

# SLFRF Compliance Report - SLT-4581-P&E Report-Q1 2022

## Report Period : Quarter 1 2022 (January-March)

---

### Recipient Profile

#### Recipient Information

Recipient UEI	EG8RRDV51SP8
Recipient TIN	526000998
Recipient Legal Entity Name	Prince George's County, Maryland
Recipient Type	
FAIN	
CFDA No./Assistance Listing	
Recipient Address	1301 McCormick Drive
Recipient Address 2	
Recipient Address 3	
Recipient City	Largo
Recipient State/Territory	MD
Recipient Zip5	20774
Recipient Zip+4	
Recipient Reporting Tier	Tier 1. States, U.S. territories, metropolitan cities and counties with a population that exceeds 250,000 residents
Discrepancies Explanation	
Is the Recipient Registered in SAM.Gov?	Yes

# Project Overview

## Project Name: Major Reconstruction Program-ARP Swan Creek Rd.

Project Identification Number	5.66.0003.5.02
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$1,860,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>This project proposes new storm drains to protect over twenty homes from frequent flooding which is causing extensive and repeated property damage. The storm drains will be sized for the 100-year storm to account for climate change. The upsizing of the storm drain will also enable the County to build a new elementary school which is a priority for the BOE and Fort Washington community. The Swan Creek Road Drainage Project covers the area of Swan Creek Road between Fort Washington Road and Arrow Park Drive which experiences flooding problems which have caused property damage to several properties along Swan Creek Road. The area of flooding receives runoff from an upstream contributing area of approximately 72 acres. The project will be under construction in Fiscal Year 2022 and should be substantially complete by Fiscal Year 2023. The project delivery mechanism is a competitively bid construction contract that will be awarded to the qualified lowest bidder. The community and the Prince George's County BOE are partners on this project. The intended outcome of this project once implemented will be to minimize and alleviate flooding problems in the Tantallon subdivision.</p>
Projected/actual construction start date	6/1/2022
Projected/actual initiation of operations date	6/1/2023
Location Type(for broadband, geospatial location data)	Road Segment
Location Details	Tantallon on the Potomac Subd., Fort Washington, Maryland. Nearest Address: 106 Swan Creek Rd., Fort Washington, MD
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$122,206.00
Lowest Quintile Income of the service area	\$29,993.00

Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

**Project Name: Flood Protection-ARP Stonesboro Road, Ft. Washington (Residential)**

Project Identification Number	5.54.0005.4.04
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$300,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project will entail design and construction of approximately 500 linear feet of storm drain comprised of reinforced concrete pipe (RCP), polyvinyl chloride (PVC) pipe RCP, PVC pipe, installation of inlets and grading as needed. The approximate project timeline is 4 years. Either design-build or design-bid-build will be the primary delivery mechanism. Project outcomes are the reduction of flood risks to approximately 6 residential properties and the enhancement of property values.

**Project Name: Flood Protection-ARP E. Tantallon Drive, Ft. Washington (Residential)**

Project Identification Number	5.54.0005.4.05
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$250,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project will entail design and construction of approximately 400 linear feet of RCP, installation of inlets and grading as needed. The approximate project timeline is 4 years. Either design-build or design-bid-build will be the primary delivery mechanism. Project outcomes are the reduction of flood risks to approximately 10 residential properties and enhancement of property values

---

**Project Name: Major Reconstruction Program-ARP Longfield Drainage Project**

Project Identification Number	5.66.0003.5.01
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$2,770,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	DPWT is constructing drainage and stormwater management in the Longfield neighborhood. The project proposes new storm drains and bio-retentions to reduce flooding and nuisance waters. The Longfield Drainage Project includes the installation of closed section curb and gutter along Pinevale Avenue, Pumphrey Drive, Springdale Avenue and Cross Street to facilitate drainage runoff, installation of new storm drain pipe along Cross Street to get water off the roads and front yards and into storm drain and underdrain system. The project will be under construction in Fiscal Year 2022 and should be substantially complete by Fiscal Year 2023. The project delivery mechanism is a competitively bid construction contract that will be awarded to the qualified lowest bidder. The community and County Councilmember are partners on this project. The intended outcome of this project once implemented will be to minimize and alleviate flooding problems and nuisance ponding and provide a clean, improved roadside frontage with dedicated parking areas in the Longfield subdivision.
Projected/actual construction start date	12/1/2022
Projected/actual initiation of operations date	12/1/2023
Location Type(for broadband, geospatial location data)	Address
Location Details	3328 Pumphrey Drive, District Heights, MD 20747
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$66,758.00
Lowest Quintile Income of the service area	\$19,987.00

**Project Name: Flood Protection-ARP 400 to 404 Vista Way**

Project Identification Number	5.54.0005.4.01
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater

Status To Completion	Completed less than 50%
Adopted Budget	\$1,635,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project is proposed in Fort Washington, MD and will achieve dual benefits to address residential structure drainage issues and improve water quality. This project will achieve an improved public drainage system conveyance through six residential properties. Also, it will achieve improved water quality with construction of a filtering device which will infiltrate excessive runoff and stabilize an eroding channel. This location is within the Chesapeake Bay Critical Area limits (CBCA) and benefits the Chesapeake Bay. The project is in the initial design phase and collecting environmental and topographic data. The design period is planned at approximately 18 months. The project delivery is through consultant engineering services and construction as a County Capital Improvement Program project. Intended partners are the immediate residential community and MNCPPC.
Projected/actual construction start date	11/1/2022
Projected/actual initiation of operations date	12/1/2023
Location Type(for broadband, geospatial location data)	Road Segment
Location Details	400 to 404 Vista Way, Fort Washington, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$122,206.00
Lowest Quintile Income of the service area	\$29,993.00
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

### **Project Name: Flood Protection-ARP Joslyn Place**

Project Identification Number	5.54.0005.4.03
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed 50% or more
Adopted Budget	\$605,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00

Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project is proposed in Cheverly, MD and will achieve dual benefits to address residential structure drainage issues and improve water quality. This project will achieve an improved public drainage system conveyance through an institutional property and through several residential properties. The enclosed drainage system will achieve safe conveyance of stormwater runoff and also address active erosion conditions, thus improving localized water quality in the Beaverdam watershed. The project is being bid with a contractor and the timeline to implement is approximately 9 months. The properties benefitting from the project are an institutional property, 5 residential properties, and common areas in the Town of Cheverly.
Projected/actual construction start date	1/3/2022
Projected/actual initiation of operations date	6/1/2022
Location Type(for broadband, geospatial location data)	Address
Location Details	6319 Joslyn Place, Cheverly, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$99,343.00
Lowest Quintile Income of the service area	\$25,824.30
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

### Project Name: Flood Protection-ARP Franklin Avenue

Project Identification Number	5.54.0005.4.02
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed
Adopted Budget	\$975,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	This project in Lanham, MD addresses localized residential property flooding conditions through construction of a new public storm drainage conveyance system. This project

	benefits eight residential properties. The partners are the residential property owners.
Projected/actual construction start date	4/1/2021
Projected/actual initiation of operations date	11/1/2021
Location Type(for broadband, geospatial location data)	Address Range
Location Details	9526 to 9600 Franklin Avenue and 9600 to 9001 Huxley Drive, Lanham, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$88,054.00
Lowest Quintile Income of the service area	\$28,509.21
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

**Project Name: Flood Protection-ARP Ellerbie Court, Lanham (Residential)**

Project Identification Number	5.54.0005.4.07
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$250,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	This project entails the installation of public under drains in the County right-of-way to alleviate street flooding and to provide stubs to which residents may connect private systems that would convey discharge from sump pumps to the public underdrain. The approximate project timeline is 3 years. The department plans to partner with the DPWT . Design-build is the primary delivery mechanism. This project will alleviate flooding of residential properties by providing a means to convey groundwater flow to an offsite discharge point. It will ultimate reduce risks for flood damage and loss, enhance property value and improve quality of life.

**Project Name: Program Evaluation**

Project Identification Number	119.2
Project Expenditure Category	7-Administrative
Project Expenditure Subcategory	7.2-Transfers to Other Units of Government

Status To Completion	Not Started
Adopted Budget	\$865,810.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Resources are allocated to support required program evaluation efforts for SLFRF projects. Funding is anticipated to be used over a four-year period.

**Project Name: Flood Protection-ARP Rollins Pl., Capital Heights (Residential)**

Project Identification Number	5.54.0005.4.09
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$300,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project will entail design and construction of approximately 350 linear feet of storm drain comprised of RCP and polyvinyl chloride pipe, installation of inlets and grading as needed. The approximate project timeline is 4 years. Either design-build or design-bid-build will be the primary delivery mechanism. Project outcomes are the reduction of flood risks to approximately 9 residential properties and enhancement of property values.

**Project Name: Flood Protection-ARP Tecumseh Street, Hyattsville (Residential)**

Project Identification Number	5.54.0005.4.08
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$150,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00

Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project will entail design and construction of approximately 100 linear feet of RCP, installation of inlets and grading as needed. This project upgrades an existing sub-standard system. The approximate project timeline is 4 years. Either design-build or design-bid-build will be the primary delivery mechanism. Project outcomes are the reduction of flood risks to approximately 2 residential properties and enhancement of property values.

**Project Name: Flood Protection-ARP Capon St., District Heights (Residential)**

Project Identification Number	5.54.0005.4.06
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$300,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project will entail design and construction of approximately 500 linear feet of RCP, installation of inlets and grading as needed. The approximate project timeline is 4 years. Either design-build or design-bid-build will be the primary delivery mechanism. Project outcomes are the reduction of flood risks to approximately 2 residential properties and enhancement of property values. It will also reduce volume of flow traversing other properties.

**Project Name: Flood Protection-ARP Linwood Avenue, Lanham (Residential)**

Project Identification Number	5.54.0005.4.10
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$150,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00

Current Period Expenditures	\$0.00
Project Description	The project will entail design and construction of approximately 100 linear feet of RCP, installation of inlets and grading as needed. The approximate project timeline is 4 years. Either design-build or design-bid-build will be the primary delivery mechanism. Project outcomes are the reduction of flood risks to approximately 3 residential properties and enhancement of property values.

**Project Name: Flood Protection-ARP Public Underdrains for Groundwater Issues-Countywide**

Project Identification Number	5.54.0005.4.13
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$800,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	This project entails the installation of public under drains in the County right-of-way to alleviate street flooding and to provide stubs to which residents may connect private systems that would convey discharge from sump pumps to the public underdrain. The approximate project timeline is 3 years. The department plans to partner with the DPWT . Design-build is the primary delivery mechanism. This project will alleviate flooding of residential properties by providing a means to convey groundwater flow to an offsite discharge point. It will ultimate reduce risks for flood damage and loss, enhance property value and improve quality of life.

**Project Name: Flood Protection-ARP Overton and Steve Drive, District Heights (Residential)**

Project Identification Number	5.54.0005.4.12
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$200,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00

Current Period Expenditures	\$0.00
Project Description	The project will entail design and construction of approximately 1,250 linear feet of storm drain, installation of inlets and grading as needed. Approximately 250, 300- and 700-linear feet would be installed for projects along Ashcroft Drive, Overton/Steve Drive and Barnwell Place, respectively. The Department of Public Works & Transportation (DPWT) is a potential partner for the Barnwell Place improvement. The approximate project timeline is four years. Either design-build or design-bid-build will be the primary delivery mechanism. Project outcomes are the reduction of flood risks to approximately sixteen residential properties and enhancement of property values. Approximately 3, 4 and 9 properties would be served by projects along Ashcroft Drive, Overton/Steve Drive and Barnwell Place, respectively.

### Project Name: MS4/NPDES-ARP Patuxent O-12

Project Identification Number	5.54.0019.7.05
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$632,380.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	This stream restoration project is located on the Prince George's County's Board of Education (BOE) property at Barack Obama Elementary School in Upper Marlboro. The project will focus on an unnamed tributary stream system restoration and functional uplift. The project will achieve total maximum daily load (TMDL)/MS4 nutrient reduction a benefits from approximately 1,200 linear feet of restoration from a roadway hard structure outfall to confluence with the mainstem of the tributary system. The project partners are the County's Board of Education (BOE) and adjacent residential communities. The delivery mechanism is engineering design through consultant services contracting and construction implementation via the County's Capital Improvement program. The project is in a conceptual design phase; scheduled to be completed in July 2022 with the anticipated construction phase duration of 12 months in 2023.
Projected/actual construction start date	7/3/2023
Projected/actual initiation of operations date	2/1/2024
Location Type(for broadband, geospatial location data)	Road Segment
Location Details	East of 12700 Brooke Ln, Upper Marlboro, Maryland

Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$86,875.00
Lowest Quintile Income of the service area	\$36,309.52
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

### **Project Name: Flood Study**

Project Identification Number	154.1
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$2,300,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The flood study would be performed on a watershed basis. It will identify areas prone to regular flooding, assess current and future flooding vulnerabilities in the watershed, and recommend measures to reduce flooding impacts to communities. The approximate project timeline is two years. A Request-for-Proposal (RFP) is the primary procurement delivery mechanism for securing engineering consultant services. The study will identify areas that are at risk for riverine and nuisance flooding (utilizing recent rainfall data and incorporating existing infrastructure in analyses and models) and recommend actions to reduce flood risks. The study will advise on mitigation measures to alleviate flooding problems as well as inform decisions regarding budget allocations for flood mitigation projects in the County's CIP.</p>

### **Project Name: MS4/NPDES-ARP Patuxent SR21**

Project Identification Number	5.54.0019.7.04
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$1,725,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00

Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	This project involves a stream restoration of approximately 3,770 linear feet of stream channel, located within McCarthy Park in Largo, MD. The project consists of 7 unnamed tributaries to the Southwest Branch of the Patuxent River watershed. The goal of the project is to provide water quality improvements in fulfillment of the County's MS4 permit requirements. It is anticipated that this water quality project will yield 75.4 impervious acres treated. The delivery mechanism is engineering design through consultant services contracting and construction implementation via the County's Capital Improvement Program. The project is in the early design phase; scheduled to be completed in June 2022, with the anticipated construction phase duration of 12 months in 2023. The project also contributes ISR credits towards the County's MS4 permit. The delivery mechanism is engineering design through consultant services contracting and construction implementation via the County's Capital Improvement Program. The project is in a conceptual design phase; scheduled to be completed in November 2022, with the anticipated construction phase duration of 12 months in 2023.
Projected/actual construction start date	10/3/2022
Projected/actual initiation of operations date	12/1/2023
Location Type(for broadband, geospatial location data)	Road Segment
Location Details	Ritchie Marlboro Road and the Capital Beltway (Interstate Route 495), in Largo, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$86,875.00
Lowest Quintile Income of the service area	\$36,309.52
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

**Project Name: MS4/NPDES-ARP Eagle Harbor**

Project Identification Number	5.54.0019.7.03
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$4,694,737.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00

Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project entails the restoration of Coleman Creek within the Town of Eagle Harbor, MD. This stream system has direct outfall to the tidal Patuxent River. The project will achieve stream stability, habitat enhancement, flood attenuation, community resiliency through restoration of 1,700 linear feet of the mainstem and 1,400 linear feet of two (2) headwater tributaries for a total of 3,100 linear feet. Partners are the residential property owners and the Town of Eagle Harbor. The project will achieve approx.179.0 impervious acre restoration (ISR) credits under the County's MS4 NPDES permit. The project delivery method is a design/ build contract administered through the County's Capital Improvement Program. The project is at a 65% design phase; tentatively scheduled to be completed by November 2022 and immediately followed by the start of the construction phase with an anticipated duration of 9 months.

**Project Name: Major Reconstruction Program-ARP Clinton Street**

Project Identification Number	5.66.0003.5.03
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$1,870,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The project proposes a new storm drain across Clinton Street and several private properties to alleviate flooding to multiple locally owned business and the volunteer fire department. The properties have experienced repetitive damage from flood events which has been exacerbated with more frequent and higher intensity storm events. Clinton Street is also the access point for an elementary school which is impeded during storm events. The Clinton Street Storm Drain Project provides a storm drain system for an industrial/commercial zone with multiple small businesses along Clinton Street between Old Branch Avenue and Woodyard Road (MD 223) in Clinton, Maryland. The area is almost entirely covered with asphalt paving and assorted buildings and has experienced significant localized flooding impacting the surrounding county based businesses for several decades. The project is will be under construction in Fiscal Year 2022 and should be substantially complete by Fiscal Year 2023. The project delivery mechanism is a

	competitively bid construction contract that will be awarded to the qualified lowest bidder. The local business community and County Councilmember for the area are partners on this project. The intended outcome of this project once implemented will be to minimize and alleviate flooding problems in this commercial district.
Projected/actual construction start date	12/1/2022
Projected/actual initiation of operations date	12/1/2023
Location Type(for broadband, geospatial location data)	Address
Location Details	Nearest Address: 9015 Clinton St., Clinton, MD 20735
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$110,108.00
Lowest Quintile Income of the service area	\$32,011.38
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

**Project Name: MS4/NPDES-ARP Patuxent O-15**

Project Identification Number	5.54.0019.7.07
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$882,559.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The project area in Upper Marlboro, MD consists of two unnamed tributaries to the Back Branch, a significant watershed tributary to Cabin Branch within the Western Branch watershed to the Patuxent River. These tributaries are eroding and deeply incised, narrow stream channels within a broad wooded valley. There are residential communities to the south and a hard structure roadway downstream. The project partners are the MNCPPC and adjacent residential communities. The delivery mechanism is an engineering design through consultant services contracting and construction implementation via the County's Capital Improvement Program. The project is in the planning phase; scheduled for design completion in May 2023, with the anticipated construction phase duration of 12 months in 2024. The project will yield approximately 638 LF of stream restoration and approximately 13.2 credits of</p>

	impervious area treatment towards the County's NPDES MS4 permit.
Projected/actual construction start date	10/2/2023
Projected/actual initiation of operations date	10/1/2024
Location Type(for broadband, geospatial location data)	Road Segment
Location Details	East of Ritchie Marlboro Road, in Upper Marlboro, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$86,875.00
Lowest Quintile Income of the service area	\$36,309.52
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

### **Project Name: Water Meter Program**

Project Identification Number	TBD
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.8-Clean Water: Water conservation
Status To Completion	Not Started

Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00

Project Description	This stream restoration project is located within the Bald Hill Stream Valley Park in Springdale, MD. The project will focus on unnamed tributaries within the Bald Hill Branch, a tributary to the Western Branch of the Patuxent River. The project will achieve channel restoration, functional uplift, and TMDL/MS4 nutrient reduction benefits from approximately 2,000 linear feet of restoration . The project partners are the Maryland-National Capital Park and Planning Commission (MNCPPC) and adjacent residential communities. The delivery mechanism is engineering design through consultant services contracting and construction implementation via the County's Capital Improvement Program. The project is in a conceptual design phase; scheduled to be completed in July 2022, with the anticipated construction phase duration of 12 months in 2023.
Projected/actual construction start date	10/3/2022
Projected/actual initiation of operations date	12/1/2023
Location Type(for broadband, geospatial location data)	Road Segment
Location Details	North of Biemans Terrace, Springdale, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$119,530.00
Lowest Quintile Income of the service area	\$30,151.10
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

### **Project Name: MS4/NPDES-ARP Liberty Sports Park Phase II**

Project Identification Number	5.54.0019.7.02
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed less than 50%
Adopted Budget	\$3,695,539.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
	The stream restoration project is developed through a comprehensive and technically feasible approach to restore a second phase and most downstream portions of an unnamed tributary ("Liberty Sports Park") to the Collington Branch. The Collington Branch is a significant contributing watershed to the Patuxent River which confluent directly to the Chesapeake Bay. The regenerative nature of the

Project Description	restoration techniques implemented within the tributary channel will achieve channel stabilization. The proposed restoration will restore and stabilize approximately 3,905 linear feet of stream channel and headwater tributary within this highly eroded stream valley. The stream restoration will arrest the source of continuing sediment and nutrient loading to the mainstem of the Collington Branch. The stream restoration approach will be sustainable, resilient, and provide co-benefits to multiple stakeholders; to the Liberty Sports Park Complex users and visitors, the adjacent residential and commercial properties. This project will achieve approx. 79.8 impervious acre restoration (ISR) credits under the County's MS4 NPDES permit. The delivery method is a design/ build contract. The project has completed concept development phase, with final design and permits tentatively scheduled to be completed in August 2022 and immediately followed by the construction phase with a duration of 10 months.
Projected/actual construction start date	9/1/2022
Projected/actual initiation of operations date	7/1/2023
Location Type(for broadband, geospatial location data)	Road Segment
Location Details	Tributary near Collington Center, Upper Marlboro, Prince George's County, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$86,875.00
Lowest Quintile Income of the service area	\$36,309.52
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

	The stream restoration project is developed through a comprehensive and technically feasible approach to restore an unnamed tributary ("Liberty Sports Park") to the

Project Description	Collington Branch. The Collington Branch is a significant contributing watershed to the Patuxent River which confluences directly to the Chesapeake Bay. The regenerative nature of the restoration techniques implemented within the tributary and its headwater tributary channels will achieve channel stabilization and stormwater attenuation. The proposed restoration will restore and stabilize over 4,500 ft of stream and address the need for volume reduction within this highly eroded stream valley by providing a minimum of 30,487 ft of stormwater volumetric attenuation. The stream restoration approach will be sustainable, resilient, and provide co-benefits to multiple stakeholders, including Liberty Sports Park Complex users and visitors and the adjacent residential and commercial properties. This project will achieve approx. 124.9 impervious surface restoration (ISR) credits under the County's municipal separate storm sewer system (MS4) National Pollutant Discharge Elimination System (NPDES) permit. The delivery method is a design/ build contract. The design has been progressed to a 30% phase completion; scheduled to be permitted in July 2022 and immediately followed by the construction phase.

Project Description	The Department of Social Services intends to purchase/renovate or build a new expansion facility to permanently add critical emergency shelter beds for persons experiencing homelessness. The proposed facility will provide up to 65 overflow shelter beds in one or more fixed locations and will be owned and operated by the County resulting in more effective, timely and cost-effective services. The fixed facility will ensure expanded access to shelter, reduced exposure to COVID-19 and other health risks, allow flexibility to adjust for household size, accessibility (ADA) challenges, other isolation/quarantine needs, and increase opportunity for housing stabilization. The facility will provide shelter, meals, supportive services, case management and rapid rehousing supports to highly vulnerable residents of the County.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$8,000,000.00
Type of capital expenditures, based on the following enumerated uses	Affordable housing, supportive housing, or recovery housing

### Project Name: Housing Rehab Assistance Program

Project Identification Number	178.1
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.18-Housing Support: Other Housing Assistance
Status To Completion	Completed less than 50%
Adopted Budget	\$1,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$500,000.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Habitat for Humanity Metro Maryland (Habitat) will implement the ARPA Housing Rehabilitation Assistance Program (ARPA - HRAP). The ARPA-HRAP program will provide income-qualified homeowners with Critical Home Repair, Accessibility and Weatherization improvements. ARPA-HRAP assistance will address home-repairs at owner-occupied homes located in a QCT and owned by households with incomes up to 80% of area median income. Half of the ARPA-HRAP program assistance will target homes in the Purple Line area and the other half will be available to eligible homeowners throughout the County. The assistance will cover construction costs as well as softs cost for engineers and/or accessibility consultants' services. The program's intent is to address critical health & safety related repairs such as roof replacements, plumbing, electrical, HVAC repairs, accessibility modifications such as zero-step entry solutions, accessible baths and showers, stair lifts, railings and grab bars, attic air sealing, insulation, caulking and weather-stripping around windows and doors, mechanical ventilation improvement, as well as qualifying HVAC, water heater and appliance upgrades.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	2 Imp Low or moderate income HHs or populations
	The ARPA-HRAP program will provide income-qualified homeowners with Critical Home Repair, Accessibility and

Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Weatherization improvements. ARPA-HRAP assistance will address home-repairs at owner-occupied homes located in a QCT and owned by households with incomes up to 80% of area median income. Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The assistance will cover construction costs as well as softs cost for engineers and/or accessibility consultants' services. The program's intent is to address critical health & safety related repairs such as roof replacements, plumbing, electrical, HVAC repairs, accessibility modifications such as zero-step entry solutions, accessible baths and showers, stair lifts, railings and grab bars, attic air sealing, insulation, caulking and weather-stripping around windows and doors, mechanical ventila

### Project Name: Infrastructure Development

Project Identification Number	170.8
Project Expenditure Category	7-Administrative
Project Expenditure Subcategory	7.1-Administrative Expenses
Status To Completion	Not Started
Adopted Budget	\$3,460,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The Health Department will hire 14 additional staff within the administrative support areas of the department as 1,000 hour or limited term grant funded postions. Due to the growth the agency has sustained since the onset of the pandemic, the department has identified key roles that have been severely short-staffed and we will provide additional resources to effectively meet to growing demands. In addition, resources are allocated to conduct a deep evaluation of existing business processes and focus attention on process improvements. The primary goal is to improve the alignment of resources and organizational improvements to strengthen the administrative infrastructure as well as more sustained improvements to the overall efficiency of the Health Department.

### Project Name: Anti-Violence Program

Project Identification Number	113.1
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity
Project Expenditure Subcategory	1.11-Community Violence Interventions

Status To Completion	Completed 50% or more
Adopted Budget	\$3,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$765,609.25
Total Cumulative Expenditures	\$765,609.25
Current Period Obligations	\$400,000.00
Current Period Expenditures	\$400,000.00
Project Description	<p>The goal of the anti-violence program is to reduce shootings and homicides in Prince George's County by focusing community and law enforcement resources on those at the very highest risk of engaging in serious violence, improve life outcomes, reducing recidivism rates for participants and fostering better relationships between the community and police. Collaborators plan to implement various interventions to focus on targeted, trauma-informed care designed to interrupt cycles of violence that can produce lifesaving and cost-efficient results. Services will be targeted in QCT communities.</p> <p>Activities include:Description:</p> <ul style="list-style-type: none"> <li>-Call for applications from nonprofit organizations that wish to work with the HOPE Collective Network by providing services in the following areas: youth mentoring, mental health, afterschool enrichment programming, violence reduction services, and workforce development services. The RFP was released December 15, 2021 and will close January 14, 2022. The applicants will be fully vetted through Prince George's County Government. Those applicants meeting all vetting requirements will then be advanced to the program review round. A grant selection committee will review and score the applications using the set rubric. Applicants will be notified by February 4, 2022 if they were chosen to be part of the HOPE Collective Network.</li> <li>- Job announcement for Violence Interrupters placed through Community Connections. Six Violence Interrupters will be fully onboarded by January 1, 2022. Training will commence in January and continue throughout the grant period. Hope in Action will work with the Oakland Violence Interrupter Team to train and implement the approved model.</li> <li>-Onboarding of the following key Hope in Action positions: Program Director, Program Administrator and Special Projects Coordinator (OCR Team)</li> <li>-Targeted Community Events: Hotspot areas of those impacted by Gun Violence.</li> <li>-Delivery of Door to Door gifts – 10 Prince George's residents who lost a loved one to gun violence.</li> <li>Delivery of 50 gifts to Incarcerated Lives Matter, who distributed the gifts to 50 Prince George's County residents impacted by incarceration.</li> <li>o Prince George's County -Hot Spots Addressed: Suitland, Hillcrest Heights, Eastover/Glassmanor</li> </ul>
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public

Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The goal of the Hope in Action Anti-Violence Project is to strengthen sustainable peace efforts in Prince George's County by helping to reduce violent crime through collaboration with local law-enforcement and community stakeholders. This effort will identify individuals (youth and adults) at the highest at risk of gun violence to coordinate individualized wraparound resources. The project will implement four strategies:
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	<ol style="list-style-type: none"> <li>1. Violence Intervention Program-identifies situations where the likelihood of violence is high and engages high-risk individuals to prevent violence.</li> <li>2. Diversion and Reentry Services</li> <li>3. Community &amp; School-Based Wrap Around Services</li> <li>4. Violence Prevention Task Force</li> </ol>

### Project Name: Premium Pay

Project Identification Number	000.1
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed 50% or more
Adopted Budget	\$23,500,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$18,486,964.61
Total Cumulative Expenditures	\$18,486,964.61
Current Period Obligations	\$7,001,746.75
Current Period Expenditures	\$7,001,746.75
Project Description	Funding supports premium pay to eligible county workers performing essential work during the COVID-19 public health emergency. Under the County's program, public facing essential employees will receive \$350 per pay period and non-public facing essential employees will receive \$200 per pay period. Funding will be paid retroactively for 15 pay periods from 9/27/20 through 4/17/21.
Sectors Designated as Essential Critical Infrastructure Sectors	Behavioral health work; Election's work; emergency response; maintenance work; public health work; sanitation, disinfection, and cleaning work; social services work; transportation and warehousing; other
Number of workers to be served	3,197
Premium Pay Narrative	A Countywide survey was conducted prior to legislation being passed in order to properly assess how many essential employees (public facing and non-public facing) were at risk during a time of high percent positivity rates. After this assessment it was determined that retroactive premium pay of \$350 per pay period for public-facing essential employees, and \$200 per pay period for non-public facing essential employees would be negotiated with the County labor unions for the period starting September 27, 2020 through April 17, 2021. An analysis of County employees who received this pay prior to that timeframe indicates that

	funds will be directed to lower paid County employees, many of whom work in the public safety arena.
Number of workers to be served with premium pay in K-12 schools	0

**Project Name: Affordable Housing-Right of First Refusal Program**

Project Identification Number	178.2
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity
Project Expenditure Subcategory	2.15-Long-Term Housing Security: Affordable Housing
Status To Completion	Completed less than 50%
Adopted Budget	\$15,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$40,000.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	<p>The Department of Housing and Community Development will deploy ARP funds to support the Right of First Refusal (ROFR) Program Opportunity Fund (the “Fund”). The revolving loan fund will provide flexible financial support for multifamily rental properties subject to the County’s ROFR and help achieve the County’s affordable rental housing and equitable economic development goals. The Fund will provide critically-needed interim loans (i.e. a 2-3 year timeframe) to support pre-approved purchasers in the acquisition of multifamily rental properties subject to the ROFR Program. It is expected that the Fund will provide financing to eligible borrowers for at least one (1) property per year for the next three (3) years. All properties supported by the Fund will be located in a QCT in accordance with ARPA requirements. The Fund will make loans that provide maximum flexibility to support transactions and would have a governance structure that enables rapid underwriting and lending decisions in light of 180-day timeline associated with acquisitions under the ROFR Program. Loans are expected to be structured as subordinate loans in cooperation with other conventional lenders.</p>
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	15 Dis Imp HHs and populations residing in Qualified Census Tracts
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	<p>The Department of Housing and Community Development will deploy ARP funds to support the Right of First Refusal (ROFR) Program Opportunity Fund (the “Fund”). ### Project Name: Rapid Re-Employment

Project Identification Number	111.4
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Completed less than 50%
Adopted Budget	\$9,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The Rapid Re-Employment Grant initiative is a nationally recognized economic reenergizer that assists businesses reopening and decreases the Prince George's County's unemployment rate. Businesses who hire unemployed Prince George's County residents, or rehire Prince George's County residents that were previously laid off, are eligible for grants that supplement 50% to 75% of a new employee's salary for up to 12 weeks. Small to medium sized businesses with 1 to 199 employees are eligible to receive grants that supplement 75% of a new employee's salary. Large businesses with 200 or more employees are eligible to receive grants that supplement 50% of a new employee's salary.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	3 Imp HHs that experienced unemployment
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	In the 3rd quarter of the grant period, January – March 2022, 116 Rapid Re-employment Grants were approved and 80 were disbursed to Prince George's County employers, totaling \$2,141,326. As a result of the Rapid Re-Employment Grant initiative, 231 unemployed Prince George's County Residents became employed during the third quarter of the reporting period. We have not collected disaggregated data, therefore, this level of data is not available.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Businesses who hire unemployed Prince George's County residents, or rehire Prince George's County residents that were previously laid off, are eligible for grants that supplement 50% to 75% of a new employee's salary for up to 12 weeks. ### Project Name: Food Support

Project Identification Number	111.2
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.1-Household Assistance: Food Programs
Status To Completion	Not Started
Adopted Budget	\$3,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	During the pandemic, the County launched the "Stand and Deliver" program to address the immediate food support needs of local families. Funding will be dedicated to support the local food supply chain. The main activities of the program will build the capacity of community-based organizations and small businesses to address food insecurity and the basic needs of residents by purchasing, packaging and distributing meals to high need areas and underserved communities. The timeline is one distribution per location per week delivered via nonprofits, small businesses and faith based organizational partners. The program will be centrally coordinated by Nonprofit Prince Georges.
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	No distributions scheduled. Awaiting program structure development.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The food distributions will assist those residents experiencing food insecurities due to the negative economic impact of COVID-19. Additionally, this program supports local food purveyors with maintaining operations and keeping residents employed. This project will be conducting a program evaluation in lieu of reporting the amount of spending on evidence-based interventions. This will be a quasi-experimental design.
Number of households served (by program if recipient establishes multiple separate household assistance programs)	0

### Project Name: Uninsured Services-Healthcare Alliance/Health Assures

Project Identification Number	170.7
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.6-Medical Expenses (including Alternative Care Facilities)
Status To Completion	Not Started

Adopted Budget	\$12,800,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	This funding will increase the support to the uninsured population via the Health Assures Fund through Federally Qualified Health Centers. Providers will be reimbursed a flat rate per patient with a three visit per patient visit cap in a one year period.

### **Project Name: Cheverly Building Replacement**

Project Identification Number	3.70.0004.2.01
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.14-Other Public Health Services
Status To Completion	Not Started
Adopted Budget	\$20,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The Health Department seeks an alternate location for the Cheverly Health Clinic to better serve clinical mental health, and substance abuse needs. Due to the present physical condition and maintenance requirements of the property, significant improvements are needed for the continued operation of this facility. Therefore, a new facility in a community is needed that is easily accessible to the public and where the cost of maintaining the space is more manageable. We will utilize funding to build out a full service clinical, behavioral health and dental health service building that will allow us to continue to serve the approximately 10,000 family health clients, 1,000 dental clients and 2,750 behavioral health clients that we see annually. On average our annual clinic volume is approximately 200,000 family health 2,500 dental and 300,000 behavioral health patient encounters/patient encounters/visits per year of which 38,000 encounters are for methadone treatment visits and much of this volume results from repeat visits.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$20,000,000.00
Type of capital expenditures, based on the following enumerated uses	Behavioral health facilities and equipment

Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

**Project Name: Behavioral Health-Substance Abuse**

Project Identification Number	170.6
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.13-Substance Use Services
Status To Completion	Completed less than 50%
Adopted Budget	\$1,376,043.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$431,750.25
Total Cumulative Expenditures	\$259,503.25
Current Period Obligations	\$122,651.25
Current Period Expenditures	\$122,651.25
Project Description	The Health Department will increase the capacity of methadone maintenance treatment services to address the needs of opioid use disorders (OUD). Recent legislation was passed requiring all detention centers, including the Prince George's County Department of Corrections to provide methadone services. This would address incarcerated residents and those re-entering the community. Will hire a provider and nurse practitioner to support the methadone program. They will perform H&P biannually for all enrolled patients, and collaborate with the Corrections Department to provide medication for incarcerated OUD patients needing methadone treatment.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Increase the number of inspections conducted by the Local Behavioral Health Authority by two per year, per practice to monitor behavioral health programs. Conduct 8 evidence-based trainings to 35 participants per training, in order to address the grief and trauma incurred upon residents due to COVID-19. Thus, increasing the capacity to provide behavioral health services to more than 400 residents. 250 incarcerated individuals receiving behavioral health services will be supported by the new IT.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	\$11.54 million will be used to (1) expand County behavioral health services; (2) support the jail-based behavioral health IT system; (3) create an incentive fund for Hospital-based psychiatric beds/units; (4) increase public awareness of services; and (5) develop a home visiting program in pediatric practices.

**Project Name: COVID Cares, After Action Report, Outreach/Liaison**

Project Identification Number	170.4

Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.14-Other Public Health Services
Status To Completion	Completed less than 50%
Adopted Budget	\$1,335,218.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$475,623.90
Total Cumulative Expenditures	\$408,692.61
Current Period Obligations	\$303,692.61
Current Period Expenditures	\$303,692.61
Project Description	COVID Cares projects will provide temporary care coordination services to approximately 400 clients per month and we will hire six community health workers, one admin aide and one data analyst as well as secure a contract with the ARC of Prince George's for food delivery service and food purchases. The after action report will identify processes and procedures to improve response and recovery efforts for future disasters. The administrative staff will support the liaison officer, contractor(s) to support operations, sections advance preparation, and outreach for mobile clinic events.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public

### **Project Name: Behavioral Health-Mental Health**

Project Identification Number	170.5
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.12-Mental Health Services
Status To Completion	Not Started
Adopted Budget	\$9,173,957.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00

Current Period Expenditures	\$0.00
Project Description	The Behavioral Health program will support the Local Behavioral Health Authority's staffing crisis, replace a methadone provider, and add a nurse practitioner to support the methadone program. Also, the funding will support the jail based behavioral health IT system that is shared with DSS and Corrections and the program manager to support the implementation. Funding will also be allocated for an incentive fund for hospital-based psychiatric beds/units (consultant/contractor to distribute on behalf of all local hospitals and community-based infrastructure), and communications costs in support of social media awareness. Lastly, we will develop a mental health program under the Child Friendly County Initiative to develop a home visiting program in pediatric practices.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public

### Project Name: Communications

Project Identification Number	170.3
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.7-Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine)
Status To Completion	Completed 50% or more
Adopted Budget	\$750,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The communications team will continue to provide updates on COVID-19 risk exposure as a response to the public's targeting concerns. Using the data, we will provide for timely messaging to position ourselves as the authority on County health in a consistent way. We will activate all forms of media outlets as we are committed to communicate changes in the mass vaccination program, availability and

	the associated guidelines, communicate equitable access pathways to critical populations specific to distribution and include experimental testimony via photos, video, personal accounts as well as mental health communications costs via social media with a particular focus on increasing awareness and reducing stigma.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public

### Project Name: COVID-19 Testing

Project Identification Number	170.2
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.2-COVID-19 Testing
Status To Completion	Completed 50% or more
Adopted Budget	\$1,015,513.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$612,991.46
Total Cumulative Expenditures	\$612,991.46
Current Period Obligations	\$612,991.46
Current Period Expenditures	\$612,991.46
Project Description	The Health Department will continue with the administration of COVID-19 testing to eligible members of the general public as well as educate the public with communications and marketing campaigns. Testing will occur out of the Wayne Curry Sports & Learning Center and Laurel Senior Center by a vendor, and one Health Department run site. Temp agency staffing will be used to support testing activities including administrative support (runners, traffic flow, greeters, check in/out, planners and clinical support (temps include nurses, pharmacy techs, and med techs).
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Testing will occur out of the Wayne Curry Sports & Learning Center and Laurel Senior Center by a vendor, and one Health Department run site. 	planners and clinical support (temps include nurses, pharmacy techs, and med techs).
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The Health Department will continue with the administration of COVID-19 testing to eligible members of the general public as well as educate the public with communications and marketing campaigns.

### **Project Name: Non-Profit Capacity Support**

Project Identification Number	111.3
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.34-Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted)
Status To Completion	Not Started
Adopted Budget	\$3,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	As a result of the COVID-19 pandemic, the demand for nonprofit food delivery services has skyrocketed. The County will identify key nonprofits that have maintained a solid track record of food service and financial responsibility to help them expand their existing services in order to increase the food resources available to the public. Grants will be monitored for outcomes and growth. The County will be supporting Nonprofit Prince George's to become the organizer, administrator and manager of Stand & Deliver. Nonprofit Prince George's will manage and coordinate all of the nonprofits involved as well as the food orders. Assistance will be provided to help non-profits build capacity by expanding pantries, hiring staff and ensuring the availability of necessary technology and equipment.

### **Project Name: Film Business Development and Assistance Initiative**

Project Identification Number	111.1
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.29-Loans or Grants to Mitigate Financial Hardship
Status To Completion	Completed less than 50%
Adopted Budget	\$1,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00

Current Period Expenditures	\$0.00
Project Description	this initiative addresses equity issues, fragmentation of services, and disparity related barriers that prohibit access to resources for small businesses, and employment loss caused by this crisis. The components are 1) Film Business Grant Assistance Grant Program - Cohort of 7-10 businesses annually; 2) Technical Assistance and Workforce Development - Industry focused workshops and job training apprenticeships for County film industry businesses (and jobs associated with those industry areas) held at Campus Studios and ARTSS, LLC (located in Census Tract 8022.03 in Capitol Heights and District Heights) ; and 3) Marketing and Recruitment – Expand the Film Office resource center and programs to highlight/market the County’s assets, incentives and resources to increase the number of film projects, especially those of larger budgets, within Prince George’s County.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	8 Imp SBs that experienced a negative economic impact
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Personnel: PGAHC onboarded the Film Office Business Developer and General Manager. • Website Development – Implementation of Reel Scout – The Film Office Business Development website. 2) Technical Assistance and Workforce Development - Industry focused workshops in capacity building and job training for County film industry businesses (and jobs associated with those industry areas)
Brief description of recipient’s approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	1) Film Business Grant Assistance Grant Program - Serve a cohort of 7-10 businesses annually that were negatively impacted by COVID-19. • The grant program was designed, and the grant portal will launch April 17, 2022, to accept applications with a due date of May 16, 2022.
Number of small businesses served (by program if recipient establishes multiple separate small businesses assistance programs)	0

## Project Name: COVID-19 Vaccinations

Project Identification Number	170.1
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.1-COVID-19 Vaccination
Status To Completion	Completed less than 50%
Adopted Budget	\$4,154,269.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$3,865,046.48
Total Cumulative Expenditures	\$1,656,125.78
Current Period Obligations	\$1,654,709.38
Current Period Expenditures	\$1,654,709.38
	The Health Department will continue with the administration

Project Description	of COVID-19 vaccinations to eligible members of the general public as well as educate the public with communications and marketing campaigns. We will utilize 3 mobile units to complete all vaccinations along with support SUVs and vans. We will continue doing mass vaccinations out of the Wayne Curry Sports and Learning Center with a contract vendor. Also, the department will employ temp agency staffing to support vaccination operations with the following staffing: administrative support (runners, traffic flow, greeters, check in/out, planners, data analysts, and schedulers); Clinical support (temps include nurses, pharmacy techs, med techs).
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public

Place of Performance Address 1	13400 Dille Drive
Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	Upper Marlboro
Place of Performance State	MD

Place of Performance Zip	20772
Place of Performance Zip+4	
Description	<p>1.11 Substance Use Services</p> <p>The Health Department will increase the capacity of methadone maintenance treatment services to address the needs of opioid use disorders (OUD). Recent legislation was passed requiring all detention centers, including the Prince George's County Department of Corrections to provide methadone services. This would address incarcerated residents and those re-entering the community. Will hire a provider and nurse practitioner to support the methadone program. They will perform H&amp;P biannually for all enrolled patients, and collaborate with the Corrections Department to provide medication for incarcerated OUD patients needing methadone treatment.</p>
Subrecipient	Imanoel Enterprise Inc.
Period of Performance Start	12/1/2021
Period of Performance End	6/30/2022

#### **Subward No: 170.6b**
