

For the health and safety of staff, clients, and visitors, MLA's 12 statewide offices have re-opened for walk-in intake on a limited basis. The walk-in intake procedures follow a strict set of protocols intended to protect the health and safety of all staff, clients, and visitors. As such, clients should not bring guests with them when coming to MLA offices.

Those seeking in-person assistance will undergo a brief health assessment and temperature check, and will be required to social distance and wear a mask/face covering that covers the nose and mouth during their visit.

Applicants can continue to apply for help by telephone and online, 24 hours a day, 7 days a week. Current MLA clients should call their advocate before coming to an MLA office.

Each of MLA's 12 statewide office locations is taking CDC-recommended health and safety precautions against COVID-19, and is prepared to assist individuals with a variety of civil legal issues, including, but not limited to:

- Illegal evictions
- Family law matters
- Protective orders
- Bankruptcy filings
- Debt collection disputes
- Denials or terminations of unemployment and public benefits

Additionally, MLA's Community Lawyering Initiative is still actively providing legal assistance in person and by email and telephone in coordination with local libraries, schools, and community partners.
