prince George's County Soil Conservation District and the Prince George's County Planning Board under regulations established in Prince George's County Code (2003 Edition, 2006 Supplement), as amended Subtitle 29, Division 9 and the Historic Agricultural Resource Preservation Program Regulations adopted January 31, 2008 by the Prince George's County Planning Board and the M-NCPPC.

**Justification:** HARPP is a joint program of the Prince George's County Soil Conservation District and M-NCPPC. Its goal is to purchase easements to protect historic viewsheds, rural culture and character, and preserve the agricultural character of certain private properties largely in the rural areas of the County.

**Highlights:** No significant highlights for this project.

**Description:** The project involves the design and construction of a restroom facility (comfort station).

**Justification:** The athletic fields are heavily used for recreation leagues and tournament play. The addition of a comfort station will elevate this park to a Level III Rectangular Field Classification as described in the 2017 Land Preservation, Parks and Recreation Plan for Prince George's County.

**Highlights:** No significant highlights for this project.

**Description:** The project includes two playgrounds (2-5 year olds, 5-12 year olds), a picnic shelter, a bike shelter, multiple bicycle skills areas, and a bike repair station.

**Justification:** Projected heavy use of the WB&A hiker/biker trail requires that trail users arriving by car have an area to access the trail. In addition, a rest stop with picnic area and restrooms will serve hikers and bikers utilizing the trail.

**Highlights:** No significant highlights for this project.

**Description:** This project involves the renovation and repair of park infrastructure throughout the County, including roof replacements, energy efficiency upgrades and accessible walkways.

**Justification:** The Infrastructure and Inventory Assessment of Park Property Report prioritized each facility as to 'need' and M-NCPPC is now following through on the report's recommendations as well as the implementation of Energy Performance Contracting.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funding for a feasibility study to develop a new multi-generational center for Service Area 4. The study will explore the development of a multi-generational center to serve this densely-populated transit district, the Landover Hills and New Carrollton communities, and individuals outside the area with access to the center via the Purple Line.

**Justification:** Formula 2040 recommends construction of a 62,500 square foot multi-generational center with a 27,000 square foot aquatic space to support current and protected populations.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Landover Hills Park includes a lighted, grass rectangular ballfield that is permitted for use. The project will provide irrigation of the ballfield and related water and electrical infrastructure improvements.

**Justification:** Due to the high use of the ballfield, irrigation is necessary to maintain grass cover and enhance safety of the playing surface. Future extension of lighting will increase play time. The 2017 Land Preservation, Parks and Recreation Plan recommends improving 10 rectangular fields to Level of Service 3 (irrigation/turf, bleachers, lighting, adequate parking, etc.). The field at Landover Hills Community Center is in Formula 2040 Service Area 4. This area has an existing service gap of 2 rectangular fields at Level of Service 3, as identified by the LPPRP.

**Highlights:** No significant highlights for this project.

**Description:** This project is to build a trail connection from Largo/Kettering/Perrywood Community Center to the new entrance road into Watkins Regional Park.

**Justification:** This connection will provide easy access from the Community Center to the southern part of Watkins Regional Park. The proposed new development agrees with the Watkins Regional Park Master Plan and fulfills the connectivity strategic goal of Formula 2040.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The proposed trail extension will begin at the current terminus of the Paint Branch Trail at Cherry Hill Rd in College Park and connect to the existing Little Paint Branch Trail at the Beltsville Community Center. This 2-mile hiker/biker trail will run parallel to Cherry Hill Road and Sellman Road. Acquisition of trail right-of-way from the Beltsville Agricultural Research Center and other private property owners will be included in the project.

**Justification:** It will provide the first trail connection from Washington D.C. outside the Capital Beltway in the Anacostia Tributary Trail System.

**Highlights:** Project complete. Finalizing financial closeout.

**Enabling Legislation:** Not Applicable

**Description:** This project provides assessment of the existing seven maintenance yards currently operated by the Department of Parks and Recreation. This study will recommend which existing facilities are to be expanded and identify new sites for future maintenance operations.

**Justification:** The existing maintenance facilities that support area operations are becoming antiquated or space is too small to handle the ever-increasing number of facilities and diversity in park management. Space concerns are becoming more prevalent. Several facilities were built as temporary structures located within the 100-year floodplain. This study will focus future development and expansion needs for the next 20 to 30 years. The Department's functional master plan, Formula 2040 makes recommendations on functionality and expansions of these maintenance facilities that will be incorporated in this assessment.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Modification of the weir structure will improve the flow of water in the pond. Work on this project includes design, engineering, permitting, construction, and inspection of weir structure modification.

**Justification:** The pond at Mellwood becomes stagnant and the lack of water movement causes an increase in vegetation and poor water quality. Sheet flow from parking lot currently bypasses the weir structure.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built around 1783, Montpelier is a five-part Georgian mansion. It is open to the public as a house museum. Montpelier was home to four generations of the Snowden family, as well as enslaved individuals like Nance and Catte Creek, and Ben, a blacksmith. This project includes roof replacement, rewiring, ductwork replacement, and sash cord replacement.

**Justification:** An assessment of historic properties determined that this site was in need of maintenance and repair.

**Highlights:** No significant highlights for this project.

**Description:** Built in the late 1700s, Mount Calvert is a two-and-one-half story brick house with exterior chimneys and a kitchen wing built after 1835.

**Justification:** Mount Calvert is the only historic structure remaining at the site of Charles Town, the first seat of the Prince George's County government. It overlooks the confluence of the Western Branch and the Patuxent River.

**Highlights:** This project is for renovation of the historic house to include repointing of brick work, a new roof, foundation repairs, and other stabilization activities to upgrade and maintain this important site.

**Enabling Legislation:** Not Applicable

**Description:** A new building to house personnel from the County's public safety departments and the commission's park police. The building will be constructed on a 1.7-acre parcel owned by the Commission at National Harbor. The building will consist of approximately 10,000 square feet and include a public meeting space. Fifty-four (54) parking spaces will be provide on-site.

**Justification:** The building's design and development are being planned under the auspices of the County working with the developer of National Harbor.

**Highlights:** No significant highlights for this project.

**Description:** This is a Regency Revival style brick mansion built in 1939 for Captain Newton H. White, commanding officer of the U.S.S. Enterprise. The site also includes a corn crib and other outbuildings. An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes roof drainage repair, addressing basement water infiltration, masonry repair, and an internal environmental conditions assessment.

**Justification:** This mansion is one of Prince George's County Parks and Recreation's most used rental facility for weddings and other celebrations. Improvements will maintain its historical accuracy and increase its appeal to the community.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This is a Regency Revival style brick mansion built in 1939 for Captain Newton H. White, commanding officer of the U.S.S. Enterprise. This project includes roof replacement, repair and repointing of failing masonry walls, the cleaning and repair of gutter and supply connections, and outfall of rainwater beyond 10 feet from the building foundation.

**Justification:** This mansion is one of Prince George's County Parks and Recreation's most used rental facility for weddings and other celebrations. Problems with the roof are causing leaks within the facility. These repairs would help to maintain the income-generating potential of this facility.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project will design and construct a new maintenance yard for Northern Area Operations. The design, construction, FF&E, and relocation will be delivered and paid by Maryland Transit Authority (MTA) per the terms of the Purple Line Memorandum of Agreement (MOA).

**Justification:** The MTA identified the Northern Area Maintenance Yard at Glenridge as the location for the Purple Line Maintenance Yard. Per terms of the MOA, the Commission will convey the Glenridge property to MTA upon MTA's design, construction, and relocation to the replacement maintenance yard.

**Highlights:** No significant highlights for this project.

**Description:** This project provides funding for developing a 'Tool Kit' for placing-making at selected neighborhood parks and trails. The 'Tool Kit' could include a variety of recommendations to incorporate features to achieve unique cultural expressions in the parks. Proposed projects could include wayfinding, interpretive signage, trail enhancements and public art installations.

**Justification:** There is a need to incorporate a wider range of features in parks to reflect demographic changes in the County. Funding is to secure consulting assistance to develop the referenced 'Tool Kit.'

**Highlights:** No significant highlights for this project.

**Description:** Built in 1911, this one-room schoolhouse served as a site of education for elementary age students for 50 years.

**Justification:** The Nottingham Schoolhouse serves as an example of educational infrastructure that became obsolete after WWII when schools began to consolidate.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is for various improvements to the golf course including replacement of existing irrigation system in its entirety, fairway and green drainage renovation, cart path replacement, driving range lighting installation and clubhouse repairs.

**Justification:** Existing irrigation system has reached its life expectancy. Additionally, the three ponds on-site used to store water have never been cleaned out or reshaped to optimize their storage capacity.

**Highlights:** No significant highlights for this project.

**Description:** A new paved, half mile multiuse trail between College Park Woods Subdivision and the existing Paint Branch Trail. The trail runs through University of Maryland property and a portion of the trail is a boardwalk.

**Justification:** Pedestrian connectivity along Metzerott Road and University Boulevard to nearby parks and trails is needed. The spur trail will facilitate direct and safe access to the Paint Branch Trail for residents in the immediate vicinity and users of University of Maryland facilities. This link will allow trail users to connect to DC in one direction and outside the Beltway almost to Laurel in the opposite direction.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Parking lot and athletic field lights were installed in 2013. The remaining funding is for a restroom/concession/storage building.

**Justification:** There has been a marked increase in the use of athletic fields in this location. Athletic field lights provide additional practice and game time, and parking lot lighting increases the safety of this recreation facility. The concession/restroom building will allow for better services to the park patrons.

**Highlights:** No significant highlights for this project.

**Description:** Built from 1919-1925, this 40 foot cross was constructed of cast concrete. It is located in the three-way junction of Bladensburg Road, Baltimore Avenue, and Annapolis Road in Bladensburg, Maryland. The Peace Cross is significant as a prominent public monument to County residents who lost their lives during World War I. In addition, the design is the work of master craftsman John J Earley. This project includes monument cleaning, drainage improvements, and landscaping upgrades.

**Justification:** Time and environmental exposure have taken their toll on the monument. An assessment of historic properties determined that this site was in need of maintenance and repair.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** State Bond Bill

**Description:** This development project calls for construction of a hiker/biker/equestrian trail extension from King Charles Drive to Indian Head Highway. The installation of this trail will take place in stages, as the acquisition program for Piscataway Creek produces parkland in sufficient size to support this type of facility.

**Justification:** The Adopted and Approved County-wide Trails Plan indicated that this trail will connect existing and proposed trails throughout the southern portion of the County. The development of trails within stream valley parks is a compatible land use since a hard surface path can withstand occasional flooding.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** A feasibility study on a proposed renovation and expansion of the community center, will be developed to determine an initial project scope, schedule and cost estimate.

**Justification:** Formula 2040 says this site needs to expand to better provide recreational activities to residents in the southern portion of the County. The project involves code compliance renovations to the community center.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Prince George's Plaza Community Center was the first Community Center built in the County. Due to the age of the facility, site constraints and policy guidance to develop a multi-generational center in the Prince George's Plaza Area, a feasibility study is necessary. The study will investigate the opportunities and identify potential sites to construct a new multigenerational center to meet the level of service needs of Formula 2040 Service Area 2.

**Justification:** A feasibility study is necessary due to the age of the facility, site constraints and policy guidance. The facility is undersized for the existing projected population growth of its service area. The Formula 2040 plan recommends an 80,000 square foot multigenerational center and 11,000 square feet of outdoor aquatic space.

**Highlights:** No significant highlights for this project.

**Description:** This project is to upgrade, repair, and renovate the stadium's major infrastructure, and other improvements to bring the stadium up to contemporary functional standards. This project has \$500,000 Maryland State Bond Bill.

**Justification:** The stadium is a 33-year-old facility that was built to federal, state, and local codes and standards that existed at the time. The stadium continues to function as a facility for minor league baseball even though its major support systems are aging and showing evidence of wear and tear.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** State Bond Bill

**Description:** This fund addresses the public safety system infrastructure needs at various trails and facilities. Typical safety infrastructure identified for installation includes items such as surveillance cameras, call boxes, video/intercom systems, access control systems, and intrusion protection systems.

**Justification:** The public safety system infrastructure will improve security for park users, expand surveillance capabilities of Park Police, and reduce response time by emergency personnel.

**Highlights:** No significant highlights for this project.

**Description:** The Publick Playhouse is a large brick theater building of Art Modern design built in 1947 with seating for more than 900 and ornate sky scenes on the ceiling. An assessment of historic properties determined that this site was in need of maintenance and repair. This project includes electrical improvements, rebuilding of parapet walls, and stairway repairs.

**Justification:** It is the only surviving theater of its type and period in the county.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The Purple Line alignment will impact approximately 2.16 acres of parkland. This land will be conveyed to the Maryland Transit Administration (MTA).

**Justification:** This project is necessary to replace parkland impacted by the Purple Line, per the terms of the MOA with MTA.

**Highlights:** In return for conveying the land, MTA will pay \$2.75 million to be used for parkland projects in the Northern Area Operations Service Area. Payment will be made in two \$1.375 million installments in FY 2017 and FY 2018 per the specifications of the MOA.

**Description:** This project is for road frontage improvements on Ritchie Marlboro Road.

**Justification:** Maintenance and Development desires to make a variety of improvements to the Randall Farm Maintenance Yard site. To do this, the County will require the M-NCPPC to make road frontage improvements to Ritchie Marlboro Road consistent with the County's Master Plan of Transportation.

**Highlights:** No significant highlights for this project.

**Description:** Funding to develop master plans and feasibility studies. They will include Good Luck Community Center, Glassmanor Community Center, Piscataway Creek Greenway, Adequate Public Facility Planning for Parks Study, and a Multigenerational Facility Study.

**Justification:** The County has a mature park and recreation system with many facilities beyond or nearing infrastructure life-cycle. As such, assessing current facility conditions, use trends, and programmatic needs is necessary before allocating funds for renovation and/or expansion to ensure such investments support a sustainable and well-planned park and recreation system.

**Highlights:** Recently completed studies include Hillcrest Heights Community Center Pool.

**Description:** This project provides funds to acquire stream valley parkland and to expand existing regional parks. Acquisition of this type of parkland serves the whole County.

**Justification:** Combining available funding (Program Open Space, bonds, developer contributions, and grants) under the category of 'Regional/Stream Valley Park Acquisition' provides us more flexibility to respond to opportunities to purchase the needed parkland no matter where it is in the region.

**Highlights:** No significant highlights for this project.

**Description:** The Reserve Fund is a supplement to budgeted funds which are reflected under each park category of the CIP and to fund studies associated with the acquisition of specific parcels of parkland. The purpose of this fund is to provide flexibility within the program, allowing the Commission to take advantage of unanticipated opportunities and to alleviate budget shortages due to cost underestimates.

**Justification:** The preparation of any acquisition program with the size and scope of the park acquisition program involves the evaluation of many factors, such as the population growth rate, availability of sites, land values and public interest. To function properly, the program must have the flexibility to deal with unanticipated changes in these variables. The reserve fund in conjunction with undesignated site funds will provide limited flexibility to respond to these contingencies. 'Other' funding will come from an operating budget transfer.

**Description:** Design and construction of approximately two miles of asphalt trail from College Park to Hyattsville. The proposed trail will connect to the existing Trolley Trail in College Park and the Northwest Branch Trail. The next phase is underway. It will be design and construction of the trail between Farragut Street and Armentrout Drive in Hyattsville. This effort is led by the State Highway Administration but will require an M-NCPPC contribution.

**Justification:** The trail will connect several residential neighborhoods and downtowns in College Park, Riverdale, and Hyattsville to the Anacostia Tributary Trail System and provide a safe route that is parallel to US 1 for pedestrians and bicyclists.

**Highlights:** The developer of EYA Arts District in Hyattsville built approximately 1,500 linear feet of the trail. The developer of the Cafritz property is required to build approximately 1,600 linear feet of trail.

**Enabling Legislation:** Not Applicable

**Description:** Built in 1927, Ridgeley School is one of 27 schools in Prince George's County to receive assistance from the Rosenwald Fund. An assessment of historic properties determined that this site was in need of maintenance and repair. Prioritized work includes chimney repair, perimeter drainage improvements, pipe insulation, and repairs to wood post bearings.

**Justification:** The segregated school served African American children living near Central Avenue until the 1950s. Restored and reopened as a museum in 2011, it is one of the best examples of a Rosenwald School in the County.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Built between 1801-1807, Riversdale is a two-story late-Georgian mansion. The site also includes a two-story dependency. An assessment of historic properties determined that this site was in need of maintenance and repair. This project includes attic repairs, an interior environmental conditions assessment, and masonry repair.

**Justification:** This National Historic Landmark tells the story of 200 years of Maryland history, including the lives of Rosalie Stier Calvert and her husband George Calvert, property and business owners in the early 1800s and the stories of enslaved and free African American residents of the site, including Adam Francis Plummer.

**Highlights:** No significant highlights for this project.

**Description:** Following completion of the feasibility study and program of requirements, the project design, construction bid documents, and budget will be developed.

**Justification:** This heavily used facility needs upgrades to provide the best experience for the citizens of the County. Analysis of the existing center and site are required to determine the optimal approach to meet current and future recreational demand, life/safety codes, and programmatic needs.

**Highlights:** No significant highlights for this project.

**Description:** The one-room schoolhouse was built in 1896 by the residents of the Seabrook community and provided education for grades one through eight until the early 1950s. An assessment of historic properties determined that this site was in need of maintenance and repair. This project includes replacement of any deteriorated siding, painting of replaced and existing siding, structural roof repairs, and structural repairs to the building itself.

**Justification:** Seabrook schoolhouse is one of the few surviving one-room schoolhouses in Prince George's County, unique because it was designed to resemble the cottages in the Seabrook community.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** Snow Hill Manor is a 2½-story brick plantation house of late Georgian style located on 15 acres of land in Laurel, Maryland. Snow Hill is one of many homes in the Laurel area formerly owned by the Snowden family, ironmasters who formed the Patuxent Iron Works around 1726. This project includes roof replacement, an interior environmental conditions investigation, and window repair.

**Justification:** An assessment of historic properties determined that this site was in need of maintenance and repair.

**Highlights:** No significant highlights for this project.

**Description:** Snow Hill Manor is a 2 ½-story brick plantation house of late Georgian style located on 15 acres of land in Laurel, MD. Built in 1755 and once owned by the Snowden family, Snow Hill Manor has been listed on the National Register of Historic Place. This project includes waterproofing to prevent moisture infiltration including new roofing, gutter redesign and repair, flashing, chimney repair, interior moisture abatement and restoring historic windows.

**Justification:** The waterproofing and moisture abatement are needed to prevent damage to the historic building.

**Highlights:** No significant highlights for this project.

**Description:** This project provides for the design and construction of solar projects, including photovoltaic (PV) systems, on M-NCPPC parkland throughout the County.

**Justification:** This project is consistent with County's Sustainability & Green initiatives and the environmental/sustainability goals of 2040 Functional Master Plan. The Randall PV project requires no M-NCPPC capital outlay but benefits the Department by allowing the purchase of electricity at below market rates.

**Highlights:** A \$5 million Developer Contribution represents the approximate value of a PV system that will be constructed on about five acres of Randall Maintenance Facility land in the 'PEPCO of Maryland' utility service area. An outside contractor will own the PV system and be responsible for the design, fabrication, delivery, installation, operation and maintenance of the system.

**Enabling Legislation:** Not Applicable

**Description:** The Southern Area Aquatic & Recreation Complex (SAARC) project involves the design and construction of a new multi-generational recreation facility on Missouri Ave (Brandywine Area Park) in the Brandywine area. Project amenities include an indoor aquatics component, as well as gymnasium, fitness and multi-use spaces.

**Justification:** Residents of South County have requested an indoor aquatic/recreation facility for their area, which falls into the 'high need' category for recreational facilities. The development of this complex will meet their recreational needs and address the heavy demand for competitive swimming. Formula 2040 recommended a new multigene center to service the recreation needs identified in Service Area 9.

**Highlights:** No significant highlights for this project.

**Description:** Assess and implement bicyclist, pedestrian and trail access connecting neighborhoods to key locations in the Southern Area of the County including National Harbor, the Piscataway Stream Valley, Tanger Outlets, Oxon Hill Cove Park and Oxon Hill Farm, local schools and businesses. Partnerships will include County and State Agencies (SHA, DPWT), National Park Service, businesses and HOAs.

**Justification:** Focused effort is required to strengthen the trail network and connection to other nonmotorized routes (bike lanes, sidewalks, bike routes, etc.) in the southern portion of the County. The 2017 DPR Strategic Trails Plan highlights opportunities to create partnerships and implementation strategies for this area.

**Highlights:** No significant highlights for this project.

**Description:** This project provides funding for retrofit storm water management, sediment and erosion control improvements, stream restoration for approved park development projects and existing park properties. In addition, funds will be used for the study and development of appropriate storm water management and environmental restoration projects that benefit park property and assets.

**Justification:** County storm water regulations require that certain sediment and storm water items be added to projects already under construction or undergoing intense maintenance. Commission projects must conform to new and updated County regulations. Additionally, elevated numbers of severe rainstorm events contribute to streambank erosion and threaten public infrastructure.

**Highlights:** No significant highlights for this project.

**Description:** Existing development at the bog includes trails, parking and an open playfield. This project involves the renovation of trails and parking area to include interpretive signage.

**Justification:** Providing additional means of access to this property will increase park use and awareness of this one-of-a-kind facility.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** The enhancement of an adjoining corner lot located at the intersection of Woodyard and Brandywine Roads; both are high traffic volume routes. The additional property will be improved by preserving its current grade, installing fencing and landscaping the area to improve its aesthetics and to lessen the noise from the heavily used traffic intersection. M-NCPPC will meet with the community to solicit their ideas and recommendations about additional improvements to the site.

**Justification:** The project will enhance the landscape setting of the historic Surratt House.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This funding is for the installation of synthetic turf fields at various parks and/or school sites. Synthetic turf fields were constructed at Gwynn Park, Henry Wise, and Oxon Hill High Schools.

**Justification:** The installation of synthetic turf on fields that experience a high volume of play will lengthen the playing seasons for those fields and reduce the down time due to waterlogged playing surfaces or lack of grass. Synthetic turf fields built at 'school sites' require a construction funding and joint-use agreement to define the amount of M-NCPPC contribution per field and address maintenance and community use issues.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This is a fund to collect fee-in-lieu money and violation fees from the Prince George's County Woodland Conservation Ordinance. Money in this fund can only be used for native tree planting on public land.

**Justification:** Developers can pay money in lieu of providing afforestation or reforestation. Since the Parks Department is the largest public landowner in the County, it can find new areas to plant trees or provide reforestation. The fund can also be used to acquire woodland or open space for reforestations.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This reserve fund provides a mechanism to deposit fees collected from various utilities for right-of-way's and other construction on Commission land. The Commission in turn will use these funds to help cover the costs of utility-related charges such as connection fees, design fees, permit fees, and system development charges routinely assessed on various Commission Capital Improvement Program projects.

**Justification:** Utility-related charges have greatly impacted the Commission's design and construction budgets. This fund will be used to cover budget shortfalls often caused by such charges.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funding for park sites that have amenities that have reached the end of the life cycle.

**Justification:** The complete redesign of a park site is required because overall the existing amenities have reached their life expectancy, site constraint and/or new facilities or field types need to be introduced. FY2021 Park Refresh candidates include Hollywood Park, Hansel and Gretel Park, Pointer Ridge Park, and Auth Village Park. A feasibility study will be conducted to include 30% design.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project is for a trail link to the site of the Patuxent River Crossing.

**Justification:** The bridge over the Patuxent River is a critical link between the WB&A trail in Prince George's County and the WB&A trail in Anne Arundel County.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** A Master Park Development Plan will be completed to evaluate the northern section. Site improvements including infrastructure, utilities, and recreational amenities will follow, based upon the recommendations of the plan.

**Justification:** Walker Mill is a major regional park, serving residents in the established communities inside the Beltway. The southern area of the park has been developed to include a skatepark, athletic fields, picnic facilities, and an imagination playground. The northern section of the park is largely undeveloped. Further planning, market analysis, site assessments, and community outreach are necessary prior to development of the northern section.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project consists of a steel frame modular structure that will provide 6,000 SF of space for a Park Police Substation at Walker Mill Regional Park. Amenities include 5 offices, a conference room, a roll call room, a community room, and support spaces. There will also be 4,000 SF of garage space.

**Justification:** Additional Park Police space is needed in this part of the County, and this project has very strong community support.

**Highlights:** No significant highlights for this project.

**Description:** A master plan was completed for the park in 2019. The first phase of the plan includes an engineering assessment of the water and sewer infrastructure.

**Justification:** Watkins Park is a major regional park, serving approximately 1 million residents each year. The park will require significant infrastructure improvements in order to maintain and expand services to meet the demands of the County's growth. The master plan recommends several investments in the first phase to meet safety concerns and cost recovery goals. In FY2020, \$267,068 Bond funding was transferred into this project from Central Area Offices - Administrative Offices.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This project provides funds for a new park within the Westphalia planning area.

**Justification:** In 2007, the County Council approved the Westphalia Sector Plan and Sectional Map Amendment establishing a conceptual plan for the Westphalia planning area. The concept envisions an urban town center surrounded by village centers and multiple residential modules. A 150-acre Central Park is proposed immediately north of the Town Center, approximately at the center of the Westphalia area.

**Highlights:** No significant highlights for this project.

**Description:** This project involves the construction of a community center and outdoor amenities including a new multi-age playground and a loop trail with senior fitness stations. An elementary school may be added in the future.

**Justification:** According to the LPPRP, this area falls in the moderate need range for recreational development. Citizens have requested a community center to serve the Westphalia and Little Washington Communities.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This plan will involve the review of existing conditions, standards and alternatives for short term and long-term preservation, and utilization of Wilmer's Park.

**Justification:** Wilmer's Park is listed on the local historic register based on the notable musical performances held at the site from the early 1950s through the late 1960s. The master plan will establish the framework for managing the historic resource at Wilmer's Park.

**Highlights:** No significant highlights for this project.

**Enabling Legislation:** Not Applicable

**Description:** This is a continuation of the improvements to Woodlawn Park, and this project will add a combined futsal/ basketball court.

**Justification:** This project will update and improve park facilities to provide an increased level of service and react to demographic changes in the surrounding community. Woodlawn Park is in a designated Transforming Neighborhoods Initiative (TNI) area. This facility was requested by TNI leadership.

**Highlights:** No significant highlights for this project.

**Description:** This project involves the design and development of an interpretive exhibit, including interpretive signage. The site is the location of Henry Darnall's early 18th century mansion and merchant Steven West's Revolutionary War supply factory. Upwards of 80 slaves and 8-12 houses once occupied this site.

**Justification:** This is an important 18th Century site, that when developed, will serve as an architectural resource for the interpretation of African American history in Prince George' County.

**Highlights:** No significant highlights for this project.
