Dear_____,

Enclosed is the application packet for Residential Rehabilitation Program (RRP) services. This application must be completed in its entirety with all pertinent information. If you and /or the person applying for RRP services were recently discharged from a hospital, please include the discharge summary and psychiatric evaluation.

Your application will be reviewed within five working days, and if appropriate, you will be placed on the RRP wait list. Applicant must have Maryland Medical Assistance (MA)/Medicaid, have a primary population diagnosis listed in the application and meet medical necessity criteria to be eligible for RRP services. If the application isn't filled out thoroughly and completely you will receive a denial letter and/or email stating what is needed or if eligible for services.

Applications on the wait list are based on the following priority (State hospitals and community referrals) in that order. The application is good for 12 months. At the end of 12 months, applicants must update their application. A letter will be mailed to the contact person listed on the application asking you to reapply if still interested in RRP services.

The Local Behavioral Health Authority (LBHA) has a wait list, and no individual has a numerical standing on the wait list. It is important to understand that the RRP provides rehabilitation services to individuals that require rehabilitation skills development; housing is secondary to behavioral health services provided.

If you need additional support services, or have any questions, please contact the LBHA at the number listed below for additional resources.

Respectfully,

Marguerite Parker
