Collection Procedures: Public and private review fees are collected when plans are submitted for technical review. Revision fee, special drain permit fee, DER manuals, and map book fees are paid at the time services are rendered. The fee-in-lieu is collected before a permit is issued for a public storm drain system and before release of approved plans for private storm drain systems.

Refund Procedures: For overpayment of fees due to deletion and/or changes of plans, send a request to DER for processing. DER will complete P.G. County Form 114 for forwarding to the Office of Finance.
