

Office of Information Technology

AGENCY OVERVIEW

Agency Description

The Office of Information Technology (OIT) provides leadership, expertise and resources in the development and deployment of innovative technologies to support the business goals of the County and improve government efficiency. OIT is responsible for a wide range of technology projects that aim to improve the efficiency of the government's operations.

Needs Assessment

Funding for technology enhancements is decentralized within the County. To optimize resources, a centralized fund to support strategic IT initiatives that support County priority projects, improve citizen access to

County services, promote government operations efficiencies and effectiveness, foster quality customer service, and enhance performance and security capabilities is required.
