Before Starting the CoC Application

The CoC Consolidated Application consists of three parts, the CoC Application, the CoC Priority Listing, and all the CoC's project applications that were either approved and ranked, or rejected. All three must be submitted for the CoC Consolidated Application to be considered complete.

The Collaborative Applicant is responsible for reviewing the following:

- 1. The FY 2019 CoC Program Competition Notice of Funding Available (NOFA) for specific application and program requirements.
- 2. The FY 2019 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
- 3. All information provided to ensure it is correct and current.
- 4. Responses provided by project applicants in their Project Applications.5. The application to ensure all documentation, including attachment are provided.
- 6. Questions marked with an asterisk (*), which are mandatory and require a response.

1B-1a. CoC's Strategy to Solicit/Consider Opinions on Preventing/Ending Homelessness.

Applicants must describe how the CoC:

- 1. solicits and considers opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;
- 2. communicates information during public meetings or other forums the CoC uses to solicit public information;
- 3. takes into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness; and
- 4. ensures effective communication with individuals with disabilities, including the availability of accessible electronic formats, e.g., PDF. (limit 2,000 characters)

While lack of housing is the most visible indicator of homelessness, there are often secondary factors that need to be addressed in order to stabilize a household and help them with their transition to permanency. Consequently, the CoC employs a multi-system approach in planning and implementing services to end homelessness and pro-actively solicits a wide variety of opinions and expertise of agencies, non-profits, and businesses operating in the County and greater Washington metropolitan region as well as the participation of concerned citizen and persons with lived experience.

The CoC has representation from 100+ agencies and hosts four plenary meetings a year to ensure the full range of opinions in designing and delivering its homeless services. In addition, the CoC has a number of working subcommittees with a unique population focus (i.e. veterans, youth and chronic homeless / high system utilizers); both of which routinely reach out to invite

external subject matter experts as well as representatives from businesses, government non-profit and at large community members who have overlapping interests (i.e. local librarians attend street outreach sub-committee meetings) to the table. Finally, CoC members sit on relevant countywide workgroups spearheaded by local health and human service agencies to ensure larger system strategies are developed that are inclusive of the needs of the County's homeless population.

This continuously open and inclusive process ensures that the CoC receives real time information necessary for effective program design and decision making and this cross-pollination between agencies has led to a number of successful partnerships and new Federal and State grants being awarded.

1B-2. Open Invitation for New Members.

Applicants must describe:

- 1. the invitation process;
- 2. how the CoC communicates the invitation process to solicit new members;
- 3. how the CoC ensures effective communication with individuals with disabilities, including the availability of accessible electronic formats;
- 4. how often the CoC solicits new members; and
- 5. any special outreach the CoC conducted to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join the CoC. (limit 2,000 characters)
- 1. The CoC has an open member policy and therefore does not have a separate invitation process. New members may join at any time simply by attending one of the CoC's plenary or sub-committee meetings at which time they are added to the master member list and will begin to receive all CoC emails, meeting notices and materials.
- 2. All CoC meetings are publicly announced prior to the meeting by posting on the County's website and listserve emails.
- 3. In addition to the open membership process, the CoC reviews its current membership quarterly, scanning for gaps, and makes recommendations to the CoC Steering Committee for member additions. A committee member then reaches out and contacts the identified person(s) to set
- up a meeting to educate them about the CoC and invite them to join. The CoC also issues special invitations to regional and national experts to provide data, expertise and technical assistance to the CoC (i.e. Pay for Success and the Data Driven Justice Initiative) regarding national best practices with the potential for maximum CoC priority area impact.
- 4. In 2017/2018, the CoC established the Homeless Youth Acton Board made up entirely of homeless or previously homeless youth and young adults that functions as a voting subcommittee of the CoC as well as requiring all other CoC sub-committees to reach out and invite person(s) with lived experience in their population target group to participate as a member of their team. Finally, the CoC uses resident action councils, its annual homeless resource day, street outreach and a number of other methods to engage and encourage homeless and formerly

homeless persons to join or otherwise inform the work of the CoC.

1B-3. Public Notification for Proposals from Organizations Not Previously Funded.

Applicants must describe:

- 1. how the CoC notifies the public that it is accepting project application proposals, and that it is open to and will consider applications from organizations that have not previously received CoC Program funding, as well as the method in which proposals should be submitted;
- 2. the process the CoC uses to determine whether the project application will be included in the FY 2019 CoC Program Competition process;
- 3. the date(s) the CoC publicly announced it was open to proposal;
- 4. how the CoC ensures effective communication with individuals with disabilities, including the availability of accessible electronic formats; and 5. if the CoC does not accept proposals from organizations that have not previously received CoC Program funding or did not announce it was open to proposals from non-CoC Program funded organizations, the applicant must state this fact in the response and provide the reason the CoC does not accept proposals from organizations that have not previously received CoC Program funding. (limit 2,000 characters)

The CoC actively seeks new service provider participation and since 2012 the number of newly funded CoC organizations has increased by 67%. CoC plenary meetings are the public forum used to disseminate information months before the competition opens. These meetings provide critical information about the CoC, its operations, CoC and non CoC funding opportunities and the importance of being actively involved. Notice of the 2018 CoC NOFA and availability of bonus funds went out to the CoC and was publicly posted on the County website on 6/21/18. The CoC planner and CoC Co-Chair pro-actively reached out to more than a half dozen regional non-profits who are not currently funded through the CoC, but have a reputation for doing excellent work to advise them of the opportunity and encourage them to apply. A public meeting was held on 7/12/18 to review the NOFA requirements, 2018 CoC ranking and selection criteria, the process for submitting renewals and new project LOIs, and the 2018 CoC submission deadlines. A meeting for providers expressing interest in applying for a PSH and/or DV bonus project was held on 7/17/18 to review program designs and offer

feedback for improving their proposals. Two new providers attended this meeting (House of Ruth and Mission of Love); one of whom was successful in having an application included in this year's competition. One-on-one technical assistance was provided from 7/12/18 through 8/17/18 when proposals were due to the CoC to ensure new and renewal applicants had the support they needed to be successful. The CoC's ranking panel met on 8/30/18 to review, score and rank all applications according to CoC published guidelines and ranking panel recommendations were reviewed and approved by the CoC

plenary on 9/6/18.

1C-2. CoC Consultation with ESG Program Recipients.

Applicants must describe how the CoC:

- 1. consulted with ESG Program recipients in planning and allocating ESG funds:
- 2. participated in the evaluating and reporting performance of ESG Program recipients and subrecipients; and
- 3. ensured local homelessness information is communicated and addressed in the Consolidated Plan updates. (limit 2,000 characters)

The CoC has well-established relationships with ESG program recipient organizations (the County, the City of Bowie and the State of Maryland), ESG recipient organizations are active members of the Coordinated Entry team, which meets bi-weekly, and higher-level discussions are held monthly regarding housing priorities impacting the County's homeless population. DSS, which also serves as the lead agency for the CoC, is the sub-recipient of all County ESG funds and conducts an annual realignment of funding priorities based on the CoC's 10 Year Plan progress; level and type of current need (HMIS); CoC System Performance Measures; Annual turn-away and service type call data from the Homeless Hotline; and availability of other funds. This ensures funds are targeted to the most pressing needs and adjustments made based on the most current data available.

All ESG recipient service data is maintained in HMIS and system reports are used by the CoC in the evaluation and reporting of ESG recipient performance. The Department of Housing and Community Development (an active member of the CoC) also conducts an independent annual monitoring of the ESG subrecipient to track performance measures and report on outcomes.

The homeless sections of the County and City Consolidated Plans are prepared by the CoC using PIT, CAPER, AHAR, APRs, HIC, UHY counts, HMIS and other data and shared with the State for inclusion in the State plan. The CoC meets quarterly with the Maryland Interagency Council on Homelessness to help set statewide homeless priorities. These efforts ensure alignment between all plans.

1C-2a. Providing PIT and HIC Data to Yes to both Consolidated Plan Jurisdictions.

Applicants must indicate whether the CoC provided Point-in-Time (PIT) and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area.

1C-2b. Providing Other Data to Consolidated Yes Plan Jurisdictions.

MD-600

Applicant: Prince George's County

Project: MD-600 CoC Registration 2019 COC_REG_2019_170512

Applicants must indicate whether the CoC ensured local homelessness information is communicated to Consolidated Plan Jurisdictions within its geographic area so it can be addressed in Consolidated Plan updates.

> 1C-3. Addressing the Safety Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.

Applicants must describe:

- 1. the CoC's protocols, including protocols for coordinated entry and the CoC's emergency transfer plan, that prioritize safety and incorporate trauma-informed, victim-centered services; and
- 2. how the CoC, through its coordinated entry, maximizes client choice for housing and services while ensuring safety and confidentiality. (limit 2,000 characters)

The County maintains a separate call center to respond to calls from victims seeking immediate assistance and call takers are trained to assess and mitigate lethality risk and ensure rapid placement when appropriate in the CoC's 50-bed trauma informed, victim centered "safe" shelter. All first responders and victims service providers have well established confidentiality protocols in place that prioritize safety including the protection of a victim's identity, location and plan while rapid linkages are made to appropriate systems. Unaccompanied youth presenting at risk are linked to Child Protective Services and/or the CoC's homeless youth emergency shelter (which also serves as an extraction point for youth seeking to exit a gang or escape a trafficker) while longer term interventions can be implemented. 2. The CoC has a number of resources available that enable it to maximize client choice for housing and resources while ensuring safety and confidentiality, including but not limited to, special traveler's aid services targeting rapid relocation of victims to safe accommodations in other parts of the Country, a victim's resiliency fund for supportive service and relocation needs (i.e. security systems, door, window and lock replacement, safety bars, moving, housing search, and transportation), short term housing subsidies, CoC and non-CoC funded rapid re-housing, and set aside section 8 vouchers.

1C-3a. Training-Best Practices in Serving DV Survivors.

Applicants must describe how the CoC coordinates with victim services providers to provide training, at least on an annual basis, for:

- 1. CoC area project staff that addresses safety and best practices (e.g., trauma-informed, victim-centered) on safety and planning protocols in serving survivors of domestic violence; and
- 2. Coordinated Entry staff that addresses safety and best practices (e.g., Trauma Informed Care) on safety and planning protocols in serving survivors of domestic violence. (limit 2,000 characters)
- 1. CoC leadership works closely with the County's Domestic Violence and Human Trafficking Division to ensure appropriate training is provided regularly

to the CoC and that access to services and supports occur in real time. Recent trainings included identifying red flags, the dynamics of domestic violence, crisis intervention, the Power & Control Wheel, legal interventions, and resources available to victims and survivors. Additionally, the CoC provides related training to all its members on trauma informed care, motivational interviewing, and mental health first aid. Several of the County's victim services providers including the Prince George's County Department of Family Services, the Health Department's Domestic Violence Coordinator, Representatives from the Police Department's Domestic Violence Unit, the State's Attorney's Office. House of Ruth, the Family Justice Center, and Community Advocates for Family and Youth are all members of the CoC and actively share information regarding trends, trainings, and best practices at CoC plenary meetings. 2. Victims services providers are represented on the CoC Coordinated Entry team ensuring confidentiality protocols are enforced for the protection of victims seeking CoC resources and in addition to the annual trainings provided to the CoC at large, these representatives provide victims centered care coordination and safety planning for victims cases presented at the bi-weekly meetings.

1C-3b. Domestic Violence-Community Need Data.

Applicants must describe how the CoC uses de-identified aggregate data from a comparable database to assess the special needs related to domestic violence, dating violence, sexual assault, and stalking. (limit 2,000 characters)

In addition to the HMIS data and de-identified data from CoC connected victims services providers, the CoC uses a variety of external data sources to assess community needs of victims including: the Prince George's County State's Attorney's Office (SAO) Special Victims and Family Violence Unit (SVFVU) surveys, 911, 211 and DV hotline calls, Uniformed Crime Reports, Family Justice Center usage reports, PCWA child and adult abuse and exploitation deidentified data, Support, Advocacy, Freedom and Empowerment (SAFE) Center for Human Trafficking Survivors, the National Human Trafficking Resource Center, National Network to End Domestic Violence reports, and District Court domestic filings.

*1C-4. PHAs within CoC. Attachments Required.

Applicants must submit information for the two largest PHAs or the two PHAs with which the CoC has a working relationship within the CoC's geographic area.

Public Housing Agency Name	% New Admissions into Public Housing and Housing Choice Voucher Program during FY 2018 who were experiencing homelessness at entry	PHA has General or Limited Homeless Preference	PHA has a Preference for current PSH program participants no longer needing intensive supportive services, e.g., Moving On

1C-4a. PHAs' Written Policies on Homeless Admission Preferences.

Applicants must:

- 1. provide the steps the CoC has taken, with the two largest PHAs within the CoC's geographic area or the two PHAs the CoC has working relationships with, to adopt a homeless admission preference—if the CoC only has one PHA within its geographic area, applicants may respond for one; or
- 2. state that the CoC does not work with the PHAs in its geographic area. (limit 2,000 characters)

The CoC works very closely with the Housing Authority of Prince George's County to develop and implement policies that best serve the County's homeless and low-income population. In 2012, while working on the 10 year plan, the CoC identified access to housing vouchers as a needed resource to end homelessness in the county. The CoC worked closely with the Housing Authority, elected county officials and policy makers in order to develop an admission preference for homeless persons. As part of the initiative, plans were also put in place to help identify/locate homeless people who were in-line for a voucher so they would not lose their spot, and supports to keep homeless persons in public housing once they're placed. The HA has had a preference in place as well as set aside vouchers for the homeless since 2016.

In 2015 when VAWA housing vouchers for DV survivors became available, the CoC scanned their PSH programs for DV survivors and was able to identify 32 who had entered PSH as a result of DV trauma, subsequently received the services they needed to stabilize their lives, and were ready to "move on" to a less structured housing environment. This in turn opened open spaces in our PSH programs for families who needed the intensive supports available in PSH. This successful model and partnership was the beginning of the county's move on strategy. Since that time we have worked with the HA to prioritize the use of vouchers and section 8 to PSH participants who are ready for more independent living. The CoC utilizes non-HUD funds to award an annual contract to a local non-profit to maintain relationships with people moving from homelessness into permanent housing through vouchers and section 8 to ensure that they do not lose their housing assistance.

1C-4b. Moving On Strategy with Affordable Housing Providers.

Applicants must indicate whether the CoC has a Moving On Strategy with affordable housing providers in its jurisdiction.

Yes

If "Yes" is selected above, describe the type of provider, for example, multifamily assisted housing owners, PHAs, Low Income Tax Credit (LIHTC) developments, or local low-income housing programs. (limit 1,000 characters)

The PGC CoC has partnered with the local housing authority, apartment complexes, and private landlords to develop effective "Move On" strategies for families & singles residing in PSH programs. Bi-annual scans of the PSH network identify households that no longer require intensive services and have demonstrated the ability to live independently. These households are prioritized

for referral to mainstream housing opportunities including regular and set aside housing vouchers, public housing, project-based voucher units, first time homebuyer programs, low-income senior housing, and regular market rent housing. Additional resources and services are offered to these PSH residents including second chance credit preferences, financial literacy classes, low income tax credits, credit counseling, financial move out assistance, housing search, landlord/tenant mediation, rent negotiation and concessions, and post transition follow up support services to ensure stabilization.

1C-5. Protecting Against Discrimination.

Applicants must describe the actions the CoC has taken to address all forms of discrimination, such as discrimination based on any protected classes under the Fair Housing Act and 24 CFR 5.105(a)(2) – Equal Access to HUD-Assisted or -Insured Housing. (limit 2,000 characters)

The CoC has a universal anti-discrimination policy that is inclusive of all protected classes under the fair housing Act and 24 CFR 5.105(a)(2) and all member organizations include this policy in their programs.

*1C-5a. Anti-Discrimination Policy and Training.

Applicants must indicate whether the CoC implemented an antidiscrimination policy and conduct training:

1. Did the CoC implement a CoC-wide anti-discrimination policy that applies to all projects regardless of funding source?	Yes
2. Did the CoC conduct annual CoC-wide training with providers on how to effectively address discrimination based on any protected class under the Fair Housing Act?	Yes
3. Did the CoC conduct annual training on how to effectively address discrimination based on any protected class under 24 CFR 5.105(a)(2) – Equal Access to HUD-Assisted or -Insured Housing?	Yes

*1C-6. Criminalization of Homelessness.

Applicants must select all that apply that describe the strategies the CoC implemented to prevent the criminalization of homelessness in the CoC's geographic area.

1C-7. Centralized or Coordinated Assessment System. Attachment Required.

Applicants must:

- 1. demonstrate the coordinated entry system covers the entire CoC geographic area;
- 2. demonstrate the coordinated entry system reaches people who are least likely to apply for homelessness assistance in the absence of special outreach; and
- 3. demonstrate the assessment process prioritizes people most in need of assistance and ensures they receive assistance in a timely manner. (limit 2,000 characters)

The CoC utilizes a Coordinated Entry System (CES) to reach and refer people into homeless services with standardized assessment and referral, following no wrong-door and trauma-informed methodologies. Each step utilizes procedures ratified by the CoC board and follows established best practices.

- 1. The CoC coordinated entry system covers the entire CoC geographic area and starts with the Homeless Hotline, a long established, language agnostic, toll-free number
- communicated across many print, digital, and social media, which is widely known throughout the homeless services community. The Hotline refers callers to all available services, including homeless prevention, emergency shelter, crisis services, and street outreach.
- 2. Outreach teams and homeless Drop-in Centers work to reach individuals who are less likely to apply for homelessness assistance by working with special populations, including at-risk youth, individuals experiencing mental health crises, non-English speakers, justice connected homeless persons, and veterans. Partnerships with law enforcement, faith communities, and local non-profit organizations ensure that experiencing homelessness in any urban, suburban, or rural area of the County is not a barrier to being connected to services.
- 3. The Coordinated Entry Team meets bi-weekly and utilizes HMIS and other technology to collate and discuss each individual's experience, especially vulnerability and chronicity. Case conferencing among client referrers, supportive housing providers, and other stakeholders results in a transparent, multi-disciplinary, mutually accountable, nd client centered process. All contact points use standardized assessment tools (Housing Prioritization Tool and VI-SPDATs) to ensure that all homeless individuals are fairly and expeditiously assessed, prioritized, and connected to the most appropriate and least restrictive services needed to ensure that their homelessness is a brief, one-time experience.

1E-2. Project Review and Ranking-Objective Criteria.

Applicants must indicate whether the CoC used the following to rank and select project applications for the FY 2019 CoC Program Competition:

1. Used objective criteria to review and rank projects for funding (e.g., cost effectiveness of the project, performance data, type of population served);	Yes
2. Included one factor related to improving system performance (e.g., exits to permanent housing (PH) destinations, retention of PH, length of time homeless, returns to homelessness, job/income growth, etc.); and	Yes
3. Included a specific method for evaluating projects submitted by victim services providers that utilized data generated from a comparable database and evaluated these projects on the degree they improve safety for the population served.	Yes

1E-3. Project Review and Ranking-Severity of Needs and Vulnerabilities.

FY2019 CoC Application	Page 15	09/20/2019
------------------------	---------	------------

Applicants must describe:

1. the specific severity of needs and vulnerabilities the CoC considered when reviewing and ranking projects; and

- 2. how the CoC takes severity of needs and vulnerabilities into account when reviewing and ranking projects. (limit 2,000 characters)
- 1. The severity of needs of the population served, the demand for the service, and programmatic barriers to serving the homeless were taken into consideration during the ranking process with low barrier programs and those programs providing services to higher need populations receiving higher scores. The CoC considers the following vulnerabilities while ranking projects: significant health or behavioral health challenges, unaccompanied homeless youth, and/or victims of DV or human trafficking. Indicators of severe needs include high utilization of crisis and emergency services including hospitals, jails & psychiatric facilities, and longer lengths of chronicity. The vulnerabilities and severity of the needs of the population served are taken into account when comparing provider outcomes, as are program designs and services that specifically address the needs of these populations and/or reduce their barriers to accessing services.
- 2.Recognizing that people with severe needs can be more difficult to serve and that the CoC needs more programs that are equipped to effectively serve this population, programs serving or proposing to serve a high percentage of people with severe high needs are awarded additional points in the ranking process. The CoC ranking panel was made up of subject matter experts in key CoC priority areas (Youth and LGBTQ, re-entry, and behavioral health) as well as municipal government whose experiences allowed them to fully evaluate services offered by the applicants. In addition, the CoC scoring criteria allocated escalating point values for applications that addressed certain vulnerabilities and severity of needs (i.e.; Applicants that targeted chronic homeless and persons with severe behavioral health challenges in their application were eligible for 5 points whereas projects that did not were not eligible for those points).

1E-4. Public Postings—CoC Consolidated Application. Attachment Required.

- 1. indicate how the CoC made public the review and ranking process the CoC used for all project applications; or
- 2. check 6 if the CoC did not make public the review and ranking process; and
- 3. indicate how the CoC made public the CoC Consolidated Application-including the CoC Application and CoC Priority Listing that includes all project applications accepted and ranked or rejected-which HUD required CoCs to post to their websites, or partners websites, at least 2 days before the FY 2019 CoC Program Competition application submission deadline; or
- 4. check 6 if the CoC did not make public the CoC Consolidated Application.

1E-5. Reallocation between FY 2015 and FY 2018.

Applicants must report the percentage of the CoC's ARD that was reallocated between the FY 2015 and FY 2018 CoC Program Competitions.

Reallocation: 27%

1E-5a. Reallocation—CoC Review of Performance of Existing Projects.

Applicants must:

- 1. describe the CoC written process for reallocation;
- 2. indicate whether the CoC approved the reallocation process;
- 3. describe how the CoC communicated to all applicants the reallocation process:
- 4. describe how the CoC identified projects that were low performing or for which there is less need; and
- 5. describe how the CoC determined whether projects that were deemed low performing would be reallocated. (limit 2,000 characters)

Prince George's County CoC reallocates funds as needed to more effectively resolve homelessness, help households achieve stable housing, and improve CoC performance. The CoC has a written reallocation policy that is reviewed annually and approved by the HSP, including all applicants for CoC funding.

Program funds may be reallocated either by a voluntary process or by a competitive system transformation process. The CoC Lead Agency may initiate a competitive reallocation process due to a renewal grantee ending a CoC program, or in order to increase CoC effectiveness by de-funding a project that does not meet CoC needs either because of program type or continual low performance.

FY2019 CoC Application	Page 17	09/20/2019
------------------------	---------	------------

A determination of low performance will be made based on an evaluation of the following criteria:

- •Project performance, which takes into consideration exits to permanency, returns to homelessness, maintenance of permanent housing, increases in participant income, and linkages to mainstream resources;
- •Utilization and effectiveness, which factors bed/unit operating capacity and cost effectiveness relative to project type and population served;
- •Extent of participation in HMIS, including, but not limited to, bed coverage and data quality; and
- •Grant management, which takes into consideration underspending, timely draws, and recaptured funds.

If a project is deemed to be low performing, the CoC Lead Agency will initiate a process by which the low performing project works with the CoC Lead agency to develop a project improvement plan. If, in the timeframe outlined in the project improvement plan, the project has not made significant changes to improve its performance or meet set targets, the CoC reserves the right to reallocate the project.

Funds from reallocated projects will be released as new funds within the CoC, and agencies will have the opportunity to apply for them through a competitive process to create PSH and/or RRH projects.

FY2018 - Performance Measurement Module (Sys PM)

Summary Report for MD-600 - Prince George's County CoC

Measure 1: Length of Time Persons Remain Homeless

average and median length of time homeless. This includes time homeless during the report date range as well as prior to the report start date, going back This measures the number of clients active in the report date range across ES, SH (Metric 1.1) and then ES, SH and TH (Metric 1.2) along with their no further than October, 1, 2012.

Metric 1.1: Change in the average and median length of time persons are homeless in ES and SH projects. Metric 1.2: Change in the average and median length of time persons are homeless in ES, SH, and TH projects.

a. This measure is of the client's entry, exit, and bed night dates strictly as entered in the HMIS system.

	Univ (Pers	Universe Persons)	Averaç (rerage LOT Homeles (bed nights)	neless)	Media (1edian LOT Homeless (bed nights)	neless ()

1.2 Persons in ES, SH, and TH	1406	1308	145	165	20	69	75	9

b. This measure is based on data element 3.17.

This measure includes data from each client's Living Situation (Data Standards element 3.917) response as well as time spent in permanent housing projects between Project Start and Housing Move-In. This information is added to the client's entry date, effectively extending the client's entry date backward in time. This "adjusted entry date" is then used in the calculations just as if it were the client's actual entry date.

The construction of this measure changed, per HUD's specifications, between FY 2016 and FY 2017. HUD is aware that this may impact the change between these two years.

2019 HDX Competition Report FY2018 - SysPM Data Quality MD-600 - Prince George's County CoC

This is a new tab for FY 2016 submissions only. Submission must be performed manually (data cannot be uploaded). Data coverage and quality will allow HUD to better interpret your Sys PM submissions. Your bed coverage data has been imported from the HIC module. The remainder of the data quality points should be pulled from data quality reports made available by your vendor according to the specifications provided in the HMIS Standard Reporting Terminology Glossary. You may need to run multiple reports into order to get data for each combination of year and project type.

You may enter a note about any field if you wish to provide an explanation about your data quality results. This is not required.

MEMORANDUM OF UNDERSTANDING

BETWEEN

HOUSING AUTHORITY OF PRINCE GEORGE'S COUNTY

AND

THE PRINCE GEORGE'S COUNTY DEPARTMENT OF SOCIAL SERVICES AS THE CONTINUUM OF CARE LEAD

FOR

HOMELESS VOUCHERS

This Memorandum of Understanding (MOU) between the Housing Authority of Prince George's County (HAPGC) and the Prince George's County Department of Social Services as the lead agency and collaborative applicant for the MD-600 Continuum of Care (PGCDSS/CoC) contains program content and purpose along with specific guidelines for the implementation and administration of the Homeless Voucher (HV). HAPGC and PGCDSS/COC may be referred to individually as "Party" and collectively as "the Parties." Prince George's County may be referred to as "COUNTY". This agreement shall commence on the date of execution by the parties and shall continue in effect until terminated in accordance with Paragraph XI of this MOU, however the Parties shall be obligated to perform such duties as would normally extend beyond this term including, but not limited to, obligations with respect to indemnification and confidentiality. The relationship between the Parties with regard to this MOU is based upon the following.

I. Introduction and Goals

- a. The Parties recognize the critical importance of the role of housing in stabilization of families experiencing homelessness and are jointly committed to the full implementation and administering of the HV in Prince George's County, Maryland.
- b. The desired outcomes of this MOU are to promote long term housing stability for homeless families by pairing housing choice vouchers with supportive services to provide permanent housing for individuals who are homeless, to reduce and prevent further incidents of homelessness and the associated trauma; to increase health, safety and financial circumstances for HV participants; and to reduce the need for CoC and other higher acuity public response systems or subsidized assistance.
- c. The following staff of the HAPGC and the PGCDSS/CoC will serve as the lead HV liaisons and will be collectively responsible for all activities related to the successful administration of HV:

PHA Representative:

Michelle Johnson, Rental Assistance Division Manager

II. Statement of Cooperation

The HAPGC and PGCDSS/CoC agree to cooperate with HUD by providing requested non-client specific statistical data to the HUD office responsible for program evaluations.

III. Populations to be served

An HV-Eligible participant is defined as any family that is a resident of Prince George's County; that has been certified by the PGCDSS/CoC as homeless; has been determined by the HAPGC as eligible for a Housing Choice Voucher (HCV); and meets one or more of the following criteria:

- a. Lacks a fixed, regular, and adequate nighttime residence;
- b. Has a primary nighttime residence that is a public or private place not meant for human habitation;
- c. Is living in a publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state and local government programs);
- d. Is living in a CoC PSH program and certified by the PGCDSS/CoC as appropriate for transition from a high acuity level of support.
 - e. Is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution;
 - f. Is fleeing/attempting to flee human trafficking;

IV. HAPGC responsibilities:

- a. Train PGCDSS/CoC staff on the HAPGC's HCV procedures.
- b. Set aside two hundred (200) Housing Choice Vouchers for HV.
- c. Accept families certified by the PGCDSS/CoC as meeting the eligibility criteria for a HV Housing Choice Voucher, provided the family also meets HCV eligibility criteria
- d. Determine if families referred by PGCDSS/CoC are eligible for rental assistance under the Housing Choice Voucher Program, and provide assistance in accordance with the Housing Choice Voucher Program guidelines.
- e. Brief the family on compliance with the HCV program participant requirements
- f. Provide notification to the PGCDSS/CoC of all HAPGC appointments scheduled with HV participants.
- g. Provide the status of the unit inspection and lease up activities to PGCDSS/CoC representatives.
- h. Provide notification to the PGCDSS/CoC when housing violations committed by HV participants occur so that intervention and housing stabilization services can be provided to avoid termination from the program whenever and wherever possible. In the event assistance for a family under this program is terminated, the Housing Choice Voucher will be reissued to another eligible family referred by PGCDSS/CoC under this program, as long as HUD continues to fund the Housing Choice Voucher Program.
- i. Refer HV participants to the FSS program which enables HUD-assisted families to increase their earned income and reduce their dependency on welfare assistance and rental subsidies and enroll those families that qualify. At its discretion, the HAPGC may also refer HV/FSS participants to outside providers for counseling on job preparation and attainment, such as, where to look, how to apply, how

Prince George's County Continuum of Care Coordinated Entry Policy

1. Introduction

The CoC Interim Rule defines several responsibilities of the Continuum of Care (578.7 (a) (8). One of these responsibilities is to establish and operate either a centralized or coordinated assessment system, in consultation with recipients of ESG program funds within the geographic area. This coordinated entry/ assessment system provides an initial, comprehensive assessment of the needs of individuals and families for housing and services. Prince George's County Continuum of Care (CoC) has developed the following Coordinated Entry Written Standards for providing assistance using McKinney-Vento Homeless Assistance funds in accordance with the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) CoC Program Interim Rules. As part of the Prince George's County Continuum of Care (MD-600) all Homeless Services Partnership (HSP) member agencies and organizations must participate in the process and accept housing referrals from the Coordinated Entry System.

A coordinated entry/assessment system is defined to mean a coordinated process designed to coordinate program participant intake, assessment, and provision of referrals. The basic minimum requirements for the Continuum's coordinated assessment system includes:

- Covers the entire geographic area of the County,
- Is easily accessed by individuals and families seeking housing or services,
- Is well advertised,
- Includes a comprehensive and standardized assessment tool.

The CoC is required to establish and consistently follow written standards for providing assistance. At a minimum, these written standards must include:

- Policies and procedures for evaluating individuals' and families' eligibility for assistance
- Policies and procedures for determining and prioritizing which eligible individuals and families will receive transitional housing assistance;
- Policies and procedures for determining and prioritizing which eligible individuals and families will receive rapid re-housing assistance;
- Policies and procedures for determining and prioritizing which eligible individuals and families will receive permanent supportive housing assistance;
- · Policies and procedures that ensure assistance is provided fairly and methodically; and
- Policies and procedures to ensure continuous coordinated entry system performance, including implementation of HUD's Coordinated Entry data elements to standardize data collection on core components of coordinated entry -- access, assessment, referral, and prioritization.

Coordinated Entry systems are important in ensuring the success of homeless assistance and homeless prevention programs in communities. In particular, such assessment systems help communities systematically assess the needs of program participants and effectively match

each individual or family with the most appropriate resources available to address that individual or family's particular needs.

Prince George's County's Coordinated Entry process is designed to identify, engage, and assist homeless individuals and families and ensure those who request or need assistance are connected to proper housing and services. Coordinated Entry will ensure that the people who receive housing are the ones who are most in need; not those who are the easiest to serve.

There are three core components to the Coordinated Entry system:

- 1. Standardized access to housing programs
- 2. Standardized Assessment that prioritizes people with the longest histories of homelessness and the most extensive needs
- 3. Coordinated referral that ensures persons are housed as appropriately as possible in the least restrictive environment

2. Overview of the Coordinated Entry System

Most communities, Prince George's County included, lack the resources to meet the needs of all people experiencing homelessness. By utilizing Coordinated Entry, the County ensures that households experiencing homelessness receive the level of assistance that is most appropriate to resolving their homelessness, and that households with the most severe service needs are prioritized for assistance and receive it in a timely manner.

Severe Service Needs are defined as (at least one)

- 1. Repeated incidents of emergency department (ED) use (defined as more than four visits per year) or hospital admissions; or
- 2. Two or more chronic conditions as defined in §1945(h)(2) of the Social Security Act; or
- 3. Frequent and repeated incarceration for crimes related to homelessness i.e. trespassing, public urination

Key elements of Coordinated Entry include:

- A designated coordinated entry team that makes housing referrals within the CoC and has the *Management* responsibility to implement the day-to-day workflow of the process;
- Use of standardized assessment tools to assess consumer needs Housing Prioritization Tool (HPT) and VI-SPDAT;
- Prioritization of consumers with the longest time homeless and the most barriers to returning to housing;
- Referrals based on the results of the assessment tool(s) to homeless assistance programs, mainstream services, behavioral health providers, and other appropriate programs;

- Documentation of VI-SPDAT scores, ranking on the priority housing list, referrals, etc in HMIS or other shared database to ensure transparency;
- Regular bi-weekly Coordinated Entry meetings that includes representatives from ES, TH, and PSH providers, Behavioral Health, Street Outreach and other interested parties;
- A Coordinated Entry Steering Committee (This is a relatively small group of executivelevel decision-makers from the major providers and/or funders of housing or services and mainstream service providers that meets quarterly, or more often when necessary) that is responsible for:
 - Policy oversight: establishing and reviewing policies, procedures and performance benchmarks, measuring performance and identifying system gaps;
 - Evaluation responsibility to assess the performance of the system and create a feedback loop for policy oversight; and
 - o Conflict Resolution and Coordination of funding resources.

The implementation of coordinated entry is a national best practice. When implemented effectively, coordinated entry can:

- Reduce the number of phone calls people experiencing homelessness must make before finding crisis housing or services;
- Reduce new entries into homelessness through coordinated system-wide diversion and prevention efforts;
- Prevent returns to homelessness by placing people in appropriate housing that meets their needs;
- Reduce or remove the need for individual provider wait lists for services;
- Foster increased collaboration between homelessness assistance providers;
- Improve a community's ability to perform well on Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act outcomes and make progress on ending homelessness;
- Target limited funding to achieve maximum results.

3. Coordinated Entry System in Prince George's County

Nondiscrimination — All housing assistance made available through the Prince George's County CoC is available to eligible persons regardless of race, color, national origin, religion, sex, age, familial status, or disability and without regard to actual or perceived sexual orientation, gender identity, or marital status and must comply with the nondiscrimination and equal opportunity provisions of Federal civil rights laws in accordance with 24 CFR 5.105 (a) including, but not limited to the following:

 Fair Housing Act prohibits discriminatory housing practices based on race, color, religion, sex, national origin, disability, or familial status;

- Section 504 of the Rehabilitation Act prohibits discrimination on the basis of disability under any program or activity receiving Federal financial assistance;
- Title VI of the Civil Rights Act prohibits discrimination on the basis of race, color or national origin under any program or activity receiving Federal financial assistance; and
- Title II of the Americans with Disabilities Act prohibits public entities, which includes
 state and local governments, and special purpose districts, from discriminating against
 individuals with disabilities in all their services, programs, and activities, which include
 housing, and housing-related services such as housing search and referral assistance.
 Title III of the Americans with Disabilities Act prohibits private entities that own, lease,
 and operate places of public accommodation, which include shelters, social service
 establishments, and other public accommodations providing housing, from
 discriminating on the basis of disability.

Data Management/Privacy Protections – The coordinated entry process is designed to ensure adequate privacy protections of all participant information. The CoC has written policies and procedures for obtaining participant consent to share and store participant information for purposes of assessing and referring participants through the coordinated entry process. These are detailed in the Prince George's County's HMIS Policies and Procedures Manual, which is hereby incorporated into this policy.

Training – The CoC will provide training protocols and at least one annual training opportunity to participating staff at organizations that serve as access points or otherwise conduct assessments. The purpose of the training is to provide all staff administering assessments with access to materials that clearly describe the methods by which assessments are to be conducted with fidelity to the CoC's coordinated entry process, including its written policies and procedures and any adopted variations.

Evaluation – The Coordinated Entry Steering Committee will develop written policies and procedures that describe the frequency of and method used for the evaluations, including how participants will be selected to provide feedback [and specify how many will be included], and must describe a process by which the evaluation will be used to update existing policy and procedures. Evaluations will be conducted bi-annually and will be designed to answer the core questions:

- Does the CoC's implementation of coordinated entry efficiently and effectively assist persons to end their housing crisis?
- Are the housing and services interventions in the CoC more efficient and effective because of coordinated entry?

Marketing & Education —In order to reach all County residents who may be in need of services, the CoC affirmatively markets their housing and supportive services to eligible persons regardless of race, color, national origin, religion, sex, age, familial status, or disability. The CoC utilizes a number of means to disseminate information about the county's coordinated entry system and educate potential users of the system as well as agencies and service providers who may work with people experiencing or at-risk of homelessness. Special outreach and marketing campaigns utilizing radio, social media and print media have been designed and are utilized to reach specific subpopulations including: domestic violence survivors, transition aged youth, and veterans.

The County's homeless hotline is featured prominently on the county's website as well as being listed in area service guides, and posted in day centers, social service offices, public libraries, and rec centers throughout the county. The street outreach team works closely with area emergency rooms, crisis response, public safety agencies, and public libraries to ensure that they are knowledgeable about the county's coordinated entry system and how to help someone access it. The Coordinated Entry team attends cross-disciplinary meetings with the Departments of Health, Corrections, Education, Social Services, specialty courts, and domestic violence and veteran service providers in order to identify potential system users and to ensure that information on how to access services is well known throughout the county. Additionally, events geared toward the homeless or those at risk of homelessness like the annual point in time enumeration, holiday food and gift giveaway, and homeless services day are advertised widely on social media, in the paper and on local radio stations. DSS keeps a record of these marketing activities

Access, Initial Contact and Engagement

The County has a 24/7 homeless hotline and street outreach teams to ensure that anyone in need of services can easily access them. A no wrong door approach is utilized enabling the homeless to be referred to the hotline or to street outreach (whichever is more appropriate) by day centers, libraries, hospitals, public safety agencies, mental health and social service providers, the religious community, and others.

Homeless Hotline

The County's 24/7 hotline is staffed by people trained in trauma-informed care, and well educated in the County's homeless services and coordinated entry system. Staff screen and assess all callers utilizing the Housing Prioritization Tool (HPT) to determine if they are homeless or at risk of imminent homelessness. All consumers are assisted in being linked to mainstream resources outside the Homeless Services System including: Social Services, Energy Assistance, Somatic and Behavioral Health, SOAR, Employment Programs, Food Pantries, etc. Basic consumer information is entered into HMIS, along with any service transactions provided.

Special populations are identified at this point and appropriate referrals made:

- Veterans: VA and SSVF providers
- Survivors (Domestic Violence, Human Trafficking, Sexual Assault and others): CCSI, House of Ruth, DASH, CAFY, and Trafficking and Sexual Assault Provider partners
- Unaccompanied Youth and Young Adults (13-24): Sasha Bruce Youthwork, Promise Place, MMYF, and St. Ann's
- Returning Citizens: Adams House, Welcome Home, American Justice Reentry & Rehabilitation, Corrections, and the Bridge Cente
- Chronically Homeless and persons experiencing severe somatic and behavioral health challenges: Street Outreach Team, QCI, Crisis Response, Safe Journey House, I Mind, Behavioral Health, Mobile integrated health care, Health Care Alliance, and the CLASP and ACIS teams
- ➤ Elderly and Aging: Adult Protective Services, In Home Aide, TDAP, Assisted living and nursing homes, adult day care, and Metro access.

If a consumer meets the criteria for being homeless or at imminent risk of homelessness, hotline staff immediately makes efforts to divert the household from entering the sheltering system through mediation, emergency rental assistance, and/or rapid re-housing. If homelessness for the individual/family cannot be prevented the individual/family will be placed in emergency shelter, provided space is available. Regardless of whether space is available, the individual/family will be referred and contact information provided to the Coordinated Entry team.

Street Outreach

People living on the street or other places not meant for human habitation are linked to an outreach team who triages the case and ensures the consumer's basic needs are being met as completely as possible. They help facilitate obtaining identification, access to behavioral health providers, food and clothing, and remain in contact with the consumer until a housing plan can be implemented. Street Outreach team members enter consumer information in HMIS and in cases where the person is self-reporting more than one year of continuous homelessness or multiple episodes of homelessness they help gather information to prove chronicity.

Survivors

Victims of human trafficking, sexual assault and /or domestic violence including dating violence, sexual assault, or stalking will be served by a separate coordinated entry process that meets HUD requirements as detailed in the Coordinated Entry Notice. This will ensure that confidentiality and therefore safety can be maintained. Victims of domestic violence may enter the coordinated entry process through the street outreach, the county's 24 hour crisis intervention hotline, the 24 hour homeless hotline or through a victim service provider, which as defined in section 401 (32) in the

McKinney-Vento Act, is a private nonprofit organization whose primary mission is to provide services to victims of domestic violence, dating violence, sexual assault, or stalking.

Unaccompanied Homeless Youth and Transitional Age Youth

Because of the unique needs of TAY, the CoC uses a separate coordinated entry process that meets HUD requirements as detailed in the Coordinated Entry Notice. The process includes the use of the TAY VI-SPDAT and accesses resources that the County has developed specifically to address their needs. Youth enter the coordinated entry process through special street outreach teams, the schools McKinney-Vento liaison, the Maryland Crisis Connect Hotline, the juvenile justice system, the homeless hotline, and referral from youth service providers.

Veterans

Because of the unique needs of Veterans, the County uses a separate coordinated entry process that meets HUD requirements as detailed in the Coordinated Entry Notice. The process includes the use of the VI-SPDAT and full SPDAT and accesses resources that the County has developed specifically to address their needs. Veterans enter the coordinated entry process through special street outreach teams, SSVF and GPD programs, the VA, the homeless hotline, and Serving Together office.

Screening and Assessment

Prince George's County utilizes two assessment tools, the HPT as its initial screening tool and the VI-SPDAT as a more in-depth screening and prioritization tool, to guide referrals for emergency rental assistance, rapid re-housing, transitional housing, subsidized and unsubsidized housing, and permanent supportive housing based on consumer need, program eligibility and services offered.

Housing Prioritization Tool (HPT)

The HPT is an initial screening tool used to assign a color code – green, yellow, orange or red – to a household. These colors provide guidance on the appropriateness of certain housing options and indicate what further interventions, if any, may be offered.

Green Color Code

A green color code indicates a household experiencing first time homelessness and having few barriers to housing. These households are linked to mainstream resources, provided tools to self-resolve their homelessness, and, when appropriate, provided with security deposit and/or first month rent assistance or longer term rapid re-housing.

Yellow, Orange, or Red Color Code

All persons with scoring yellow, orange, or red are referred to the Coordinated Entry team and assessed using the VI-SPDAT

VI-SPDAT

In order to maintain consistency and transparency, VI-SPDATs are conducted by trained members of the Coordinated Entry team who are not direct employees of sheltering or housing programs within the CoC. VI-SPDAT trainings are conducted annually and the CoC currently uses three distinct versions of the VI-SPDAT: singles, families, and transitional age youth. All VI-SPDATs are conducted on the individual/family within 3 days of the referral being made by the Hotline or Street Outreach whenever possible. If the person has been placed in emergency shelter the assessment will take place in the shelter. If the person is on the street and/or was not placed in emergency shelter because of lack of space, the Coordinated Entry team will conduct the assessment at a mutually agreed location.

All VI-SPDATS are entered into HMIS. Case managers will use the information provided by the VI-SPDAT to tailor case management and supportive services options. Additionally, the VI-SPDAT score identifies which housing intervention, if any, is best suited to the household.

The VI-SPDAT tool allows the CoC to quickly identify which consumers have the most barriers to returning to housing so they can be prioritized for a housing intervention. While each housing intervention has its own standards for entry (detailed in Section: 4) in addition to the VI-SPDAT score some of the criteria used to determine a consumer's placement on the priority list for an intervention include:

- HMIS data, which can help determine chronicity, patterns of homelessness, and prior use of rental assistance.
- The extent to which people, especially youth and children, are unsheltered.
- High utilization of crisis or emergency services, including emergency rooms, jails, and psychiatric facilities, to meet basic needs.
- Significant health or behavioral health challenges or functional impairments which require a significant level of support in order to maintain permanent housing.
- Vulnerability to victimization, including physical assault or engaging in trafficking or sex work.

The priority list is updated weekly and is kept as a shared Google document that is utilized by the Coordinated Entry team and available to members of the CoC, and the broader Homeless Services Providers group. Beginning November 1, 2016, the CoC required the VI-SPDAT assessment to be entered into HMIS, in order to begin the process of managing the priority list and coordinated entry referrals to all except DV survivors through HMIS.

Participants in the coordinated entry process are free to decide what information they provide during the assessment process. They will not be denied assessment or services if they refuse to provide certain pieces of information, unless the information is necessary to establish or document program eligibility per the applicable program regulations.

Coordinated Entry Team Meetings/ Referral Protocols

The Coordinated Entry Team determines whether potential participants meet project-specific requirements of the projects for which they are prioritized and to which they are referred. The process of collecting required information and documentation regarding eligibility occurs concurrently with and just after the assessment, scoring, and prioritization processes. However, eligibility information is not used as part of prioritization and ranking.

The Coordinated Entry Team meets bi-weekly to review the prioritized list of homeless consumers and match them to current and upcoming openings within the CoC. The team is composed of representatives from ES, RRH, TH, and PSH providers, the VA, behavioral health providers, the SOAR team, and Street Outreach. Prior to the meeting notice is sent out that includes the minutes from the last meeting, the current prioritized list of homeless households, and any current housing openings within the CoC.

During the bi-weekly meeting the Coordinated Entry Team discusses individual consumers and which program could best serve them. Resources from outside the CoC are discussed and linkages to them provided. Matches are made in priority order from the priority housing list to TH, RRH, and PSH providers. Once the decision is made a referral is completed to the receiving program and the consumer's Housing Navigator arranges a warm hand-off.

Housing Navigators serve as the main point of contact for each individual targeted for a housing intervention. When the consumer is located in a shelter their case manager is their de facto

navigator. If the person is living in a place not meant for human habitation a Street Outreach worker, SOAR specialist or Community Health worker can act as their housing navigator. Navigators provide referrals, offer coordination, or provide in-person support to clients for their mental health, physical health, entitlement enrollment, and other service needs. The level of support provided is based on a client's independence; at a minimum, the housing navigator will serve as the main point of contact for the individual and help collect all documents needed to be placed in housing.

Basic documents to be considered "housing ready" include: 1. Birth Certificate, 2. Social Security card, 3. Government issued photo ID, 4. Proof of any income or zero income statement, 5. Verification of homelessness, and 6. DD-214 if the person is a Veteran.

Referral Rejection Policy

No consumer may be turned away from homeless designated housing due to lack of income, lack of employment, disability status, or substance use unless the project's primary funder requires the exclusion or a previously existing and documented neighborhood covenant/good neighbor agreement has explicitly limited enrollment to clients with a specific set of attributes or characteristics. Housing Providers restricting access to projects based on specific client attributes or characteristics will need to provide documentation to the CoC providing a justification for their enrollment policy.

Both CoC providers and program participants may deny or reject referrals. All service denials should be infrequent and must be documented in HMIS with specific justification as prescribed by the CoC. Allowable criteria for denying a referral includes:

- Consumer /household refused further participation (or client moved out of CoC area)
- Consumer/household does not meet required criteria for program eligibility
- Consumer/household unresponsive to multiple communication attempts
- Consumer resolved crisis without assistance
- Consumer /household safety concerns
- Property management denial (include specific reason documented by property manager and validated under fair housing laws).

Grievance and Appeal Procedure

If a customer or provider is dissatisfied with the decision of the Coordinated Entry Team they must put their concern in writing and request a meeting with the DSS Director of Homeless Programs. The Director of Homeless Programs will review the written document to schedule a meeting with the customer within 5 business days of receiving the request and will render a decision in writing within 5 business days of the meeting.

4. Housing Interventions and Prioritization

Prioritization Standards

The CoC's order of priority ensures that those persons with the longest histories residing in places not meant for human habitation, in emergency shelters, and in safe havens and with the most severe service needs are given first priority in PSH that is dedicated or prioritized for chronic homelessness.

In PSH that is not dedicated or prioritized for chronic homelessness those persons who do not yet meet the definition of chronic homelessness but have the longest histories of homelessness and the most severe service needs, and are therefore the most at risk of becoming chronically homeless, are prioritized.

The matching and referral linkage process utilizes these prioritization criteria for each project type and takes into account the severity of the needs, length of time homeless, subpopulation characteristics, use of emergency public safety services and other criteria depending on the specific project type.

Rapid Rehousing

Rapid Re-housing (RRH) provides Prince George's County residents who are homeless with short-term housing subsidies allowing them to quickly achieve stable housing and become sustainably re-housed. RRH assistance will be provided on a declining basis and all participants will be reassessed monthly to determine individual subsidy levels based on need and progress towards goals. Assistance will cease as soon as the participant is determined to be stable but may be provided for a period of no more than twelve (12) months. See the Prince George's County Continuum of Care: Rapid Re-Housing Policies and Procedures, incorporated herein by reference.

An applicant shall be eligible to receive RRH assistance if he/she:

- Is a resident of Prince George's County.
- 2) Is currently homeless as defined by HUD which includes having a primary nighttime residence that is a publicly or privately operated shelter or transitional housing facility designed to provide temporary living accommodations; or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings;
- 3) Is referred by the HSP's Coordinated Entry Sub-committee,
- 4) Has a documented VI-SPDAT score between 5 and 9, AND
- Has no other housing option (must be validated by the CoC).

Given that there will be more eligible applicants for RRH funds then limited resources can support, additional criteria will be considered by the HSP's Coordinated Entry sub-committee and priority will be given to candidates who demonstrate the current capacity (or well-planned, potential capacity) to quickly achieve stable housing, AND who meet at least one of the following conditions:

- Homelessness status was a result of a one-time crisis financial, health, domestic violence – for whom it can reasonably be assumed will become self-sustaining once the crisis is resolved.
- Reasonable expectation for career advancement or increased income as indicated by tenure in current employment, expected completion of education/vocational programs, achievement of skills and training certifications, or pending military, retirement or social security benefits.
- Documented opportunity of receiving subsidized housing or an assisted living placement within approximately twelve (12) months.
- Referred and case managed by one of the County's problem-solving courts (re-entry, drug, veterans, family and youth).
- Defined as UHY, elderly, Domestic Violence survivor, disabled (including HIV).

Transitional Housing - Rapid Rehousing

An applicant shall be eligible to receive Transitional Housing-Rapid Rehousing if he/she:

- 1) Is a resident of Prince George's County.
- 2) Is currently homeless as defined by HUD which includes having a primary nighttime residence that is a publicly or privately operated shelter or transitional housing facility designed to provide temporary living accommodations; or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings;
- Is referred by the HSP's Coordinated Entry Sub-committee,
- 4) Has a documented VI-SPDAT score between 5 and 9, AND
- 5) Has no other housing option (must be validated by the CoC).

Given that there will be more eligible applicants for TH-RRH then limited resources can support, additional criteria will be considered by the HSP's Coordinated Entry sub-committee and priority will be given to candidates who demonstrate planned, potential capacity to achieve stable housing, **AND** who meet at least one of the following conditions:

- Defined as UHY or Domestic Violence survivor.
- Reasonable expectation for career advancement or increased income as indicated by tenure in current employment, expected completion of education/vocational programs, achievement of skills and training certifications, or pending military, retirement or social security benefits.
- Referred and case managed by one of the County's problem-solving courts (re-entry, drug, veterans, family and youth).

Permanent Supportive Housing

All admissions into PSH must come through Coordinated Entry and be accompanied by the CoC's Verification of Chronic Homelessness Documentation Checklist and Summary (addendum a). Prince George's County CoC has adopted the provisions and requirements set out in the HUD Notice CPD-14-012 for the Prioritizing Person's Experiencing Chronic Homeless and Other

Vulnerable Homeless Persons in Permanent Supportive as the baseline written standards for operations of Permanent Supportive Housing Programs within the CoC.

PSH Dedicated or Prioritized for PSH

Order of Priority 1: A household should be prioritized first in dedicated or prioritized PSH if all of the following are true:

- Individual or head of household meets the definition of chronically homeless per 24 CFR 578.3; and,
- The length of time the individual or head of household has been homeless is at least 12 months continuously or over a of at least four occasions in the past 3 years where the total length of time homeless totals at least 12 months; and,
- The individual or head of household has been identified as having severe service needs.

Order of Priority 2: A household should be prioritized second in dedicated or prioritized PSH if all of the following are true:

- Individual or head of household meets the definition of chronically homeless per 24 CFR 578.3; and,
- The length of time the individual or head of household has been living in a place not meant for human habitation, a safe haven, or in an emergency shelter is at least 12 months continuously or over a period of at least four occasions in the past 3 years where the total length of time homeless totals at least 12 months; and,
- The individual or head of household has NOT been identified as having severe service needs; and,
- There are no chronically homeless households within the CoC's geographic area that meet the criteria under Order of Priority 1 for dedicated or prioritized PSH.

Order of Priority 3: A household should be prioritized third in dedicated or prioritized PSH if all of the following are true:

- Individual or head of household meets the definition of chronically homeless per 24 CFR 578.3; and,
- The length of time the individual or head of household has been living in a place not meant for human habitation, a safe haven, or in an emergency shelter is at least four occasions in the past 3 years where the total length of time homeless totals less than 12 months; and,
- The individual or head of household has been identified as having severe service needs;
 and
- There are no chronically homeless households within the CoC's geographic area that meet the criteria under Order of Priority 1 and 2 for dedicated or prioritized PSH.

Order of Priority 4: A household should be prioritized fourth in dedicated or prioritized PSH if all of the following are true:

- Individual or head of household meets the definition of chronically homeless per 24 CFR 578.3;
- The length of time the individual or head of household has been living in a place not meant for human habitation, a safe haven, or in an emergency shelter is at least four occasions in the past 3 years where the total length of time homeless totals less than 12 months; and,
- The individual or head of household has NOT been identified as having severe service needs; and
- There are no chronically homeless households within the CoC's geographic area that meet the criteria under Order of Priority 1, 2, and 3 for dedicated or prioritized PSH.

PSH that is not dedicated or prioritized for Chronically Homeless:

Order of Priority 1: A household should be prioritized first in non-dedicated and non-prioritized PSH if the following are true:

- Household is eligible for CoC Program-funded PSH meaning that there is a household member with a disability and they are coming from a place not meant for human habitation, a safe haven, or in an emergency shelter. This includes persons exiting an institution where they have resided for 90 days or less but were living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter immediately prior to entering the institution; and
- The household has been identified as having severe service needs.

Order of Priority 2: A household should be prioritized second in non-dedicated and non-prioritized PSH if all of the following are true:

- Household is eligible for CoC Program-funded PSH meaning that there is a household member with a disability and they are coming from a place not meant for human habitation, safe haven, or emergency shelter. This includes persons exiting an institution where they have resided for 90 days or less but were living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter immediately prior to entering the institution; and,
- The household has been living in a place not meant for human habitation, a safe haven, or in an emergency shelter for at least 6 months or has experienced three occasions in the past 3 years of living in one of these locations; and,
- The household has NOT been identified as having severe service needs; and,
- There are no eligible households within the CoC's geographic area that meet the criteria under Order of Priority 1 for non-dedicated or non-prioritized PSH.

Order of Priority 3: A household should be prioritized third in non-dedicated and non-prioritized PSH if all of the following are true:

 Household is eligible for CoC Program-funded PSH meaning that there is a household member with a disability and they are coming from a place not meant for human habitation, safe haven, or emergency shelter. This includes persons exiting an institution

- where they have resided for 90 days or less but were living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter immediately prior to entering the institution; and,
- The household has NOT been identified as having severe service needs AND has been living in a place not meant for human habitation, a safe haven, or in an emergency shelter for less than six months or has experienced less than three occasions of living in one of these locations in the past 3 years; and,
- There are no eligible households within the CoC's geographic area that meet the criteria under Order of Priority 1 and 2 for non-dedicated or non-prioritized PSH.

Order of Priority 4: A household should be prioritized fourth in non-dedicated and non-prioritized PSH if the following is true:

- Any household that is eligible for CoC Program-funded PSH meaning that there is a
 household member with a disability and they are coming from transitional housing
 where they entered directly from a place not meant for human habitation, emergency
 shelter, or safe haven.
- There are no eligible households within the CoC's geographic area that meet the criteria under Order of Priority 1, 2, and 3 for non-dedicated or non-prioritized PSH.

Move Out Strategy

The Coordinated Entry Team will routinely screen all CoC PSH programs to identify participants living in a CoC PSH program and certified by the CoC as appropriate for transition from a high acuity level of support into other less restrictive housing opportunities to create opportunities for placement of new high acuity admissions from the CoC by name registry.

Verification of Chronic Homelessness Documentation Checklist and Summary

First priority for Permanent Supportive Housing (PSH) is reserved for chronically homeless persons. To be considered chronically homeless, the Head of Household (HoH) must meet at least one of the specific elements of each of the following criteria:

1. Housing Status

- a. Currently homeless and has been continuously homeless for one year or longer
- Currently homeless and has experienced four or more occasions of homelessness, totaling 12 months or more, in the past three years
- c. Has been residing in an institutional care facility for fewer than 90 days and his/her housing status was either a. or b. before entering that facility

2. Disability

- a. Developmental Disability
- b. HIV or AIDS
- c. Physical, mental, or emotional impairment that meets all of the following criteria:
 - i. Is expected to be of long-continuing or indefinite duration, and
 - ii. Impedes the individual's ability to live independently, and
 - iii. Is such that the ability to live independently could be improved with more suitable housing

Prince George's County Continuum of Care Vulnerability Index Survey Opening Script

We are here to talk to you about your housing and service needs. If you give us permission, we will ask you some questions for about 10 minutes. These questions are about your health and housing. We will ask you for your social security number, and also ask to take your picture. The picture is only used inside our continuum so that we can be sure we are serving the right client, and it is not used for social media or outside communications.

By participating in the interview you give the Prince George's County Continuum of Care permission to share your information with authorized agencies for the purpose of coordinating services and housing in the county (organizations are listed on the Client Information Authorization form).

Some of the questions we ask might make you feel uncomfortable or be upsetting. If you feel uncomfortable or upset during the interview, you may ask us to take a break, or to skip any of the questions. None of the questions are intended to deny you access to our services. The information that you give us during the interview will be stored in a secure database and be shared with outreach workers and case managers who may follow up with you for services.

All of your information will be kept secure. Individuals who have seen it have signed confidentiality waivers and will not share your information. You can skip any questions you do not want to answer, you can end the interview at any point, you can choose not to have your picture taken.

No one will be upset or angry if you decide not to be interviewed today.

The FY 2019 CoC Program Competition is Now Open

The Notice of Funding Availability (NOFA) for the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition has been posted to the <u>FY 2019 CoC Program Competition: Funding Availability</u> page on the HUD Exchange. Additional resources are available on the <u>e-snaps</u> page on the HUD Exchange.

The CoC Application, CoC Priority Listing, and Project Applications will be **available the week of July 8, 2019** in <u>e-snaps</u>. Collaborative Applicants and project applicants will be able to access the applications to review, update, and enter information that is required for the application process.

Submission Deadline: Monday, September 30, 2019 at 8:00 PM EDT

Project Applicants

- Returning project applicants can choose to import the FY 2018 renewal project application responses; however, this must be requested during your registration of the Renewal Funding Opportunity in e-snaps and is only available if you submitted a renewal project application in last year's FY 2018 CoC Program Competition. Imported responses should be carefully reviewed to ensure accuracy and that the information is a true representation of the project activities.
- First-time renewal projects must complete the entire renewal project application.
- New project applications must be completed in full and in line with the new project application components permitted in this year's competition
- CoC planning and UFA Costs applications will only be reviewed if submitted by the CoC's designated Collaborative Applicant identified in the CoC Applicant Profile in e-snaps.
- Dedicated HMIS projects, renewal and new, can only be submitted by the CoC's designated HMIS Lead as identified in the CoC Applicant Profile in e-snaps.

Collaborative Applicants

 The CoC Application and CoC Priority Listing with all project applications accepted and ranked or rejected are separate submissions in e-snaps.
 Collaborative Applicants must submit both parts of the CoC Consolidated Application by the application submission deadline for HUD to consider the CoC Consolidated Application to be complete. The CoC Competition Report, and <u>instructions on how to access the report</u>, that includes data reported in the <u>Homelessness Data Exchange</u> (HDX) is available for use by Collaborative Applicants to complete portions of the FY 2019 CoC Application.

What's New for the FY 2019 CoC Program Competition

The list below highlights some important information regarding new concepts CoCs should consider while planning for the FY 2019 CoC Program Competition. This list is not exhaustive and additional details are in the NOFA.

- Youth Homelessness Demonstration Program (YHDP) Renewals. Many of the YHDP projects awarded in FY 2016 are due for first-time renewal in the FY 2019 CoC Program Competition. See Section II.B.6 of the NOFA for additional details.
- Expansion Projects. The application submission process for renewal projects
 that want to submit a new expansion project has changed. See Section III.C.2.j
 of the NOFA for additional details.
- Domestic Violence (DV) Bonus Projects. There is another up to \$50 million available for new DV Bonus projects (Section III.B.2.c of the NOFA) and many of the DV Bonus projects awarded in last year's FY 2018 CoC Program Competition are eligible for renewal.
- CoC Bonus. The CoC Bonus is calculated differently in FY 2019. As stated in Section III.C.2.c of the NOFA, "...CoC is eligible to apply for up to 5 percent of its Final Pro Rata Need (FPRN), or 25 percent of the CoC's Preliminary Pro Rata Need (PPRN) minus its Annual Renewal Demand (ARD), whichever is greater. To be eligible to receive a bonus project, a CoC must demonstrate that it ranks projects based on how they improve system performance as outlined in Section VII.B.1.a of this NOFA. The available amount per CoC can be found on the CoC Estimated ARD Report on the HUD Exchange.

Additional Guidance

HUD has posted, or will post, additional guidance regarding the FY 2019 CoC Program Competition that includes, but is not limited to:

Available Today:

- FY 2019 CoC Estimated ARD Report
- CoC Program Competition Report (HDX)
- PHA Crosswalk

Available in the coming weeks:

- Frequently Asked Questions (FAQs)
- Detailed Instructions and Navigational Guides
 - CoC Application
 - CoC Priority Listing
 - Project Applications

See the <u>e-snaps</u>: CoC <u>Program Applications and Grants Management System</u> and the <u>FY 2019 CoC Program Competition</u>: <u>Funding Availability</u> pages on the HUD Exchange for a complete listing of information and guidance.

Questions

If you have questions pertaining to *e-snaps* technical issues or the FY 2019 CoC Program Competition, submit your questions to the *e-snaps* Ask A Question (AAQ)

<u>portal</u>. To submit a question to the *e-snaps* AAQ portal, select "*e-snaps*" from the "My question is related to" dropdown list on Step 2 of the question submission process.

If you have questions related to the CoC Program interim rule or a policy related question, submit your questions to the CoC Program AAQ portal. To submit a question to the CoC AAQ portal, select "CoC: Continuum of Care Program" from the "My question is related to" dropdown list on Step 2 of the question submission process.

Listserv Notifications

If you are aware or suspect that the Collaborative Applicant for your CoC is not currently receiving these listserv messages, please forward the following link so the Collaborative Applicant can register to receive listserv messages as this is the only form HUD uses to communicate CoC Program information to the public: https://www.hudexchange.info/mailinglist/.

2019 HUD CoC NOFA Overview

The CoC NOFA was released on Monday, July 3, 2019 and will close on Monday, September 30, 2019. Current and Potential applicants should see the 2019 CoC Submission Deadlines chart for local deadlines. The NOFA and other important documents can be found at:

https://www.hudexchange.info/programs/e-snaps/fy-2019-coc-program-nofa-coc-program-competition/?utm_source=HUD+Exchange+Mailing+List&utm_campaign=abd5353529-FY 2019 CoC Competition NOFA 7.3.19&utm_medium=email&utm_term=0_f32b935a5f-abd5353529-19348129#nofa-and-notices

Once again this year HUD will require Collaborative Applicants to rank all projects (new, reallocations, consolidations, non DV and DV bonus, and renewals) into two tiers. Applications ranking high enough to be listed in Tier 1 will be funded. Applications in Tier 2 will be funded based on the merits of the overall CoC application and our performance against established HUD performance measures and reporting standards. In 2018, we received all of Tier 1 and Tier 2 project renewals plus 1 new non-DV PSH bonus expansion project that added \$314,395 to our HUD CoC funding.

In 2019 competition:

Prince Georges County's 2019 **Annual Renewal Amount (ARD)** is \$5,660,147. This is the amount of money we need to renew all of our current grants, and does not include potential new projects or bonus money.

Tier 1 is equal to 95 percent of the CoC's ARD - \$5,359,201. That places 5 percent of the CoC's ARD - \$300,946 in Tier 2 and therefore at some risk for defunding.

Regular Bonus - We can apply for up to 5 percent of our ARD - \$283,007 — which can fund more than one project. Eligible projects under the bonus include: Permanent Supportive Housing, Rapid Re-housing, and joint Transitional /Rapid Re-housing programs.

DV Bonus – We can apply for up to \$370,582 in DV bonus money to fund an SSO Coordinated Entry, PH-RRH or a joint TH and PH-RRH project that serves people who are fleeing domestic violence situations. If a project application designated as DV Bonus is selected by HUD for award out of the DV Bonus funds, it will be removed from the CoC's priority listing and project applications ranked below the DV Bonus project will slide up one rank position. If the DV Bonus project is not selected with DV Bonus funds, it will retain its spot on the priority list and by considered for funding under the regular amount available to the CoC.

Total potential bonus money equals \$653.589

Summary:

Tier 1: \$5,359,201 Represents 95% of the CoC's ARD

Tier 2: \$954,535 Represents 5% (\$300,946) of the CoC's ARD plus the CoC's maximum potential bonus

funding for DV and non DV projects (\$653,589)

CoC Planning: \$169,804 Not Ranked and not calculated in Tier 1 or Tier 2

TOTAL POTENTIAL FUNDING OPPORTUNITY: \$6,483,540

NOTE: These represent the maximum allowable for each Tier but the CoC may elect to place renewal *and* bonus projects in either tier bases on merit and recommendations of the CoC's ranking panel.

<u>Prince George's County Continuum of Care</u> <u>CoC Program - Ranking and Selection Process</u>

Each year the U.S. Department of Housing and Urban Development (HUD) allocates funding for homeless assistance programs through the Continuum of Care (CoC) competition process. In order to receive funding, each Continuum of Care must submit a consolidated application for funding that describes how local activities meet or exceed HUD requirements and are aligned with community needs. The CoC is required to rank in order of priority funding requests from all eligible providers for inclusion in the Consolidated Application. In accordance with HUD's Homeless Policy and Program Priorities (as stated in the 2019 HUD CoC Program Application Notice of Funding Availability (NOFA), the CoC will prioritize project applications based on the extent to which they advance these goals:

- 1. Ending homelessness for all persons. The CoC will consider at a minimum, each applicant's: a. performance against system outcomes including the average length of homeless episodes, rates of return to homelessness, and other factors to determine whether the applicant is effectively serving people experiencing homelessness; b. outreach strategies to identify and continuously engage unsheltered individuals and families; c. Serve individuals and families identified by the CoC as having the highest needs and longest experiences of homelessness; and d. Other CoC specific criteria outlined in the CoC's annual application scoring document(s).
- 2. Create a systemic response to homelessness. The CoC will consider at a minimum, a. how effectively each applicant's project ensures that homeless assistance is well coordinated, well managed, inclusive, transparent, and achieves positive outcomes, b. Meets CoC System Performance Goals including length of stay, exits to permanent housing, increased income, and recidivism, and c. Participates in the CoC's Coordinated Entry process to promote participant choice, coordinate homeless assistance and ensure timely access to mainstream housing and services.
- 3. Strategically allocate and use resources. The CoC will consider at a minimum, each applicant's: a. Cost effectiveness, b. Match and leveraging contributions, c. Project quality and performance, d. Use of mainstream and community-based resources, e. Partnerships with other government, faith-based, and nonprofit resources specializing in areas such as treating mental illness and substance abuse, job training, life skills, and similar activities that help CoC Program participants, whenever possible, reach recovery, self-sufficiency, and independence.
- 4. Use an Evidence-Based Approach. The CoC will prioritize projects that employ strong use of data and evidence, including cost-effectiveness and impact of homelessness programs on positive housing outcomes, recovery, self-sufficiency, and reducing homelessness. The CoC will evaluate projects using these measures: a. Prioritizes rapid placement and stabilization in permanent housing, b. Rates of positive housing outcomes, c. Improvements in employment and income, d. Improvements in overall well-being. E. Engages landlords and property managers as partners in housing re-stabilization, and e. promotes client-centered services. Housing-First is one evidence-based approach that the CoC strongly encourages providers to utilize.

Prince George's County CoC (MD-600) is eligible to renew a total of 19 projects for the 2019 HUD CoC Program Competition. Projects are eligible for renewal for FY 2019 funds if they have an executed grant agreement by December 31, 2019 and have an expiration date that occurs

in Calendar Year 2020 (the period between January 1, 2020 and December 31, 2020). These projects are renewable under the CoC Program Competition as set forth in 24 CFR 578.33 to continue ongoing leasing, operating, supportive services, rental assistance, HMIS, and project administration costs. "The FY 2019 CoC Program Competition Estimated ARD Report" for the CoC reflects the opportunity for funding at the following levels: \$5,660,147 for renewal/reallocation/consolidation/transition projects, \$169,804 for the planning project, \$283,007 for new projects under the permanent housing bonus, and \$370,582 for new projects under the DV housing bonus to provide survivors of domestic violence with PH-RRH or TH-RRH.

All applications will be ranked in two tiers; Tier 1 is equal to \$5,395,201 and Tier 2 is equal to \$954,535 (the difference between Tier 1 and ARD plus the DV and permanent housing bonuses). Tier 1 ranked projects will be fully funded as long as the CoC's application meets all threshold and eligibility requirements and the Federal government provides sufficient funding. Tier 2 projects will be evaluated based on a combination of the CoC application score, ranking order, and adoption of Housing First tenets and will be assigned eligible points based on their ranking by the CoC in Tier 2. HUD will select projects in order of point value until there are no more funds available. Project applications placed in Tier 2 are at the highest risk of non-funding.

The Homeless Services Partnership (HSP) is the CoC operating body in Prince George's County, and as such is responsible for the creation, implementation and monitoring of the County's 10-Year Plan to prevent and end homelessness. In order to ensure a fair and transparent ranking process for the Continuum of Care competition, the process will be:

- 1. Publically announced by the CoC;
- 2. Described and distributed in writing to the entire CoC;
- 3. Reviewed by the entire membership of the CoC during a designated meeting;
- 4. Recorded in the minutes of the designated meeting including all decisions made concerning the review and ranking; and
- 5. Minutes distributed to the entire CoC.

As part of the process, the Executive Committee of the HSP (CoC Board) reviews HUD requirements and priorities, reviews local data to determine CoC housing needs and priorities including the use of the reallocation process to create new projects that improve overall CoC performance and better responds to the needs of the County's homeless, and develops ranking criteria for all projects seeking funding through the Continuum of Care Competition.

The HSP ratifies these criteria and creates an ad-hoc Project Review Committee (PRC) that includes public and private representatives of the HSP who are not employees, board members or volunteers of a project applicant that is requesting new or renewal funding. The PRC is responsible for reviewing and ranking project applications, and recommending projects for inclusion in the application submitted to HUD.

The Prince George's County Department of Social Services (PGCDSS), acting as the Collaborative Applicant for the Prince George's County MD Continuum of Care, supports the PRC but is not a voting member -- their role is to coordinate the ranking process and provide necessary data to the PRC including analysis of CoC housing needs and program performance reports. PGCDSS identifies HUD requirements and priorities for funding, compiles materials for each renewal project, announces funding availability to agencies interested in submitting new projects, develops an evaluation tool used to rate projects, schedules committee meetings to conduct the review process, and provides technical assistance to applicants.

Members of the committee review information related to the needs of the CoC such as the most recent housing inventory chart, Point-in-Time data, federal priorities & identified service gaps. Committee members review renewal projects based on utilization, outcome performance, cost effectiveness, Continuum of Care priority needs, alignment with HUD priorities, and compliance with HUD funding requirements. New bonus project applications will be reviewed for project quality in alignment of HUD priorities and priority to the Prince George's County Continuum of Care.

Each Project Application is scored individually with ranking priority determined by committee consensus. All applicants will be notified directly regarding the recommendations of the committee. If a project is not recommended for funding, the committee will notify the project applicant, in writing, of this decision. Once the PRC has concluded its review and ranking, the committee's recommendations will be presented to the entire HSP for discussion and ratification. At this time there will be an opportunity for any person or organization disagreeing with the ranking order to provide argument for an alternative ranking. Final ratification will be determined by majority vote of all HSP members present, with each organization or agency in good standing receiving a single vote.

MEMORANDUM OF UNDERSTANDING

Between

PRINCE GEORGE'S COUNTY DEPARTMENT OF SOCIAL SERVICES

AND

THE BOARD OF EDUCATION OF PRINCE GEORGE'S COUNTY

This Memorandum of Understanding represents a collaborative endeavor to improve outcomes and provide opportunities for children, including birth to age five, to experience academic, social, and emotional success, in spite of their homeless status. The collaborating Participants include the Prince George's County Department of Social Services, Community Services Division and Family Investment Division; the Board of Education of Prince George's County, Homeless Education Office, Early Childhood Office, Department of Food and Nutrition Services, Title I Office, and the Judy Hoyer Family Learning Center. The Participants will work together to positively impact the opportunities for homeless children, youth, and their families by engaging in the following activities:

1. Planning and Coordination;

- A. Establishing a schedule for regular communication among the Participants.
- B. Sharing information about programs and services available to support the needs of the homeless children, youth, and their families.
- C. Developing a system to coordinate referrals between agencies to avoid delay and duplication of effort.
- D. Promoting awareness of the needs of homeless children, youth, and their families throughout the educational, health, social services and faith-based communities in Prince George's County.
- E. Developing a system to collect and analyze data on the ability of homeless families to quickly and efficiently access community services.
- F. Tracking attendance and progress of homeless children in educational programs, including pre-kindergarten, Head Start and Judy Center activities.
- G. Tracking timely referrals between Participants and other agencies providing community services to homeless children, youth, and their families.

2. Family Outreach:

- A. Coordinating meetings and activities for homeless families with children participating in the programs.
- B. Providing outreach to parents, including information on educational, health and community support services.
- C. Identifying obstacles to parent participation in programs and services.
- D. Working with parents to overcome identified barriers to participation in programs and services.
- E. Coordinating referrals to other agencies to assist homeless families, children, and youth.

3. Term of Agreement:

The term of this Memorandum of Understanding shall begin on the date of Execution and end on September 30, 2020. This Memorandum of Understanding may be renewed for additional year(s) if the participants mutually agree to such extension in writing.

[Signature Page Follows]

IN WITNESS WHEREOF, the parties hereto have caused the Agreement to be effective on the date the last party executes and delivers the Agreement to the other party.
