***NALOXONE[®]* TRAINING**

Naloxone[®] is a life-saving nasal spray medication that can reverse an opioid overdose by restoring a person's breathing. Naloxone[®] training is essential for everyone, as overdoses can result from drug use or accidental ingestion of opioid prescription medication.

Naloxone[®] is very easy to use and anyone can learn how to use it. Maryland law also protects anyone who administers Naloxone[®] to someone experiencing an overdose. Virtual and in-person training available.

To receive your **FREE** training and Naloxone[®] kit, please call 301-883-7828 or email SaveALife@co.pg.md.us
