Re: _____ Subdivision

DPIE Building Permit Number: _____

DPIE Site/Road Permit Number: _____

Gentlemen:

Regarding the subject permit, the Department of Permitting, Inspections and Enforcement has determined that the on-site construction may cause damage to the existing facilities in the public right-of-way. In order to save the County harmless from any expense for repair of the potential damage, I/we, as property owner(s), do hereby accept all responsibility for any necessary repair, as directed by the Department. I/We understand that an inspection will be made prior to the start of the permit work and that I/we will not be held responsible for the repair of any condition that existed prior to issuance of the permit.

If it should become necessary for corrective work to be done, I/we will at that time apply for the required permit for working within the public right-of-way and post the necessary bond and pay the required fee.

Very truly yours,

Witness
