

Public Notice

TAXI RATE INCREASE

Beginning October 7, 2017 taxicab meters will be adjusted to reflect a five cent rate increase, from twenty five cents to thirty cents per one-seventh of a mile of a trip. During the two week period, starting on October 7th, when all taxicab meters are being adjusted, you may notice that these two different rates are charged, depending on the taxicab as the fare meters are transitioned to this new rate.

The Department of Public Works and Transportation is working diligently to ensure a smooth transition. If you have any questions or concerns, please contact the Taxi Licensing Section at (301) 324-2719.
