Day 1

April 24, 2024. Michael Colber reported that the memory sticks(s) created for this canvass were placed in the ballot scanners and sealed. Mrs. Honesty-Bey provided the Board of Canvassers with the results from the Logic and Accuracy Testing. Mr. Colbert noted the Ballot Scanner Serial Numbers and Seal Numbers from the Logic and Accuracy Testing documentation for each ballot scanner being used in the canvass.

Mr. Colbert verified that the seals on the ballot scanners was/were intact and recorded the scanner's serial number and seal number on the Scanning Unit Opening Integrity Report. Mr. Colbert noted that the ballot scanner's serial numbers and seal numbers from Logic and Accuracy Testing matched the ballot scanner's serial numbers and seal numbers before the canvass began.

The Board of Canvassers confirmed that the counts on the ballot scanners were zero. Mrs. Honesty-Bey posted one copy of the Zero Report from the ballot scanners on the table at the entrance of the canvassing room. Mr. Colbert printed a second copy of the Zero Report, which remained attached to the ballot scanners. At the direction of the Board of Canvassers, they signed the Zero Report attached to the ballot scanners.

A copy of the *Scanning Unit Opening Integrity Report* is attached to the minutes.

CANVASSING OF BALLOTS

Overview of Canvass Process

Michael Adams explained the rules concerning public observation of the canvass. Mr. Adams provided an overview of the canvassing process and noted that the rules were posted in the canvass room. Ballots were distributed to the ballot processing canvassing teams in batches. Each canvassing team reviewed the envelope first to determine whether it was timely received.

For timely received ballots, each canvassing team determined whether the voter signed the oath. After verifying that the oath is signed, each canvassing team opened the envelopes. With the envelope face down, each canvassing team removed the ballot, taking care that the envelope stays face down. After removing all of the ballots in the batch, the ballot envelopes were set aside. Each canvassing team reviewed the ballots for compliance and tabulating acceptability.

Web delivered ballots were duplicated by a bi-partisan ballot duplication team and verified for accuracy.

Ballots that were untimely or otherwise not in compliance were placed in a folder/envelope, with the canvassing team's number, or other information identifying the canvassing team to

which the ballot belonged, and the reason(s) for the referral written on the envelope. The envelope with the ballots inside was referred to the Board of Canvassers for later review.

Those timely ballots that were in compliance and could be read by the ballot scanner were referred to the Board of Canvassers for acceptance.

The Board of Canvassers ruled on whether to accept or unanimously reject the referred ballots.

Michael Adams explained the process to provide information to the Board of Canvassers or challenged a decision of the Board.

DECLARATION OF QUORUM PRESENT

There was a quorum of the Board of Canvassers, and at least one member of the Board of Canvassers who is a registered voter of the principal minority party was present.

RECONVENING THE MEETING

The mail-in ballot canvass reconvened on Friday, May 17, 2024, at 9:00 a.m. at The Family Life Center, 600-J Watkins Park Drive, Upper Marlboro, MD 20774.

VERIFICATION OF THE SCANNING UNIT(S)

Mr. Colbert verified that the seals on the ballot scanners were intact and recorded the scanners serial numbers and seal numbers on the Scanning Unit Opening Integrity Report. Mr. Colbert noted that the ballot scanners' serial numbers and seal numbers from Logic and Accuracy Testing matched the ballot scanners serial numbers and seal numbers before the canvass began.

The Board of Canvassers confirmed that the counts on the ballot scanners were zero. Ms. Honesty-Bey posted one copy of the Zero Report from the ballot scanners on the wall of the canvassing room. Mr. Colbert printed a second copy of the Zero Report, which remained with the integrity reports. At the direction of the Board of Canvassers, they signed the Zero Report.

A copy of the *Scanning Unit Opening Integrity Report* is attached to the minutes.

CANVASSING OF BALLOTS

Overview of Canvass Process

Ballots were distributed to the ballot processing canvassing team. Each canvassing team reviewed the envelope first to determine whether it was timely received.

For timely received ballots, each canvassing team determined whether the voter signed the oath. After verifying that the oath is signed, each canvassing team opened the envelopes. With the envelope face down, each canvassing team removed the ballot, taking care that

the envelope stays face down. After removing all of the ballots in the batch, the ballot envelopes were set aside. Each canvassing team reviewed the ballots for compliance and tabulating acceptability.

Web delivered ballots were duplicated by a bi-partisan ballot duplication team and verified for accuracy.

Ballots that are untimely or otherwise not in compliance were placed in a folder/envelope, with the canvassing team's number, or other information identifying the canvassing team to which the ballot belonged, and the reason(s) for the referral written on the envelope. The envelope with the ballots inside was referred to the Board of Canvassers for later review.

Those timely ballots that were in compliance and could be read by the ballot scanner were referred to the Board of Canvassers for acceptance.

The Board of Canvassers ruled on whether to accept or unanimously reject the referred ballots.

Ms. Honesty-Bey explained the process to provide information to the Board of Canvassers or challenged a decision of the Board.

CANVASSING OF BALLOTS

Overview of Canvass Process

Ballots were distributed to the ballot processing canvassing team. Each canvassing team reviewed the envelope first to determine whether it was timely received.

For timely received ballots, each canvassing team determined whether the voter signed the oath. After verifying that the oath is signed, each canvassing team opened the envelopes. With the envelope face down, each canvassing team removed the ballot, taking care that the envelope stays face down. After removing all of the ballots in the batch, the ballot

envelopes were set aside. Each canvassing team reviewed the ballots for compliance and tabulating acceptability.

Web delivered ballots were duplicated by a bi-partisan ballot duplication team and verified for accuracy.

Ballots that are untimely or otherwise not in compliance were placed in a folder/envelope, with the canvassing team's number, or other information identifying the canvassing team to which the ballot belonged, and the reason(s) for the referral written on the envelope. The envelope with the ballots inside was referred to the Board of Canvassers for later review.

Those timely ballots that were in compliance and could be read by the ballot scanner were referred to the Board of Canvassers for acceptance.

The Board of Canvassers ruled on whether to accept or unanimously reject the referred ballots.

Ms. Honesty-Bey explained the process to provide information to the Board of Canvassers or challenged a decision of the Board.

May 31, 2024 – Post Mail-In Ballot Canvass
Day 7 – Final Canvass Day

On May 30, 2024, during an audit of the ballots from the May 2024, primary election, Election Director Wendy Honesty-Bey became aware of a bin containing 415 processed but unscanned absentee ballots and 26 unprocessed ballots (Bin #Web 1). This bin had been inadvertently placed with bins containing canvassed ballots when the canvass was moved from the First Baptist Church of Glen Arden to the Board of Elections training center on May 22, 2024. The State Board of Elections was made aware of the issue and advised Prince George's County Board of Elections staff on the proper steps to fully canvass these remaining ballots. A Board meeting was advertised on May 30, 2024, to take place on May 31, 2024.

The Prince George's County Board of Elections convened as the Board of Canvassers on May 31, 2024, at 2pm with the following members present:

Board of Canvassers (In-Person):

Name	Position	Party
Beatrice P. Tignor	President	Democrat
Roberta B. Deegan	Vice President	Republican
Faye M. Howell	Member	Democrat

Day 7 – Final Canvass Day

DECLARATION OF QUORUM PRESENT

There was a quorum of the Board of Canvassers, and at least one member of the Board of Canvassers who is a registered voter of the principal minority party was present.

RECONVENING THE MEETING

A vote was taken to de-certify the prior election results based on the discovery of the uncanvassed ballots (A motion was made by Beatrice Tignor and seconded by Roberta Deegan). The Board then voted to re-open the canvass (A motion was made by Roberta Deegan and seconded by Carlette Lundy to reconvene as the Board of Canvassers) and the ballots contained in Bin #Web 1 were processed and scanned as necessary. The Board of Canvassers, acting on advice from the State Board of Elections, was advised that 47 ballots which had been rejected in the first canvass were inadvertently scanned during the first canvass process. These ballots will remain in “rejected” status on MDVoters. The Board agreed no vote was necessary as no action was being taken.

At 3:30pm, the canvass process for Bin #Web 1 was completed. The Board Chair and Vice-Chair/Secretary signed the Post-Election 011 documentation and the Election was certified with the updated results.

VERIFICATION OF THE SCANNING UNIT(S)

Mr. Colbert verified that the seals on the ballot scanners were intact and recorded the scanners serial numbers and seal numbers on the Scanning Unit Opening Integrity Report. Mr. Colbert noted that the ballot scanners' serial numbers and seal numbers from Logic and Accuracy Testing matched the ballot scanners serial numbers and seal numbers before the canvass began.

The Board of Canvassers confirmed that the counts on the ballot scanners were zero. Ms. Honesty-Bey posted one copy of the Zero Report from the ballot scanners on the wall of the canvassing room. Mr. Colbert printed a second copy of the Zero Report, which remained with the integrity reports. At the direction of the Board of Canvassers, they signed the Zero Report.
