General Fund Revenues

Property Taxes - \$1.03 billion

- Real Property Taxes (\$953.3 million) an increase of \$40.7 million or 4.5% over the FY 2022 budget primarily due to increased assessments less any adjustments made to factor in reductions such as homestead tax credit, municipal tax differential and tax increment financing (TIF) revenues. Additionally, the projection factors in an anticipated \$11.6 million of revenues to be generated from MGM National Harbor.
- Personal Property Taxes (\$81.2 million) an increase of \$8.1 million or 11.1% based as the expected impact of the COVID-19 pandemic did not result in the level of expected business closures due to federal stimulus funds. The projection includes anticipated revenue of \$0.8 million from MGM National Harbor.

Income Taxes - \$802.1 million

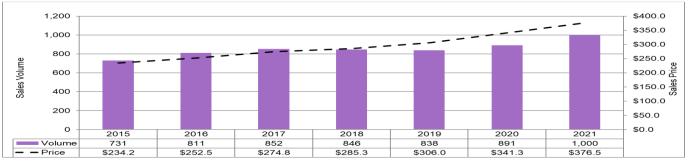

- Income Taxes (\$758.4 million) an increase of \$124.9 million or 19.7% over the FY 2022 budget. In FY 2023, income tax collections are based on lower unemployment levels, and higher than expected wage growth due to inflation and incentives as employers compete for labor.
- Income Disparity Grant (\$43.7 million) an increase of \$7.4 million or 20.5% above the FY 2022 level. This grant is provided to counties where the per capita local income tax revenue falls below 75% of the State average. Actual 2020 census data had a higher population level for the County, resulting in a lower income tax per capita.

Transfer and Recordation Taxes - \$177.5 million

- Transfer Taxes (\$135.9 million) an increase of \$12.5 million or 10.1% in FY 2023 based on better-than-expected growth in the median sales price and volume of home sales. All transfer tax revenue is dedicated to the Board of Education.
- Recordation Taxes (\$41.6 million) a decrease of \$9.4 million or -18.4% below the FY 2022 budget level based on County legislation passed in 2021 to dedicate 20% of the recordation tax, or at least \$10.0 million, to the Housing Investment Trust Fund.

Since 2015, the median home sales price increased 60.8% and sales volume grew 36.7%. The chart below shows the median home sales prices and volume from calendar year 2015 through 2021 Nationally the number of homes for sale is at the lowest level since 1999.

Energy Taxes - \$73.9 million

Energy Taxes (\$73.9 million) – an increase of \$1.4 million or 2.0% in FY 2023 based on current year collections, expected inflationary growth in energy costs, and offsetting reductions as consumers cut back on usage. All collections are dedicated to the Board of Education.

Telecommunication Taxes - \$10.9 million

Telecommunications Taxes (\$10.9 million) – a decrease of \$2.6 million or -19.0% in FY 2023 due to continued market shifts as consumers continue to shift to data usage and texting in lieu of phone calls. The State mandates that the net proceeds of this tax are dedicated to the Board of Education.

Other Local Taxes - \$23.7 million

- Admissions and Amusement Taxes (\$11.5 million) an increase of \$3.3 million over the FY 2022 Budget based on re-opening of the economy and year-to-date collection data. The proposed budget includes \$1.6 million of anticipated revenue from the MGM National Harbor.
- Hotel-Motel Taxes (\$8.8 million) an increase of \$1.8 million or 25.3% above the FY 2022 budget as the industry is rebounding from the pandemic. The budget includes \$0.9 million which is anticipated to be generated from the hotel at the MGM National Harbor.
- Penalties and Interest on Property Taxes and Other (\$3.4 million) are level funded with the FY 2022 budget.

State Shared Taxes - \$8.0 million

- Highway User Revenues (\$7.2 million) an increase of \$0.5 million or 8.0% based on estimated transportation revenues by the Maryland Department of Transportation. Highway user revenues are restricted State monies and can be only used to construct or maintain roads, including the payment of debt service for road construction projects.
- Transfer Taxes on Corporate Assets (\$0.8 million) based on current collection trends.

Licenses and Permits - \$69.0 million

- Licenses and Permits (\$36.3 million) a decrease of \$4.2 million or -10.4% below the FY 2022 budget because of a large decrease in building permits due in part to labor shortages and rising construction costs. Collections in most other categories is expected to grow based on current activity in the County.
- Gaming Revenues (\$32.7 million) the FY 2023 proposed budget includes \$16.3 million of video lottery terminal (VLT) revenues and \$16.4 million of anticipated table game revenues generated from the tables at the MGM National Harbor.

Use of Money and Property - \$5.6 million

Intergovernmental Revenues - \$38.1 million

- State (\$34.1 million) an increase of \$0.5 million or 1.4% over the FY 2022 budget primarily due to enhanced Police Aid in the State budget, offset by a one-time grant received in FY 2022. The County will continue to receive the \$9.6 million Teacher Retirement Supplemental Grant to partially offset the impact of teachers' pension costs.
- Federal and Local (\$4.0 million) collections are anticipated to decrease \$2.7 million based on actual FY 2021 collections.

Miscellaneous - \$9.8 million

- Fines and Forfeitures (\$8.3 million) a decrease of \$2.8 million or -25.2% below the FY 2022 budget. This is due to actual revenue attainment from the red-light and automatic speed enforcement programs, as well as trends in driver behavior.
- Miscellaneous (\$1.5 million) A decrease of \$0.6 million is based on collection trends.

Other Financing Sources

No Use of Fund Balance is planned to balance the FY 2023 proposed budget. However, \$7.5 million is dedicated to one-time purposes. This includes a \$2.5 million transfer to the capital improvement program for various Redevelopment Authority projects (\$0.8 million for the Glenarden Apartments Redevelopment and \$1.7 million for Suitland Manor) and a \$5.0 million contribution to the Housing Investment Trust Fund to support the Workforce Housing Gap Financing Program.

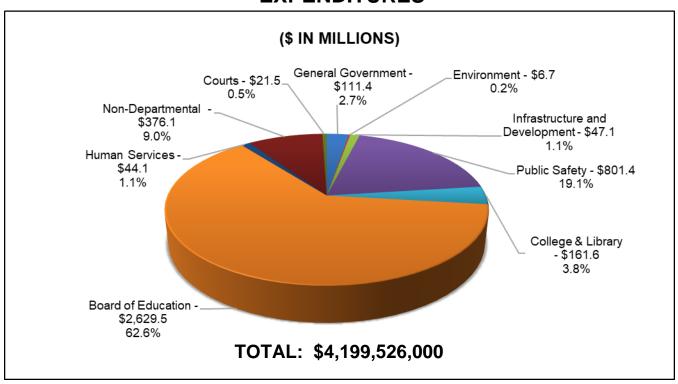

Outside Sources - \$1.88 billion

- Board of Education (\$1.78 billion) an increase of \$256.2 million or 16.8% over the FY 2022 budget. State Aid increases \$63.8 million over the FY 2022 budget level. - Community College (\$82.9 million) an increase of \$1.4 million or 1.7% above the FY 2022 level. State Aid grows by \$5.6 million due to the final year of formula enhancements in State law. Tuition and fees decrease below the FY 2022 budget. Other revenues including the use of the College's fund balance also decrease.
- Library (\$9.7 million) an increase of \$0.4 million or 4.3% above the FY 2022 level. State Aid increases by 10.5% based on the population census, which boosts this per capita formula-based grant. The library expects to decrease use of its fund balance in FY 2023.

Education

The strength of the education system in Prince George's County is anchored by the progress being made by our public schools, capped by our award-winning community college and tied together by the myriad of programs and learning opportunities of our library system. These three components continue to work together to set the foundation that is making Prince George's County more appealing to residents, visitors and businesses. The FY 2023 Proposed Budget invests \$2.8 billion in our collective education efforts, which is an increase of \$291.3 million or 11.7% over the FY 2022 budget. This funding accounts for 66.5% of total General Fund expenditures for the Board of Education (BOE), Community College and Library.

The County's contribution totals \$847.0 million and represents an increase of \$30.1 million or 3.7% over FY 2022 and exceeds the former Maintenance of Effort requirement.

In FY 2023, PGCPS will continue to implement their efforts through their five strategic areas of focus which include (1) Academic Excellence, (2) High Performing Workforce, (3)

Safe and Supportive Schools, (4) Family and Community Engagement and (5) Organizational Effectiveness. Under these focus areas and in alignment with Kirwan Commission Policy Recommendations, the proposed budget reflects employee compensation negotiated commitments, health insurance increases, pass through funding for P3/Alternative Construction Financing projects, continued support of universal pre-kindergarten, program continuation of Immersion Schools and other academic programs along with the reallocation of existing resources.

In FY 2023, the Office of Strategic Partnerships and Community Solutions program between the Department of Social Services and the school system continues with additional resources for mental health services. This program continues to focus on behavioral health, mentoring, after-school enrichment, college and career readiness, positive youth development and intensive case management in selected schools.

The County will also make significant investments in several school construction projects with the FY 2023 capital budget totaling \$197.6 million. Funding is allocated for various projects including New Glenridge Area Middle School, William Schmidt Educational Center, High Point High School, New Northern Adelphi Area High School, and International School at Langley Park, as well as various major repair and systemic replacement projects. Additionally, \$3.4 million in PAYGO funds from a portion of the video lottery terminal funds are allotted to major repairs and code corrections at various schools.
