Re: Property: Quarter Avenue
Capitol Heights, MD 20743
Borrower: N/A N/A
File No.: 1903020

In accordance with your request, we have appraised the above referenced property. The report of that appraisal is attached.

The purpose of this appraisal is to estimate the market value of the property described in this appraisal report, as improved, in unencumbered fee simple title of ownership.

This report is based on a physical analysis of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject. The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice.

The value conclusions reported are as of the effective date stated in the body of the report and contingent upon the certification and limiting conditions attached.

It has been a pleasure to assist you. Please do not hesitate to contact me or any of my staff if we can be of additional service to you.

Sincerely,

Jacquelin Sonceau

Summary of Sales Comparison Approach The sales presented are considered comparable based on location, size, zoning and utility compared to the subject property. Other sales analyzed would require less desirable adjustments and were not utilized for that reason. Sales recited are from the subjects market area and are in an acceptable proximity to the subject. All value affecting dissimilarities were adjusted according to market reaction. The indicated range of values brackets the value of the subject. Comparable sale #2 carried the most weight in the reconciliation, because it is the most recent sale and has the same utility as the subject.

- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the *Uniform Standards of Professional Appraisal Practice*.
- I have made a personal inspection of the property that is the subject of this report.
- No one provided significant real property appraisal assistance to the person signing this certification.
- The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.

Definition of exposure time, per the Appraisal Institute: "Exposure Time" is: The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based on an analysis of past events assuming a competitive and open market.

Comparable sale #2, #3 and #4 are over 1 mile from the subject property. This distance is farther than standard search parameters but it was necessary to expand this parameter to find comparables that were similar in overall appeal, design, condition, utility, and amenities. The sales presented were considered the best available.

The comparable sales used in this report have not all closed within the past 90 days of the effective date of the appraisal, and/or are within 1 mile of the subject. The comparables used were the best available to the appraiser, as of the date of the inspection.

Per the MLS, the neighborhood housing trend has been stable over the past 12 months, therefore, no time adjustment is warranted to the comparable sales.

The subject site is land-locked, so the street with the closest access was near Marlbor Pike.

COMMENTS ON SALES COMPARISON

The comparables presented are considered the best available featuring design, appeal, condition, utility, and amenities similar to the subject property. Other comparables analyzed would require less desirable adjustments and were not utilized for that reason. The comparables recited are from the subject neighborhood, are in acceptable proximity to the subject, are recent, and the most comparable sale and listing found. All value affecting dissimilarities were adjusted according to market reaction. The indicated range of values brackets the value of the subject. Features regarding each comparable is listed below.

COMPARABLE #1: recent sale; in close proximity of subject; raw land, similar to the subject; superior utility, utilities available, compared to the subject, warranting a negative adjustment; the same zoning as the subject; the same lot size as the subject;

COMPARABLE #2: recent sale; in close proximity of subject; raw land, similar to the subject; same utility as the subject; similar zoning as the subject; similar lot size, the market does not show a reaction to the difference, therefore, no adjustment is warranted;

COMPARABLE #3: recent sale; in close proximity of subject; raw land, similar to the subject; superior utility, utilities available, compared to the subject, warranting a negative adjustment; same zoning as the subject; similar lot size, the market does not show a reaction to the difference, therefore, no adjustment is warranted;

COMPARABLE #4: recent sale; in close proximity of subject; raw land, similar to the subject; superior utility, utilities available, compared to the subject, warranting a negative adjustment; same zoning as the subject; similar lot size, the market does not show a reaction to the difference, therefore, no adjustment is warranted;

The subject of this appraisal assignment is an unimproved parcel of land. The property is zoned X and the highest and best use is to hold for assemblage. As of the effective date of this assignment the property had no additional approvals or entitlements, per the owner or owners representative. Therefore, the appraiser makes the extraordinary assumption that no approvals or entitlements exists. Approvals required for development include an approved site plan as well as permits for grading and water/well and sewer/septic hookup.

The sales comparison approach is the most appropriate method for determining the market value of the subject property. In developing the sales comparison approach the market area of the subject as well as competing market areas were sourced for sales of competing properties.

Brief Economic Facts

PRINCE GEORGE'S COUNTY, MARYLAND

Prince George's County wraps around the eastern boundary of Washington, D.C. and offers urban, suburban and rural settings. The region is served by three international airports and the Port of Baltimore. The county boasts a friendly business climate, skilled workers and an outstanding quality of life.

Prince George's County has one of the largest technology and aerospace sectors in the state and a growing hospitality sector. Major private employers include SGT, Inovalon, Verizon, and MGM National Harbor Casino and Resort. The county's private sector industries generate \$25.6 billion in economic output. The Brickyards, Woodmore Towne Centre and National Harbor are recent, high-quality mixed-use developments, and Westphalia Town Center is currently under development.

Prince George's County has significant federal facilities, such as Joint Base Andrews, NASA Goddard Space Flight Center, FDA, NOAA, USDA Beltsville Agricultural Research Center, and

the U.S. Citizenship and Immigration Services headquarters currently under construction. Academic facilities include the University of Maryland College Park, the state's flagship public university, and other major institutions. The county's commitment to business growth is reflected by the recent location or expansion of 2U and Kaiser Permanente of the Mid-Atlantic. The county's healthcare sector is also growing, led by the UM Capital Region Medical Center currently under construction.
