Executive Summary

The Federal Fiscal Year 2025 (County FY 2026) Consolidated Annual Performance and Evaluation Report (CAPER) highlights the Prince George's County Department of Housing and Community Development's (DHCD) achievements in providing decent housing, suitable living environments, and expanding economic opportunities for low to moderate-income residents. The following provides a summary of accomplishments in meeting outlined goals as described in County's Fiscal Year (FY) 2026 Annual Action Plan.

The FY 2026 Annual Action Plan (AAP) supports the implementation of the FY 2026-2030 Consolidated Plan by leveraging annual allocations of entitlement funds appropriated by the U.S. Congress: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grants (ESG). The Prince George's County Department of Housing and Community Development (DHCD) is the administering agency of the CDBG, HOME, and ESG programs.

In accordance with the U.S. Department of Housing and Urban Development (HUD) regulation 24 C.F.R. § 91.520(a), the County is required to report and assess the progress made towards achieving its 5-year and 1-year goals within ninety (90) days after the program year ends in its Consolidated Annual Performance and Evaluation Report (CAPER). The FY 2026 CAPER marks the first performance period of the FY 2026-2030 Consolidated Plan.

The following summarizes the goals and outcomes, the racial and ethnic composition of families assisted, and available resources and investments made during the program year 2026.

CR-05 – Goals and Outcomes

Consistent with the FY 2026-2030 Consolidated Plan and the implementation of the FY 2026 Annual Action Plan, the County accomplished the following goals.

1. Prevent homelessness: prevent 250 residents from becoming homeless through evidence-based interventions by 2030.

   The County met 12 percent of its 5-year goal by providing tenant-based rental assistance to 29 persons at risk of homelessness with the use of ESG and CDBG funds in FY 2026. An additional, 68 persons were assisted with Housing Opportunities for Persons with AIDS (HOPWA) funds. The District of Columbia, Department of Health, HIV/AIDS Administration, Hepatitis, STD and TB Administration (HAHSTA) is the Regional Grantee on behalf of the Washington, D.C. Eligible Metropolitan Area (EMA). HAHSTA serves as the HOPWA administering agency for Prince George's County and provides HOPWA funds for housing supportive services.

2. Reduce homelessness: increase safe, stable and affordable housing opportunities for 200 residents experiencing homelessness with accessibility to wrap-around services by 2030.

   The County met 24 percent of its 5-year goal by providing tenant-based rental assistance to 48 persons experiencing homelessness with the use of ESG funds in FY 2026.

3. Preserve & improve existing affordable rental housing: preserve and improve the quality of existing affordable rental housing opportunities for 550 low-income residents by 2030.

The County met 23% of its 5-year goal by rehabilitating 129 rental units with the use of CDBG and HOME funds in FY 2026.

4. Improve housing conditions for homeowners: increase housing stability, quality, and resiliency for 150 low- and moderate-income homeowners (e.g., critical home repairs, energy efficiency & weatherization improvements, and accessibility modifications) by 2030.

   In FY 2026, DHCD did not use CDBG funds to improve housing conditions for homeowners. However, DHCD used local funds such as the Housing Investment Trust Funds (HITF) for homeowner rehabilitation activities. In FY 2026, 28 homes were improved with the use of other local funds.

5. Increase the supply of affordable rental homes: increase the number of affordable rental homes, especially for 200 low-income residents by 2030.

   The County met 81 percent of its 5-year goal by constructing 162 new rental units with the use of CDBG and HOME funds.

6. Increase access to homeownership: through development financing and financial assistance, increase homeownership opportunities for 300 low- and moderate-income residents (e.g., construction/rehabilitation of for-sale homes, down payment assistance, counseling) by 2030.

   The County met 8 percent of its 5-year goal with the use of CDBG and HOME funds by developing single-family units and financial assistance for 23 homeowners.

7. Strengthen the bandwidth of CHDOs: increase the capacity of community housing development organizations by three (3), especially those serving residents in priority geographic areas, through operating resources and technical assistance/professional development opportunities by 2030.

   In FY 2026, DHCD provided technical assistance to one (1) non-profit organization (Sowing Empowerment and Economic Development, Inc. (SEED)) to become a CHDO. It is anticipated that SEED will be certified in FY 2027.

   In addition, DHCD received technical assistance from a HUD Community Planning and Development Technical Assistance provider to determine how to impact the efficiency and capability of CHDOs.

8. Improve the quality of life for residents: improve the quality of life for residents through the provision of essential public services (e.g., childcare, health services, senior services, youth programming, fair housing counseling) for 30,000 low- and moderate-income residents and investments in the built environment (e.g., transportation improvements and public facilities) for 130,000 low- and moderate-income residents by 2030.

   The County met 10 percent of its 5-year goal by providing public services assistance to 2,968 low- and moderate-income residents and met 22 percent of its 5-year goal by access to improved public

facilities and infrastructures for 28,583 low- and moderate-income residents in FY 2026 with the use of CDBG funds.

The outcome percentage reported for Public Services was primarily attributable to delays in program implementation rather than a lack of demand or subrecipient performance. The County received HUD's award grant agreement later than anticipated, which delayed the availability of entitlement funds and the execution of operating agreements with funded subrecipients, which shortened the period to provide services and achieve the projected outcomes during the reporting year.

9. Support economic mobility: support economic mobility for 500 low- and moderate-income residents with workforce development programs by 2030.

   The County met 37 percent of its 5-year goal with the use of CDBG funds by assisting 170 low- and moderate-income persons in FY 2026.

10. Strengthen the County's economy: through economic development initiatives, support 150 small businesses and create and/or retain 400 jobs to foster stronger communities across the county by 2030.

    The FY 2026 goal was not met due to implementation delays affecting CDBG-funded economic development activities requiring extensive technical assistance throughout implementation. However, the activities were successfully completed and will be reported in the FY 2027 CAPER.

Response to COVID-19 Pandemic

As a part of the County's response to the COVID-19 pandemic, the County leveraged Community Development Block Grant Cares Act (CDBG-CV) funds in an effort to prevent, prepare for, and respond to the coronavirus by supporting activities (i.e., food banks, housing counseling and health services) benefitting low and moderate-income residents impacted by COVID-19. The following describes accomplishment met to date.

CDBG-CV Goal: Support public services activities that provide housing counseling, food pantry, as well as other activities to 4,372 persons impacted by COVID-19 by 2026. The County exceeded its 6-year goal by assisting 116,812 low and moderate-income persons impacted by COVID-19.

Use of HUD Funds

In FY 2026, Prince George's County used its federal entitlement funds and other resources to address the following priority needs over the next five years:

- Prevention and reduction of chronic homelessness
- Preservation of existing affordable housing
- Improve the quality of existing owner-occupied homes
- Creation of new affordable housing (diversity of rental and homeownership opportunities)
- Expansion of public services, prioritizing youth/young adults and aging/elderly
- Safe and inclusive public infrastructure
- Workforce and economic development resources

These needs have been well-documented through complementary planning efforts over the last several years. These efforts include the Housing Opportunity for All; HOME-ARP Plan; Continuum of Care Prevention Demonstration Program; the Purple Line Corridor Coalition's Housing Action Plan; and Plan 2035, amongst others. In these planning efforts, these needs were consistently identified through data analysis and cited as key concerns by county residents and cross sector stakeholders, including nonprofit and for-profit developers; service providers; and employers, during community engagement activities.

CR-10 - Racial and Ethnic Composition of Families Assisted

During FY 2026, with the use of the County's CDBG, HOME, and ESG funds, 5,782 households benefited through various federally-funded projects such as: housing counseling, employment training, housing rehabilitation, rental assistance, emergency shelter, etc. The majority of the total clients served were Black or African American and Hispanic. Activities based on low and moderate-income areas (LMAs) are not included in Table 2.

CR-15 - Resources and Investments

Available Resources

Prince George's County is qualified as an urban County entitled to receive grant funds from the U.S. Department of Housing and Urban Development (HUD). These entitlement funds are appropriated by the U.S. Congress each year and distributed on a formula basis to local jurisdictions. The County's Annual Action Plans support the implementation of its FY 2026-2030 Consolidated Plan by leveraging the annual allocations of HUD entitlement funds: CDBG, HOME, and ESG entitlement fund resources to address the housing priority needs and objectives described in the Consolidated Plan.

In FY 2026, the County had an available balance from prior years a total of $35,560,215.23 in federal and program income funds. The resources used consisted of entitlement funds (CDBG, HOME, and ESG), CDBG CARES Act (CDBG-CV) funds, HOME ARP, and CDBG and HOME program income generated from previous CDBG and HOME activities. During the end of the fiscal year, the County expended $9,626,268.99 of the total funds available. See Table 3 below. The remaining available funds are committed to other eligible activities and funds expended which are associated with those activities will be reflected in future CAPERs.

Section 108 Loan Guarantee Funds: The County has access to up to $25 million in Section 108 Loan Guarantee Funds to establish a loan pool and will leverage our locally funded Housing Investment Trust Funded (HITF) to support development efforts throughout the County. To date, no Section 108 Loans have been established.

Geographic Distribution and Location of Investments

HUD Table 4 describes the geographic distribution and location of the County's investments during FY 2026. The County's federal funds were invested in areas that relied on selected parameters, such as access to jobs, age of housing stock, areas with higher-than-average LMI households, areas with higher-than-average cost burden, areas experiencing development that can be leveraged, and areas near the purple and blue line corridors to promote Transit Oriented Development (TOD). These geographic priorities will inform the level and type of investment needed to improve opportunities in areas where existing access is not as strong relative to the rest of the Washington, D.C. region and expand housing opportunities in areas where access to opportunity is stronger relative to the region. In FY 2026, DHCD did not use HUD funds to improve the quality of owner-occupied home. However, DHCD used local funds such as the Housing Investment Trust Funds (HITF) for homeowner rehabilitation activities. The majority (73 percent) of the HUD funds were invested in public infrastructure and the creation of new affordable housing.

Leveraging

In FY 2026, the County used the following HUD entitlement funds to obtain public and private resources that addressed the priority needs in the Annual Action Plan.

CDBG and CDBG-CV Programs: The CDBG programs operate on a reimbursement basis. The prospective applicant will use CDBG funds as leverage when seeking other funding sources in efforts to successfully carry out their activity. During FY 2026, CDBG funds were leveraged dollar-for-dollar.

CDBG Program Income: The County uses program income generated from the following programs:

- CDBG Revolving Loan (RL): Program income is used as a revolving loan to support the Housing Rehabilitation Assistance Program (HRAP).
- Multi-family and Commercial Loans and Lead Identification Testing (LIFT): Program income is use for eligible affordable housing, economic development, public facilities, and infrastructure improvements, planning and administration and public services activities.

ESG Programs: The County must use ESG funds to leverage other public and private funds necessary to adequately provide essential supportive services to the County's homeless population. The ESG Program

requires a match of not less than 100 percent of the ESG funds. During FY 2026, local general funds were used to leverage ESG funds.

Neighborhood Stabilization Program (NSP) – Upon approval from HUD, DHCD may convert any program income received from the NSP program to CDBG program income.

HOME and HOME-American Rescue Plan (ARP) Programs: Under the National Affordable Housing Act, which authorized the HOME program, matching contributions are required as the State and local government stake in the HOME program. The match is the local, non-Federal, permanent contribution to affordable housing, and is not counted to leveraging requirements. The HOME program requires the County to provide a match of not less than 25 percent of the HOME funds drawn down for project costs. During FY 2026, the County incurred a HOME Match liability of $281,425.88. However, the County has an excess match from prior federal fiscal years in the amount of $77,099,806.62 to meet the Match liability requirement. See Tables 5 below.

HOME Program Income: The County uses program income generated for new construction or rehabilitation of affordable and/or workforce housing opportunities. During FY 2026, $3,784,914.77 program income was made available, of which $547,369.38 was expended during the reporting period.

HOME Minority Business Enterprises and Women Business Enterprises Reports (MBE/WBE)

Prince George's County ensures good faith efforts towards the inclusion of minorities and women in all contracts entered into by the County in order to facilitate affordable housing activities. Contracts and subcontracts with minority-and women-owned business can cover various types of projects such as purchases, consulting services, construction, and economic development. There were no HOME funded

development projects completed during this reporting period.

During this reporting period, two (2) HOME funded projects were completed although they have not been marked completed in IDIS as there are still close-out tasks being performed. However, the department has obtained the MBE/WBE data for these projects. The projects are Hillhouse at Beechfield (senior rental) and Fairmount Heights Net Zero Homes (homeownership development)

CR-20 - Affordable Housing

According to Title II of the Cranston-Gonzalez National Affordable Housing Act, as amended, Prince George's County must describe the projected number of households that meet the Section 215 Qualifications as Affordable Housing requirements with federally funded programs (CDBG, HOME, and ESG). The generally accepted definition of affordability is for households to pay no more than 30 percent of its annual income on housing. HUD Tables 8 and 9 provide the goal and actual number of low to moderate-income households that were assisted with the use of CDBG, HOME, and ESG funds.

The one-year goal was to provide affordable housing to approximately 260 households by supporting activities such as: rental assistance for homeless and special needs families (i.e., seniors), rehabilitation of existing homeowner and rental units for low to moderate-income households, production of new affordable rental units, and direct financial assistance to low and moderate-income homebuyers. In FY 2026, the County provided affordable housing to 391 households. The County exceeded its annual goal.

Problems Encountered in Meeting the Goals

In FY 2026, the County met its annual affordable housing goals.

Extremely Low to Moderate-Income Persons Served with the Use of CDBG and HOME Funds

HUD Table 10 provides the number of extremely-low to moderate-income households assisted CDBG and HOME during FY 2026. DHCD used the Prince George's County, Maryland Income Limits, as required by HUD which set income limits that determine eligibility of applicants for HUD assisted housing programs. HUD's standard that is typically used to judge income types in the County is based on a percentage of area median income (AMI) established by HUD using the base 2025 and 2026 median family income (MFI) for the County. DHCD used the "uncapped" income limits to determine applicant eligibility to participate in the County's homeowner rehabilitation, homebuyer assistance, and renter assistance programs administered with CDBG and/or HOME funds.

In FY 2026, the County assisted 391 households HUD funds. Eighty percent or 314 households were assisted with CDBG and HOME funded activities such as: homeowner housing rehabilitation, downpayment assistance, multi-rental housing construction, and acquisition rehabilitation. The majority of the households were extremely low- to low-income households.

Addressing the Worst-case Needs: Households with extremely low-income (0-30 percent of their family income) are considered under-served and have the "worst-case needs." The majority of these households are renters. The County leverages HUD funds by encouraging and forming partnerships with non-profit organizations, municipalities, local government agencies, and for-profit organizations that will serve extremely low-income households at or below 30 percent of the AMI. See CR-35 - Other Actions for list of projects that served households at or below 30 percent of the AMI during the program year.

Actions Taken To Foster and Maintain Affordable Housing: Through *Housing Opportunity for All*, the County is taking a dual approach to housing investments. The goal is to remove regulatory barriers and other hurdles to make development easier across the board. The second goal is to use public policy and resources to help produce new housing options, especially for lower income households that the private market may not serve. See CR-35 – Other Actions for a list of public policies and housing options implemented in FY 2026.

CR-25 - Homeless and Other Special Needs

The Prince George's County Continuum of Care (CoC) is responsible for the needs assessments, gap analysis, service coordination, resource development, policy and procedures, and system performance evaluation of programs and services to residents who are unhoused or at imminent risk of being unhoused. The CoC's priorities for continued homeless system improvement include but are not limited

to the following:

- Redesign the front end of the system to include expanded diversion, prevention and housing problem solving initiatives and continue work towards declaring functional zero across all sub-populations
- Redesign housing programs to significantly shorten exits to permanent housing
- Expand and expedite access to employment and unearned income sources (including mainstream benefits and social security benefits) to increase income assets
- Fill program gaps including development of respite, treatment and crisis beds, and pursue opportunities to launch a health care for the homeless initiative in the County
- Build on local innovations in prevention and intervention responses for unaccompanied homeless youth and launch local testing of Youth Homelessness Systems Improvement (YHSI) pilots
- Build content for YouthCareNetwork, a locally developed social media platform connecting youth with services
- Evaluate and improve all front-end shelter facilities (layout and operations) to maximize access
- Partner across the housing, homeless, and health care systems to maintain local inventory of Permanent Supportive Housing (PSH) units,
- Work with community partners to establish 750 affordable housing units
- Strengthen opportunities to invest in and center people with lived experience in all CoC work

Preventing and ending homelessness centers the voices of People with Lived Experience and Expertise (PLEE) to ensure solutions are person-centered and responsive to real-life challenges and is structured around seven (7) interconnected initiatives that provide the essential infrastructure, support systems, and partnerships needed to sustain and amplify those solutions stemming from a solid and encompassing foundation.

Table 11 - PLEE Interconnected Initiatives

Solution Initiatives	Foundational Initiatives
Housing: Expand affordable housing options and ensure rapid, access to stable housing	**Collaboration:** Build cross-sector partnerships and shared leadership to align efforts.
Health and Well-Being: Strengthen services that facilitate health and well-being and integrate care for vulnerable populations.	**Education and Advocacy:** Raise awareness, mobilize stakeholders, and drive policy change.
Prevention: Stop homelessness before it starts with early intervention and rental assistance.	**Data:** Use transparent, real-time data to inform decisions and track progress.
	Resource Development: Secure sustainable funding and partnerships to support long-term solutions.

Street Outreach

The CoC's street outreach system is designed to consistently and frequently engage with the unhoused community including our encampment residents of the County. Our focus is to reduce trauma, develop trust and forge the relationships needed to encourage the acceptance of services and/or shelter and to permanently end the experience of homelessness. In FY 2026, the goal was to use Emergency Solutions Grants (ESG) funds to engage with approximately fifty (50) homeless individuals. During FY26, 174 individuals were engaged.

Shelter (Operational/Essential)

In FY 2026, the goal was to use Emergency Solutions Grants (ESG) funds to shelter approximately 500 individuals. The County exceeded its goal by serving 544 individuals.

The CoC's priorities are to help the transformation of the emergency and transitional components of its shelter response system by:

1. Centralizing triage to facilitate timely assessment and placement in the quickest route to permanency.
2. Significantly increasing funding for diversion, prevention, stability and rapid re-housing.
3. Creating a system wide retraining of the emergency shelter workforce in an Emergency Shelter Function (ESF 6) model of intervention and integration of new staff with skill sets in negotiation, housing location and landlord/tenant relations.
4. Reallocating transitional housing to rapid rehousing programs where the CoC deems appropriate.
5. Prioritizing and investing in move out strategies that continue to encourage and support successful permanent exits from the system.

Households At Risk of Homelessness

The CoC uses a multi-faceted approach to preventing households from becoming unhoused and entering the shelter system including housing problem solving and stabilization, budget/credit counseling, landlord/tenant mediation, and financial assistance. In the event diversion or prevention are not possible, the CoC also works to help rapidly rehouse residents and minimize the trauma they experience including outreach and engagement, case management, housing search, lease up/eviction prevention and follow-up.

In FY 2026, the goal was to use ESG funds to provide services to fifteen (15) households at imminent risk of homelessness in order to preserve and maintain stable housing, including but not limited to payment of rental arrearages and ongoing support, outreach and engagement, case management, and follow-up. Seventeen (17) households/Twenty-one (21) individuals were served.

Homeless Individuals and Families Served

In FY 2026, the County assisted 1,265 homeless individuals which was a 20% increase from FY 2025 in large part due to the severe weather challenges, continued trend in increased length of stays in emergency shelter in response to the rapidly escalating regional cost of living and the default placement of those with complex somatic and behavioral health concerns in shelter because more appropriate long term housing solutions are not available. Table 12 below compares the total sheltered for FY 2025 and FY 2026. Table 13 below describes the subpopulations that were served during the reporting year (FY 2026).

Other Special Needs

The District of Columbia, Department of Health, HIV/AIDS Administration, Hepatitis, STD and TB Administration (HAHSTA) is the Regional Grantee on behalf of the Washington, D.C. Eligible Metropolitan Area (EMA). HAHSTA serves as the Housing Opportunities for Persons With HIV/AIDS (HOPWA) administering agency for Prince George's County and provides HOPWA funds for housing supportive services such as: tenant-based rental assistance and short-term/emergency housing payments to persons living with HIV/AIDS and their families. In FY 2026, HOPWA funds were used for

the purpose of providing assistance or residential support to persons with HIV/AIDS and their families; sixty-eight (68) were Rental Assistance units and thirty-eight (38) were for Short-term/Emergency housing payments.

CR-30 - Public Housing

Actions Taken to Address the Needs of Public Housing

The Housing Assistance Division (HAD) manages the inventory of public and assisted housing, and surplus properties owned by the Housing Authority of Prince George's County (HAPGC). Public housing properties are located in Hyattsville, Cottage City, Laurel, Oxon Hill, and District Heights, Maryland. Eligibility is restricted to applicants whose income is at or below 50 percent of the area median income (AMI), with rent calculated at 30 percent of the adjusted gross income (AGI). The following actions were taken to address the needs of public housing in FY 2026.

- The HAPGC is responsible for the repositioning of the aging public housing inventory. HAPGC uses HUD's Rental Assistance Demonstration (RAD) program as a tool to preserve and improve its public housing properties. To date, HAPGC has completed four (4) RAD applications: 1) Kimberly Gardens, 2) Rollingcrest Village, 3) Marlborough Towne, and 4) Cottage City. HUD awarded the Commitment to enter into a Housing Assistance Payments (CHAP) for the four (4) properties.
    - Cottage City is the first public housing site chosen for redevelopment. HAPGC is actively working with their residents to attain input and facilitate communication on this project and disseminate all updates.
    - In an effort to safeguard residents and streamline the construction schedule, HAPGC plans to relocate residents and deliver a vacant building to a general contractor, creating a series of construction efficiencies for success. The current schedule reflects savings of approximately two to three months. This scope will be planned and executed by a third-party relocation specialist.
- HAPGC completed renovations to five (5) public and assisted housing properties to improve resident satisfaction, increase market appeal, address security and safety, code requirements, and improve energy efficiency. Modernization activities included:
    - Repairs at five (5) public housing sites utilizing the Capital Fund Grant.
    - Internal unit upgrades in vacant units utilizing CDBG funds at its State of Maryland Rental Housing Partnership Program (RHPP) site, Coral Gardens.
    - Modernization efforts consistent with the HAPGC PHA Annual and Five-Year Rolling Plans.
- HAPGC intends to partner with the County's Police Department to sponsor crime awareness programs, at the housing sites consistent with our annual plan.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

The following actions were taken to encourage public housing residents' participation during FY 2026.

Resident Services: Provides supportive services to the residents of the five (5) public housing developments – Rollingcrest Village, Marlborough Towne, Cottage City Towers, Kimberly Gardens, and 1100 Owens Road. It entails providing a comprehensive approach to service delivery that reduces criminal re-entry, improves the quality of life, and life skill sets to promote resident independence. These services focus on resident engagement, personal care, education, employment, health awareness, and economic and personal self-sufficiency.

Resident participation efforts: Resident Services is actively collaborating with residents and the Resident Advisory Board to redevelop Resident Councils at each of the five properties. The Resident Councils play a crucial role in planning and providing activities for residents, disseminating information, and advocating on behalf of their respective communities. Also, The Resident Advisory Board (representation from each of the Resident Councils), provides input to the Housing Authority's Annual Five-Year Agency Plan & policy updates for the Admissions and Continued Occupancy Policy (ACOP)/Administrative Plan. In addition to comments by the general public, this plan requires that residents be given an opportunity to offer and have their input for services and policies considered and incorporated, when possible, into the plan and/or policies.

Resident Initiatives: The Housing Authority of Prince George's County, in partnership with Employ Prince George's, is focused on helping residents achieve self-sufficiency. Our initiatives aim to partner and provide valuable resources, including personalized resume writing assistance, one-on-one guidance from experienced career coaches, support for navigating job applications, and participation in comprehensive training sessions to build essential workforce skills. These efforts are designed to empower residents in their job search and career advancement.

Additionally, the Kimberly Gardens campus is enhanced by a partnership with a non-profit group that operates a homework club. The group has certified public school teachers who provide hands-on assistance for homework, special classroom projects, and ongoing tutorial assistance to help students achieve higher grades, reduce absenteeism and prepare for college. Students are also encouraged to participate in community services where their hours can be used towards their high school graduation.

Actions taken to provide assistance to troubled PHAs

HAPGC is currently a troubled agency. The Agency is diligently working with HUD counterparts and stakeholders to achieve the Standard PHA requirement.

CR-35 - Other Actions

Actions Taken to Remove or Ameliorate Barriers to Affordable Housing

Through *Housing Opportunity for All*[1], the County is taking a dual approach to housing investments over a seven (7) year period. The goals are to remove regulatory barriers and other hurdles to make development easier across the board and to use public policy and resources to help produce new housing options, especially for lower income households that the private market may not serve. During

[1] https://www.princegeorgescountymd.gov/2803/Comprehensive-Housing-Strategy

the fiscal year, the Department of Housing and Community Development, Housing Development Division (HDD) was instrumental in the continued implementation of the following four (4) public policies which focus on producing new housing options, preserving existing affordable housing and to reducing the barriers to affordable housing:

Housing Investment Trust Fund (HITF) Program: serves as a vehicle to provide work force and affordable housing gap financing with an emphasis on supporting the development of new construction, rehabilitation and preservation of existing workforce and affordable housing while targeting households earning up to 120% of the area median income (AMI). The County Council enacted Council Bill (CB-004-2021), which established a sustainable source of funding for the HITF by reallocating a certain percentage of the County's recordation taxes to provide support for the fund; requiring certain financing for the fund.

The County Council adopted and approved the following DHCD housing development projects in an effort to produce new and preserve existing rental housing options, especially for lower income households; 100% percent of the total number of rental units, upon project completion, will be for low to moderate-income households. See Table 14 below.

Table 14 - Affordable Housing Development Projects Approved in FY 2026

DHCD Affordable Housing Projects	Council Resolution	Public Policy Type	Total Number of Rental Units	Number of Affordable Rental Units	Percent of Affordable Rental Units

Totals:			**651**	**651**	**100%**

Right of First Refusal (ROFR) Program: preserves the availability of affordable rental housing in the County. The County Council enacted CB-27-2013, which provides that a property owner that seeks to sell a multifamily rental facility that consists of twenty (20) or more dwelling rental units must provide written notice of the sale and related documentation to the Director of DHCD after the owner enters into a bona fide contract of sale to sell the multifamily rental facility, unless an exception is approved by DHCD. DHCD is authorized under the Code to exercise its ROFR rights and purchase the property (or assign its rights to purchase the property to a third-party) in accordance with the timeframes and terms of the Code.

Payment in Lieu of Taxes (PILOT) Program: authorizes the property owner to make payments in lieu of County real property taxes pursuant to Section 7-506.1 or 7-506.3 of the Tax-Property Article of the Annotated Code of Maryland, as amended, provided the owner is engaged in constructing or operating housing structures or projects; provides interest subsidy, rent subsidy, or rent supplements; agrees to continue to maintain the real property as rental housing for lower income persons under the

requirements of the government programs and to allow the entire property or the portion of the property that was maintained for lower income persons to remain as housing for lower income persons for a term of at least five (5) years.

Right of First Refusal PILOT Pre-authorization: CB-087-2022 was enacted for the purpose of creating a PILOT pre-authorization process for properties purchased under the ROFR program. This allows the DHCD Director to authorize PILOT Agreements in lieu of seeking the adoption of a County Resolution. The DHCD Director is required to provide notice to the County Council. The enactment of this Bill further enhances the County's ability to support the preservation of affordable rental housing through the ROFR Program.

The DHCD preserved the affordability of 431 units across 3 existing naturally occurring affordable housing projects; 99% percent of the total number of rental units are now restricted affordable units for low to moderate-income households. See Table 15 below

Actions Taken to Address Obstacles to Meeting Underserved Needs

Households with extremely low-income (0-30) percent of the area median income (AMI) and who spend more than half of their income on housing, are considered under-served and have the "worst-case needs." Most of these households are renters. Funding remains the largest obstacle to meeting these under-served needs. To address this issue, County leverages limited HUD funds by encouraging and forming partnerships with nonprofit organizations, local government agencies, municipalities, and for-profit organizations for housing projects that will serve households at or below 30 percent of the AMI. The following are CDBG, HOME, ESG, HOPWA, Public Housing, and Housing Choice Voucher projects that served under-served households during FY 2026. See Table 16 below.

Actions Taken to Reduce Lead-based Paint Hazards

The Prince George's County Department of Health suggests all children aged between six months and six years should undergo a blood test for lead as part of their regular care. The State of Maryland requires testing children at the ages of one and two.

The Prince George's County Health Department provides several services to residents as part of the Lead and Healthy Homes Program, including:

- Nursing Case Management: For children with high lead levels in their blood.
- Environmental Assessments: Conducted in response to confirmed medical reports of elevated blood levels in children.
- Referrals to the MOSH (Maryland Occupational Safety and Health) Program: Made as necessary when adult lead exposure is suspected in the workplace.
- Educational Programs: Providing information on potential lead exposure and safe lead paint reduction techniques.
- Telephone Consultations: Available for asthma triggers, mold, and other indoor air contaminants affecting children.

In FY 2026, DHCD focused on reducing lead-based paint hazards in alignment with the County's FY 2026–2030 Consolidated Plan and FY 2026 Annual Action Plan. DHCD emphasized regulatory compliance, prevention of lead exposure in federally assisted housing, and integration of lead hazard mitigation into housing rehabilitation activities. Overall, DHCD's efforts were centered on:

- Ensuring compliance with federal and Maryland lead safety regulations.
- Incorporating lead hazard reduction into federally funded housing rehabilitation.
- Preventing childhood lead exposure and educating residents about lead risks.

Compliance with Federal Lead-Safe Housing Requirements

- DHCD continued implementing the Lead Safe Housing Rule (24 CFR Part 35) across all applicable federally funded housing activities.

- Federally assisted projects involving acquisition, rehabilitation, or maintenance were required to assess and address lead-based paint hazards prior to occupancy.
- Lead hazard evaluation and associated abatement or interim controls remained eligible uses of federal housing funds.

Disclosure Requirements

DHCD ensured that occupants, applicants, and purchasers of federally assisted housing built before 1978 received:

- Notification of potential lead-based paint in the property.
- Information on health risks associated with lead exposure.
- Guidance on lead poisoning prevention.
- Information on blood lead testing for young children.
- Disclosure of any known lead hazards prior to sale or rental.

Rehabilitation of Older Housing

Lead hazard reduction continued to be integrated into rehabilitation projects funded through federal housing programs such as the Community Development Block Grant (CDBG). When rehabilitation activities identified lead-based paint hazards, appropriate mitigation or abatement measures were funded as part of the project.

Actions Taken to Reduce the Number of Poverty-level Families

The County and its partners implement a variety of programs to eliminate poverty through increasing the affordability of housing, increasing the wherewithal of residents to afford more house in relation to their income, stemming neighborhood decline and blight, thus helping residents grow value in their owned or rented real estate assets, and by protecting vulnerable populations and minority communities from predatory financial lending practices and discrimination. These programs meet the various needs of individuals and families as they progress toward financial self-sufficiency.

Actions Taken to Develop Institutional Structure

Cross-Cutting Action 2.8 in *Housing Opportunity for All* helps to increase internal capacity to support implementation of Comprehensive Housing Strategy goals and strategies, by assessing the existing delivery systems and organizational structures, and aligning them to support strategy implementation. This effort will be ongoing during the FY 2026-2030 Consolidated Plan.

Actions Taken to Enhance Coordination between Public and Private Housing and Social Service Agencies

Cross-Cutting Action 2.1 in Housing Opportunity for All supports cross-departmental coordination and communication. By implementing this action, the County will establish a cross-departmental team to coordinate on housing development and capital improvement and related planning projects, geographic targeting and priorities, evaluating the impact of policies and leveraging cross-sector resources, capacity and tools, including social service providers.

Actions Taken to Overcome the Effects of Impediments Identified in the Jurisdiction's Analysis of Impediments to Fair Housing Choice

The following are the fair housing goals and actions that address the fair housing issues and contributing factors listed above. Each goal is followed by specific actions, as well as the responsible entity for completing the action and a description of how each action aligns with existing plans. See Table 17 below.

Table 17 – DHCD Fair Housing Action Plan – Activities Addressing Identified Impediments in the 2026-2030 Analysis of Impediments

Goal 1: Complete steps to create a fair housing enforcement ecosystem for Prince George's County.		
Goals and Actions	*Responsible Entity(s)*	*Status/Action Taken*
Action 1: Adopt modifications to Division 12 to meet substantial equivalency requirements to attain Fair Housing Assistance Program (FHAP) status for the Office of Human Rights.	OHR, County Council	In FY 2021, pursuant to Council Bill, CB-12-2021, adopted May 3, 2021, the Prince George's County Office of Human Rights (OHR) was given the authority to investigate particular matters which are within the jurisdiction of the Human Rights Commission. Additionally, the OHR continues to seek HUD's approval for designation as a Fair Housing Assistance Program (FHAP) agency.
Action 2: DHCD will convene quarterly meetings with OHR and local fair housing enforcement partners to review fair housing complaint trends for Prince George's County and determine potential place- and mobility-based solutions that may be needed to address issues identified.	DHCD, OHR	In FY 2026, DHCD continued to identify qualified fair housing training partners, including the Equal Rights Center, to support training opportunities for DHCD, DPIE, and property management stakeholders, while promoting fair housing education across agencies involved in the County's housing processes.
Action 3: Identify up to two qualified fair housing training partners to provide training to DHCD, DPIE, and property management stakeholders in tandem with the rent stabilization work. Strongly encourage Fair Housing training for agencies that influence the County's housing processes.	DHCD, OHR, DPIE	In FY 2026, DHCD continued to identify qualified fair housing training partners, including the Equal Rights Center, to support training opportunities for DHCD, DPIE, and property management stakeholders, while promoting fair housing education across agencies involved in the County's housing processes. DHCD strongly encourages its sub-recipients to engage in fair

		housing training as one of the "Cross Cutting Federal Requirements" in DHCD's Policies and Procedures Manual (PPM). Additionally, DHCD communicates these requirements to owners, developers, Community Housing Development Organizations (CHDO) and sub-recipients when Federal Funds are being used. Further, this information is included in all written agreements and monitored by DHCD staff. DHCD continues to keep track of meetings and updates related to the Metropolitan Washington Council of Governments (MWCOG)'s Regional Analysis of Impediments effort, which is still currently underway.
Action 4: Proactively collaborate across County department and agencies to ensure alignment in efforts and programming.	DHCD, OHR, Office of Law, Department of Family Services, HAPGC, DPIE, Office of the County Executive, City of Bowie, M-NCPPC	DHCD continued to strengthen collaboration across County departments and agencies through regular coordination meetings, cross-functional planning, and information sharing to align housing policies, programs, and resources.
Goal 2: Take steps to remediate disability discrimination and increase access to housing for individuals with disabilities.		

Goals and Actions	*Responsible Entity(s)*	
Action 1: Conduct a disability needs survey of housing and services in the County to determine community needs and available resources and create a plan to address gaps.	DHCD, Office of the County Executive	DHCD's Chief Compliance & Program Manager continues to serve as the Agency's ADA Coordinator. Participation includes attending webinars and monthly County-wide ADA meetings to stay abreast of updates to applicable ADA laws and regulations. DHCD will continue to encourage participation and collaboration on accessibility training and compliance issues. DHCD will also consult and engage the Prince George's County ADA coordinator on accessibility training and regarding special accommodations and other compliance issues. DHCD's Public Information Officer and Chief Community Planning and Development Manager will participate in training focused on ensuring the agency's website is fully accessible. DHCD initiated preliminary research and stakeholder outreach to support the development of a disability needs survey and establish a framework for identifying service and housing gaps. Additionally, DHCD, in alignment with the local Center for Independent Living and County Agencies, such as the Department of Social Services, and property owners, will continue to assess housing and supportive service resources for individuals with disabilities to inform how it may address service gaps in its affordable housing portfolio.

Action 2: Utilizing $500,000 received as pass through funds from the Maryland Department of Disabilities, the County will support renters who require accessibility modifications to their unit, upon approval of reasonable modification requests by the property owner. The County will first partner with owners and management agents of properties in the County's Right of First Refusal portfolio, which includes about 1,890 units, and will later focus on the Housing Authority of Prince George's County (HAPGC) Section 504 coordinator to reach households renting with a Housing Choice Voucher and may be requiring increased accessibility. As is feasible, modifications will comply with Universal Design standards and practices.	DHCD, HAPGC	DHCD initiated implementation of the accessibility modification initiative, in partnership with the Maryland Department of Disabilities, by establishing program priorities, identifying eligible properties within the County's Right of First Refusal portfolio, and coordinating with stakeholders to facilitate accessibility improvements for eligible renters.
Action 3: Inventory accessible housing units in the County that are available for rent and coordinate with partner departments and agencies to create a comprehensive list for the County. This inventory should include the unit size, accessibility features, and market rate vs. subsidized designation. The Department of Housing & Community Development will add the accessible unit inventory to the existing Affordable Housing Dashboard for DHCD-funded housing development programs to develop a schedule for regularly updating the inventory.	DHCD, M-NCPPC, HAPGC	DHCD utilizes its Affordable Housing Dashboard for DHCD-funded housing developments, providing a centralized resource that is updated to improve access to accessible housing information.
Goal 3: Prioritize programs and funding for persons with disabilities, Hispanic households, households at risk or experiencing homelessness, and seniors.		

Goals and Actions	*Responsible Entity(s)*	
Action 1: Affirmatively market the County's Rent Stabilization program to persons with disabilities, Hispanic households, households at risk of or experiencing homelessness, and seniors, to ensure these populations understand their rights related to rental cost increases and assistance available should issues be encountered. The County will work with partner community organizations and others serving these populations to disseminate information and resources. The County will work with HUD's Community Planning Division to request technical assistance funding to create and implement a training cohort for prospective and new CDBG applicants to increase the overall effectiveness and reach of community-based programming with the goal of ensuring CDBG eligible organizations and programs are sustainable enough to be granted funds and to spend the granted funds down timely. This technical assistance model will center organizations serving persons with disabilities, Hispanic households, households at risk of experiencing homelessness, and senior households.	DHCD, DSS, DPIE	DHCD partners with the Department of Permits, Inspection and Enforcement (DPIE) to increase awareness of tenant rights and available housing resources among persons with disabilities, Hispanic households, households at risk of or experiencing homelessness, and seniors. Collaboration occurs via monthly meetings to discuss initiatives to further the program efforts.
Action 2: Prioritize Housing Trust Fund dollars for the construction of affordable housing for developments that serve persons with disabilities and seniors.	DHCD	In FY 2026, DHCD completed construction of one senior project: Hill House at Beechfield, for persons sixty-two and older.

		Additionally, in FY 2026, DHCD has several senior projects under construction, including New Carrollton Phase I, The Highlands and Addison Park. These housing development projects all provide greater access to transportation, retail, and/or amenities and services. Lastly, in FY 2026, DHCD completed/assigned three Right of First Refusal projects: Plaza Towers, Riverdale Station and Selborn House
Action 3: Develop or acquire at least 100 new senior housing units affordable to households at or below 60% AMI with greater access to transportation, retail, and community services. Besides congregate senior housing, such as HUD 202 housing, consider new housing typologies that reflect the changing needs of a larger senior population.	DHCD, M-NCPPC	In FY 2026, DHCD completed construction of one senior project: Hill House at Beechfield, for persons sixty-two and older. Additionally, in FY 2026**,** DHCD has several senior projects under construction, including New Carrollton Phase I, The Highlands and Addison Park. These housing development projects all provide greater access to transportation, retail, and/or amenities and services.
Goal 4: Proactively address the need to ensure Limited English Proficiency (LEP) populations can access County services and resources and understand their housing rights.		
Goals and Actions	*Responsible Entity(s)*	
Action 1: Continue to update the four-factor analysis to determine whether programs are adequately accessible to those with limited English proficiency (LEP). Continue	DHCD, OHR	In FY 2023, the County Office of Human Rights rolled out its "language access program." The LACP comprises of three areas: compliance, monitoring, investigation, and enforcement; policy

outreach (e.g., TV, radio, bus shelters) to LEP populations to inform them of their rights.		guidance, training, and technical support to County agencies; and education and community outreach to County residents. Additionally, in FY 2026, DHCD continued to engage the services of the third-party translation and interpretive services. DHCD compiles data collection reports, which will aid in determinizing whether programs are adequately accessible to those with limited English proficiency (LEP). DHCD will continue to review the necessary resources necessary for the development of a four-factor analysis to ensure that persons with limited English proficiency have access to County programs and services. Nevertheless, in order to reach the under-represented groups, minority populations, persons with disabilities, and persons with Limited English Proficiency, DHCD continues to offer several language accessibility options, including posting its public notices in Spanish translation, while also engaging Spanish and American Sign Language (ASL) interpreters, as needed, for its programs.
Action 2: Maintain funding for HUD-certified nonprofit housing counseling partners that provide education on tenant rights and rental counseling, particularly bi-lingual providers. Increase financial literacy and homeownership education available for the Hispanic population in English and Spanish.	DHCD	DHCD will continue to encourage funding of public services geared towards housing counseling and financial management education for lower- income households. In its FY 2027 entitlement allocation, DHCD will allocate 15% of its CDBG funds for Public Services activities, which includes activities that provide housing counseling and financial management education principally for low-income households. Additionally, Prince George's County has several community non-profit organizations that offer housing counseling. Specifically, Housing Initiative Partnerships (HIP) offers housing counseling to both homeowners and renters.

Action 3: Improve education and transparency around code enforcement. Engage with the Language Access Coordinator for the Department of Permitting, Inspection and Enforcement (DPIE) to train inspectors on working with non-English-speaking households who may lack trust or fear government officials. Residents should be made aware of their rights in every interaction, including the right to an interpreter. Greater code enforcement should also be paired with education on how to report violations and resources to address deficiencies.	DHCD, OHR, DPIE	DHCD maintains a strong relationship with County agency, the Department of Inspections and Enforcement (DPIE), as such, DHCD refers all requests for information related to code enforcements or violations to DPIE. DHCD will continue to encourage DPIE's efforts around housing code enforcement by supporting outreach efforts that inform residents of their rights, including access to language interpretation services during interactions with inspectors.

CR-40 - Monitoring

The purpose of the onsite monitoring visits is to ensure program activities are carried out in compliance with applicable federal laws and DHCD program regulations. Areas reviewed include meeting national objectives, financial management systems, and general program administration.

Financial monitoring consists of reviewing accounting policies and procedures, systems for internal control and reimbursement requests for allowable costs. Financial monitoring also involves maintaining complete and accurate files on each activity. DHCD staff reviews the recordkeeping systems to determine if each activity is eligible, the program beneficiaries are low and moderate-income and project files support the data provided in the monthly activity reports. When problems are identified in a monitoring report an action plan is requested to cure the concerns/and or findings. In FY 2026, DHCD monitored eighteen (18) CDBG activities.

Citizen Participation

The Draft Federal FY 2025 (County FY 2026) CAPER was made available on September 3, 2026 for a period of 15 days for public comment. A copy of the draft CAPER was made available DHCD's website, and by mail or email upon request. Legal notices were placed in two local newspapers in English and Spanish.

CR-45 - CDBG Program

The Department of Housing and Community Development (DHCD) administers the Community Development Block Grant (CDBG) program. The DHCD is responsible for the oversight and management of the CDBG program. The primary grant administration functions are oversight, monitoring, compliance, and technical assistance.

The CDBG program provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities for principally low and moderate-income persons.

The FY 2026 there were no changes to DHCD's program objectives and indicators.

CR-50 - HOME Program

Housing Quality Standards (HQS) Inspections of Affordable Rental Housing

During FY 2026, forty (40) HOME-assisted rental projects were subject to §92.504(d). Eight (8) of the inspections failed to meet property standards by the end of the fiscal year. Four (4) of the failed inspections passed in August 2026; four (4) are making progress. In addition, to ensure affordability requirements, including applicable rent limits, period of affordability, and income requirements are met, DHCD reviewed and monitored the rental housing projects and is continuously working with the property managers/owners to maintain compliance.

Assessment of the Jurisdiction's Affirmative Marketing Actions for HOME Units

All development projects applying for HOME funds are required to submit to the department a copy of their marketing plan to ensure affirmative marketing and fair housing compliance procedures are followed.

HOME Program Income for Projects

During FY 2026, the County expend $538,593.99 in Program Income.

See CR-35 - Other Actions for actions taken to remove or ameliorate barriers to affordable housing.

CR-58 – Section 3 Reporting

The DHCD is the lead agency responsible for administering the federal programs: CDBG, HOME, and ESG. A portion of these funds are used to carry out housing rehabilitation, housing construction, and public facility and infrastructure improvement projects. The purpose of Section 3 is to ensure that economic opportunities, most importantly employment, generated by certain HUD financial assistance shall be directed to low- and very low-income persons. The following describes the County's Section 3 Summary reports which pertain to the Section 3 Final Rule 24 C.F.R. § 75.

FY 2026 Section 3 Summary Reports (per Section 3 Final Rule 24 C.F.R. § 75)

In September 2020, HUD finalized the Section 3 Rule, removed the implementing regulations and added the final regulation 24 C.F.R. § 75. The final rule updated HUD's Section 3 regulations to create more effective incentives for employers to retain and invest in their low- and very low-income workers, streamlined reporting requirements by aligning them with typical business practices, provided for program-specific oversight, and clarified the obligations of entities that are covered in Section 3. DHCD must implement Section 3 activities pursuant to these final regulations and comply with the reporting

requirements starting July 1, 2021. In order for the Department to comply with the Section 3 Safe Harbor[2] requirements it shall "to the greatest extent feasible"[3]

1. Certify the Prioritization of Efforts:
   a) Employment and training opportunities to Section 3 workers; and
   b) Award contractors and subcontractors that provide economic opportunities for Section 3 workers.

   Actions Taken:

   CDBG Activities: For FY 2026, DHCD completed six (6) CDBG activities subject to Section 3. These activities resulted in 8,454 total labor hours. To the greatest extent feasible, DHCD prioritized the employment and training of Section 3 workers and awarded contractors and subcontractors that provided economic opportunities for Section 3 workers. Specifically, DHCD certifies that it engaged in the following qualitative efforts:

   1) Outreach efforts to generate job applicants who are Other Funding Targeted Workers;
   2) Direct, on-the-job training;
   3) Provided or connected residents with supportive services that can provide direct services or referrals; and
   4) Held one or more job fairs.

   Home Activities: In FY 2026, DHCD completed two (2) HOME activities subject to Section 3. These activities resulted in 58,979 total labor hours. To the greatest extent feasible, DHCD prioritized the employment and training of Section 3 workers and awarded contractors and subcontractors that provided economic opportunities for Section 3 workers.

2. Meet or exceed the applicable Section 3 Benchmarks established by Prince George's County:
   a) Twenty-five percent (25%) of the total number of labor hours worked by all workers on a Section 3 project are Section 3 workers; and
   b) Five percent (5%) of the total number of labor hours worked by all workers on a Section 3 project are Targeted Section 3 workers. This means that the five percent (5%) is included as part of the thirty-five percent (35%) threshold.

   Actions Taken:

   CDBG Activities: For FY 2026, DHCD completed six (6) CDBG activities subject to Section 3. These activities resulted in 8,454 total labor hours. Together, these activities resulted in 3,952

[2] September 29, 2020, Section 3 Final Rule 24 C.F.R. § 75.23

[3] "Greatest Extent Feasible" means that every effort shall be made to comply with the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3) which includes the original explanation of the phrase. In sum, when properly executed the "greatest extent feasible" provision will not force a contractor to disband an organization by replacing current employees with local workers or contractors. The original definition also rejects the application of anticipated hiring preferences that have historically excluded minorities from countless employment and business opportunities. The DHCD continues to work with the Prince George's County American Job Center Network partnered with Employ Prince George's, Inc. (EPG) to assist the Department with meeting its Section 3 Safe Harbor requirements. Both agencies have agreed that EPG's Construction Works Program can serve as a valuable tool for job seekers and businesses to connect to DHCD's Section 3 covered projects.

CR-60 - ESG 91.520(g) (ESG Recipients only)

DHCD is the administering agency of the Emergency Solutions Grants (ESG) Program. DHCD subcontracts with the Prince George's County Department of Social Services (DSS) who serves as the Continuum of Care (CoC) Lead to implement the ESG program.

Activities Undertaken in FY 2026

In FY 2026, ESG funds and matching funds (i.e., local funds) were used to provide the following shelter and supportive services.

ESG Emergency Shelter – Operation & Essential Services – FY 2026

The CoC operates a 24-hour hotline for calls related to homelessness and two (2) ESG supported emergency shelter projects serving individuals and families that are literally homeless. Each resident is provided with basic shelter amenities as well as employment, case management, health care, and housing placement assistance.

Goal: Approximately 500 individuals will benefit from the shelter programs.
Outcome: 544 individuals were served; one hundred and nine percent (109%) of the annual goal.

ESG Street Outreach – FY 2026

The CoC operates a formal street outreach system to consistently and frequently engage with persons who are unhoused including those living in encampments to permanently end the experience of homelessness. The team provides food, water, hygiene and weather related survival supplies, reconnection and housing support and shelter resources where accepted.

Goal: Approximately 50 individuals will benefit from this program.
Outcome: 174 individuals were served; three hundred and forty eight percent (348%) of the annual goal.

ESG Rapid Re-housing (RRH) – FY 2026

The CoC provides supportive services and financial assistance to residents of the County who are experiencing an episode of homelessness to help them secure and maintain housing, including but not limited to reunification, shared housing, payment of security deposits, first month's rent, outreach and engagement, case management, housing search and placement, and follow-up.

Goal: Approximately 15 individuals will be assisted.
Outcome: 48 individuals were served; three hundred and twenty percent (320%) of the annual goal.

ESG Homelessness Prevention (HP) – FY 2026

The CoC provides services to persons at imminent risk of homelessness to preserve and maintain stable housing, including but not limited to payment of limited rental arrearages and ongoing support, credit counseling, outreach and engagement, case management, and follow-up.

Goal: Approximately 15 individuals will be assisted.
Outcome: 21 individuals were served; one hundred and forty percent (140%) of the annual goal.

ESG Outcome Measurements FY 2026

Street Outreach:
Percent of Individuals that Received Services – 86%
Percent of Individuals that exit from Street Outreach – 90%

Shelter:
Average Length of Stay – 110 days (Stayers) 87 days (Leavers)
Percent of Persons exiting to Permanent Housing – 33%
Utilization Rate of Units/Beds Available versus Units/Beds Provided:
85% including the overflow beds | 118% excluding the overflow beds

Rapid Re-Housing:
Percent of Households exiting to Permanent Housing – 100%

Homeless Prevention:
Percent of Households which are prevented from becoming Homeless – 100%

Coordinated Entry:
Percent of Households placed on the Priorities List – 100%
Percent of Households that had Referrals and Events – 72%

Step 4: Grant Information

Emergency Shelter Rehab/Conversion

Did you create additional shelter beds/units through an ESG-funded rehab project	No
Did you create additional shelter beds/units through an ESG-funded conversion project	No

Data Participation Information

Are there any funded projects, except HMIS or Admin, which are not listed on the Project, Links and Uploads form? This includes projects in the HMIS and from VSP	No

Step 5: Project Outcomes

Project outcomes are required for all CAPERS where the program year start date is 1-1-2021 or later. This form replaces the narrative in CR-70 of the eCon Planning Suite.

From the Action Plan that covered ESG for this reporting period copy and paste or retype the information in Question 5 on screen AP-90: "Describe performance standards for evaluating ESG."

Street Outreach:
Percent of Individuals that Received Services
Percent of Individuals that exit from Street Outreach

Shelter:
Average Length of Stay
Percent of Persons exiting to Permanent Housing
Utilization Rate of Units/Beds Available versus Units/Beds Provided:

Rapid Re-Housing:
Percent of Households exiting to Permanent Housing

Homeless Prevention:
Percent of Households which are prevented from becoming Homeless

Coordinated Entry:
Percent of Households placed on the Priorities List
Percent of Households that had Referrals and Events

Based on the information from the Action Plan response previously provided to HUD:

1. Briefly describe how you met the performance standards identified in A-90 this program year. *If they are not measurable as written type in N/A as the answer.*

Street Outreach:
Percent of Individuals that Received Services – 86%
Percent of Individuals that exit from Street Outreach – 90%

Shelter:
Average Length of Stay – 110 days (Stayers) 87 days (Leavers)
Percent of Persons exiting to Permanent Housing – 33%
Utilization Rate of Units/Beds Available versus Units/Beds Provided:
85% including the overflow beds | 118% excluding the overflow beds

Rapid Re-Housing:
Percent of Households exiting to Permanent Housing – 100%

Homeless Prevention:
Percent of Households which are prevented from becoming Homeless – 100%

Coordinated Entry:
Percent of Households placed on the Priorities List – 100%
Percent of Households that had Referrals and Events – 72%

2. Briefly describe what you did not meet and why. *If they are not measurable as written type in N/A as the answer.*

The County met the standards with the available use of funds.

OR

3. If your standards were not written as measurable, provide a sample of what you will change them to in the future? *If they were measurable and you answered above type in N/A as the answer.*

N/A
