

DPIE Staff Uses Masks, Distancing and Technology to Continue Services During the Pandemic

Inspections

Shaghayegh “Monica” Hemmatian of the Inspections Division measures the footing for a deck during a residential inspection.

During the pandemic, inspectors have donned masks and utilized social distancing to conduct inspections safely. DPIE began conducting virtual inspections shortly after the shutdown of some residential projects to allow property owners to complete their projects. The agency’s ability to continue inspections of commercial projects allowed new home construction to thrive and businesses to open in 2020 to serve residents and generate revenue for the County.
