

The Bus: October 2017 Service Change Overview

Schedule Changes

Routes 21, 23, 35, and 53

- Prince George's County DPW&T made schedule adjustments to add or take away extra time to improve on-time performance.

Route Adjustments

Route 18: Langley Park – Addison Road

- Due to traffic congestion, one new (northbound) trip will be added at 3:45pm from Addison Road Metro Station; and one new (southbound) trip will leave the Takoma-Langley Transit Center at 5:20 pm

Route 28: Largo- Woodmore

- It will convert to a loop, operating every 45 minutes.
- This route will no longer layover at Campus Way North and Grey Gables Court; instead will continue onto Largo Metro Station.
- To make it easier for passengers to understand the extended route, the new Route 28 bus schedule will have a reference to Loop A and Loop B.
 - **Loop A:** Leaves Largo Metro Station and goes to Jericho Residences, Apollo Drive, Kaiser Permanente, McCormick Drive, Woodmore and Campus Way North at Grey Gables **and returns back to Largo Metro Station via Lottsford Road.**
 - **Loop B:** Leaves Largo Metro Station and goes to Campus Way North **via Lottsford Road**, Woodmore Town Center, McCormick Drive, Kaiser Permanente, Apollo, Jericho Residences and then ends at Largo Station.
 - Two new bus stops will be added on Lottsford Road between MD-202 and McCormick Drive, near the Jaspers and Outback Steakhouse
 - Woodmore area residents and workers will have a quicker trip to and from Largo Metro Station.

Route 35s – Fort Washington

- Before arriving at National Harbor, the bus will stop at Oxon Hill Park and Ride and MGM Casino. After leaving National Harbor, the bus will not return back to Oxon Hill Park and Ride Lot, instead it will turn right at Oxon Hill Road from MGM National Avenue and head south towards Fort Washington.
 - Reason: To improve on-time performance on the bus route
- Bus Operators may need to remind passengers about the elimination of the second (non-timepoint) stop at Oxon Hill Park and Ride Lot
- No new schedule produced for this change
- Current scheduled times remain the same.
