

## TAX RELIEF PROGRAMS FOR HOMEOWNERS

Property owners may be eligible for credits to reduce their tax liability. For a complete list of credits, please visit the County's website at [www.princegeorgescountymd.gov](http://www.princegeorgescountymd.gov). In the Search Bar, type Property Tax Credits. A few of the more common credits and exemptions include the following:

### HOMESTEAD TAX CREDIT

After the first full tax year of ownership, the Homestead Tax Credit limits the annual increase in taxable assessment on owner-occupied residential properties to a fixed percentage. The State taxable assessment increase is limited to 10%. For FY2021, the County taxable assessment increase is limited to 2%. If the assessed value decreases, the Homestead Tax Credit will also decrease. To qualify for this credit, you must submit an application to the State Department of Assessments and Taxation. For more information, please refer to the State's website at [www.dat.maryland.gov](http://www.dat.maryland.gov) and type Homestead Tax Credit in the Search Bar or call 1-866-650-8783.

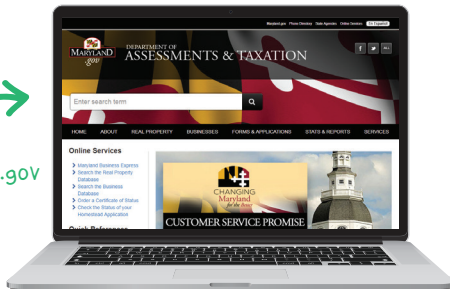

### HOMEOWNERS TAX CREDIT

A property tax credit is available to all residential homeowners who have a combined household income up to \$60,000 and net assets that do not exceed \$200,000. Net assets exclude the value of your home(s) and the value of your qualified retirement plan(s). To qualify for this credit, each year you must submit an application to the State Department of Assessments and Taxation by September 1st. For more information, please refer to the State's website at [www.dat.maryland.gov](http://www.dat.maryland.gov) and type Homeowners Tax Credit in the Search Bar or call 1-800-944-7403.

### VETERANS EXEMPTION

Veterans who have been certified by the U.S. Department of Veterans Affairs as completely and permanently disabled are eligible for a full exemption of real property taxes on a single residential property owned and occupied by the certified veteran (or a surviving spouse). The property owner must submit a one-time application for this exemption to the State for approval. (The owner will be exempt from all taxes but will still owe all fees such as solid waste charges.) For more information, please refer to the State's website at [www.dat.maryland.gov](http://www.dat.maryland.gov) and type Veterans Exemption in the Search Bar.

## TAX RATES

The Treasury Division of the Office of Finance is the Tax Collector for several governmental taxing authorities that include: Prince George's County, State of Maryland, Incorporated Municipalities, Maryland-National Capital Park and Planning Commission (M-NCPPC) and the Washington Suburban Transit Commission (WSTC). The taxes you pay are determined by multiplying the assessed value by the applicable tax rate and dividing by \$100.

### COUNTY TAX RATE\*

\$1.0000 per \$100 Assessed Value

### STATE TAX RATE

\$0.1120 per \$100 Assessed Value

### M-NCPPC TAX RATE

\$0.2940 per \$100 Assessed Value

### STORMWATER/FLOOD CONTROL TAX RATES

\$0.0540 per \$100 Assessed Value – Area 1

\$0.0120 per \$100 Assessed Value – Area 2

### WSTC TAX RATE

\$0.0260 per \$100 Assessed Value

\* The County tax rate is reduced for properties located within incorporated areas (municipalities).

## MUNICIPAL TAX RATE DIFFERENTIAL

Prince George's County levies a separate tax rate, referred to as the "municipal tax rate differential," that applies to property located within a particular Incorporated Municipality. This differential reduces the County's property tax revenues to recognize governmental services and programs that municipal governments perform instead of similar County services to the extent that such services are funded through property tax revenues.

## OTHER CHARGES

You may be subject to additional charges on your tax bill such as the State Bay Restoration charge if you utilize a private septic system, a Federally-mandated Clean Water Act fee to address stormwater runoff pollution, a Solid Waste charge for trash and recycling services or a Front Foot Benefit charge if your property is connected to water and/or sewer lines. There also may be special area taxes to pay the debt service on bonds that finance specific infrastructure improvements.

## PROPERTY ASSESSMENTS

The State Department of Assessments and Taxation (SDAT) determines the assessed value of all real property in the State of Maryland. When the value goes up, the increase is spread equally over a three-year period. When the value goes down, it stays at the reduced amount for a three-year period. The change takes effect on July 1st of the following year. The assessed value is printed in the top right section of the tax bill. For more information, please refer to [www.dat.maryland.gov](http://www.dat.maryland.gov) and type Assessments Guide in the Search Bar.

## CONSTANT YIELD TAX RATE

The Constant Yield Tax Rate is simply a property tax rate that, when applied to new assessments, will result in the taxing authority receiving the same revenue in the coming year that was produced in the prior year. The County's real property tax rate as of July 1, 2019 was \$1.00 and the certified assessable real property as of July 1, 2019 in the unincorporated area was \$64.2 billion. The assessment multiplied by the rate produced real property tax revenues of \$642.4 million. For taxable year 2021, the certified assessment of the net assessable real property in the unincorporated area is \$66.1 billion. To produce the same real property tax revenues as 2020 the real property tax rate would be \$0.9712. However, for FY21 the County's actual real property tax rate is \$1.0000. This will result in County property tax revenues of \$19.0 million above the constant yield.
