## I. INTRODUCTION

---

The Housing Authority of Prince George’s County (HAPGC or Authority) is inviting nonprofit and for-profit property owners, and developers to submit proposals for consideration of the provision of Housing Choice Vouchers (HCV) under its Project-Based Assistance (PBV) Program for mobility and/or sensory accessible units in compliance with the Uniform Federal Accessibility Standards (UFAS) at Section 4.34 (hereinafter referred to as “Accessible Units”) and any related requirements regarding Accessible Routes as defined by the statute. Under the Project-Based Voucher (PBV) Program, the subsidy is attached to specific units for an original contract term of 15 years.

The Housing Authority of Prince George’s County (HAPGC) will accept response to this Request for Proposal (RFP) on a triannual basis starting July 2020 and will issue this notice in the next cycle thereafter based on the availability of PBVs and/or until all UFAS units are committed. Pursuant to 24 CFR § 983.51(d), HAPGC will give notice of its selection by the end of each triannual cycle and prior to issuance of a new RFP until all required PBV units has been contracted with a third party.

Under this Request for Proposal (RFP) and subject to funding availability, HAPGC will provide no less than sixty-nine (69) vouchers for project-based assistance for Accessible Units. The project-based vouchers will be available for qualified new construction projects, rehabilitation projects, and existing properties.

- **New Construction** is defined as housing units that do not exist on the proposal selection date and are developed/built after the date of selection pursuant to an agreement between the HAPGC and the owner for use under the PBV program.
- **Rehabilitated housing** is defined as housing units that currently exist but require at least \$5,000 in rehabilitation per unit.
- **Existing housing** is defined as housing units that already exist on the proposal selection date and comply with the Uniform Federal Accessibility Standards (UFAS) for persons with mobility impairments as detailed at 4.34 and the Housing Quality Standards (HQS) before execution of the Housing Assistance Payment (HAP) contract between the owner and HAPGC.

Any property for which a PBV contract is offered will be required to certify compliance with applicable UFAS requirements for an Accessible Unit with an accessible route. Any PBV contract will require identification of the specific units that are certified Accessible and a commitment by the successful Respondent that the units will be committed to HAPGC for its use throughout the duration of the HAP contract and any renewal thereafter. This requirement applies to both new and rehabilitated units.

HAPGC seeks a proposal or proposals that will yield the following unit composition and may select several responses to fulfill the unit composition as listed below:

- No more than eight (8) one-bedroom units designated to elderly families;
- Thirty-one (31) two-bedroom units; and
- Thirty (30) units with three or more bedrooms.

HAPGC will consider proposals for one-bedroom Accessible Units but gives a preference to properties offering two or more-bedroom Accessible Units.

Units awarded assistance under this RFP must be occupied by Respondents referred by HAPGC from its Project-Based Waitlist only. When a PBV unit becomes vacant, the PBV landlord will be required to notify HAPGC and the Authority will refer eligible Respondents for housing to the assisted units from its Project-Based Voucher Waitlist. The owner must select tenants for the assisted units from Respondents referred to the owner from HAPGC. Any award under this RFP will require a commitment by the “Successful Bidders” to identify the specific Accessible Units that will be identified in the HAP contract. A response offering floating units will not be considered unless all proffered units are certified Accessible Units.

This RFP is presented as follows:

By virtue of completing, signing and submitting the completed documents, the Respondent is stating his/her agreement to comply with all conditions and requirements set forth within these documents.

1. Prepare your proposal in a practical, legible, clear, and straightforward manner. RFPs containing any conditions, omissions, unexplained erasures or alterations, or irregularities of any kind, may be rejected by the HAPGC.
2. RFPs submitted are irrevocable for 90 days following the submission. This period may be extended at the HAPGC’s request only with the offeror’s written consent.
3. Unless there is no need for negotiations with any other offerors, negotiations shall be conducted with offerors who submit proposals determined to have a reasonable chance of being selected for award, based on evaluation against the technical and price factors as specified in the RFP. Such offerors shall be accorded fair and equal treatment with respect to any opportunity for negotiation and revision of proposals. The purpose of negotiations shall be to seek clarification with regard to this solicitation and advise solicitors of the deficiencies in both the technical and price aspects of their proposals so as to assure full understanding of the conformance to the solicitation requirements. No offeror shall be provided any information about any other offeror’s proposal, and no offeror shall be assisted in bringing its proposal up to the level of any other proposal. Offerors shall not be directed to reduce their proposed prices to a specific amount in order to be considered for award.

5. Any actual or prospective contractor may protest the solicitation or award of a contract for the serious violations of the principles of this Statement. Any protest against a solicitation must be received before the due date for receipt of bids or proposals, and any protest against the award of a contract must be received within ten calendar days after contract award, or the protest will not be considered. All protests shall be in writing, submitted to the Contracting Officer, who shall issue a written decision on the matter. HAPGC reserves the right to reject any and all proposals, to waive any formality in the RFP process, or to terminate the RFP process at any time, if deemed by the HAPGC to be in its best interest. The HAPGC reserves the right not to award a contract pursuant to this RFP. HAPGC shall have no obligation to compensate any proposer for any costs incurred in responding to this RFP.

A solicitation may be canceled and all bids or proposals that have already been received may be rejected if: the supplies, services, or construction are no longer required; ambiguous or otherwise inadequate specifications were part of the solicitation; the solicitation did not provide for consideration of all factors of significance to HAPGC; prices exceed available

funds; there is reason to believe that bids or proposals may not have been independently arrived at in open competition, may have been collusive, or may have been submitted in bad faith; or for good cause of a similar nature when it is in the best interest of the HAPGC.

The reasons for cancellation shall be documented in the procurement file and the reasons for cancellation and/or rejection shall be provided upon request to any offeror solicited.

A notice of cancellation shall be sent to all offerors solicited and, if appropriate, shall explain that they will be given an opportunity to compete on any solicitation or future procurement of similar items.

7. If all otherwise acceptable proposals received in response to an RFP are at unreasonable prices, or only one proposal is received and the price is unreasonable, the HAPGC shall reject the solicitation and either: a) re-solicit on a quarterly basis using a request for proposals; or b) complete the procurement by using the competitive proposals method (when more than one otherwise acceptable proposal has been received) or by using the noncompetitive proposals method (when only one proposal is received at an unreasonable price); provided, that the Contracting Officer determines in writing that such action is appropriate, all offeror’s are informed of the HAPGC’s intent to negotiate, and each responsible offeror is given a reasonable opportunity to negotiate.
8. If it becomes necessary to revise this RFP, amendments will be provided to all prospective offeror’s that were sent this RFP or otherwise are known by the HAPGC to have obtained this RFP. Acknowledgement of the receipt of all amendments to the RFP must accompany the offeror’s proposal. Failure to acknowledge receipt does not relieve the offeror from complying with all terms of any such amendment.
