Let's Vote!

Exciting things are happening at DPIE! We're approaching the completion of Phase I of the new system to replace ePermits. In a few short months, we'll launch Phase I — Licensing!

The next step is naming the new system, so let's vote.

The system that has served the County well for over a decade is called ePermits. The new system will more fully incorporate all of the County's processes related to permits, licensing, inspections and code enforcement. We need a name that speaks to that. Please click on the link below to cast your vote.

https://www.surveymonkey.com/r/XXPSLNN

Please note, voting ends Tuesday, May 12th. Thanks, and let the voting begin!

ProjectFlow is an enhancement of workflows within ePlan. The new ProjectFlow for *As-Built* was released on April 27, 2020.

Site/Road and IT team members worked collaboratively for effective rollouts which included requirements gathering, system implementation, user acceptance testing (UAT), system testing and go-live testing.

We want to give special shout-outs to the following team leads: Cynthia Brown and Reisha Raney from the Limbic Systems team; Mary Giles, Michele Glaze, Nfor "Gideon" Adamu, Mariwan Abdullah, Steve Snyder, Rey De Guzman, Inna Mazelev, Yonas Tesfai and Michael Mitiku from DPIE's Site/Road Plan Review Division. Thank you all! **GREAT JOB**!

Also, thank you for being part of DPIE's *continuous improvement* efforts.

ProjectFlow enhancements include:

- ***Workflow Designer*** — *A*llows applicants and staff to view where they are in the process and to understand the overall process flow.

- ***Reporting*** — Enhanced features allow more detailed reports for both applicants and staff.

- ***Checklists*** and ***Comments*** — Enhanced features assist applicants to better understand requirements.

WHAT IS THE U.S. CENSUS?

By law, every 10 years the U.S. Census counts every resident in the United States. Your participation determines representation and how billions in federal funds are distributed. If our community is undercounted, friends and neighbors miss out on an estimated **$18,250 per person over a 10-year period**. Statewide, that's a total of **$26.6 billion over a 10-year period**.
