It is highly advisable to take your trucks for Health Department inspection during one of the early inspection dates and avoid waiting for the last date(s) to take your trucks in for inspection.

NOTE: Collection trucks not bearing the new permit sticker will not be allowed access to Prince George's County facilities and may be subject to County motor vehicle violations if operating on County roadways without the proper permit renewal. Again, it is highly recommended to get your trucks in early for inspection and not wait until the last available inspection dates.
