Memorial Library

AGENCY OVERVIEW

Agency Description

As set forth in the 1978 Public Library Law (Chapter 23, Section 101), public library resources are essential components of the education system. The Prince George's County Memorial Library System provides high quality library services through the utilization of a broad range of contemporary media and technologies available to public libraries. The Library administers the policies set forth by the Board of Library Trustees and provides for and delivers library services through four major activities: (1) Public Services, (2) Administration, (3) Support Services, and (4) Communication and Outreach.

The Library makes available books, compact discs, magazines, electronic books, audio books, foreign language materials and DVDs; provides public access to the internet and word processing and other software products; provides reference, information services and online real-time homework help; provides online electronic databases, including some in Spanish; provides educational, cultural and recreational programs for all ages; and provides special services for parents and care givers to promote early literacy and to homebound, institutionalized and disabled persons.

Facilities

There are currently 19 branch libraries in the County. Eight are located inside the Beltway: Fairmount Heights, Hyattsville, Bladensburg, Mount Rainier, New Carrollton. Spauldings, Hillcrest Heights and Glenarden. Seven outer branches are located in the southern portion of the County: Accokeek, Largo-Kettering, Oxon Hill, Upper Marlboro, Baden, South Bowie and Surratts-Clinton. Four outer branches are located in the northern portion of the County: Bowie, Greenbelt, Beltsville and Laurel. In addition, the Library operates a library facility in the County Correctional Center.

Needs Assessment

New libraries are programmed for underserved areas of the County. The majority of existing library facilities are

over 25 years old and require regular inspections, comprehensive repairs and preventative maintenance. Capital needs are identified and prioritized with special attention given to addressing safety issues and to preserving or preventing further deterioration of public libraries. Unlike other County facilities, public libraries are heavily used by the public and thus require frequent updating and preventative maintenance.

FY 2025 Funding Source

■ General Obligation Bonds – 100.0%

FY 2025-2030 Program Highlights

- The ongoing renovation of branch libraries will continue in FY 2025. The Library Branch Renovations 2 project includes HVAC repair and replacement and core and network/fiber infrastructure upgrades at various branches. Restroom renovations are planned for the Beltsville and Oxon Hill branches. Exterior painting for the Upper Marlboro branch and roof replacement at the Spauldings branch are also planned. CCTV cameras, environmental controls, and ADA sliding doors are to be upgraded as needed system-wide.
- The land acquisition process will continue in FY 2025 for the Langley Park Branch.
- Funding for land acquisition has entered the six-year planning period for the Hillcrest Heights Branch Replacement project in FY 2030.

Description: This project provides for a new branch library in the Brandywine area. The new facility will be approximately 25,000 square feet.

Justification: Brandywine is a part of the County exhibiting rapid residential growth. A new library is warranted for this growing community.

Highlights: An existing parcel of County-owned land has been set aside for this project. There are no significant changes for this project. However, total project costs have been increased for inflation.

Enabling Legislation: CB-44-2020

Project Completion	TBD	

Description: This project provides for the design and construction of a new branch library to replace the existing one. The new facility will be approximately 25,000 square feet.

Justification: This replacement facility is warranted as the existing branch was built in 1976 and is only 9,466 square feet, which is inadequate to meet the needs of the community and the population served. The building's three floors are not conducive to modern library service and require staff to be spread out over the building. The parking lot only has eight spaces which is a deterrent to customers.

Highlights: Funding for land acquisition has been included in FY 2030, and total project costs have been increased for inflation.

Project Completion	FY 2028	

Description: This project provides for the design and construction of a new branch library. The new facility will be approximately 25,000 square feet and include office and meeting space for local community organizations.

Justification: The new library is warranted because this community's existing library services are not adequate to serve the current population which is expected to increase in the future.

Highlights: The project is in the land acquisition phase. Note: This library may become a long term lease rather than a County-owned facility. If that occurs, the project may be removed from the CIP and become a lease in the operating budget.

Completed Design		Ongoing
Began Construction		Ongoing
Project Completion		Ongoing

Description: This project consists of updating and renovating branch libraries including replacing carpeting, roofs, HVAC systems, windows, fences, walkways, parking lots, ADA entrances, IT infrastructure, collection shelving, and renovating public restrooms. This project also provides a source of funding for unanticipated and/or emergency library renovation projects.

Justification: All the library branches are heavily used by the public and open longer hours than other county buildings, thus requiring more frequent updating and preventative maintenance. The majority of library facilities are over 25 years old and require regular preventative maintenance and comprehensive repairs.

Highlights: FY 2025 improvements include HVAC repair and replacement and core and network/fiber infrastructure upgrades at various branches. Restroom renovations are planned for the Beltsville and Oxon Hill branches. Exterior painting for the Upper Marlboro branch and roof replacement at the Spauldings branch are also planned. CCTV cameras, environmental controls, and ADA sliding doors are to be upgraded as needed system-wide.
