**RFP Questions and Answers**

1. It appears the Civil Engineer for the RMC, Soltesz already has the site engineering and design for the entire area in their scope. Does this mean that the successful A/E design team does not need to carry Civil Engineering for the garage? Are they to Just coordinate with the RMC's Civil Engineer?

**Answer: The successful A/E design team does not need to hire a Civil Engineering firm for this project. However, they will be required to coordinate with the RMC's Civil Engineer Soltesz.**
