Dear Prince Georgian:

Throughout the COVID-19 global pandemic, our Office of Community Relations (OCR) has remained committed to ensuring that residents remain aware of the programs and services available during these unprecedented times. Through partnerships with other County government and non-profit agencies, they have continued to provide much needed support to our residents to keep our community safe and healthy.

This Community Toolkit serves as another resource that we hope will be useful to your household during this time. As your County Executive, I am working hard every day to ensure that your government is working for you in ways big and small.

I hope you and your family continue to stay safe, and please know that we are always here to support you.

Sincerely,
