Executive Summary

The Prince George's County Fiscal Year (FY) 2021 Consolidated Annual Performance and Evaluation Report (CAPER) highlights the Department of Housing and Community Development's (DHCD) achievements in providing decent housing, suitable living environments, and expanding economic opportunities specifically targeting extremely low to moderate-income persons and households during the reporting period.

The CAPER also includes measures taken during the program year to implement the County's 2021-2025 Consolidated Plan (Con Plan)¹ and FY 2021 Annual Action Plan (AAP) along with a narrative summary of federal programmatic accomplishments. The Annual Action Plan is a document that describes actions, activities and programs proposed for FY 2021. It also serves as the annual federal application for: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grants (ESG) funds which addresses the County's goals and objectives described in the Con Plan.

Response to COVID-19 Pandemic

As a part of the County's response to the COVID-19 pandemic, during FY 2021, DHCD used its CARES Act funds to provide funding for non-profit service providers to expand foreclosure counseling, housing counseling, eviction prevention, rental assistance, food pantries, as well as other services that assisted at least 7,801 individuals/families.

- Coronavirus Relief Fund (CRF): DHCD provided emergency rental assistance to 5,036 families impacted by COVID-19..
- CDBG-CV: DHCD provided emergency food distribution benefitting 4,372 families impacted by COVID-19.
- ESG-CV: DHCD provided emergency shelters, rental assistance and street outreach to 643 homeless and at-risk of homelessness individuals impacted by COVID-19.

Non-Homeless Special Needs

The District of Columbia, Department of Health, HIV/AIDS Administration, Hepatitis, STD and TB Administration (HAHSTA) is the Regional Grantee on behalf of the Washington, D.C. Eligible Metropolitan Area (EMA). HAHSTA serves as the Housing Opportunities for Persons With AIDS (HOPWA) administering agency for Prince George's County and provides HOPWA funds for housing and supportive services such as: tenant-based rental assistance and short-term/emergency housing payments to persons living with HIV/AIDS and their families. In FY 2021, HOPWA funds were used for the purpose of providing assistance or residential support to persons with HIV/AIDS and their families; 79 were Rental Assistance units and 22 were for Short-term/Emergency Housing Payments.

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

During FY 2021, the County's federal funds (e.g., CDBG, HOME, ESG, Program Income, and COVID-19) were invested to address the County's goals and objectives specified in its 2021-2025 Consolidated Plan.

Types of Activities Carried Out During the Program Year

The DHCD partnered with non-profit organizations, municipalities, local government agencies, and housing developers to carry out housing and non-housing community development activities. Affordable Housing: CDBG and HOME funds were used for direct financial assistance to homebuyers, new construction of rental units, housing rehabilitation, and etc. Non-Housing Community Development: CDBG funds were used to improve and/or maintain public facilities and infrastructure, public services and to expand economic opportunities for low and moderate-income individuals and businesses. Homeless: ESG funds were used to provide emergency shelter and supportive services, homelessness prevention, and rapid re-housing services to individuals and families experiencing homelessness and at risk of homelessness. The following describes the type of activities carried out during the fiscal year.

Affordable Housing: During FY 2021, the County used its CDBG and HOME funds to leverage state, local, and private funds for activities (e.g., direct financial assistance to homebuyers, new construction of rental units, housing rehabilitation, etc.) that addressed the "unmet needs" of households that were identified as high priority in the 2021-2025 Consolidated Plan.

Non-Housing Community Development: The County's goal is to leverage CDBG funds to improve and/or maintain access to public facilities and infrastructure, public services and expand economic opportunities for low and moderate-income individuals and businesses. Activities included but not limited to: street improvements, renovation of community centers, supportive services for the elderly, at risk youth, persons with disabilities, child care services, facade improvement, employment training and job placement for primarily low to moderate-income individuals and their families.

Homeless: The DHCD subcontracted with the Department of Social Services (DSS) to implement the ESG Program. Through contracts with private non-profit agencies in the County, DSS used ESG funds to provide emergency shelter and supportive services, homelessness prevention, and rapid re-housing services.

Narrative

During FY 2021, with the use of the County's CDBG, HOME, and ESG funds, 6,089 families benefited through various federally-funded projects such as: housing counseling, employment training, housing rehabilitation, down payment and closing cost assistance, rental assistance, etc. The majority (73 percent) of the total families served were Black or African American; 29 percent of the total families served were Hispanic. The numbers listed above do not reflect families assisted under the HOPWA program because the County is not considered the HUD Grantee and 66 families assisted with CDBG funds were of "Other races". Activities based on low and moderate-income areas (LMAs) are also not included in table above.

Narrative

In FY 2021, a total of \$27,365,964.84, in federal and local funds were made available for furthering the County's Housing and Community Development objectives. Over \$12 million was available in CDBG, HOME, and ESG Entitlement funds. Other funds (\$1.9 million) were receipted in CDBG Program Income, HOME Program Income funds and over \$12.6 million in COVID-19 funds. The County expended approximately thirty percent or \$8,299,877.00 of the total funds available which includes multi CDBG, HOME, and ESG program years, CDBG Program Income, CDBG Revolving Loan Program Income, and COVID-19 funds.

Identify the geographic distribution and location of investments**Table 4 – Identify the geographic distribution and location of investments**

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

Narrative

HUD Table 4 describes the geographic distribution and location of the County's investments during FY 2021. One hundred percent of the County's federal funds were invested County-wide. Geographic priorities are based on the level and type of investment needed to improve opportunities in areas where existing access is not as strong relative to the rest of the Washington, D.C. region and expand housing opportunities in areas where access to opportunity is stronger relative to the region as a whole.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

In FY 2021, the County used CDBG, HOME, and ESG funds to obtain other public and private resources that addressed housing and community development needs in the Annual Action Plan.

CDBG Program: The CDBG program operates on a reimbursement basis. The prospective applicant will use CDBG funds as leverage when seeking other funding sources in efforts to successfully carry out their activity. During FY 2021, CDBG funds were leveraged dollar-for-dollar.

ESG Program: The County must use ESG funds to leverage other public and private funds necessary to adequately provide essential supportive services to the County's homeless population. During FY 2021, ESG funds were used to leverage local funds.

HOME Program: Under the National Affordable Housing Act, which authorized the HOME program, matching contributions are required as the State and local government stake in the HOME program. The match is the local, non-Federal, permanent contribution to affordable housing, and is not counted to leveraging requirements. The HOME program requires the County to provide a match of not less than 25 percent of the HOME funds drawn down for project costs. During FY 2021, the County incurred a HOME Match liability of (\$18,408.00). Therefore, no match contribution during the program year was required.

Prince George’s County ensures good faith efforts towards the inclusion of minorities and women in all contracts entered into by the County in order to facilitate affordable housing activities. Contracts and subcontracts with minority-and women-owned business can cover various types of projects such as: purchases, consulting services, construction, and economic development. During the reporting period, two (2) HOME contractors completed projects with total contracts of \$48,007,518; no Minority Business Enterprises (MBE) were reported. However, \$40,234,011 of subcontracts were awarded to sixty-one (61) subcontractors; twenty-eight percent (28%) of these funds were awarded to MBE’s and six (6) of the subcontractors were Women Business Enterprises (WBE’s).

During FY 2021, one (1) HOME funded rental project was under construction, Suitland Senior Residence and two (2) HOME rental projects were approved by legislation to include Woodyard Station Elderly and 8230 Schultz Road and will be reported in future CAPERs.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

According to HUD, the generally accepted definition of affordability is for households to pay more than 30 percent of its annual income on housing. HUD Tables 11 and 12 provide the actual number of households the County served with CDBG, HOME, and ESG funded activities (e.g. rehabilitation of existing units, homebuyer assistance, and rental assistance) during FY 2021. In FY 2021, the County provided affordable housing to 95 households including housing for homeless, non-homeless and special needs populations. The County met 29% of its annual goal.

Discuss how these outcomes will impact future annual action plans.

The accomplishments reflect non-COVID CDBG, HOME, and ESG funded-activities. The projects and services were suspended as a result of the pandemic. However, during the fiscal year, the DHCD was able to use its CARES Act funds to assist over 7,769 families impacted by COVID-19 by providing rental assistance, food pantries, housing counseling, emergency shelter, and other supportive services.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	2,485	0
Low-income	2,164	0
Moderate-income	562	20
Total	5,211	20

Narrative Information

HUD Table 13 provides the number of households assisted at each income level who received CDBG and HOME assistance during FY 2021. The majority of the families served (48 percent) were extremely low-income. DHCD used the Prince George's County, Maryland Income Limits, as required by HUD which set income limits that determine eligibility of applicants for HUD assisted housing programs. HUD's standard that is typically used to judge income types in the County is based on a percentage of area median income (AMI) established by HUD using the base 2020 and 2021 median family income (MFI) for the County. DHCD used the "uncapped" income limits to determine applicant eligibility to participate in the County's homeowner rehabilitation and homebuyer assistance programs administered with CDBG and/or HOME funds.

Addressing the Worst-case Needs: Households with extremely low-income (0-30 percent of their family income) and who spend more than half of their income on housing are considered under-served and have the "worst-case needs." The majority of these households are renters. In FY 2021, the Housing Authority of Prince George's County served extremely low-income households through its housing programs. See CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j).

Actions Taken To Foster and Maintain Affordable Housing:

Through Housing Opportunity for All, the County is taking a dual approach to housing investments over the next 10 years. First, it will remove regulatory barriers and other hurdles to make development easier across the board. Second, it will use public policy and resources to help produce new housing options, especially for lower income households that the private market may not serve.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

The Prince George's County Continuum of Care for homeless persons is coordinated through the County's Homeless Services Partnership (HSP). The HSP is responsible for needs assessments, gap analysis, service coordination, resource development, policy and procedures, and system performance evaluation of homeless services. The County uses Federal, state, and local funds designated for the administration, shelter, homeless prevention, rapid re-housing and Homeless Management Information System (HMIS) services to address the goal of ending chronic and non-chronic homelessness. Funds are designated to provide prevention and diversion services, to operate shelters within the first tier of the Continuum of Care, and to provide homeless prevention and rapid re-housing to households and individuals experiencing homelessness. The HSP developed and implemented the "Ten Year Plan to Prevent and End Homelessness in Prince George's County: 2012-2021", which focuses on six (6) key strategies: 1) coordinated entry, 2) prevention assistance, 3) shelter diversion, 4) rapid re-housing, 5) permanent housing, and 6) improved data collection and performance measures.

Addressing the emergency shelter and transitional housing needs of homeless persons

The County currently operates 345 regular and COVID-19 emergency shelter beds (135 for families, 210 for individuals, and 10 for unaccompanied youth and young adults). Not included in this count are 53 domestic violence survivor emergency shelter beds, 28 seasonal beds, and 153 transitional shelter beds (117 for families, 23 for individuals, and 13 for unaccompanied youth and young adults).

The CoC's priorities are to continue its transformation of the emergency and transitional components of its shelter response system by: 1) centralizing triage to facilitate timely assessment and placement in the quickest route to permanency; 2) significantly increased funding for prevention and rapid re-housing; 3) create a system wide retraining of the emergency shelter workforce in an Emergency Shelter Function (ESF 6) model of intervention and integration of new staff with skill sets in negotiation, housing location and landlord/tenant relations; 4) reallocate traditional transitional housing programs to Rapid Re-Housing (RRH) models where the CoC deems appropriate; 5) significantly expand CoC shelter and housing response for unaccompanied homeless youth and young adults, 6) evaluate and improve all front end shelter facilities (layout and operations) to maximize universal and equitable access and improve safety responses to large scale public health crises, and 7) prioritize and invest in move out strategies that continue to encourage and support successful permanent exits from the system.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The County operates a Shelter Diversion Program which provides appropriate crisis intervention services aimed at preventing households experiencing temporary crisis from entering the shelter system. Services include rental assistance, credit counseling, job placement, and landlord/tenant mediation. The County anticipated approximately 5,000 unique callers would be triaged through the Homeless Hotline; 15,837 unique callers were triaged through the hotline. In addition, supportive services are offered through the County's Homeless Prevention (housing stabilization) and Rapid Rehousing (housing relocation) Programs, including but not limited to outreach and engagement, case management, housing search, lease up / eviction prevention and follow-up. When needed, financial assistance is also provided to individuals and families. During the fiscal year, the County proposed to assist 30 individuals with the use of Emergency Solutions Grants (ESG) funds; the County exceeded its ESG goal by serving 156 (520%) and serving 657 individuals in all CoC homeless prevention/rapid rehousing programs.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

Accommodations are made for six (6) homeless subpopulations that have distinct needs requiring separate exploration: 1) Unaccompanied Youth and Young Adults (13-24), 2) Veterans, 3) Chronically Homeless and Persons experiencing severe somatic and/or behavioral health challenges, 4) Survivors of Domestic Violence, Human Trafficking, and Sexual Assault, 5) Vulnerable Elderly and Aging, and 6) Returning Citizens.

Actions taken to address the needs of public housing

The Housing Assistance Division (HAD) manages the inventory of public and assisted housing, and surplus properties owned by the Housing Authority of Prince George's County (HAPGC). The majority, 296 units, of the 376 units of conventional public housing, is reserved for the elderly and disabled, with 80 units for families with children. Public housing properties are located in Hyattsville, Cottage City, Laurel, Oxon Hill and District Heights, Maryland. Eligibility is restricted to persons whose income is below 50% of the area's median income, with rent calculated at 30% of the adjusted gross income. The following actions were taken to address the needs of public housing in FY 2021.

- HAPGC's goals and objectives remain consistent with the Housing and Community Development Consolidated Plan, to include:
 - The Voluntary Compliance Agreement (VCA) and
 - The Disability Rights Maryland (DRM) Settlement Agreement.
- The HAPGC has begun the process, provided by HUD for the Conversion of Public Housing. It has been determined that the Rental Assistance Demonstration (RAD) Program would be the most effective process for the Repositioning of the HAPGC's aging public housing inventory. HAPGC has completed RAD applications for three properties Kimberly Gardens, Rollingcrest Village, and Marlborough Towne. HUD has awarded our Commitment to Enter in a Housing Assistance Payments (CHAP) for the three properties.
- As part of Redevelopment of the 1313 Southern Avenue property (formerly known as McGuire House), HAPGC will be breaking ground on this project in Q2 FY2022. The Housing Authority is developing a 163-unit multifamily/mixed-income dwelling for families and individuals age 62 and above.
- In FY 2021, HAPGC completed continued renovations to our five (5) public and assisted housing properties to improve resident satisfaction, increase market appeal, address security & safety, code requirements, and improve energy efficiency. Modernization activities included:
 - ADA/UFAS renovations at our Marlborough Towne Community Room and Sidewalk repairs to meet property accessibility requirements.
 - Installation of digital tenant information boards in the lobby of 1100 Owens Road & Cottage City Towers.
 - Replaced Large building systems at 1100 Owens Road & Cottage City Towers (Hot Water Heater & Cooling Tower).
 - Retro-fitted four (4) residential dwelling units to meet UFAS certified standards.
 - Property aesthetic improvements were completed as needed.
- FY2021 Capital Fund Improvement work items.
- Violence Against Women Act Program (VAWA).
- Crime Prevention – The Housing Authority continues its partnership with the County's Police Department to sponsor crime awareness programs; especially at sites housing our senior population.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Many services and initiatives listed below remained interrupted and/or modified by the COVID-19 pandemic throughout FY 2021. Program descriptions and services remain important and are listed below within. Modified program services were provided when applicable.

Resident Services: provides supportive services to our resident population. The program services are for five (5) public housing properties – Rollingcrest Village, Marlborough Towne, Cottage City Towers, Kimberly Gardens, and 1100 Owens Road. Even though services were modified for COVID-19, emphasis is on providing a comprehensive approach to service delivery that reduces premature institutionalization by promoting resident independence. Program components include case management and congregate services to address personal care issues, wellness, health awareness, and prevention education.

Resident participation efforts: consist of each public housing property having a Resident Council that meets monthly to plan resident activities, provide information about resident activities, and to advocate on behalf of their respective tenant population. The pandemic caused alternative communications. There is a Resident Advisory Board (representation from each of the Resident Councils), that provides input into the Housing Authority's Annual Five-Year Agency Plan. In addition to comments by the general public, this plan requires that residents be given an opportunity to offer input and have their priorities for services and policies considered and incorporated when possible, into the plan.

Family Self Sufficiency (FSS): provides our residents ability to increase economic opportunity. FSS assists with connecting participating families to public and private resources to increase their earned income, financial empowerment, reduce or eliminate the need for welfare assistance, and make progress toward economic independence and self-sufficiency. To achieve self-sufficiency, our resident's participant in a move along continuum towards economic independence and stability; such movement is facilitated by the achievement of educational, professional, health/mental health, and financial empowerment-related goals. This program is new to our FY 2021 program offerings and we expect to see growth in FY 2022.

Resident Initiatives: The Housing Authority operates Family Resource Academies at Kimberly Gardens and Marlborough Towne to help children succeed in school and improve their opportunities for upward mobility. Service interruptions continued throughout FY 2021 because of COVID-19.

Family Resource Academies (FRAs): FRA services were interrupted due to COVID-19. HAPGC operates learning centers at the 2 family public housing properties located at Kimberly Gardens and Marlborough Towne. These technology centers are open to resident children, ages 6 – 18, and classroom-modeled lessons are taught, using information technology to improve skills in reading, mathematics and other disciplines. This program provides a wide range of opportunities to increase student's ability to succeed in school and meet educational requirements for higher learning. The Kimberly Gardens campus is enhanced by a partnership with a non-profit group who operates a homework club. The group has certified public school teachers who provide hands-on assistance for homework, special classroom projects, and ongoing tutorial assistance. Additionally, students of the County's Public-School system are encouraged to use Community Services hours received through the FRA toward Community Services credits required for high school graduation.

FRA and Summer Camp Programs were impacted severely in FY 2021 whereas all services were canceled. We received computer upgrades from our community partners at the Prince George's County

Actions taken to provide assistance to troubled PHAs

The Housing Authority of Prince George's County is designated as a standard performer. No actions to provide assistance were required.

In FY 2021 the Housing Authority achieved a designation of "Standard Performer".

HAPGC is currently utilizing Technical Assistance (TA) provide to us by HUD under our Voluntary Compliance Agreement (VCA). The TA assistance is being utilized as a preventative measure to address spaces of vulnerability within operations, policies, and procedures for the agency as a whole.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Through Housing Opportunity for All², the County is taking a dual approach to housing investments over the next 10 years. First, it will remove regulatory barriers and other hurdles to make development easier across the board. Second, it will use public policy and resources to help produce new housing options, especially for lower income households that the private market may not serve. The Housing Opportunity for All working group prioritized exploring increases to the HITF (Cross-cutting Action 3.1), establishing stronger, market informed inclusionary housing requirements (Cross-cutting Action 1.5), strengthening the right-of-first refusal provisions (Targeted Action 2.6) and establishing a land bank to support redevelopment of abandoned residential properties (Targeted Action 3.2).

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Households with extremely low-income (0-30 percent of their median family income) and who spend more than half of their income on housing are considered under-served and have the "worst-case needs." The majority of these households are renters. In FY 2021, the following programs were made available to address the extremely low-income households.

FY 2021 Housing Programs Available for Extremely Low-Income Households

Family Self-Sufficiency is a voluntary program helping housing choice voucher participant families become economically self-sufficient. An interest-bearing FSS escrow account is established by the Housing Authority for each participating family. These funds are often used for homeownership, continuing education, and to starting a business. If the Housing Authority terminates the FSS contract, or if the family fails to complete the contract before its expiration, the family's FSS escrow funds are forfeited.
- **Landlord Seminars** - Each month, the Rental Assistance Division conducts landlord outreach through their Landlord Seminars. During these seminars, landlords receive detailed information regarding the Housing Choice Voucher program regulations and operations with emphasis on landlord responsibilities to the family, to the program and inspection requirements. Landlords are advised on the significance of their communication between RAD Inspectors and Rental Specialists. .

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The State of Maryland's approach to reducing and eliminating childhood lead poisoning was significantly revised with the October 2015 update of the "Maryland Targeting Plan for Areas at Risk for Childhood Lead Poisoning" (Targeting Plan). The Executive Summary of the Plan describes its key recommendations as:

- Testing of all Maryland children ages 12 and 24 months: For a period of three years, all Maryland children under the age of 6 years should be tested for lead exposure at 12 and 24 months of age, based on a determination by DHMH that all ZIP codes and census tracts in the State should be considered "at risk" under the requirements of Maryland Code Annotated, Health-General Article, § 18- 106, and Code of Maryland Regulations (COMAR) 10.11.04;
- Re-evaluation of recommendations based on surveillance findings: At the end of three years, DHMH will re-evaluate these recommendations, based on the analysis of blood lead testing data developed over the three-year period; and
- Clinical management: Like children with higher blood lead levels, children with blood lead levels of 5 to 9 micrograms per deciliter (mcg/dL) should have a confirmatory test, an assessment of

possible sources of lead exposure, an assessment of other vulnerable individuals in the home, and a repeat blood test until it is clear that they do not have ongoing lead exposure.

The second element of the State Elimination Plan is to identify children who may be at risk of lead exposure. The State of Maryland requires testing children at the ages of one and two.

Creating Economic Opportunities for Low- and Very Low-income Persons and Eligible Businesses

In efforts to utilize DHCD's federal programs to maximize economic opportunities for low and very low-income persons, the County Council enacted Council Bill (CB-112-2012)³ by adding requirements under Section 3 of the Housing and Urban Development Act of 1968, as amended, generally related to housing and community development.

DHCD amended the FY 2016 – 2020 Consolidated Plan and FY 2016 Annual Action Plan by including a Section 3 Action Plan. The County Council and County Executive adopted and approved Council Resolution (CR-15-2016) on May 17, 2016.

The FY 2016 – 2020 Section 3 Action Plan was prepared based on the Section 3 Proposed Rule 24 C.F.R. § 135. DHCD would amend its Section 3 Action Plan whenever HUD finalized the Section 3 regulations to reflect any revisions in the new regulations.

FY 2021 Section 3 Goals

The County may demonstrate compliance with the greatest extent feasible requirement of Section 3 by meeting the following HUD numerical goals:

1. Employ qualified Section 3 residents, as thirty percent (30%) of aggregate number of new hires resulting from contracts and subcontracts on a covered activity;
2. Award to Section 3 business concerns at least ten percent (10%) of the total dollar amount of all

³ December 6, 2012, Prince George's County Maryland Code, Chapter No. 94, Subtitle 15A. Consolidated Housing and Community Development Plan

Section 3 covered contracts for building trades work; and

3. Award to Section 3 business concerns at least three percent (3%) of the total dollar amount of all Section 3 covered contracts for non-construction work.

See Appendix C - Section 3 Reports, which demonstrates how opportunities were offered in low-income and very-low income areas during the County's reporting period.

The County missed the Section 3 goal however, DHCD will continue to promote Section 3 goals and requirements by holding technical assistance and workshops to enforce not only Section 3 but all HUD requirements. DHCD will also continue to execute its Section 3 Action Plan.

In September 2020, HUD finalized the Section 3 Rule, removed the implementing regulations and added the final regulation 24 C.F.R. § 75. The final rule updated HUD's Section 3 regulations to create more effective incentives for employers to retain and invest in their low-and very low-income workers, streamlined reporting requirements by aligning them with typical business practices, provided for program-specific oversight, and clarified the obligations of entities that are covered by Section 3.⁴

The DHCD amended its Section 3 Action Plan to reflect the Section 3 Final Rule 24 C.F.R. § 75 regulations. Once the FY 2021–2025 Section 3 Action Plan is approved by the County Council and County Executive, DHCD will incorporate its Section 3 Action Plan in its FY 2021 -2025 Consolidated Plan and Annual Action Plans covering FY 2022 – 2025 and report the accomplishments in the FY 2022 CAPER.
