Only the best for you and your family.

Dear <Sample A. Sample>,

You want the best for your family. From your home and vacations to the technology you use, you know the satisfaction and peace of mind that comes with having the best. So why trust your home entertainment to cable? Why settle for service that's second best?

With speeds you can believe in and a company you can trust, only Fios® delivers the full power of the internet.

Fios took the internet and completely reinvented it. Now you can get our fastest speed ever—a mind-blowing 750 Mbps, with uploads as instant as downloads. Imagine everyone in your home fully enjoying the internet at the same time. It's internet the way it should be and the fastest available, so you know you're getting the best.

And now you can have this incredible speed—plus unbeatable picture quality, a Custom TV package, Fios Digital Voice, HBO® and HBO GO® for one year (reg. \$15/mo), and Multi-Room DVR service free for two years—all for \$169.99 a month for one year (\$174.99 a month for year two with a two-year agreement, plus taxes, RSN, FDV, other fees and \$12/month STB equipment charges). Offer ends 4.15.17.

Cable can't touch speeds this fast at a price this good. Only Fios can. And switching couldn't be easier. A highly trained, local Verizon technician will get you up and running—our white-glove installation includes setting up your Wi-Fi and even connecting your compatible devices.

Call or order online and see for yourself why J.D. Power awarded us "Highest Residential Service Satisfaction in the East" four years in a row.*

You deserve the best. Get it with the fastest internet speed we've ever offered.
