

SLFRF Compliance Report - SLT-4581 - P&E Report - Q1 2023

Report Period : Quarter 1 2023 (January-March)

Recipient Profile

Recipient Information

Recipient UEI	EG8RRDV51SP8
Recipient TIN	526000998
Recipient Legal Entity Name	Prince George's County, Maryland
Recipient Type	Metro City or County
FAIN	
CFDA No./Assistance Listing	
Recipient Address	1301 McCormick Drive
Recipient Address 2	
Recipient Address 3	
Recipient City	Largo
Recipient State/Territory	MD
Recipient Zip5	20774
Recipient Zip+4	
Recipient Reporting Tier	Tier 1. States, U.S. territories, metropolitan cities and counties with a population that exceeds 250,000 residents
Base Year Fiscal Year End Date	6/30/2019
Discrepancies Explanation	
Who approves the budget in your jurisdiction?	Legislature
Is your budget considered executed at the point of obligation?	Yes
Is the Recipient Registered in SAM.Gov?	Yes

Project Overview

Project Name: EPG-Apprentice Ready

Project Identification Number	111.5
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Not Started
Adopted Budget	\$854,300.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$214,180.00
Total Cumulative Expenditures	\$214,180.00
Current Period Obligations	\$214,180.00
Current Period Expenditures	\$214,180.00
Project Description	<p>An initiative that will be integrated into EPGs Apprenticeship Innovation Program. Apprenticeship is a workforce development program that immediately places a job seeker into employment and allows them, as an employee, the opportunity to receive training, while earning a livable wage, that allows them to gain promotions, increase their wages over an established period of time, and become an expert in their desired occupation. Unfortunately, and even though Prince George's County is home to thousands of apprenticeship opportunities, many Prince George's County residents aren't qualified for these high wage employment opportunities due to a lack of skills. Apprentice Ready will help ARPA eligible Prince George's County residents earn wages and increase their skills, qualifying them for unsubsidized employment through an apprenticeship, through subsidized pre-apprenticeships. Through EPGs Apprentice Ready pre-apprenticeships, Prince George's County residents will earn \$15 an hour, for up to 40 hours per week, for 60 - 120 days, while learning the skills needed to enter an apprenticeship. Pre-apprenticeship trainings are normally unpaid and not supported by federal funding, but Prince George's County ARPA funding will provide skills training, direct entry to apprenticeships, industry recognized credentials and traditional unsubsidized employment.</p>

Project Name: EPG-Career Accelerator

Project Identification Number	111.6
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Not Started
Adopted Budget	\$1,913,400.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$555,025.00
Total Cumulative Expenditures	\$555,025.00
Current Period Obligations	\$555,025.00
Current Period Expenditures	\$555,025.00
Project Description	An initiative that will be integrated across 10 of EPGs adult focused programming for wages of ARPA eligible residents. Career Accelerator will engage eligible ARPA residents (unemployed, underemployed (including minimum wage and under the table employment), and those residing in qualified census tracts) and help them gain immediate subsidized employment through adult internships/transitional jobs opportunities with private sector, public sector, and nonprofit employers. Participants will earn a minimum of \$15 an hour, for up to 40 hours per week, for up to 6 months. Each participants wages will be paid by EPG, with the goal that at the end of their adult internship/transitional job, they will transition into unsubsidized employment with the employer they have been placed with or an employer in a similar industry.

Project Name: EPG-College 2 Careers

Project Identification Number	111.7
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Not Started
Adopted Budget	\$237,400.00
Total Cumulative Obligations	\$116,875.00
Total Cumulative Expenditures	\$116,875.00
Current Period Obligations	\$116,875.00
Current Period Expenditures	\$116,875.00
Project Description	<p>This initiative is a component of EPGs in-school youth program, Youth Career Connections, designed to connect college students and graduates with local Prince George's County businesses. Prince George's County has a large talent development pipeline, with a combination of six traditional undergraduate and graduate degree institutions, yet Prince George's County business, especially small and medium sized businesses, state that they can't find qualified talent. Studies at National Harbor and conversations to develop the County's Proud Priorities have shown that Prince George's County business continuously state that they don't have connections to Prince George's County's colleges and universities. Additionally, Prince George's County's largest institution, the University of Maryland at College Park, estimates that 40% of their graduate leave Prince George's County to work in Montgomery County and possibly less than 15% work in Prince George's County. Lastly, small businesses make up 95.6% of Prince George's County businesses, or 27,029 businesses, and many of them state that they can't afford to connect and recruit from the County's colleges and universities.</p> <p>College to Careers will bridge the gap between small to medium sized businesses with Prince George's County's colleges and universities. By bridging this gap, College to Careers will decrease the County's talent pipeline leak (college graduates obtaining employment outside of Prince George's County), improve the productivity, operations, and revenue of County businesses, increase the County's labor force, and decrease the County's unemployment rate. College to Careers will achieve these goals by integrating businesses in the Career Services Departments of Prince George's County's colleges and universities along with allowing local businesses the opportunity recruit and employ college students within two years of completing their degree, interview college students prior to their graduation, and connect with recent college graduates who are unemployed or underemployed. Through College to Careers, and with ARPA funds, EPG will assume the college and university cost for these efforts on behalf of the County's small and medium size businesses.</p>

Project Name: EPG-Healthcare Allies

Project Identification Number	111.8
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Not Started
Adopted Budget	\$849,900.00
Total Cumulative Obligations	\$294,245.38
Total Cumulative Expenditures	\$294,245.38
Current Period Obligations	\$294,245.38
Current Period Expenditures	\$294,245.38
Project Description	<p>Covid-19 showed the world the importance of having well trained and staffed healthcare facilities. Unfortunately, local areas, including Prince George's County, have huge disparities in their local healthcare labor force, with a lack a depth in skilled and qualified healthcare employees. As of March 2022, Prince George's County had 27,084 (5.4%) unemployed residents, with 2,204 of those residents being in the healthcare industry, leading to healthcare unemployment being 8% of the County's unemployment, all while ER wait times are at all time highs due to a lack of staffing. Healthcare Allies will help Prince George's County strengthen its healthcare labor force, while simultaneously decreasing the County's unemployment rate by placing ARPA eligible residents in unsubsidized employment opportunities in the Healthcare & Social Assistance Industry.</p> <p>Healthcare Allies will be an initiative of the EPG's Capital Area Healthcare Alliance Industry Bridge Program. Healthcare Allies will make it a priority to engage the County's 2,000+ unemployed healthcare workers and place them into middle skill to advanced employment. In addition to the 2,000+ unemployed healthcare workers, Healthcare Allies will work to engage the other 20,000+ unemployed Prince George's County residents and identify those that have the potential to transition into a career in the Healthcare</p>

	& Social Assistance Industry, via entry level to middle skill employment. Healthcare Allies will target the following occupations: CNA/GNA, Medical Assistant, Medical Administrative Assistant, Patient Care Technician, Community Healthcare Worker, Contact Tracer, and Phlebotomy Technician. Lastly, Healthcare Allies will incentivize local healthcare employers into hiring these unemployed residents by placing the residents at their locations via adult internships/transitional jobs opportunities where EPG pays their salary and pays for the needed to skills training to ensure they are qualified.

Project Name: EPG-Workforce Compass

Project Identification Number	111.10
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Not Started
Adopted Budget	\$534,800.00
Total Cumulative Obligations	\$127,060.00
Total Cumulative Expenditures	\$127,060.00
Current Period Obligations	\$127,060.00
Current Period Expenditures	\$127,060.00
Project Description	Workforce Compass will not only be a Virtual Career Center for all of Prince George's County's unemployed and underemployed job seekers, Workforce Compass will also serve as a customer relationship management database for County agencies, nonprofits, community-based organizations, service providers, and other faith based entities to enroll participants, track services and outcomes of the residents they serve. A centralized Prince George's County Virtual Career Center will bridge the gap between community-based organizations and nonprofits with government entities and agencies who are all delivering human services, basic needs services, and workforce development services. The goal of the project is to decrease the County's unemployment rate, break service delivery silos, decrease duplication, improve the efficiency of County services designed to negate the negative impacts of Covid-19, and quantify the outcomes of ARPA funded services.

Project Name: EDC-Grow Prince George's

Project Identification Number	111.11
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Not Started
Adopted Budget	\$1,500,000.00
Total Cumulative Obligations	\$500,000.00
Total Cumulative Expenditures	\$500,000.00
Current Period Obligations	\$500,000.00
Current Period Expenditures	\$500,000.00
Project Description	The Economic Development Corporation will establish an “economic gardening” program that focuses on the recovery and growth of companies negatively impacted by the COVID19 pandemic. The economic development strategy for Prince George’s County includes initiatives for established smaller and mid-sized firms that face a set of unique challenges as they grow and move beyond their initial start-up phase, to meeting the needs and challenges of these “second-stage” businesses. The proposed program, Grow Prince George’s (Business Growth Program) will target BIPOC and Latino entrepreneurs with assistance such as leadership, market research, marketing assistance, strategy development, web optimization and development, and business operations. The EDC will leverage the presence of the many new and enhanced entrepreneurial support activities through collaborative programming, communications, and engagement. Notable activities will include county-wide efforts for peer-to-peer networking, meet-up groups, social media marketing, and entrepreneurial events. We anticipate that more than 200 businesses will be supported through activities associated with the program.

Project Name: FSC-Level Up

Project Identification Number	111.12
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Completed less than 50%
Adopted Budget	\$2,500,000.00
Total Cumulative Obligations	\$500,000.00
Total Cumulative Expenditures	\$500,000.00
Current Period Obligations	\$500,000.00
Current Period Expenditures	\$500,000.00
	This program will provide technical assistance, mentoring/coaching and professional services to small

Project Description	business in Prince George's County with some emphasis on recipients of the BRI Grant and other support during COVID-19. Through a series of hands-on learning, coaching and professional services opportunities, the business owners and key staff will have access to critical information and resources. These resources will assist and accelerate the business development through loans and grants. One of the most consistent issues identified prior to and during the COVID-19 recovery process is the lack of preparation for the lending process and in some cases the grant process. As a result, many Black and Indigenous People Owned Companies (BIPOC) in the County are not able to access capital efficiently and affordably. From creating business plans to preparing successful loan application supported by reliable financial statements, the program will afford businesses access to professional guidance, tools, and coaching. While some funding is in place and the program has been officially launched, expanded funding is needed to support the current database of over 100 businesses in need.
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	\$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	8 Imp SBs that experienced a negative economic impact
Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	FSC First Level Up Technical Assistance Programs have leveraged partnerships with six local and regional organizations to launch the program and the planned funding will allow FSC First to expand the program offerings. In addition to training activities, FSC First has assembled a network of county-based professional services firms and organizations that can support credit repair, accounting system setup and management, financial reporting, tax preparation, loan packaging, business certification.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The impact of COVID 19 has been particularly harsh for small businesses and has increased those businesses' inability to obtain access to capital. The requested funding will bring technical assistance, professional services and coaching/mentoring that will support recovery efforts and/or position the businesses served to access much needed capital.

Project Name: COVID-19 Vaccinations

Project Identification Number	170.1
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.1-COVID-19 Vaccination
Status To Completion	Completed 50% or more
Adopted Budget	\$10,247,240.27
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$5,639,418.70

Total Cumulative Expenditures	\$5,639,418.70
Current Period Obligations	\$293,769.83
Current Period Expenditures	\$293,769.83
Project Description	The Health Department will continue with the administration of COVID-19 vaccinations to eligible members of the general public as well as educate the public with communications and marketing campaigns. We will utilize 3 mobile units to complete all vaccinations along with support SUVs and vans. We will continue doing mass vaccinations out of the Wayne Curry Sports and Learning Center with a contract vendor. Also, the department will employ temp agency staffing to support vaccination operations with the following staffing: administrative support (runners, traffic flow, greeters, check in/out, planners, data analysts, and schedulers); Clinical support (temps include nurses, pharmacy techs, med techs).
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public

Brief description of recipient’s approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	1) Film Business Grant Assistance Grant Program - Serve a cohort of 7-10 businesses annually that were negatively impacted by COVID-19. • The grant program was designed, and the grant portal will launch April 17, 2022, to accept applications with a due date of May 16, 2022.
Number of small businesses served (by program if recipient establishes multiple separate small businesses assistance programs)	18

Project Name: Non-Profit Capacity Support

Project Identification Number	111.3
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.34-Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted)
Status To Completion	Not Started
Adopted Budget	\$3,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00

Project Description	<p>As a result of the COVID-19 pandemic, the demand for nonprofit food delivery services has skyrocketed. The County will identify key nonprofits that have maintained a solid track record of food service and financial responsibility to help them expand their existing services in order to increase the food resources available to the public. Grants will be monitored for outcomes and growth. The County will be supporting Nonprofit Prince George's to become the organizer, administrator and manager of Stand & Deliver. Nonprofit Prince George's will manage and coordinate all of the nonprofits involved as well as the food orders. Assistance will be provided to help non-profits build capacity by expanding pantries, hiring staff and ensuring the availability of necessary technology and equipment. Currently, the program continues to finalize the grant terms and project planning. The project implementation has been re-targeted for January 2023.</p>
---------------------	---

Project Name: COVID-19 Testing

Project Identification Number	170.2
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.2-COVID-19 Testing
Status To Completion	Completed 50% or more
Adopted Budget	\$1,456,693.81
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$1,042,229.00
Total Cumulative Expenditures	\$1,042,229.00
Current Period Obligations	\$60,775.00
Current Period Expenditures	\$60,775.00
Project Description	<p>The Health Department will continue with the administration of COVID-19 testing to eligible members of the general public as well as educate the public with communications and marketing campaigns. Testing will occur out of the Wayne Curry Sports & Learning Center and Laurel Senior Center by a vendor, and one Health Department run site. Temp agency staffing will be used to support testing activities including administrative support (runners, traffic flow, greeters, check in/out, planners and clinical support (temps include nurses, pharmacy techs, and med techs).</p>

Project Name: Behavioral Health-Mental Health

Project Identification Number	170.5
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.12-Mental Health Services

Status To Completion	Completed less than 50%
Adopted Budget	\$2,567,337.49
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$440,026.98
Total Cumulative Expenditures	\$440,026.98
Current Period Obligations	\$28,275.00
Current Period Expenditures	\$28,275.00
Project Description	The Behavioral Health program will support the Local Behavioral Health Authority's staffing crisis, contract with a medical director for methadone-assisted treatment (MAT), and fund a nurse practitioner to support the MAT program, and add a nurse practitioner to support the methadone program. We will develop a mental health program under the Child-Friendly County Initiative.
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	\$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The funding will support the jail based behavioral health IT system that is shared with DSS and Corrections and the program manager to support the implementation. Funding will also be allocated for an incentive fund for hospital-based psychiatric beds/units (consultant/contractor to distribute on behalf of all local hospitals and community-based infrastructure), and communications costs in support of social media awareness. Lastly, we will develop a mental health program.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The Behavioral Health program will support the Local Behavioral Health Authority's staffing crisis, replace a methadone provider, and add a nurse practitioner to support the methadone program.

Project Name: COVID Cares, After Action Report, Outreach/Liaison

Project Identification Number	170.4
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.14-Other Public Health Services
Status To Completion	Completed 50% or more
Adopted Budget	\$1,884,060.32
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$1,336,134.54
Total Cumulative Expenditures	\$1,269,203.25

Current Period Obligations	\$78,754.26
Current Period Expenditures	\$78,754.26
Project Description	COVID Cares projects will provide temporary care coordination services to approximately 400 clients per month and we will hire six community health workers, one admin aide and one data analyst as well as secure a contract with the ARC of Prince George's for food delivery service and food purchases. The after action report will identify processes and procedures to improve response and recovery efforts for future disasters. The administrative staff will support the liaison officer, contractor(s) to support operations, sections advance preparation, and outreach for mobile clinic events.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The after-action report identified processes and procedures to improve response and recovery efforts for future disasters. Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	COVID Cares projects will provide temporary care coordination services to approximately 400 clients per month and we will hire six community health workers, one admin aide and one data analyst as well as secure a contract with the ARC of Prince George's for food delivery service and food purchases. The COVID Cares Program continues to help those in need.

Project Name: Behavioral Health-Substance Abuse

Project Identification Number	170.6
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.13-Substance Use Services
Status To Completion	Completed less than 50%
Adopted Budget	\$915,442.99
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$911,933.00
Total Cumulative Expenditures	\$695,627.00
Current Period Obligations	\$98,153.50
Current Period Expenditures	\$98,153.50
Project Description	The Health Department will increase the capacity of methadone maintenance treatment services to address the needs of opioid use disorders (OUD). Recent legislation was passed requiring all detention centers, including the Prince George's County Department of Corrections to provide methadone services. This would address incarcerated residents and those re-entering the community. Will hire a provider and nurse practitioner to support the methadone program. They will perform H&P biannually for all enrolled patients, and collaborate with the Corrections Department to

	provide medication for incarcerated OUD patients needing methadone treatment.
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	\$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Increase the number of inspections conducted by the Local Behavioral Health Authority by two per year, per practice to monitor behavioral health programs. Conduct 8 evidence-based trainings to 35 participants per training, in order to address the grief and trauma incurred upon residents due to COVID-19. Thus, increasing the capacity to provide behavioral health services to more than 400 residents. 250 incarcerated individuals receiving behavioral health services will be supported by the new IT.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	\$11.54 million will be used to (1) expand County behavioral health services; (2) support the jail-based behavioral health IT system; (3) create an incentive fund for Hospital-based psychiatric beds/units; (4) increase public awareness of services; and (5) develop a home visiting program in pediatric practices.

Project Name: Cheverly Building Replacement

Project Identification Number	3.70.0004.2.01
Project Expenditure Category	1-Public Health
Project Expenditure Subcategory	1.14-Other Public Health Services
Status To Completion	Completed less than 50%
Adopted Budget	\$10,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$436,659.88
Total Cumulative Expenditures	\$436,659.88
Current Period Obligations	\$253,672.65
Current Period Expenditures	\$253,672.65
Project Description	The Health Department seeks an alternate location for the Cheverly Health Clinic to better serve clinical mental health, and substance abuse needs. Due to the present physical condition and maintenance requirements of the property, significant improvements are needed for the continued operation of this facility. Therefore, a new facility in a community is needed that is easily accessible to the public and where the cost of maintaining the space is more manageable. We will utilize funding to build out a full service clinical, behavioral health and dental health service building that will allow us to continue to serve the approximately 10,000 family health clients, 1,000 dental clients and 2,750 behavioral health clients that we see

	annually. On average our annual clinic volume is approximately 200,000 family health 2,500 dental and 300,000 behavioral health patient encounters/patient encounters/visits per year of which 38,000 encounters are for methadone treatment visits and much of this volume results from repeat visits.
What is the Total expected capital expenditure, including pre-development costs, if applicable	\$20,000,000.00
Type of capital expenditures, based on the following enumerated uses	Behavioral health facilities and equipment
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	2 Imp Low or moderate income HHs or populations
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The Health Department is still recovering from the loss of face-to-face contact with patients and clients. During FY22, the aggregate total of visits for the Family Health Services Division was 12,516. The volume of patients includes several different clinics and services including Childhood Immunizations, Dental, Tuberculosis, and Flu, and Lab testing services. We expect our visit volume to increase in FY23 when face-to-face services are expected to increase.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The Health Department is still recovering from the loss of face-to-face contact with patients and clients. Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	During the pandemic, the County launched the "Stand and Deliver" program to address the immediate food support needs of local families. Funding will be dedicated to support the local food supply chain. The main activities of the program will build the capacity of community-based organizations and small businesses to address food insecurity and the basic needs of residents by purchasing, packaging and distributing meals to high need areas and underserved communities. The timeline is one distribution per location per week delivered via nonprofits, small businesses and faith based organizational partners. The program will be centrally coordinated by Nonprofit Prince Georges. Those involved in the project continue to finalize the grant terms and project planning. The project implementation has been re-targeted for January 2023.
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	No distributions scheduled. Awaiting program structure development.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The food distributions will assist those residents experiencing food insecurities due to the negative economic impact of COVID-19. Additionally, this program supports local food purveyors with maintaining operations and keeping residents employed. This project will be conducting a program evaluation in lieu of reporting the amount of spending on evidence-based interventions. This will be a quasi-experimental design.
Number of households served (by program if recipient establishes multiple separate household assistance programs)	0

Project Name: Rapid Re-Employment

Project Identification Number	111.4
Project Expenditure Category	2-Negative Economic Impacts
Project Expenditure Subcategory	2.10-Assistance to Unemployed or Underemployed Workers (e.g. job training, subsidized employment, employment supports or incentives)
Status To Completion	Completed 50% or more
Adopted Budget	\$9,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$5,000,000.00
Total Cumulative Expenditures	\$5,000,000.00
Current Period Obligations	\$500,000.00
Current Period Expenditures	\$500,000.00
Project Description	The Rapid Re-Employment Grant initiative is a nationally recognized economic reenergizer that assists businesses reopening and decreases the Prince George's County's unemployment rate. Businesses who hire unemployed Prince George's County residents, or rehire Prince George's County residents that were previously laid off, are eligible for grants that supplement 50% to 75% of a new employee's salary for up to 12 weeks. Small to medium sized businesses with 1 to 199 employees are eligible to receive grants that supplement 75% of a new employee's salary. Large businesses with 200 or more employees are eligible to receive grants that supplement 50% of a new employee's salary.
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	\$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	3 Imp HHs that experienced unemployment
Is a program evaluation of the project being conducted?	No
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	In the 3rd quarter of the grant period, January – March 2022, 116 Rapid Re-employment Grants were approved and 80 were disbursed to Prince George's County employers, totaling \$2,141,326. As a result of the Rapid Re-Employment Grant initiative, 231 unemployed Prince George's County Residents became employed during the third quarter of the reporting period. We have not collected disaggregated data, therefore, this level of data is not available.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Businesses who hire unemployed Prince George's County residents, or rehire Prince George's County residents that were previously laid off, are eligible for grants that supplement 50% to 75% of a new employee's salary for up to 12 weeks. Project Name: Affordable Housing-Right of First Refusal Program

Project Identification Number	178.2
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity
Project Expenditure Subcategory	2.15-Long-Term Housing Security: Affordable Housing
Status To Completion	Completed less than 50%
Adopted Budget	\$15,000,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$7,157,237.50
Total Cumulative Expenditures	\$7,117,237.50
Current Period Obligations	\$37,650.00
Current Period Expenditures	\$37,650.00
Project Description	The Department of Housing and Community Development will deploy ARP funds to support the Right of First Refusal (ROFR) Program Opportunity Fund (the "Fund"). The revolving loan fund will provide flexible financial support for multifamily rental properties subject to the County's ROFR and help achieve the County's affordable rental housing and equitable economic development goals. The Fund will provide critically-needed interim loans (i.e. a 2-3 year timeframe) to support pre-approved purchasers in the acquisition of multifamily rental properties subject to the ROFR Program. It is expected that the Fund will provide financing to eligible borrowers for at least one (1) property per year for the next three (3) years. All properties supported by the Fund will be located in a QCT in accordance with ARPA requirements. The Fund will make loans that provide maximum flexibility to support transactions and would have a governance structure that enables rapid underwriting and lending decisions in light of 180-day timeline associated with acquisitions under the ROFR Program. Loans are expected to be structured as subordinate loans in cooperation with other conventional lenders.
Please identify the dollar amount of the total project spending that is allocated towards evidence-based interventions	\$0.00
Is a program evaluation of the project being conducted?	No
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	15 Dis Imp HHs and populations residing in Qualified Census Tracts
Is a program evaluation of the project being conducted?	No

Project Name: Premium Pay

Project Identification Number	000.1
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed 50% or more
Adopted Budget	\$23,500,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$20,572,249.68
Total Cumulative Expenditures	\$20,572,249.68
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Funding supports premium pay to eligible county workers performing essential work during the COVID-19 public health emergency. Under the County's program, public facing essential employees will receive \$350 per pay period and non-public facing essential employees will receive \$200 per pay period. Funding will be paid retroactively for 15 pay periods from 9/27/20 through 4/17/21.
Sectors Designated as Essential Critical Infrastructure Sectors	Behavioral health work; Election's work; emergency response; maintenance work; public health work; sanitation, disinfection, and cleaning work; social services work; transportation and warehousing; other
Number of workers to be served	3,376
Premium Pay Narrative	A Countywide survey was conducted prior to legislation being passed in order to properly assess how many essential employees (public facing and non-public facing) were at risk during a time of high percent positivity rates. After this assessment it was determined that retroactive premium pay of \$350 per pay period for public-facing essential employees, and \$200 per pay period for non-public facing essential employees would be negotiated with the County labor unions for the period starting September 27, 2020 through April 17, 2021. An analysis of County employees who received this pay prior to that timeframe indicates that funds will be directed to lower paid County employees, many of whom work in the public safety arena.

Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$0.00
Total Cumulative Expenditures	\$0.00
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	The stream restoration project is developed through a comprehensive and technically feasible approach to restore an unnamed tributary ("Liberty Sports Park") to the Collington Branch. The Collington Branch is a significant contributing watershed to the Patuxent River which confluences directly to the Chesapeake Bay. The regenerative nature of the restoration techniques implemented within the tributary and its headwater tributary channels will achieve channel stabilization and stormwater attenuation. The proposed restoration will restore and stabilize over 4,500 ft of stream and address the need for volume reduction within this highly eroded stream valley by providing a minimum of 30,487 ft of stormwater volumetric attenuation. The stream restoration approach will be sustainable, resilient, and provide co-benefits to multiple stakeholders, including Liberty Sports Park Complex users and visitors and the adjacent residential and commercial properties. This project will achieve approx. 124.9 impervious surface restoration (ISR) credits under the County's municipal separate storm sewer system (MS4) National Pollutant Discharge Elimination System (NPDES) permit. The delivery method is a design/ build contract. The design has been progressed to a 30% phase completion; scheduled to be permitted in July 2022 and immediately followed by the construction phase.
Projected/actual construction start date	7/3/2023

Projected/actual initiation of operations date	5/1/2024
Location Type(for broadband, geospatial location data)	Road Segment

Current Period Expenditures	\$0.00
Project Description	<p>The stream restoration project is developed through a comprehensive and technically feasible approach to restore a second phase and most downstream portions of an unnamed tributary ("Liberty Sports Park") to the Collington Branch. The Collington Branch is a significant contributing watershed to the Patuxent River which confluences directly to the Chesapeake Bay. The regenerative nature of the restoration techniques implemented within the tributary channel will achieve channel stabilization. The proposed restoration will restore and stabilize approximately 3,905 linear feet of stream channel and headwater tributary within this highly eroded stream valley. The stream restoration will arrest the source of continuing sediment and nutrient loading to the mainstem of the Collington Branch. The stream restoration approach will be sustainable, resilient, and provide co-benefits to multiple stakeholders; to the Liberty Sports Park Complex users and visitors, the adjacent residential and commercial properties. This project will achieve approx. 79.8 impervious acre restoration (ISR) credits under the County's MS4 NPDES permit. The delivery method is a design/ build contract. The project has completed concept development phase, with final design and permits tentatively scheduled to be completed in August</p>

	2022 and immediately followed by the construction phase with a duration of 10 months.
Projected/actual construction start date	7/3/2023
Projected/actual initiation of operations date	5/1/2024
Location Type(for broadband, geospatial location data)	Road Segment
Location Details	Tributary near Collington Center, Upper Marlboro, Prince George's County, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$86,875.00
Lowest Quintile Income of the service area	\$36,309.52
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

Project Name: MS4/NPDES-ARP Patuxent O-6

Project Identification Number	5.54.0019.7.06
Project Expenditure Category	5-Infrastructure

Current Period Expenditures	\$592,243.47
Project Description	This stream restoration project is located within the Bald Hill Stream Valley Park in Springdale, MD. The project will focus on unnamed tributaries within the Bald Hill Branch, a tributary to the Western Branch of the Patuxent River. The project will achieve channel restoration, functional uplift, and TMDL/MS4 nutrient reduction benefits from approximately 2,000 linear feet of restoration . The project partners are the Maryland-National Capital Park and Planning Commission (MNCPPC) and adjacent residential communities. The delivery mechanism is engineering design through consultant services contracting and construction implementation via the County's Capital Improvement Program. The project is in a conceptual design phase; scheduled to be completed in July 2022, with the anticipated construction phase duration of 12 months in 2023.
Projected/actual construction start date	8/1/2022
Projected/actual initiation of operations date	4/24/2023

Project Description	The project area in Upper Marlboro, MD consists of two unnamed tributaries to the Back Branch, a significant watershed tributary to Cabin Branch within the Western Branch watershed to the Patuxent River. These tributaries are eroding and deeply incised, narrow stream channels within a broad wooded valley. There are residential communities to the south and a hard structure roadway downstream. The project partners are the MNCPPC and adjacent residential communities. The delivery mechanism is an engineering design through consultant services contracting and construction implementation via the County's Capital Improvement Program. The project is in the planning phase; scheduled for design completion in May 2023, with the anticipated construction phase duration of 12 months in 2024. The project will yield approximately 638 LF of stream restoration and approximately 13.2 credits of impervious area treatment towards the County's NPDES MS4 permit.
Projected/actual construction start date	9/1/2023
Projected/actual initiation of operations date	8/1/2024

Project Name: Major Reconstruction Program-ARP Clinton Street

Project Identification Number	5.66.0003.5.03
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$1,870,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$62,953.70
Total Cumulative Expenditures	\$62,953.70

Current Period Obligations	\$62,953.70
Current Period Expenditures	\$62,953.70
Project Description	The project proposes a new storm drain across Clinton Street and several private properties to alleviate flooding to multiple locally owned business and the volunteer fire department. The properties have experienced repetitive damage from flood events which has been exacerbated with more frequent and higher intensity storm events. Clinton Street is also the access point for an elementary school which is impeded during storm events. The Clinton Street Storm Drain Project provides a storm drain system for an industrial/commercial zone with multiple small businesses along Clinton Street between Old Branch Avenue and Woodyard Road (MD 223) in Clinton, Maryland. The area is almost entirely covered with asphalt paving and assorted buildings and has experienced significant localized flooding impacting the surrounding county based businesses for several decades. The project is will be under construction in Fiscal Year 2022 and should be substantially complete by Fiscal Year 2023. The project delivery mechanism is a competitively bid construction contract that will be awarded to the qualified lowest bidder. The local business community and County Councilmember for the area are partners on this project. The intended outcome of this project once implemented will be to minimize and alleviate flooding problems in this commercial district.
Projected/actual construction start date	12/1/2022

Total Cumulative Expenditures	\$756,743.42
Current Period Obligations	\$236,482.32
Current Period Expenditures	\$236,482.32
Project Description	The project entails the restoration of Coleman Creek within the Town of Eagle Harbor, MD. This stream system has direct outfall to the tidal Patuxent River. The project will achieve stream stability, habitat enhancement, flood attenuation, community resiliency through restoration of 1,700 linear feet of the mainstem and 1,400 linear feet of two (2) headwater tributaries for a total of 3,100 linear feet. Partners are the residential property owners and the Town of Eagle Harbor. The project will achieve approx.179.0 impervious acre restoration (ISR) credits under the County's MS4 NPDES permit. The project delivery method is a design/ build contract administered through the County's Capital Improvement Program. The project is at a 65% design phase; tentatively scheduled to be completed by November 2022 and immediately followed by the start of the construction phase with an anticipated duration of 9 months.
Projected/actual construction start date	7/1/2023

	This project involves a stream restoration of approximately 3,770 linear feet of stream channel, located within McCarthy Park in Largo, MD. The project consists of 7 unnamed tributaries to the Southwest Branch of the Patuxent River watershed. The goal of the project is to provide water quality

Project Description	improvements in fulfillment of the County's MS4 permit requirements. It is anticipated that this water quality project will yield 75.4 impervious acres treated. The delivery mechanism is engineering design through consultant services contracting and construction implementation via the County's Capital Improvement Program. The project is in the early design phase; scheduled to be completed in June 2022, with the anticipated construction phase duration of 12 months in 2023. The project also contributes ISR credits towards the County's MS4 permit. The delivery mechanism is engineering design through consultant services contracting and construction implementation via the County's Capital Improvement Program. The project is in a conceptual design phase; scheduled to be completed in November 2022, with the anticipated construction phase duration of 12 months in 2023.

	The flood study would be performed on a watershed basis. It will identify areas prone to regular flooding, assess current and future flooding vulnerabilities in the watershed, and recommend measures to reduce flooding impacts to communities. The approximate project timeline is two years.

Project Description	A Request-for-Proposal (RFP) is the primary procurement delivery mechanism for securing engineering consultant services. The study will identify areas that are at risk for riverine and nuisance flooding (utilizing recent rainfall data and incorporating existing infrastructure in analyses and models) and recommend actions to reduce flood risks. The study will advise on mitigation measures to alleviate flooding problems as well as inform decisions regarding budget allocations for flood mitigation projects in the County's CIP.

Project Description	The project will entail design and construction of approximately 1,250 linear feet of storm drain, installation of inlets and grading as needed. Approximately 250, 300- and 700-linear feet would be installed for projects along Ashcroft Drive, Overton/Steve Drive and Barnwell Place, respectively. The Department of Public Works & Transportation (DPWT) is a potential partner for the Barnwell Place improvement. The approximate project timeline is four years. Either design-build or design-bid-build will be the primary delivery mechanism. Project outcomes are the reduction of flood risks to approximately sixteen residential properties and enhancement of property values. Approximately 3, 4 and 9 properties would be served by projects along Ashcroft Drive, Overton/Steve Drive and Barnwell Place, respectively.

Project Name: Flood Protection-ARP Public Underdrains for Groundwater Issues-Countywide

Project Identification Number	5.54.0005.4.13
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Not Started
Adopted Budget	\$800,000.00

Current Period Expenditures	\$57,056.65
Project Description	The project is proposed in Cheverly, MD and will achieve dual benefits to address residential structure drainage issues and improve water quality. This project will achieve an improved public drainage system conveyance through an institutional property and through several residential properties. The enclosed drainage system will achieve safe conveyance of stormwater runoff and also address active erosion conditions, thus improving localized water quality in the Beaverdam watershed. The project is being bid with a contractor and the timeline to implement is approximately 9 months. The properties benefitting from the project are an institutional property, 5 residential properties, and common areas in the Town of Cheverly.
Projected/actual construction start date	1/3/2022
Projected/actual initiation of operations date	7/1/2022
Location Type(for broadband, geospatial location data)	Address
Location Details	6319 Joslyn Place, Cheverly, Maryland
Public Water System (PWS) ID Number	N/A
National Pollutant Discharge Elimination System (NPDES) Permit Number	N/A
Median Household Income of service area	\$99,343.00
Lowest Quintile Income of the service area	\$25,824.30
Does the project prioritize local hires?	Yes
Does the project have a Community Benefit Agreement, with a description of any such agreement?	No

Project Name: Flood Protection-ARP 400 to 404 Vista Way

Project Identification Number	5.54.0005.4.01
Project Expenditure Category	5-Infrastructure
Project Expenditure Subcategory	5.6-Clean Water: Stormwater
Status To Completion	Completed 50% or more
Adopted Budget	\$1,635,000.00
Program Income Earned	\$0.00
Program Income Expended	\$0.00
Total Cumulative Obligations	\$93,390.16
Total Cumulative Expenditures	\$93,390.16

Current Period Obligations	\$8,984.97
Current Period Expenditures	\$8,984.97
Project Description	The project is proposed in Fort Washington, MD and will achieve dual benefits to address residential structure drainage issues and improve water quality. This project will achieve an improved public drainage system conveyance through six residential properties. Also, it will achieve improved water quality with construction of a filtering device which will infiltrate excessive runoff and stabilize an eroding channel. This location is within the Chesapeake Bay Critical Area limits (CBCA) and benefits the Chesapeake Bay. The project is in the initial design phase and collecting environmental and topographic data. The design period is planned at approximately 18 months. The project delivery is through consultant engineering services and construction as a County Capital Improvement Program project. Intended partners are the immediate residential community and MNCPPC.

	DPWT is constructing drainage and stormwater management in the Longfield neighborhood. The project proposes new storm drains and bio-retentions to reduce flooding and

Project Description	nuisance waters. The Longfield Drainage Project includes the installation of closed section curb and gutter along Pinevale Avenue, Pumphrey Drive, Springdale Avenue and Cross Street to facilitate drainage runoff, installation of new storm drain pipe along Cross Street to get water off the roads and front yards and into storm drain and underdrain system. The project will be under construction in Fiscal Year 2022 and should be substantially complete by Fiscal Year 2023. The project delivery mechanism is a competitively bid construction contract that will be awarded to the qualified lowest bidder. The community and County Councilmember are partners on this project. The intended outcome of this project once implemented will be to minimize and alleviate flooding problems and nuisance ponding and provide a clean, improved roadside frontage with dedicated parking areas in the Longfield subdivision.
Projected/actual construction start date	12/1/2022

Total Cumulative Expenditures	\$181,985.45
Current Period Obligations	\$181,985.45
Current Period Expenditures	\$181,985.45
Project Description	<p>This project proposes new storm drains to protect over twenty homes from frequent flooding which is causing extensive and repeated property damage. The storm drains will be sized for the 100-year storm to account for climate change. The upsizing of the storm drain will also enable the County to build a new elementary school which is a priority for the BOE and Fort Washington community. The Swan Creek Road Drainage Project covers the area of Swan Creek Road between Fort Washington Road and Arrow Park Drive which experiences flooding problems which have caused property damage to several properties along Swan Creek Road. The area of flooding receives runoff from an upstream contributing area of approximately 72 acres. The project will be under construction in Fiscal Year 2022 and should be substantially complete by Fiscal Year 2023. The project delivery mechanism is a competitively bid construction contract that will be awarded to the qualified lowest bidder. The community and the Prince George's County BOE are partners on this project. The intended outcome of this project once implemented will be to minimize and alleviate flooding problems in the Tantallon subdivision.</p>

Description	<p>1.11 Substance Use Services</p> <p>The Health Department will increase the capacity of methadone maintenance treatment services to address the needs of opioid use disorders (OUD). Recent legislation was passed requiring all detention centers, including the Prince George's County Department of Corrections to provide methadone services. This would address incarcerated residents and those re-entering the community. Will hire a provider and nurse practitioner to support the methadone program. They will perform H&P biannually for all enrolled patients, and collaborate with the Corrections Department to provide medication for incarcerated OUD patients needing methadone treatment.</p>

Description	Funding is used to seek an alternate location for the Cheverly Health Clinic to better serve clinical mental health, and substance abuse needs. Due to the present physical condition and maintenance requirements of the property, significant improvements are needed for the continued operation of this facility. Therefore, a new facility in a community is needed that is easily accessible to the public and where the cost of maintaining the space is more manageable.

Subrecipient	Habitat for Humanity
Period of Performance Start	10/13/2022
Period of Performance End	6/30/2023

Subward No: 4100010470A

Subaward Type	Contract: Purchase Order
Subaward Obligation	\$116,169.04
Subaward Date	2/2/2023
Place of Performance Address 1	8380 Colesville Road Ste 700

Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	Silver Spring
Place of Performance State	MD
Place of Performance Zip	20910
Place of Performance Zip+4	
Description	Funding will provide income-qualified homeowners with Critical Home Repair, Accessibility and Weatherization improvements. Assistance will address home-repairs at owner-occupied homes located in a QCT and owned by households with incomes up to 80% of area median income.
Subrecipient	Habitat for Humanity
Period of Performance Start	2/2/2023
Period of Performance End	6/30/2023

Subward No: 4100009376

Subaward Type	Grant: Reimbursable
Subaward Obligation	\$477,909.37
Subaward Date	2/28/2022
Place of Performance Address 1	9200 Basil Court Suite 500
Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	Largo
Place of Performance State	MD
Place of Performance Zip	20774
Place of Performance Zip+4	
Description	Homeownership Preservation Program grants and administrative costs to repair homes with 80% of the Area Median Income in Qualified Census Tracts.
Subrecipient	Habitat for Humanity
Period of Performance Start	2/28/2022
Period of Performance End	6/30/2022

Subward No: 4100008308

Subaward Type	Contract: Purchase Order
Subaward Obligation	\$167,228.77
Subaward Date	4/1/2022
Place of Performance Address 1	North of Biemans Terrace
Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	Springdale

Place of Performance State	MD
Place of Performance Zip	20774
Place of Performance Zip+4	
Description	Funding is used to achieve channel restoration.
Subrecipient	Century Engineering, LLC
Period of Performance Start	4/1/2022
Period of Performance End	6/30/2022

Subward No: 4100010410

Subaward Type	Contract: Purchase Order
Subaward Obligation	\$592,243.47

Place of Performance Zip+4	
Description	Funding used to achieve dual benefits to address residential structure drainage issues and improve water quality and the public drainage system conveyance through an institutional property through several residential properties.
Subrecipient	Environmental Quality Resources LLC
Period of Performance Start	4/1/2022
Period of Performance End	6/30/2022

Subward No: 4100010227

Subaward Type	Contract: Purchase Order
Subaward Obligation	\$57,056.65
Subaward Date	1/6/2023
Place of Performance Address 1	6319 Joslyn Place
Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	Cheverly

Place of Performance State	MD
Place of Performance Zip	20785
Place of Performance Zip+4	
Description	Funding is used to achieve dual benefits to address residential structure drainage issues and improve water quality. This project will achieve an improved public drainage system conveyance through an institutional property and through several residential properties. The enclosed drainage system will achieve safe conveyance of stormwater runoff and also address active erosion conditions, thus improving localized water quality in the Beaverdam watershed.
Subrecipient	Environmental Quality Resources LLC
Period of Performance Start	1/6/2023
Period of Performance End	6/30/2023

Subward No: 4100008550

Subaward Type	Contract: Purchase Order
Subaward Obligation	\$84,405.19
Subaward Date	6/30/2022
Place of Performance Address 1	400 Vista Way
Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	Fort Washington
Place of Performance State	MD
Place of Performance Zip	20744
Place of Performance Zip+4	
Description	Funding use for the initial design phase and collecting environmental and topographic data to address residential structure and improve water quality for the public drainage system.
Subrecipient	KCI Technologies Inc
Period of Performance Start	6/30/2022
Period of Performance End	6/30/2022

Subward No: 4100008802

Subaward Type	Contract: Purchase Order
Subaward Obligation	\$294,579.10
Subaward Date	1/12/2023
Place of Performance Address 1	3328 Pumphrey Drive
Place of Performance Address 2	
Place of Performance Address 3	
Place of Performance City	District Heights

Place of Performance State	MD
Place of Performance Zip	20747
Place of Performance Zip+4	
Description	Funding used to construct drainage and stormwater management in the Longfield neighborhood. The project proposes new storm drains and bio-retentions to reduce flooding and nuisance waters.
Subrecipient	The Wilson T. Ballard Company, Inc
Period of Performance Start	1/12/2023
Period of Performance End	6/30/2023

Subward No: 4100009529

Subaward Type	Contract: Purchase Order
Subaward Obligation	\$117,585.82
Subaward Date	1/12/2023
Place of Performance Address 1	Swann Creek Road
Place of Performance Address 2	Fort Washington Road
Place of Performance Address 3	Arrow Park Drive
Place of Performance City	Fort Washington
Place of Performance State	MD
Place of Performance Zip	20744
Place of Performance Zip+4	
Description	Funding used to achieve new storm drains to protect over twenty homes from frequent flooding which is causing extensive and repeated property damage.
Subrecipient	The Wilson T. Ballard Company, Inc
Period of Performance Start	1/12/2023
Period of Performance End	6/30/2023
