Climate Action Implementation Task Force

The Climate Action Implementation Task Force recently completed its report for review and delivery to the County Executive. This report reflects 12 strategies to move the County towards Climate Resilience and Sustainability.

These 12 strategies were built over the last 18 months due to the hard work and dedication of the leaders and staff of numerous agencies and organizations and the public through the Climate Resident Advisory Group.

In addition to support from the Metropolitan Washington Council of Governments, the University of Maryland Environmental Finance Center, the Low Impact Design Center(LIDC), and ICF.

For more information on the County's Climate Action Plan, visit myppgc.us/climateactionplan.

Pet Fostering is for Everyone

Help save an animal's life – consider fostering a pet!

The process is easy:

- **Submit an application**
- **Complete the online Orientation**
- **View adoptable pets and identify possible animals you can foster**

Contact the shelter for more information today at 301-780-7200.

FOSTERING

The Animal Services Division Foster Program helps meet the needs of animals that are too young or immature for adoption, injured or recovering from surgery, require special care due to illness or pregnancy, or just in need of a second chance! For anyone who may not be able to commit to owning a pet for 10-15 years, fostering allows you to care for an animal on a short-term basis.

REASONS TO BECOME A FOSTER PARENT:

- Provide companionship, a sense of purpose and fulfillment, and fun!
- Create space in the shelter to accommodate other homeless animals.
- Help save an animal's life!

FREE - Rabbit Handling and Care Class

The flyer features a light orange and blue background. At the top left is the logo for the County of Prince George's Department of the Environment. The main title 'RABBIT HANDLING and CARE CLASS' is prominently displayed in large, bold letters. A photograph of a brown rabbit is positioned on the right side. Below the title, a circular inset shows a woman wearing a mask and a 'BUNNY LADY' t-shirt. Text describes the class as being hosted by senior volunteer Janelle, who has 23 years of experience. It lists the topics to be covered: handling, care, diet, and enclosure cleaning. A 'Schedule of Classes' box lists four dates: April 27, June 8, September 14, and November 9, 2024, all at 10 a.m. At the bottom, contact information for the Animal Services Facility & Adoption Center is provided, including the address and an email for RSVPs. Two more rabbits, one orange and one grey, are shown at the bottom left.

1st Floor Conference Room

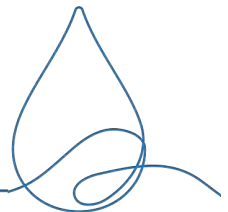

Did you know that Prince George's County's Rain Check Program offers rebates to homeowners, businesses and others to install best management practices (BMPs) intended to capture stormwater runoff? This training is designed to provide landscape professionals with practical hands on information on the seven Rain Check Rebate practices and processes. Special emphasis is placed on rain gardens, pavement removal and permeable pavement.

This all-day training teaches landscape professionals how to plan, design, construct and maintain Rain Check Rebate practices. Classroom exercises provide guidance on practice selection, site assessment and site selection. After completion of the classroom training, participants are eligible to sign up for Day 2, which will be a field day to further hone their skills and help install or assess stormwater BMPs. Participants who successfully complete both sessions (classroom training + field day) will be added to the [County's public list](#) of landscape professionals who have completed the Rain Check Rebate Contractor Training.
