

ANNOUNCING THE REVISED SCHEDULING OF LEGISLATIVE CYCLE OF AMENDMENTS TO THE 2018 WATER AND SEWER PLAN

BULLETIN 2020-01

The Department of Permitting, Inspections and Enforcement (DPIE) is revising the scheduling of the Legislative Cycle of water and sewer category amendments for consistency with the County's Legislative Year. The new Legislative cycle months for water and sewer category changes are: **March, June, September and December**. The previously announced months of January, April, July and October (*except January 2020*) are no longer valid.

The filing deadlines for Legislative Cycle of Amendments for projects requesting to advance from Category 5 to Category 4 are **March 1, June 1, September 1, and December 1**. This revision to the Legislative cycles does not affect the Administrative cycles that are available throughout the year, except for the months of August and December. The Administrative Cycle of Amendments are for projects eligible to advance from Category 4 to Category 3. Plan 2018 application forms provided by DPIE are required for all plan amendments, final plat reviews and residential waivers. DPIE application forms and *Appendix 6-2, Fee Schedule* from the 2018 Water and Sewer Plan may be found at:
