## **PROCEDURES / RESPONSIBILITIES**

### **General Guidelines**

Any inquiry regarding the installation of a cellular/radio tower on County-owned property shall be directed to Research, Planning, and Development (RPD).

RPD shall forward all requests to the Office of the Fire Chief for consideration. Upon approval of the Fire Chief, and prior to the installation of any tower on County-owned property, the Fire Chief will forward the request to the Office of Central Services (OCS) for consideration and appropriate action.

Should the construction of a tower be approved by the County, the construction of the tower will be coordinated between Facilities Operations Maintenance (FOM) and RPD to ensure station operations are not disrupted.
